

**Standing Committee on Finance**

27 March 2018

**Seventeenth meeting of the Standing Committee on Finance  
Bonn, Germany, 10–12 April 2018**

**Background paper on the 2018 workplan of the Standing  
Committee on Finance**

*Expected actions by the Standing Committee on Finance*

The Standing Committee on Finance (SCF) will be invited to consider the mandates and further guidance received at COP 23 with a view to agreeing on its workplan for 2018, including:

- a) The organization of its work for 2018, identification of co-facilitators/focal points, and composition of working groups;
- b) The consideration of various issues, such as financing for forests, the follow-up activities emanating from the 2017 SCF forum, as well as gender and climate finance; and;
- c) Its communication and outreach activities.

**I. Possible actions for consideration by the Standing Committee on Finance**

**A. 2018 workplan and the distribution of work throughout 2018**

1. The Standing Committee on Finance (SCF) may wish to consider the information on:
  - (a) The timeline and proposed approach for meetings and inter-sessional work of the SCF in 2018 as contained in annex I to this document;
  - (b) The tasks and activities, relevant reference documents, and timelines for the various areas of work as mandated by COP 23, as well as from previous COP decisions as outlined in annex II to this document;
  - (c) The outreach and communication activities of the SCF in 2018 as contained in annex III, which identifies a draft approach for each area of work of the SCF (see also the information on linkages between the SCF and the constituted bodies under the Convention, including possible areas of cooperation in 2018, as contained in document SCF/2018/17/9).
2. In addition, the SCF may wish to organize a side event during the forty-eighth session of the Subsidiary Bodies (SB) in order to allow the SCF to inform Parties and other interested stakeholders of the status of the implementation of its work plan, particularly the 2018 biennial assessment and overview of climate finance.

**B. Integration of financing for forests-related considerations**

3. The SCF may also wish to consider the options paper contained in annex IV.
4. Furthermore, it may wish to consider appointing a focal point to represent the SCF in relevant events and to prepare a summary report for inclusion in the SCF report to COP 24.

### **C. Follow-up activities emanating from the 2017 SCF forum**

5. As per its report to COP 23, the SCF may wish to consider undertaking the following activities in relation to the outcomes of 2017 forum:

- (a) Consider the issue of climate resilience metrics in the 2018 BA;
- (b) Continue to engage with the MDBs, the private sector, regulators and industry associations, to enhance financing for climate-resilient infrastructure projects on the basis of lessons learned and good practices;
- (c) Produce outreach materials, including a publication to disseminate the outcomes of the 2017 SCF forum, as part of a broader outreach strategy to better promote the outcomes of SCF forums).

6. The SCF may wish to consider appointing a focal point, to take the lead in the implementation of the activities above, to liaise with other bodies and stakeholders and to represent the SCF in relevant events.

### **D. Gender and climate change**

7. The SCF may wish to identify areas of work in 2018 relating to the integration of a gender considerations such as:

- (a) The 2018 BA;
- (b) Draft guidance to the operating entities of the Financial Mechanism;
- (c) The 2018 SCF forum.

The SCF may also wish to consider the invitation by COP 23 for the SCF to host a dialogue in 2019 on the implementation of its commitment to integrate gender considerations into its work, emphasizing the relevance of gender-responsive access to finance in the implementation of climate action (Decision 3/CP.23, annex, Table 4, D.1).

8. The SCF may also wish to take note of the dialogue to be held at SBI 48 by the secretariat with the chairs of the constituted bodies (see paragraph 24 below).

9. The SCF may wish to consider appointing a gender focal point, to lead the efforts by the SCF on gender and climate finance, including representing the SCF in the dialogue to be held at SBI 48 together with or on behalf of the SCF Co-Chairs.

