

Turkey's views on the "Arrangements to make the Climate Technology Centre and Network fully operational (SBI)"

According to draft Draft decision CP.18 paragraph 12; parties were invited to nominate their national designated entities for the development and transfer of technologies pursuant to decision 2/CP.17, annex VII, and decision 4/CP.13, paragraph 8, and to communicate this information to the secretariat by 29 March 2013, in order to facilitate the operationalization of the Climate Technology Centre and Network.

Turkey's Nationally Designated Entity nominee is "The Scientific and Technological Research Council of Turkey (TÜBİTAK)".

TÜBİTAK is the leading agency for management, funding and conduct of research in Turkey. It's mission is to advance science and technology, conduct research and support Turkish researchers. TÜBİTAK is also responsible for promoting, developing, organizing, conducting and coordinating research and development in line with national targets and priorities. TÜBİTAK not only supports innovation, academic and industrial R&D studies but also in line with national priorities develops scientific and technological policies and manages R&D institutes, carrying on research, technology and development studies. Furthermore, TÜBİTAK funds research projects carried out in universities and other public and private organizations, conducts research on strategic areas, develops support programs for public and private sectors, publishes scientific journals, popular science magazines and books, organizes science and society activities and supports undergraduate and graduate students through scholarships.
