

Technical briefing at Bonn Climate Change Conference-November 2017

Meeting room 11, Friday 10 November 2017

The UNFCCC NAMA Registry

Facilitating design and implementation of mitigation actions in developing countries

Mandates for UNFCCC NAMA registry

**1/CP.16,
paragraph
53**

to set up a registry to record nationally appropriate mitigation actions

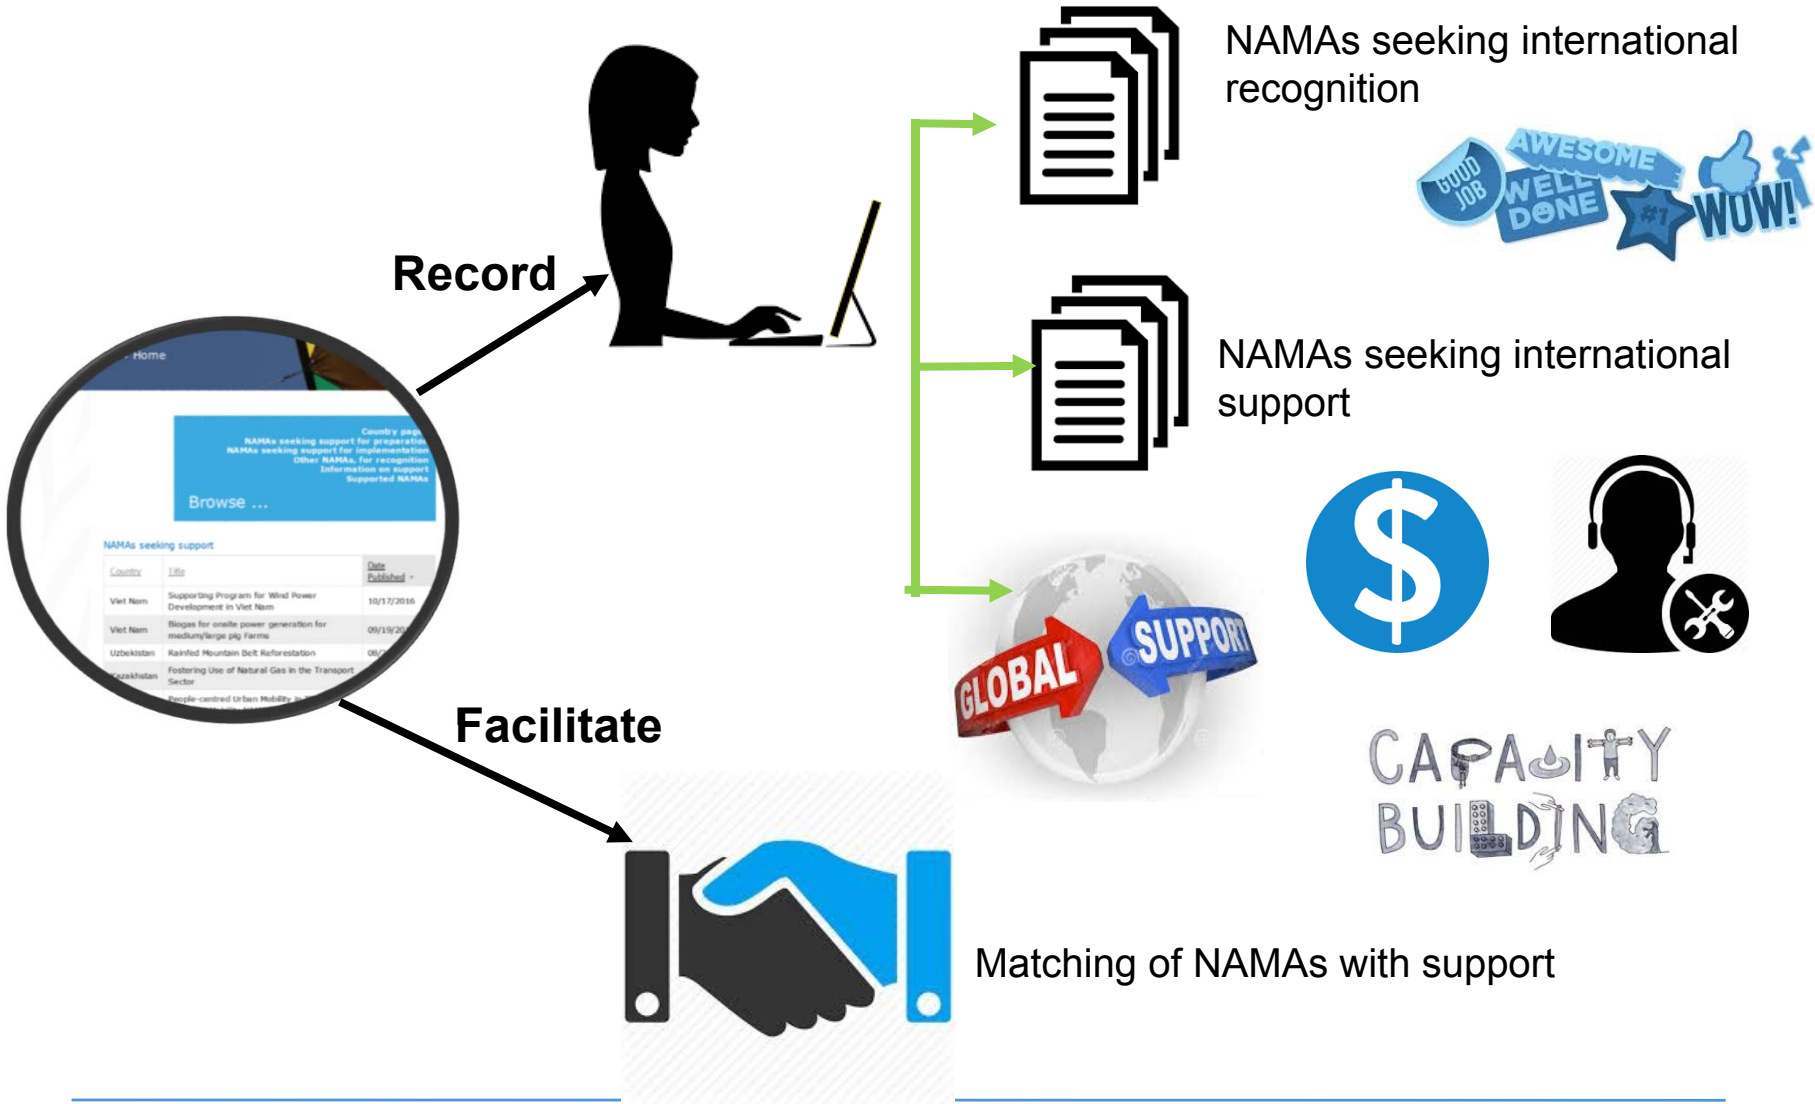

**2/CP.17,
paragraph
45**

the registry should be developed as a dynamic, web-based platform managed by a dedicated team in the secretariat

Participation is voluntary and the registry contains only information that has been submitted specifically for recording.

NAMAs seeking support

Country	Title	Date Published
Tunisia	NAMA Support for the Tunisian Solar Plan	08/26/2015
Uruguay	Sustainable production with low-emission technologies in agriculture and agroindustry production chains.	08/06/2015
Gambia	Rural Electrification with Renewable Energy in The Gambia	07/26/2015

Information on support available

Country	Title	Date Published
Denmark, European Union, Germany, United Kingdom of Great Britain and Northern Ireland	NAMA Facility	07/20/2015
	FAO Learning tool on Nationally Appropriate Mitigation Actions (NAMAs) in the agriculture, forestry and other land use (AFOLU)	06/24/2015

Secretariat activities to support the registry

Benefits of participating in the registry

Parties and users have already realized the registry's usefulness as :

Promotion and marketing Platform

- To gain visibility for undertaking climate actions on the ground;
- To increase probability for obtaining international support