### **E. Additional matters to consider**

10. In deliberating on its 2018 workplan, the SCF may also wish to take note of:

(a) The invitation by COP 22 to, as appropriate, continue or to initiate, as appropriate, the integration of efforts to avert, minimize and address loss and damage associated with the adverse effects of climate change in particularly vulnerable developing countries, vulnerable populations and the ecosystems that they depend on;

(b) The invitation by COP 21 to integrate the lessons learned at, and the main outcomes of the meetings of the Durban Forum;

(c) The stocktakes on pre-2020 implementation and ambition at COP 24 and COP 25, which will consider, inter alia, the inputs of the constituted bodies;

(d) The Talanoa Dialogue, to which, inter alia, Parties, stakeholders and expert institutions are encouraged to prepare analytical and policy relevant inputs to inform the dialogue and submit these and other proposed inputs, including those from intergovernmental organisations and UNFCCC bodies, by 2 April 2018 for discussions in conjunction with the May session, and by 29 October 2018 for discussions in conjunction with COP 24;

(e) The invitation to the constituted bodies by COP 24 to enhance their engagement in the technical examination processes;

(f) The request to the Subsidiary Body for Scientific and Technical Advice (SBSTA) and the Subsidiary Body for Implementation (SBI) to jointly address issues related to agriculture, including through workshops and expert meetings, working with constituted bodies under the Convention.

## II. Background

11. The COP, in decision 7/CP.23, paragraph 3, endorsed the updated workplan of the Standing Committee on Finance for 2018. In addition, COP 22 provided further guidance, described below, which has been incorporated into the SCF 2018 workplan. COP 23 also provided additional guidance to be incorporated into the SCF 2018 workplan.

### (a) Financing for forests-related considerations

12. COP 23 reiterated that the SCF will integrate financing for forests-related considerations into its 2017 workplan, where appropriate, and continue work on this matter in the context of the overall issue of improving coherence and coordination in the delivery of climate change financing, taking into account all relevant decisions on forests.<sup>1</sup>

### (b) Follow-up activities of the 2017 forum

13. Additionally, the COP took note of the summary report on the 2017 forum, including the recommendations and follow-up activities of the SCF,<sup>2</sup> and invited the SCF to follow up on the recommendations in its 2018 workplan.<sup>3</sup>

### (c) Gender and climate change

14. The COP 22 decision on gender and climate change requested all constituted bodies under the UNFCCC process to include information on progress made towards integrating a gender perspective in their processes in their regular reports according to the entry points identified in a technical paper to be prepared by the secretariat, identifying entry points for integrating gender considerations in workstreams under the UNFCCC process, for consideration by SBI 48 (April–May 2018).<sup>4</sup>

15. At its 15<sup>th</sup> meeting, the SCF took note of the forthcoming request to provide information on progress made in integrating a gender perspective into its work. Furthermore, the SCF discussed integrating gender considerations in the sixth review of the Financial Mechanism and the 2018 BA. The SCF also took note of the ongoing work of the SBI on the development of a gender action plan.<sup>5</sup>

16. COP 23 invited, *inter alia*, members of constituted bodies to participate and engage in implementing the gender action plan, with a view to advancing towards the goal of mainstreaming a gender perspective into all elements of climate action.<sup>6</sup>

17. As part of the gender action plan, the SCF is invited to host a dialogue in 2019 on the implementation of its commitment to integrate gender considerations into its work, emphasizing the relevance of gender-responsive access to finance in the implementation of climate action.<sup>7</sup>

18. Furthermore, also as part of the gender action plan, Parties, United Nations entities, the Financial Mechanism and other stakeholders are to strengthen the capacity of gender mechanisms, including for parliamentarians, the International Parliamentary Union, commissions, funding ministries, non-governmental organizations and civil society organizations, for the integration of gender-responsive budgeting into climate finance, access and delivery through training, expert workshops, technical papers and tools in 2018.<sup>8</sup>

<sup>1</sup> Decision 7/CP.23, paragraph 12.

<sup>2</sup> As contained in document FCCC/CP/2017/9, annex V, paragraph 83.

<sup>3</sup> FCCC/CP/2017/9, annex V.

<sup>4</sup> Decision 21/CP.22, paragraphs 13 and 14.

<sup>5</sup> FCCC/CP/2017/9, paragraph 43.

<sup>6</sup> Decision 3/CP.23, paragraph 2.

