**In line with the secretariat's efforts towards climate neutrality, this publication is available in electronic format only. We invite participants to support this initiative by not printing the document or by printing only the necessary information.**

## Overall information

**Registration:** Presenters and other participants at Side Events and/or Exhibits must be registered through a Party or an observer organization and in possession of a conference badge in order to access the conference venue.

**Locations:** All Side Events and Exhibits take place at Cancunmesse. Side Event rooms are located in Hall C and D. The Exhibit Area is located in Hall C. Please consult the list of Exhibits from page 43-62.

**Meeting schedule:** For details on individual meetings, venues and other activities please consult the [UNFCCC website](#), the Daily Programme, the CCTV monitors or the notice boards. Last-minute changes can only be shown on the CCTV.

**Daily Programme:** The Daily Programme is available at the Meeting Room Assignment Counter at Cancunmesse (Hall C), the Documents Counter at Moon Palace (Azteca, (Expocenter), ground floor) and the UNFCCC website. The Daily Programme provides detailed information on all scheduled meetings of the Convention bodies, meetings of other groups, Side Events, and announcements relevant to the conference.

In addition to the Daily Programme, all official documents and the list of participants are available at the Documents Counter. UNFCCC documents are also available in the “ [documents section](#)” on the UNFCCC website.

**Pigeonholes:** Please contact staff at the Observer Organizations Liaison Office at Moon Palace (Azteca (Expocenter), ground floor)

## Special Announcements

### Reception

A welcoming reception will take place on Monday, 29 November 2010. Further information will be made available on the CCTV monitors and in the Daily Programme.

Participants are reminded that they need to be registered to be able to enter the reception venue.

## Observer Organizations Liaison Team

The Observer Organizations Liaison Team will be located at the Observer Organizations Liaison Office at Moon Palace (Azteca (Expocenter), ground floor) as well as at the Side Events and Exhibits Coordination Office at Cancunmesse (Hall C).

### Located at Moon Palace

Ms. Megumi Endo  
Observer Organizations Liaison Officer  
Tel: +52 1 99 82 41 38 04  
[mendo@unfccc.int](mailto:mendo@unfccc.int)

Ms. Susan Brandmeir  
Nominations and interventions  
Tel: +52 1 99 82 41 38 08  
[sbrandmeir@unfccc.int](mailto:sbrandmeir@unfccc.int)

Ms. Nathalie Sneider  
Nominations and interventions  
Tel: +52 1 99 82 41 38 06  
[nsneider@unfccc.int](mailto:nsneider@unfccc.int)

Ms. Linda Carrington  
General enquiries and interventions  
Tel: +52 1 99 82 41 38 03  
[lcarrington@unfccc.int](mailto:lcarrington@unfccc.int)

Mr. Warren Waetford  
Additional activities  
Tel: +52 1 99 82 41 38 10  
[wwaetford@unfccc.int](mailto:wwaetford@unfccc.int)

### Located at Cancunmesse

Mr. Moritz Weigel  
Side Events and Exhibits  
Tel: +52 1 99 82 41 38 05

Ms. Claudia Pena-Martin  
Side Events and Exhibits, Climate Change Publications  
Counter  
+521 998 241 38 73  
[see@unfccc.int](mailto:see@unfccc.int)

Mr. Daniel Krieg  
Additional activities  
Tel. +521 998 241 38 74  
[see@unfccc.int](mailto:see@unfccc.int)

The Observer Organizations Liaison Team looks forward to meeting you.

## Side Events

The Side Event programme for COP 16/CMP 6 contains more than 240 events focused on major issues in the Convention process. These will take place in Side Event Rooms at Hall C and D. Please consult the floor plan on page 66 for room locations.

For a breakdown of Side Events by theme, date, and organizer, please also see the [web schedule](#) on the UNFCCC website.

