

## SUMMARY OF RESULTS

### Goals

#### Principal Aim

To establish an environment of information, coordination and organization for the world's youth in order to develop a Youth Climate Agenda towards COP20 and COP21.

#### Aims

1. To position the role of youth on combatting climate change.
2. Empower young people to enhance their action and incidence on global climate change decisions.
3. Promote solidarity and cooperation among young people to enhance action and incidence against climate change.
4. Build a climate agenda and a youth declaration to enhance the incidence on global climate change decisions.

### Results achieved

- Around 900 participants from 80 countries around the world.
- 350 peruvian participants from all regions nationwide.
- 22 conferences, 50 workshops and 55 side events during the three days of COY10.
- 8 Nacional Contact Roundtable with the participation of 120 attendees.
- First Global Youth Declaration on Climate Change in history of the Conference of Youth (COY).
- Generating a Working Agenda to YOUNGO and a restructuring proposal by 2015.
- A Organizing Team of 260 volunteers during all the process.
- A COY10 Comunnity with 26 organizations nationwide.
- COY bilingual (English and Spanish) with 30 volunteer interpreters.
- Sustainable event with neutral carbon footprint: vegetarian food and proper waste management system.
- Total investment of S/.180 000.00 (PEN) collected by cooperation and contribution from various organizations and institutions nationally and internationally.

### Outcomes

- [Global Youth Declaration](#)
- [Youth Action Agenda towards COY11 and COP21](#)