<sup>7</sup> Decision 3/CP.23, annex, table 4 D.1.

<sup>8</sup> Decision 3/CP.23, annex, table 4 D.3.

19. At SBI 48, the secretariat will hold a dialogue, open to Parties and observers, with the chairs of the UNFCCC constituted bodies to discuss the outcomes of the technical paper on entry points requested in decision 21/CP.22, paragraph 13, and any potential recommendations.<sup>9</sup>

**(d) Loss and damage**

20. COP 22 invited the constituted bodies to, as appropriate, as those bodies undertake their work, continue or to initiate, as appropriate, the integration of efforts to avert, minimize and address loss and damage associated with the adverse effects of climate change in particularly vulnerable developing countries, vulnerable populations and the ecosystems that they depend on.<sup>10</sup>

**(e) Durban Forum**

21. COP 21 invited representatives of the relevant bodies established under the Convention, operating entities of the Financial Mechanism of the Convention, intergovernmental and non-governmental organizations, and relevant experts and practitioners to integrate into their work programmes and activities the lessons learned at, and the main outcomes of the meetings of the Durban Forum.<sup>11</sup>

**(f) Pre-2020 implementation and ambition**

22. COP 23 decided to convene a stocktake on pre-2020 implementation and ambition at COP 24, which will apply the format of the 2016 facilitative dialogue and consider, inter alia, the inputs of the COP, Conference of the Parties serving as the meeting of the Kyoto Protocol (CMP), the SBI, the SBSTA, the constituted bodies under the Convention and the Kyoto Protocol, and the operating entities of the Financial Mechanism. The COP also decided to convene a stocktake on pre-2020 implementation and ambition at COP 25, which will apply the format of the aforementioned stocktake and consider, inter alia, the inputs of the COP, CMP, the SBI, the SBSTA, the constituted bodies under the Convention and the Kyoto Protocol, and the operating entities of the Financial Mechanism.<sup>12</sup>

23. As per decision 1/CP.23, annex II, regarding the Talanoa Dialogue, inter alia, Parties, stakeholders and expert institutions are encouraged to prepare analytical and policy relevant inputs to inform the dialogue and submit these and other proposed inputs, including those from intergovernmental organisations and UNFCCC bodies, by 2 April 2018 for discussions in conjunction with the May session, and by 29 October 2018 for discussions in conjunction with COP 24.

24. COP 23 also invited the constituted bodies to enhance their engagement in the technical examination processes.<sup>13</sup>

**(g) Issues related to agriculture**

25. As per decision 4/CP.23, paragraph 1, the SBSTA and SBI are requested to jointly address issues related to agriculture, including through workshops and expert meetings, working with constituted bodies under the Convention and taking into consideration the vulnerabilities of agriculture to climate change and approaches to address food security.