Authentic and official source

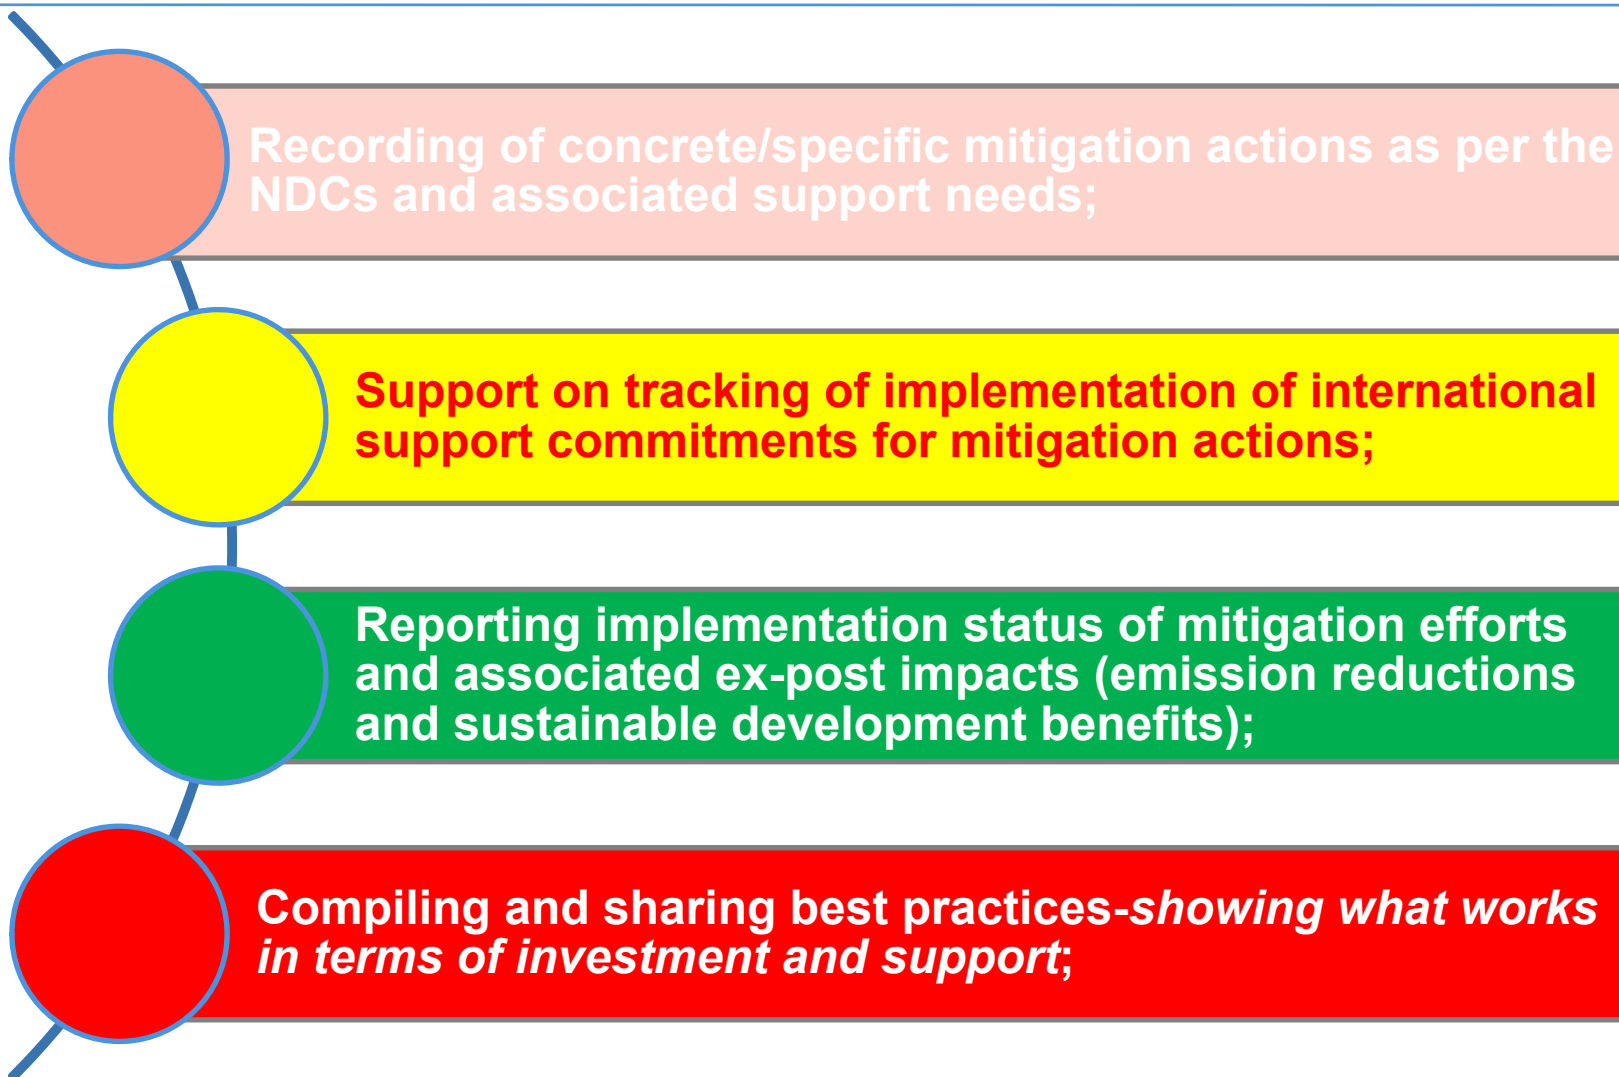

- of information, data and knowledge on NAMAs, and support needed and available for NAMAs.

Information sharing platform

- For sharing best practices, technical tools and information for designing and implementing NAMAs

The registry could play additional roles

Expectations from Parties and users

It is recommended that Parties and others who may benefit from the registry:

