A 1.5-degree Celsius target for the end of the century... The Copenhagen Accord... The deal passed by a narrow margin...

Power play in Copenhagen

The outcome of the climate change conference in Denmark poses a challenge to the UN philosophy of inclusiveness, equality and transparency among nations. By Myungwon Wongwang

On the morning of the second Friday, there were no clean desks in sight, but in the afternoon the deal Copenhagen Accord was sealed and included in the conference.

As the light faded... The Copenhagen Accord... The deal passed by a narrow margin... The deal passed by a narrow margin...
