

16 November 2017

**United Nations Climate Change Conference 2017
COP 23/CMP 13/CMA 1.2
Bonn, 6 to 17 November 2017**

High-Level Segment United Nations Climate Change Conference Bonn, 2017

The the high-level segment of COP 23/CMP 13/CMA 1.2 will continue to hear national statements from the morning of Thursday, 16 November 2017 until the evening of Thursday, 16 November 2017. Heads of State and Government, ministers and other heads of delegations who have registered and confirmed their wish to deliver a statement at the high-level segment will deliver national statements. Parties will have only one opportunity to deliver a national statement during the high-level segment.

The list of speakers has been prepared adhering to rank and seniority of the speaker and is divided into morning and afternoon segments to facilitate the organization of the order of speakers.

All speakers should ensure that they are in the plenary room at least 4 speakers ahead of the delivery of their national statement. They will be escorted by an usher during the presentation of the previous speaker from the seat of their delegation to a reserved chair close to the podium.

Speaking slots for those who are not in the plenary at the time for delivery of their statements, will be scheduled to speak at the end of all statements of the same category (ministers, vice-ministers etc).

Representatives are reminded that statements made during the high-level segment should not exceed the three-minute limit, as decided by the Conference of the Parties at its first plenary meeting. Given the number Parties and the limited amount of time available for statements, it will be necessary to limit the duration of each statement. In fairness to all speakers, time limits will be strictly enforced. It is suggested that statements be as brief and concise as possible. Following United Nations practice, a mechanism will be used to assist speakers in respecting this limit. A bell will sound every 30 seconds should speakers exceed the time limit.

Parties are encouraged to reduce oral statements to the 3-minute limit on the understanding that the full version of their statements will be posted on the UNFCCC website.

Parties are requested to note that the secretariat is not able to accommodate individual requests for changes in a Party's speaking slot. Parties wishing to make a change should arrange to exchange slots with another Party, and jointly notify the secretariat of the agreement that has been reached.

Full texts of the official statements will not be circulated in hard copy in plenary during the high-level segment. Statements delivered during the high-level segment will be uploaded and made available

Please recycle 

on the UNFCCC website. To have statements posted on the UNFCCC webpage, Parties speaking at the high-level segment are requested to e-mail a copy an electronic copy of the statement to the following e-mail address <external-relations@unfccc.int>.

All Parties are kindly requested to provide the conference officer in the plenary with 15 copies of their statements in advance to meet the needs of the interpreters and the Conference records.

Should Parties not wish to speak but prefer to only have their statements uploaded to the UNFCCC website, the secretariat will arrange to have this done and enter the statement in the records of the Conference. Parties interested in taking up this offer should communicate their interest to the External Relations team, who during the high-level segment will be located at the front of the plenary.

Thursday, 16 November 2017

10:00 – 12:00

Plenary New York

Her Excellency Ms. Doris Leuthard, President of the Swiss Confederation
