Meeting room booking

Meeting rooms may be booked, availability permitting, free of charge for a closed meeting, for a maximum duration of 1 hour per Party/Organization. Meeting rooms are available every day from 8 a.m., with all such meetings required to finish by 8 p.m.

Meeting room requests may be made in advance of the sessions by downloading the meeting room assignment (MRA) request form (see link below) and sending the completed form as an attachment to an e-mail to:

meetingrequest(at)unfccc.int

The MRA team will track your meeting room assignment request, but you will only receive notification/confirmation closer to the session (approximately beginning 5 May 2017).

As of Monday, 8 May (official start of SB46 sessions), meeting room assignment request forms will no longer be accepted by email. From this time, they can only be handed in at the Information/MRA counter in paper form. We would though recommend you to frequently check your e-mail inbox for potential changes to your confirmed booked meeting, sent from MRA team. Changes may occur due to the needs and demands of the negotiation process.

Availability and location of your meeting room will be confirmed in the evening of the day before your meeting date. This information can also be obtained from the Information/MRA Counter, located on the ground floor, after passing security check on the left-hand side of the WCCB venue.

You can download the MRA form by following this link:
<http://unfccc.int/files/meetings/bonn_may_2017/application/vnd.openxmlformats-officedocument.wordprocessingml.document/unfccc_mra_request_sb46.docx>

MRA guidelines:
• Rooms are assigned for a maximum of ONE HOUR ONLY per Party/organization, free of charge;
• Meeting room reservations are made on a provisional basis and their final confirmation depends on the demands of the negotiating process, which have priority over individual demands;
• It is advisable to reconfirm your reservation with our staff at the information desk or MRA counter at least two hours before the start of the meeting given the possibility of last-minute changes;
• If all meeting rooms are in use and your room is needed for a meeting of a Convention or Kyoto Protocol body, the secretariat may request that you vacate the room in which you are holding your meeting;

Sustainability measures

Please help to enhance the environmental sustainability of the conference by observing these measures:

**Paper usage**

- Reduce shipment of printed material to the minimum necessary.
- Only print what you need before travelling and request only essential documents from the documents desk.
- Refrain from distributing printed material on general information, other meetings, future conferences and activities of your organization or publicity material.
- As far as possible, access and provide information electronically. Consider alternatives to printing at the venue (memory sticks, websites, etc.).
- Print and photocopy on both sides, and keep font size to a legible minimum.
- Collect paper that has been used on one side only in collector trays and re-use.
- Any paper used (promotional material, programmes, signs) should be 100% recycled, with a minimum of 65% of post-consumer waste content, and totally chlorine free or elemental chlorine free.
- Reduce the use of colored paper and color printing in your information products.

**Recycling and energy use**

Recycle your waste such as bottles, cans and paper. In order to respect current waste regulations and help protect the environment, we ask all participants and colleagues to deposit waste into the appropriate bins designated for paper, recycling or residual waste, which are located around the conference premises.

- Turn off lights and electrical equipment when not in use and enable energy-saving features.
- Return your badge and lanyard to the secretariat after the conference (or keep the lanyard for re-use at a future UNFCCC meeting). Boxes will be placed at the main entrance of the World Conference Center to collect these items.

**Travel and transportation**

- Participants in a position to do so are invited to consider offsetting the carbon footprint associated with their attendance at the sessions (see <http://climateneutralnow.org/>).
- Travel on foot, by bicycle or by public transport as much as possible.
- Consider requesting group pick-up (e.g. by ordering a taxi van or minibus) from the hotel when local buses and trams are not an option.

Those wishing to travel to the venue by bicycle can park them at the end of Karl-Carstens-Strasse/the beginning of Dahlmannstrasse or at Heussallee/the corner of Platz der Vereinten Nationen (see the venue overview map on page 7). Please do not secure bicycles to railings or fences.

We appreciate all the efforts made by participants and staff to achieve a cleaner and healthier environment.