## Draft approach to outreach and communication activities of the SCF in 2018

Mandate/element(s) of work	Internal Collaboration	External collaboration
<i>The preparation of the 2018 Biennial Assessment and Overview of Climate Finance flows</i>		
<p>At COP 17, Parties mandated the SCF to prepare a biennial assessment and overview of climate finance flows (BA), (decision 2/CP.17, para 121 (f)).</p>	<p><i>Synergies with the constituted bodies, expert groups &amp; processes, and proposed areas of collaboration</i></p> <p>The SCF intends to reach out to the constituted bodies including the Adaptation Committee (AC), Executive Committee of the Warsaw International Mechanism for Loss and Damage (Executive Committee), Technology Executive Committee (TEC) and Paris Committee on Capacity-building (PCCB) in order to solicit their input on discussions relevant to thematic flows in the 2018 BA. The SCF also intends to collaborate with the Lead Reviewers of biennial reports and national communications to solicit input on the challenges and gaps in reporting on support provided to developing countries.</p> <p><i>Outreach and communications</i></p> <p>Members of the constituted bodies and expert groups may participate in the meetings of the SCF, the technical meetings and webinars, as appropriate.</p> <p><i>Responsibilities</i></p> <p>The BA co-facilitators and the working group, with the support from the secretariat, will lead the activities.</p>	<p>The preparation of the BA involves collecting data from external sources of information. External contributors such as MDBs, national, bilateral, and regional DFIs, international organizations, think-tanks and research institutions would be invited to provide data and peer-review the chapters of the technical report.</p> <ul style="list-style-type: none"> <li>• Current collaborations with all types of DFIs, IOs, think-tanks and civil society should be sustained. Initiate new collaboration with organizations that are involved in tracking and reporting domestic climate finance to increase data coverage as well as to compile available information on investment needs and plans related to Parties' nationally determined contributions and national adaptation plans.</li> <li>• In addition, initiate new strategic collaboration with international institutions that are developing and implementing frameworks for climate-related financial disclosures to inform the 2018 BA with regard to the issue of tracking global progress on the goal outlined in Article 2 of the Paris Agreement such as, the Task Force on Climate-related Financial Disclosures established by the Financial Stability Board with mandate from G20; The Portfolio Decarbonisation Coalition founded by UNEP Finance Initiative, Carbon Disclosure Project, and pension funds; networks of institutional investors and insurance such as UN Principles for Responsible Investment, The Global Investor Coalition on Climate Change, Principles for Sustainable Insurance; UNEP inquiry into the Design of Sustainable Financial System; etc.</li> </ul> <p><i>Outreach and communications</i></p> <p>The SCF will extend targeted invitations to external stakeholders to all SCF meetings and the BA related technical meetings, as appropriate.</p> <p><i>Responsibilities</i></p> <p>The BA co-facilitators and the working group, with the support from the secretariat, will lead the activities.</p>
<i>Measurement, reporting, and verification (MRV) of support beyond the Biennial Assessment and Overview of Climate Finance</i>		
<p>At COP 19 and COP 20, Parties invited the SCF to consider ways to increase its work on MRV of support beyond the BA in accordance with its workplan. COP 21, COP 22, and COP 23 have emphasized cooperation with relevant stakeholders and experts as well as consideration to ongoing work under</p>	<p><i>Synergies with the constituted bodies, expert groups &amp; processes, and proposed areas of collaboration</i></p> <p>The SCF will engage with the APA and SBSTA to communicate recommendations from the 2016 BA.</p> <p><i>Outreach and communications</i></p> <p>SCF members may actively participate in the APA discussions on the transparency framework for support as well as in the SBSTA discussions</p>	<p><i>Stakeholders, and proposed areas of collaboration</i></p> <p>The SCF intends to engage with various institutions and experts involved in MRV of support on issues included in its workplan.</p> <p><i>Outreach and communications</i></p> <p>The SCF may utilize the opportunity of the two technical meetings in 2018 for the preparation of the BA to also collaborate with external stakeholders on MRV-related issues beyond the BA.</p>

## Annex IV

### Options to address COP 23 mandate on enhancing coherence and coordination of forest finance

#### I. Possible ways to integrate enhancing coherence and coordination of forest finance into 2018 workplan of the SCF

1. In considering possible options to integrate enhancing coherence and coordination of forest finance into its 2018 workplan, the SCF may wish to take note of the following factors: workload for 2018; competency and capacity as a constituted body; possible budget implications and; envisaged end-product that the SCF will report to COP 24.

2. Among the ongoing areas of SCF work, possible avenues to fulfil the COP mandate on enhancing coherence and coordination of forest finance include:

- (a) Work on the MRV of support and the preparation of the 2018 BA;
- (b) Provision of draft guidance to the operating entities of the Financial Mechanism of the Convention to COP 24 and;
- (c) Inclusion of the issue of improving coherence and coordination in the delivery of climate change financing at the forums of the SCF.

3. The SCF also may wish to consider following possible additional options, based on the elements of previous SCF workplans on enhancing coherence and coordination of forest finance:<sup>1</sup>

- (a) Consider reaching out to entities financing the REDD-plus activities, and other relevant stakeholders working on forest finance to promote access to and delivery of support and to strengthen the coherence and coordination;
- (b) Organize a SCF side event in conjunction with UNFCCC sessions, to facilitate the interactions among the financing entities providing forest finance;

4. The SCF may wish to consider appointing a focal point, who will represent the SCF in events and deliberations relating to forest finance. Based on a summary report of the focal point to be provided during the last meeting of the SCF in 2018, the SCF will report its activities to COP 24.

