

7th meeting of the Adaptation Committee

## Agenda item 10 (f)

### The NAP Central

**Update on progress**

Bonn, Germany 24 to 27 February 2015

*Fredrick Kossam, Adapatation Committee member*

## Concept

---

- ❖ A continuous dynamic assessment;
- ❖ Leading to regular and systematic updates to NAPs (and all assessments leading to it);
- ❖ Connected information systems: for use as gateway to data, information and knowledge pertaining to NAPs;
- ❖ True knowledge management vs comprehensive collections of stuff.

- ❖ **Tagging - avoiding unique classifications**
  - Sectors into normal forms;
  - Harmonising with broader UNFCCC pages;
  - Connections to other information - submissions; national reports, etc.

## Conceptual design (*continued*)

---

### ❖ Three (3) main categories of sites

- **1. Country portals**
  - ✓ Each developing country to manage national NAP materials (archive, staging ground for sharing with the public pages of NAP Central)
- **2. Collaborative sites**
  - ✓ User groups: NAP Central support group, LEG, etc...
- **3. Public pages**
  - ✓ Event pages
  - ✓ Navigators
  - ✓ Case studies
  - ✓ Wikis: for technical experts

## Key components

---

1. **Country portals:** by country for all developing countries
2. **Event pages:** NAP Expo, NAP workshops, technical meetings, etc.
3. **Technical guidelines:** main technical guidelines, supplements, LEG outputs on technical aspects
4. **NAP resources:**
5. **National documents:**
6. **Databases:** NAPA priorities, Adaptation Projects (LDCF, SCCF, etc.), NAP Exchange, Support provided and received
7. **Navigators:** data, tools, information portals, case studies
8. **Collaborative sites:** NAP Central support group, LEG, etc.
9. **Support:** LEG, AC, GEF LDCF, GCF, NAP GSPs

## Status of implementation

---

### ❖ Country Portals

- Operational, with capability for sharing documents with the Public Pages of the system

### ❖ Public pages - NAP Central

- [www4.unfccc.int/nap](http://www4.unfccc.int/nap)

### ❖ Next plans

- Graphical interface for public pages
- Full release of all components under the menu structure

## NAP Technical Guidelines

The LDC Expert Group published the technical guidelines for the national adaptation plan process to provide countries and organizations with technical guidance on the development of NAP. The guidelines cover areas such as establishing a national process to coordinate adaptation planning at all relevant scales and with a medium- and long-term view in mind. Find the guidelines here: <http://unfccc.int/7279>

# Countries (Malawi)

Screenshot of the Malawi NAP Central site on a Microsoft SharePoint platform.

The browser address bar shows: <https://process.unfccc.int/sites/napparties/Malawi/SitePages/Home.aspx>

The page title is "Welcome to the Malawi NAP Central site!"

The left navigation bar includes links for Libraries, Site Pages, Country Documents, Branding Images, Lists, Calendar, Tasks, Discussions, Team Discussion, Recycle Bin, and All Site Content.

The main content area features a banner image of two traditional wooden boats on Lake Malawi. Below the banner, there is an "Announcements" section and a "Country Documents" list.
