

JORDAN Suggestions on Draft Text (Preamble)

The Conference of the Parties,

Recalling the objective of the Convention as set out in its Article 2,

Recalling decisions 1/CP.17, 2/CP.18 and 1/CP.19,

Reiterating that the work of the Ad Hoc Working Group on the Durban Platform for Enhanced Action shall be guided by the principles of the Convention,

There should be a link to previous COP decisions on CBDR-based reporting

“Taking note of the provisions relating to reporting information under the Convention contained in decisions 21/CP.19, 24/CP.19, 18/CP.19, 19/CP.18, 12/CP.18, 1/CP.18, 2/CP.17, 5/CP.17, 1/CP.16, 13/CP.9, 17/CP.8, 4/CP.5, and other relevant decisions, in relation to the implementation of Article 10, paragraph 2(a) and (b), and Article 12, paragraphs 1 to 3, of the Convention”

Encouraging each Party to communicate the most ambitious contribution possible in response to decision 1/CP.19, paragraph 2(b),

No reference to *commitments* of the Convention

Acknowledging that contributions will be undertaken in accordance with the principles and commitments of the Convention, including equity and common but differentiated responsibilities and respective capabilities,

Guided by the need to urgently address the significant gap between the likely aggregate global emissions of greenhouse gases by 2020 resulting from existing mitigation commitments and actions of Parties and aggregate emission pathways consistent with having a likely chance of holding the increase in global average temperature to below 2 °C or 1.5 °C above pre-industrial levels,

“and the need to scale up the implementation of adaptation actions by Parties and the need to enhance the provision by Annex II Parties of finance, technology transfer, and capacity building to developing country Parties, consistent with the provisions of the Convention”

Recognizing that the technical expert meetings held during 2014 have been ~~instrumental~~ useful in identifying good practice policy options,

Additional preambular paragraphs

Recalling also decisions 1/CP.16, 2/CP.17 and 1/CP.18, and 1/CMP.8, and 3/CP.17, 4/CP.18, 5/CP.18, 6/CP.18, 7/CP.18, 24/CP.18, and 3/CP.19,

Noting that gaps exist with respect to the implementation by Parties of their differentiated commitments under the Convention with respect to mitigation, adaptation and provision of finance, technology and capacity building support,

Underlining that pre-2020 ambition must be addressed in a comprehensive manner, covering mitigation, adaptation, finance and technology development and transfer since mitigation ambition cannot be achieved in isolation of the other elements of the Durban mandate,

Underlining that higher ambition in the post-2020 period can be achieved only by fulfillment of commitments and enhancement of commitments in the pre-2020 period,

Affirming that the policies and measures undertaken by developed country Parties and other Parties under Annex I of the Convention to deal with climate change should be comprehensive, cover all relevant sources, sinks and reservoirs of all greenhouse gases and comprise all sectors,

Underlining the importance of Article 4, paragraph 7, of the Convention

~~*Acknowledging* that subnational authorities, intergovernmental organizations, civil society, indigenous peoples, local communities, the private sector and cooperative initiatives are catalysing significant action and enhancing the impact of policy implementation by Parties on reducing emissions and vulnerability and building resilience to the adverse effects of climate change,~~