#### II. Mandate and activities undertaken by the SCF to date

5. COP 23 reiterated that the SCF will integrate financing for forest-related considerations into its 2018 workplan, where appropriate, and continue work on this matter in the context of overall issue of improving coherence and coordination in the delivery of climate change financing, taking into account all relevant decisions on forests.<sup>2</sup>

6. Prior to the 23th session, the COP has provided mandates to the SCF to enhance coherence and coordination of forest finance, to which the SCF has responded to. Table below summarizes the mandates, activities undertaken by the SCF and how the Committee reported its activities to the COP, in chronological order.

### III. Ongoing activities and initiatives relating to forest finance and coherence and coordination

7. In deliberating this year's approach, the SCF may wish to note the following ongoing activities and initiatives on forest finance and/or coherence and coordination. This information is not comprehensive, but aims to help the SCF's deliberation to identify the niche and added-value of SCF's potential contribution.

Organizer / Entity	Activity / Initiative	Date	Location	Notes
<b>International organizations, incl. UN agencies &amp; operating entities of the Financial Mechanism</b>				
United Nations Forum on Forests (UNFF)	UNFF 13	7–11 May, 2018	UNHQ, New York	Provisional agenda of the UNFF 13 is available online. <sup>14</sup> The session will convene UNFF member states and observers to consider, inter alia, the draft guidelines of a Global Forest Finance Facilitation Network as an operational arm of the UNFF, to help countries access financial resources for forests from, among others, the GCF and the GEF. The Network also aims to help countries prepare a national forest finance strategy, building on existing national plans, such as NDCs and NAPs. Outcome of the UNFF13 will inform the High Level Political Forum.
The Collaborative Partnership on Forests (CPF)	Working across sectors to halt deforestation and increase forest area: From aspiration to action <sup>15</sup>	19–22 February 2018 <sup>16</sup>	FAO HQ, Rome	This international conference brought together countries and 14 UN and international agencies, as CPF members, and other forest stakeholders to discuss the challenges of halting and reversing deforestation and to jointly explore ways to accelerate progress towards achieving the SDG and UN Strategic Plan for Forests 2017–2030. Outcomes will be forwarded to UNFF 13 in May 2018. There was a session on finance, mainly focusing on the domestic finance. <sup>17</sup>
UN REDD Programme	Provision of support to REDD+ design and implementation	<i>Not applicable</i>	<i>Not applicable</i>	UN REDD Programme provides direct support to the design and implementation of National REDD+ Programmes and actions. The Programme also provides technical capacity building support through sharing of expertise, common approaches, analyses, methodologies, tools, data, best practices and facilitated South-South knowledge sharing. Currently the work is guided by the 2016–2020 Strategic Framework. <sup>18</sup>
The Forest Carbon Partnership Facility	The Readiness Fund The Carbon Fund	<i>Not applicable</i>	<i>Not applicable</i>	The Readiness Fund supports developing countries in preparing themselves to participate in REDD+ i.e. phase 1. The Carbon Fund aims to provide pilot incentive payments for REDD+ policies and measures in developing countries that have made significant progress in their REDD+ readiness endeavours i.e. phase 3.
<b>Non-governmental organization</b>				
Center for International Forestry Research (CIFOR)	Global Landscapes Forum (GLF)	December 1–2, 2018	World Conference Center, Bonn	GLF is one of the largest global events on sustainable landscapes. The SCF had participated in the GLF events before and after the 2015 SCF forum, mainly in the context of finance for sustainable management of forests and drivers of deforestation, weaving across public and private forest finance. This year's GLF will be informed by the outcomes of the two events that will be held beforehand: (1) 3rd GLF Investment Case Symposium in May 2018 in Washington DC and; (2) GLF Regional Forum in Nairobi, Kenya in September 2018.
