In supporting the monitoring and evaluation of adaptation, the AC recommends that the COP invite Parties, operating entities of the Financial Mechanism and relevant entities working on adaptation to take into account the following recommendations: (a) Monitoring and evaluation frameworks need to be appropriate, relevant to needs and tailored to country circumstances. A common set of global indicators is not useful, owing to the context-specific nature of adaptation; (b) National-level assessments can play a different role in measuring adaptive capacity from subnational or project-based assessments. National-level assessments could, for example, measure the degree of coordination and integration of adaptation in national priorities; (c) A positive learning environment, which encourages formal and informal learning, including peer-to-peer learning, and which encourages learning from negative as well as positive experiences, is important; (d) Planning and allocation of resources, both technical and financial, are key for effective monitoring and evaluation systems.	<ul style="list-style-type: none"> <li>• This set of recommendations are into due consideration and will be reported on subsequently (2015)</li> </ul>	Active	Ongoing / Responded to

Encourages the operating entities of the Financial Mechanism to address, as appropriate, these recommendations in their future work, particularly with regard to the complementarity between the operating entities of the Financial Mechanism;  Annex 25. As it monitors the use of its initial fiduciary standards and reviews those standards within the next three years, the GCF should consider maintaining consistency with the standards of the GEF.	Pursuant to decision B.07/02, the GCF adopted its initial fiduciary standards, which include basic fiduciary standards and three specialized fiduciary standards for project management, grant award and/or funding allocation mechanisms, and on-lending and/or blending. In decision B.08/03 and related decisions, the GCF accreditation process allows for entities that have undergone an accreditation process at the GEF (as well as the Adaptation Fund and the Directorate-General for International Development and Cooperation (DG DEVCO)) and are in full compliance with their requirements to be fast-tracked in the GCF accreditation process	To be classified	Responded to	FCCC/CP/2016/7/R ev.1

Encourages the operating entities of the Financial Mechanism to address, as appropriate, these recommendations in their future work, particularly with regard to the complementarity between the operating entities of the Financial Mechanism;  Annex 69. There is ample room for the GCF to learn from the experiences of other funds in terms of improving the enabling environments in recipient countries. It can do this by linking investments with focused efforts to engage stakeholders within countries in programming, and by providing technical assistance and capacity-building so as to strengthen enabling environments – institutions, policies, and regulations – that support mitigation and adaptation actions in developing countries.	• Board adopted the investment criteria and indicative factors; e.g. “country ownership” and “needs of a recipient country” which helps building capacity to implement funded projects; This criteria aim at linking the fund of GCF with enabling environment (2015)	Active	Ongoing / Responded to

It can do this by linking investments with focused efforts to engage stakeholders within countries in programming, and by providing technical assistance and capacity-building so as to strengthen enabling environments – institutions, policies, and regulations – that support mitigation and adaptation actions in developing countries.	The Readiness and Preparatory Support Programme is a strategic priority for the GCF and was established to strengthen and build enabling environments to allow developing countries to access GCF resources. It provides support to NDAs/FPs in preparation of their strategic frameworks, including country programmes, and to develop GCF programme pipelines on mitigation, adaptation/cross-cutting in a coherent approach By decision B.08/11, the Board decided to use readiness resources to develop country strategic frameworks for engagement with the GCF, building on existing strategies and plans, including nationally appropriate mitigation actions, national adaptation plans of action, national adaptation plans and intended nationally determined contributions, support for the accreditation and formulation of NAPs (decision B.13/09) As at 12 August 2016, readiness support proposals for 50 countries had been approved. The proposals focus on helping to strengthen NDAs and to develop projects and programmes in line with national climate strategies and the GCF mandate. More than USD 14 million had been committed to support these areas of work.	Active	Ongoing / Responded to	FCCC/CP/2016/7/R ev.1

Operational guidance	Other	Operational modalities	Decision 7/CP.21	Report of the GCF to the Conference of the Parties and guidance to the GCF	11. Welcomes the decision of the Board of the Green Climate Fund to develop a strategic plan for the Green Climate Fund and to adopt it as soon as possible	In decision B.12/20, paragraph (a), the Board endorsed the initial strategic plan for the GCF (annex I to decision B.12/20), which sets out the GCF vision and operational priorities, and is to guide the Board in addressing policy gaps and programming at scale of GCF resources during the IRM period, which extends to 2018 The strategic plan underlines that "promoting the paradigm shift towards low-emission and climate-resilient development pathways" and "supporting the implementation of the Paris Agreement within the evolving climate finance landscape" constitute the two strategic visions of the GCF. Consequently, the operational priorities and action plan as defined by the strategy primarily point to the contribution of the GCF to the ultimate objective of the Convention as per the Governing Instrument and to supporting implementation of the Paris Agreement The strategic plan identifies developing countries' intended nationally determined contributions under the Paris Agreement as an important reference point for GCF programming, as are national adaptation programmes of action, national adaptation plans (NAPs), technology needs assessments and nationally appropriate mitigation actions.
