

Dear Secretariat,

Please find below Text submission on Technology Development and Transfer

by Canada on behalf of a group of Umbrella Group countries

For the draft AGREEMENT

Article 7, addition of paragraph 1bis

Parties recognize the need to create enabling environments that will attract investment and cultivate the absorptive capacity needed to develop and deploy low-carbon and climate resilient technologies.

Article 7, paragraph 3, addition of an option 2 as follows:

The institutional arrangements for technology established under the Convention should serve this agreement by facilitating enhanced action on technology development and transfer.
