

11th meeting of the Adaptation Committee

Agenda item 8 (b)

Report on various approaches to adaptation, such as community-based and ecosystem-based adaptation, taking into account livelihoods and economic diversification

Draft outline of a report on various approaches to adaptation, such as community-based adaptation and ecosystem-based adaptation, taking into account livelihoods and economic diversification

Bonn, Germany, 7 to March 2017

I: Introduction and background

- ❖ AC workplan 2016-18 > report on various approaches to adaptation: CBA and EbA (livelihoods and economic diversification, LED)
- ❖ Together with NWP, including as a follow-up to the 2015 LED meeting
- ❖ Proposed approach:
 - Secretariat > first draft based on existing info & docs, then for review by NWP partner organizations
 - Revised draft to be considered by AC
 - Length of the paper: 20 to 30 pages
 - Deliverable time: by AC 13

II: Summary

❖ Existing information and documents:

- Relevant documentation on CBA, EbA and LED by AC, NWP and LEG
- National and subnational adaptation plans & strategies (NAPAs, NAPs, NC, (I)NDCs & undertakings, NWP, relevant presentations, projects and programmes supports by multi- and bilateral donors)
- National & sectoral development plans, strategies and visions with adaptation component
- IPCC & other scientific literature
- OECD, research institutes, think tanks, etc.

III: Next steps

The AC may wish to consider:

1. Suggested approach and length of the report
2. Agree on a clear objective of it
3. Provide any revisions to the outline below
 - I. Overview of different approaches to adaptation
 - II. Overview of relevant work under the Convention and the PA
 - III. Experiences with different approaches to adaptation
 - IV. Gaps and needs, lessons learned and good practices
 - V. Recommendation