### UNFCCC and related events

Date/Time	Organizer	Title / Theme
Monday, 29 November 13:20-14:40 Águila	<b>WMO/UNEP Intergovernmental Panel on Climate Change (IPCC)</b> Ms. Renate Christ ipcc-sec@wmo.int +41 227 30820	<b>Wetlands, HWP and Soil N2O: IPCC response to request from SBSTA</b> In response to the invitation by SBSTA 32 the IPCC TFI held an expert meeting examining the current IPCC guidance on wetlands, HWP and Soil N2O, and to promote the emission factor database. This side event reports on that meetings and how we are developing the EFDB.
Monday, 29 November 13:20-14:40 Jaguar	<b>Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC)</b> Ms. Kay Merce kmerce@unfccc.int +49 228 8151507	<b>Experience and future directions for Kyoto's Joint Implementation mechanism: Question and answer session with the Joint Implementation Supervisory Committee (JISC)</b> Progress with JI is mixed but there are clear routes forward. The JISC has reviewed the experience so far with JI and sought ways to maintain and possibly improve the role of JI in the post-2012 world. The JISC will present this work (see its report to CMP6) and answer questions.
Tuesday, 30 November 13:20-14:40 Jaguar	<b>Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC)</b> Ms. Kay Merce kmerce@unfccc.int +49 228 8151507	<b>CDM Executive Board: question and answer session</b> The Executive Board of the CDM will report on its activities and answer questions from the audience.
Tuesday, 30 November 13:20-14:40 Pitaya	<b>Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC)</b> Mr. David Paterson dpaterson@unfccc.int +49 228 8151536	<b>Full scale implementation of CC:iNET</b> Launch of the full-scale implementation of the UNFCCC information network clearing house on Article 6 of the Convention - CC:iNet. The secretariat will present the full-scale implementation of CC:iNet, highlighting improvements and enhancements that have been implemented to make it fully functional, multilingual and more user-friendly.
Tuesday, 30 November 18:30-20:00 Pitaya	<b>Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC)</b> Mr. Marcelo Jordan mjordan@unfccc.int +49 228 8151145	<b>Climate finance portal</b> Update on the progress of the finance portal for climate change, being developed by the UNFCCC secretariat. The event will also serve as the formal launch of the climate finance options platform, which is being developed by UNDP and the World Bank Group.
Tuesday, 30 November 18:30-20:00 Sandia	<b>Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC)</b> Mr. Paul Desanker pdesanker@unfccc.int +49 228 8151362	<b>LEG/LDC experience with the NAPAs and the LDCF</b> The LEG, LDC Parties and the UN agencies will share experiences on the NAPA process and on accessing the LDCF. A LEG publication on best practices and lessons learned with the NAPA will be presented.
Wednesday, 01 December 13:20-14:40 Mamey	<b>WMO/UNEP Intergovernmental Panel on Climate Change (IPCC)</b> Ms. Renate Christ ipcc-sec@wmo.int +41 227 30820	<b>Update on IPCC activities</b> Update on the IPCC special reports currently under preparation and an update on activities related to the AR5.

Date/Time	Organizer	Title / Theme
Wednesday, 01 December 13:20-14:40 Pitaya	<b>Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC)</b> Ms. Ruta Bubniene rbubniene@unfccc.int +49 228 8151686	<b>Progress in review of the fifth national communications of Annex I parties, review teams and parties perspectives</b> Experience from the review of the fifth national communications of annex I parties will be presented from the perspectives of the review teams and parties.
Wednesday, 01 December 18:30-20:00 Sandia	<b>Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC)</b> Ms. Lucy Waruingi lwaruingi@unfccc.int +49 228 8151340	<b>Nairobi Framework: The way forward and facing new challenges</b> To present an update of partners activities and collaborative efforts undertaken in 2010 and the way forward in terms of addressing new challenges. The NF partners will highlight the achievements and challenges in promoting CDM in developing countries.
Thursday, 02 December 13:20-14:40 Águila	<b>Global Environment Facility (GEF)</b> Mr. Robert Dixon rdixon1@thegef.org +1 202 4732340	<b>From innovation to market transformation: the role of GEF in technology transfer</b> The event highlights achievements in technology transfer supported by the GEF under the Poznan Strategic Program, and presents how GEF-5 (2010-14) promotes a broad portfolio of environmentally sound technologies to achieve GHG emissions at various stages of technology development cycle.
Thursday, 02 December 13:20-14:40 Jaguar	<b>Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC)</b> Mr. Luis Davila ldavila@unfccc.int +49 228 8151137	<b>Intergenerational inquiry</b> The UNFCCC Executive Secretary, scientists, representatives of UN agencies, key negotiators from developed and developing countries and young people from around the world will discuss how their actions contribute to a collective solution to climate challenges, and what they see as important prerequisites for reaching an effective post-2012 agreement.
Thursday, 02 December 13:20-14:40 Pitaya	<b>Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC)</b> Ms. Rocio Lichte rlichte@unfccc.int +49 228 8151619	<b>Updated information on emerging scientific findings and research outcomes</b> In the context of the research dialogue held under the SBSTA in the context of decision 9/CP.11, SBSTA 32 invited regional and international climate change research programmes and organizations to provide updated information on emerging scientific findings and research outcomes at SBSTA 33.
Friday, 03 December 13:20-14:40 Pitaya	<b>Global Environment Facility (GEF)</b> Ms. Marcia Levaggi mlevaggi@thegef.org +1 202 4736390	<b>Adaptation fund: Accreditation process and project cycle</b> The chair and the vice-chair of the Adaptation Fund Board, and the chair of the accreditation panel will make presentations on the accreditation process, as well as on the project cycle.
Friday, 03 December 13:20-14:40 Sandia	<b>Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC)</b> Ms. Verónica Colerio vcolerio@unfccc.int +49 228 8151027	<b>Presentation of the CDM methodologies booklet</b> The CDM methodologies booklet will be presented. This booklet will assist project proponents, potential project proponents and other stakeholders in the identification of methodologies that are suitable to their project activity and areas already covered by approved methodologies where they can develop CDM project activities.
Friday, 03 December 18:30-20:00 Pitaya	<b>Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC)</b> Mr. Yolando Velasco yvelasco@unfccc.int +49 228 8151427	<b>Outcomes of survey by the Consultative Group of Experts (CGE) on national communications from non-Annex I Parties</b> The CGE will present the result of the survey it conducted on identification of technical problems and constraints affecting NAI Parties in the preparation of their national communications and assessment of capacity building needs.
Friday, 03 December 18:30-20:00 Sandia	<b>Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC)</b> Mr. Andrew Howard ahoward@unfccc.int +49 228 8151617	<b>Contribution of CDM to technology and knowledge transfer and technology self reliance</b> An updated analysis of the contribution of CDM to technology and knowledge transfer will be presented. A wider analysis scope, improved data and inclusion of many more CDM projects provides new perspectives on technology co-benefits of the CDM.

