Dear Mr de Boer,

On commission of the Ukrainian government we are submitting the information to be included in the Annex I to the Copenhagen Accord. Please see the table below:

Annex I Parties	Quantified economy-wide emissions targets for 2020	
	Emission Reduction in 2020	Base year
<b>Ukraine</b>	<b>20%*</b>	<b>1990</b>

\* Ukraine associates with Copenhagen Accord under the following conditions:

- To have the agreed position of the developed countries on quantified emissions reduction targets of the Annex I countries;
- To keep the status of Ukraine as a country with economy in transition and relevant preferences arising from such status;
- To keep the existing flexible mechanisms of the Kyoto Protocol;
- To keep 1990 as the single base year for calculating the Parties commitments;
- To use provisions of Article 3.13 of the Kyoto Protocol for calculation of the quantified emissions reduction of the Annex I countries of the Kyoto Protocol for the relevant commitment period.

**Yours faithfully,**

**Head**