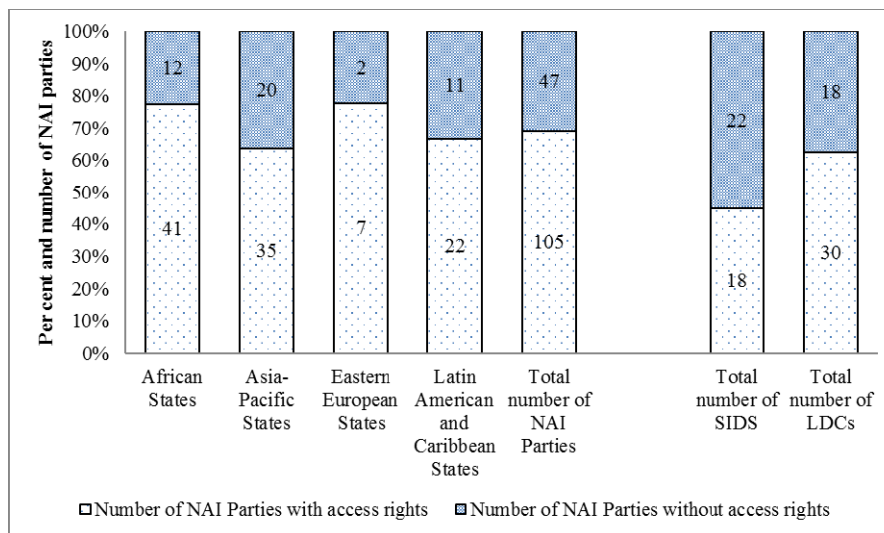

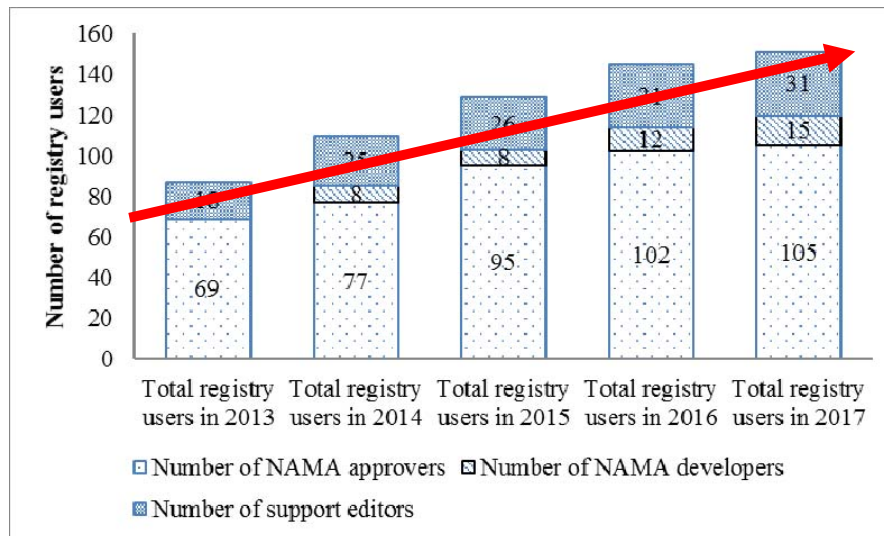

- Find ways to increase their level of participation in the registry
- Take steps to ensure that their entries in the registry are accurate, complete and up-to-date
- Continue to provide the secretariat with suggestions for improving the registry, with their related capacity-building needs and to make use of relevant technical resources
- Explore ways to how the registry can serve new climate regime under the Paris Agreement

2. Operational status of the registry in 2017

Participation in the registry

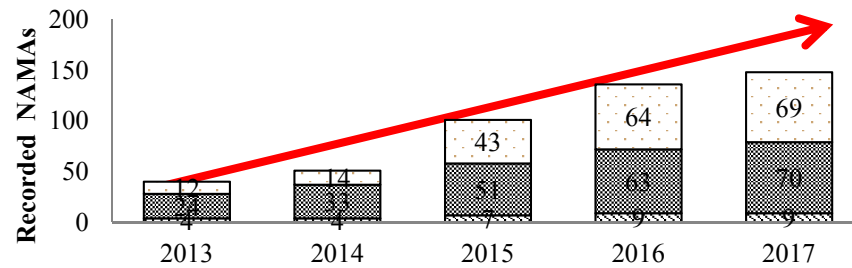

In 2017 :

