

## **– Africa Adaptation Programme –**

*“Supporting Integrated and Comprehensive Approaches to  
Climate Change Adaptation in Africa”*

**NAPA Workshop  
Dar Es Salaam, 19-23 October, 2009**

## Why need Programme

- Africa is extremely vulnerable to CC
- Development efforts are being undermined by CC
- Past adaptation efforts have been fragmented and focused on single sectors
- **Transformational** changes are needed

**Supporting Integrated and Comprehensive  
Approaches to Climate Change Adaptation in Africa**

**Budget:** US\$ 92.1 million

Partnership with UNIDO, UNICEF, WFP, BCPR, GT and CDG

**Goal:**

Enhancing the adaptive capacity of vulnerable countries, promoting early adaptation action and laying the foundation for long-term investment to increase resilience to CC across Africa

**Objective:**

21 countries in the African continent adjust their national development processes to incorporate CC risks/opportunities

**Projects:**

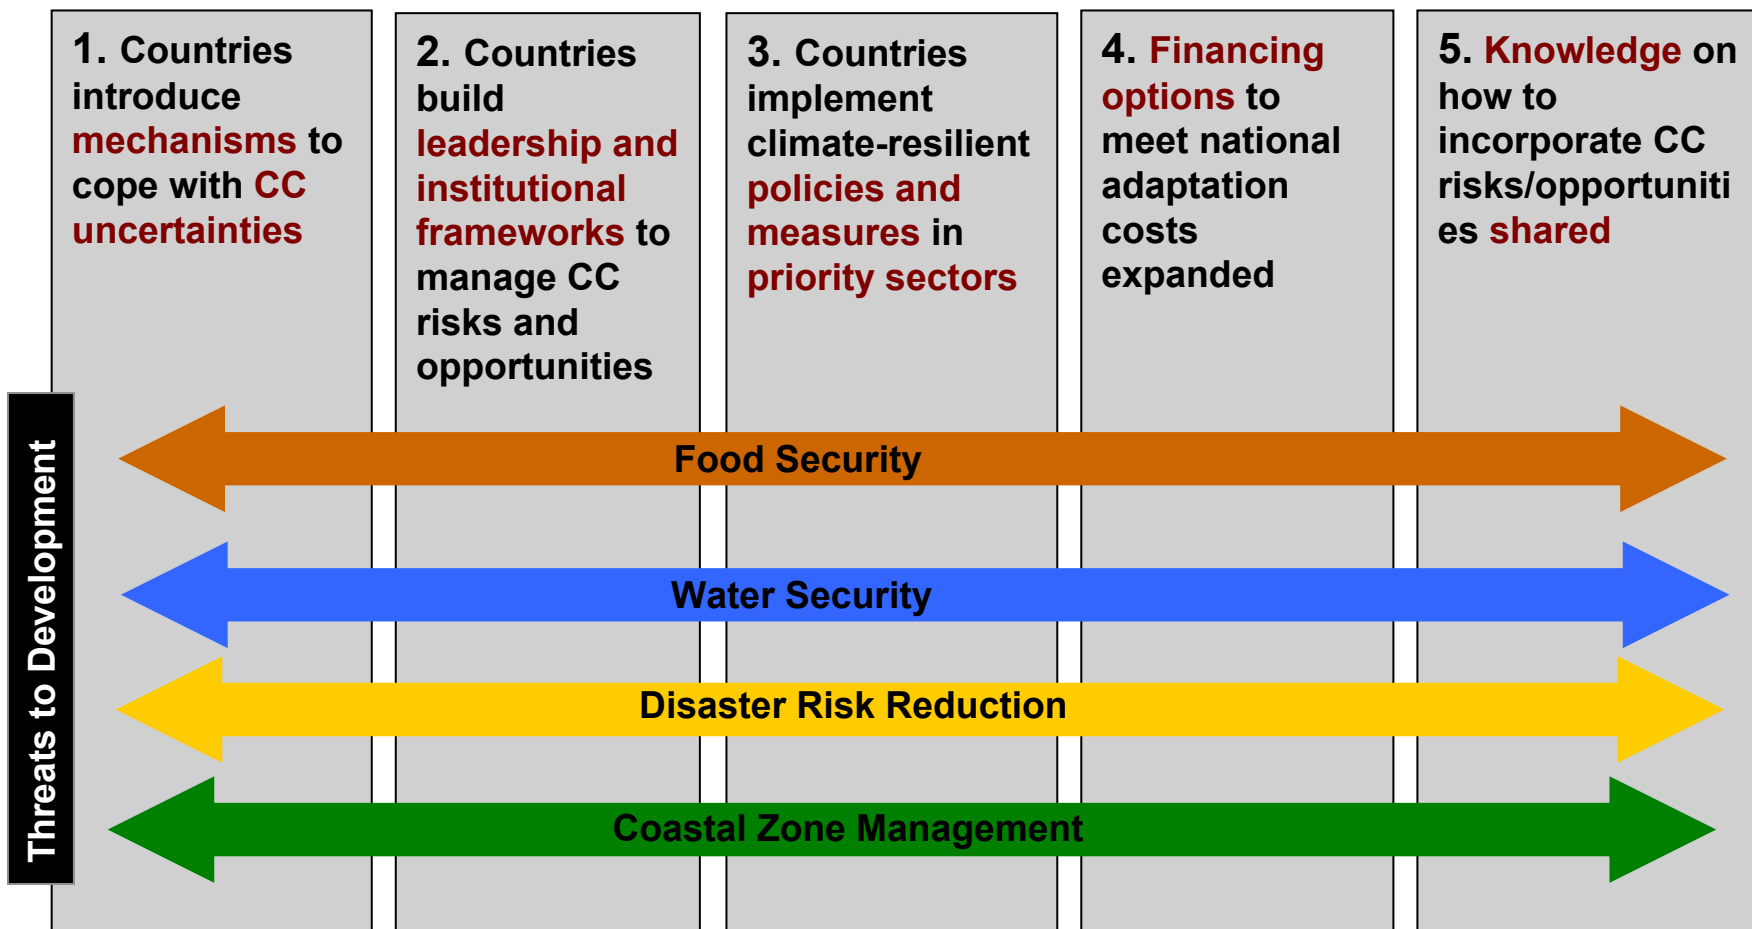

- 21 national projects (approx. US\$ 3M/country) – NEX
- 1 Inter-Regional Technical Support Component - UNOPS
