The COP decided to initiate the review of the functions of the SCF at COP 22.<sup>45</sup> COP 22 adopted the terms of reference for the review of the functions of the SCF, contained in the annex to decision 9/CP.22.<sup>46</sup> COP 22 invited, inter alia, SCF members to submit, by 9 March 2017, their views on the review of the SCF based on the terms of reference, for consideration at SBI 46.<sup>47</sup> One of the sources of information for the review will be the self-assessment report of the SCF and recommendations on improving its efficiency and effectiveness.<sup>48</sup>

54. In response, the SCF engaged in informal discussions during its retreat on 6 March 2017, as well as formal discussions during its 15<sup>th</sup> meeting, and established a working group, co-facilitated by Mr. Mohamed Nasr and Mr. Pieter Terpstra. On the basis of the agreements reached, the SCF submitted to SBI 46 an updated and expanded overview of mandates provided to the SCF by the COP compared with outputs delivered by the SCF for the period 2011–2016 as well as related decisions taken by the COP in response to the respective outputs.<sup>49</sup> One SCF Co-Chair provided a short introduction to the submission during the first informal consultation of the SBI contact group on the issue of the review of the functions of the SCF.

55. Furthermore, the SCF agreed to conduct a survey among its members, including members elected in 2014, to request the secretariat to compile quantitative, factual information based on guidance provided by the SCF, and to consider the summary of the survey responses, as well as the quantitative information, at its 16<sup>th</sup> meeting, with a view to concluding its self-assessment report and to agreeing on recommendations on improving its efficiency and effectiveness. The SCF received two submissions from its members as well as one official communication from the TEC on the issue of the review of the functions of the SCF.<sup>50</sup>