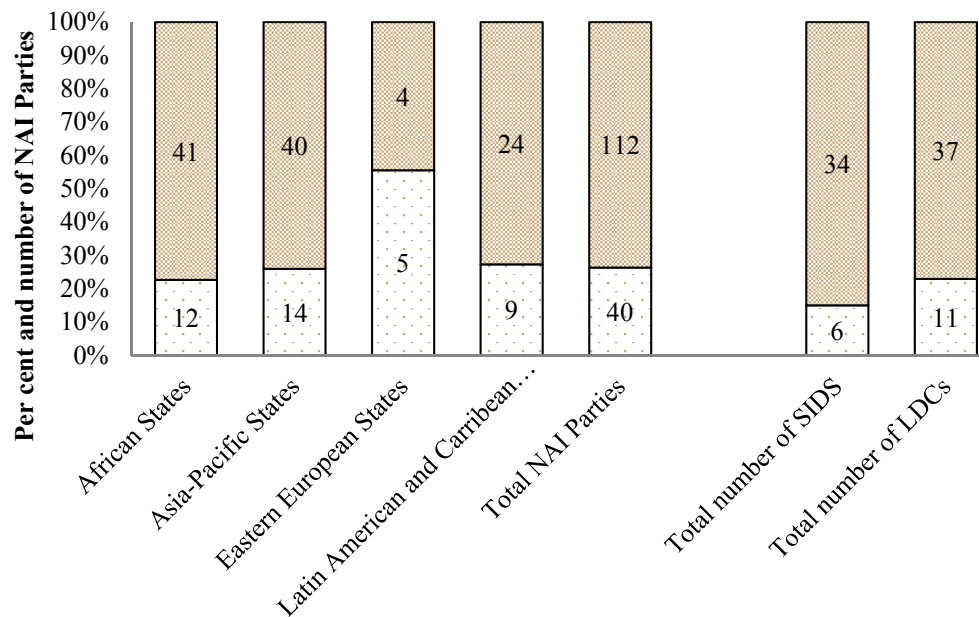

- Users increased by 4%
- About 69% developing countries have access rights as NAMA approvers
- Percentage of countries with access rights in groups :
 - Eastern European States (78%)
 - African States (77%)
 - LAC States (67%)
 - Asia-Pacific States (64%)
 - LDCs (63%)
 - SIDS (45%)

Participation in the registry

□ NAMAs seeking support for preparation
 ■ NAMAs seeking support for implementation
 ▨ NAMAs for recognition

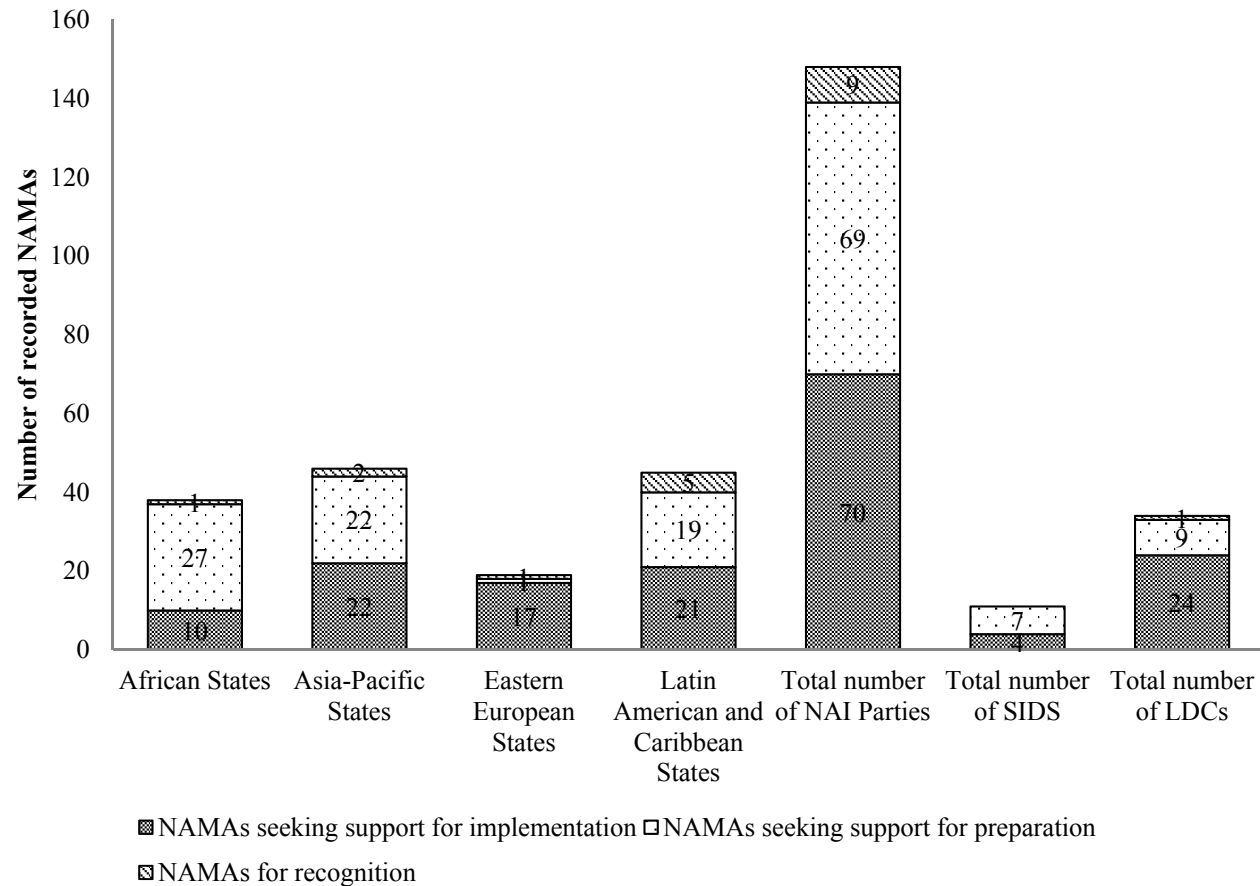

■ NAI Parties without NAMA entries in the registry
 □ NAI Parties with NAMA entries in the registry

