## Questions

Questions to facilitate the exchange of views during the workshop:

1. What experience does your country have with the assessment of risk and vulnerability of agricultural systems to different climate change scenarios at regional, national and local levels?
2. How do various processes under the Convention facilitate the identification and assessment of risk and vulnerability of agricultural systems in the context of different climate change scenarios in your country?
3. What are the potential areas for synergies among various processes under the Convention to facilitate the assessment of risk and vulnerability of agricultural systems in the context of different climate change scenarios at regional, national and local levels?