In 2017 :

- NAMA entries increased by 9%
- Region wise increase of NAMA entries:
 - LDCs (21%)
 - African States (19%)
 - Asia-Pacific States (12%)
 - SIDS (22%)
 - Eastern European States (0%)
 - LAC States (2%)
- Only 26 % countries that have access have recorded a NAMA

NAMA entries by type and regional group

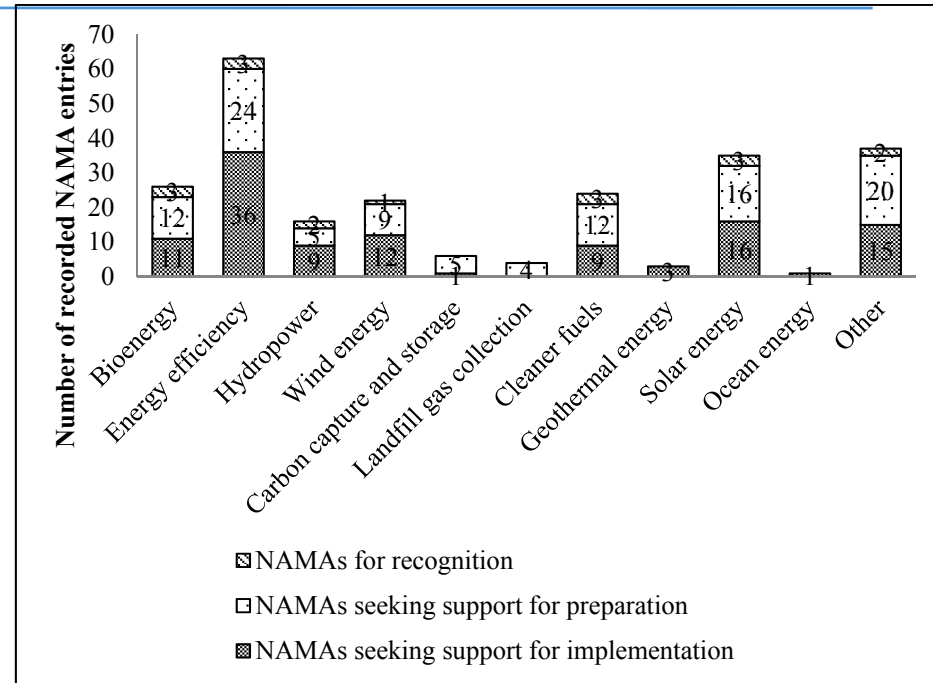

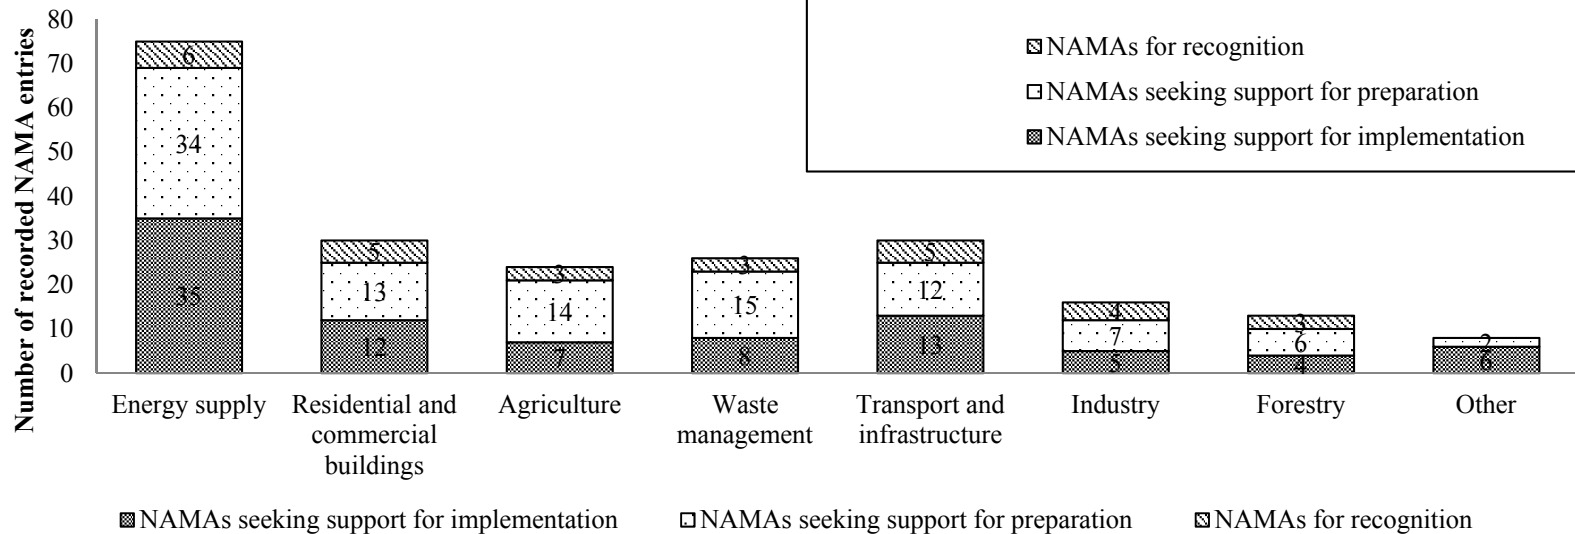

- **NAMA entries seeking support for preparation and implementation are equal**
- **Asia-Pacific States and Latin American and Caribbean States leading on recording NAMAs**
- **Participation of African States, LDCs and SIDS is also encouraging**

Sectoral and technology distribution

- Focus on energy supply, residential and commercial buildings and transport and infrastructure
- Energy efficiency and energy supply through solar, wind, bioenergy, hydropower and cleaner fuels

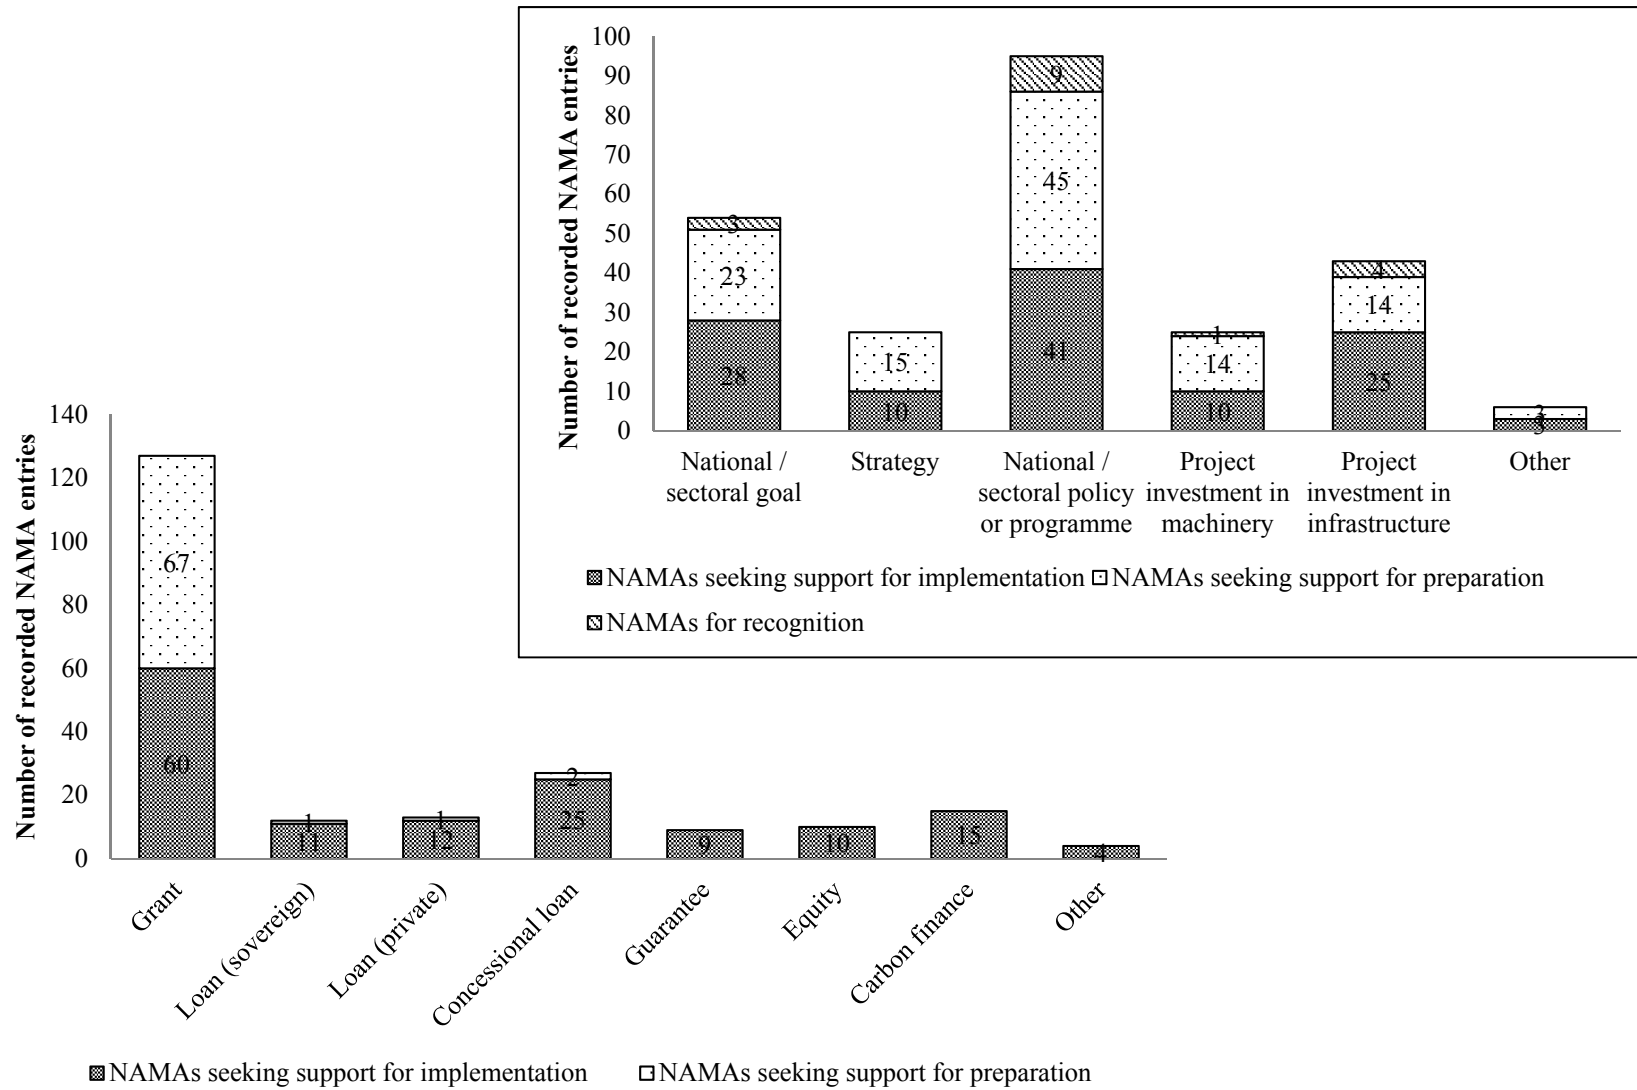

Support sought for NAMAs

	Sum of Financial Support (USD)	Sum of Technology support (USD)	Sum of Capacity Building support (USD)
NAMAs seeking support for preparation			
African States	13 798 000	1 580 000	1 880 000
Asia-Pacific States	81 104 835	33 940 000	900 000
Eastern European States	100 000	No entries	No entries
Latin American and Caribbean States	9 321 277	800 000	750 000
Subtotal	104 324 112	36 320 000	3 530 000
NAMAs seeking support for implementation			
African States	2 727 440 714	200 000	56 313 905
Asia-Pacific States	1 788 758 427	247 250 000	38 079 604
Eastern European States	2 550 782 000	1 101 800 000	920 000
Latin American and Caribbean States	2 152 898 939	199 512 603	3 263 000
Subtotal	9 219 880 080	1 548 762 603	98 576 509
Grand Total	9 324 204 192	1 585 082 603	102 106 509

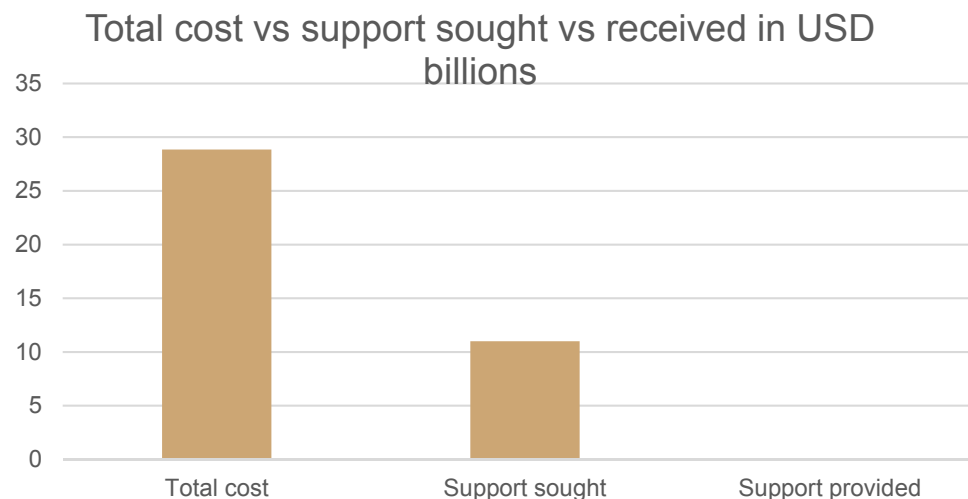

Types of financial support and targeted actions

Support required, available and provided

- The total estimated cost of all NAMAs entries : **USD 28.85 billion**
- International support being sought : **USD 11 billion**
 - a) Financial support : USD 9.3 billion
 - b) Technological support : USD 1.6 billion
 - c) Capacity-building support : USD 0.1 billion
- Recorded support sources : **18**
- Support provided/matched (18 entries) within the registry : **USD 37.7 million**