Date/Time	Organizer	Title / Theme
Saturday, 04 December 13:20-14:40 Pitaya	<b>Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC)</b> Mr. Yolando Velasco yvelasco@unfccc.int +49 228 8151427	<b>Latest submissions: National communications from NAI Parties</b> The governments of Mexico, Republic of Korea and Uruguay will present highlights of their third and subsequent national communications to UNFCCC.
Saturday, 04 December 18:30-20:00 Sandia	<b>Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC)</b> Mr. Dominique Revet drevet@unfccc.int +49 228 8151334	<b>UNFCCC Greenhouse Gas Inventory Software for non-Annex I Parties - Version 2.0</b> This new software facilitates the reporting of national GHG inventories for NAI Parties, through simplifying exchange of data between inventory compilers, and submission to the secretariat. It will also allow the import/export of data from other tools/software using Tier 2 methods.

## The United Nations system delivering as one on implementation to address climate change

As a unique international mechanism with universal membership that combines convening power, normative work, standard-setting policy development and operational activities, the United Nations system in its entirety has embarked on an action-oriented and coordinated effort to support the international community in addressing the challenge of climate change.

United Nations system organizations have cooperated closely to establish a clear framework for action with targeted priority areas to achieve results on climate change action. Each agency contributes to this joint effort on the basis of its respective area of expertise, intergovernmental mandate and available resources. The overall objective is to maximize existing synergies, eliminate duplication and overlap, and optimize the impact of the collective efforts of the United Nations system in supporting countries implementing action to address climate change.

This breadth and unity of United Nations system activities is reflected in 19 Side Events at COP 16/CMP 6. The Side Events brings together a number of agencies under a thematic focus, all demonstrating how the United Nations system stands ready to support implementation action at global, regional, national and local levels, given the urgent need to accelerate action on adaptation and mitigation, including through technology transfer, finance and capacity-building.

Date/Time	Organizer	Title / Theme
Monday, 29 November 13:20-14:40 Mamey	<b>Secretariat of the Convention on Biological Diversity (CBD), Food and Agriculture Organization of the United Nations (FAO), Secretariat of the United Nations Convention to Combat Desertification (UNCCD)</b> Ms. Jaime Webbe jaime.webbe@cbd.int +1 514 2878718	<b>Launch of the Rio Conventions' ecosystems and climate change pavilion: enhancing synergies</b> The side event will launch the Rio Conventions' ecosystems and climate change pavilion at the COP in order to enhance awareness raising and information sharing about the latest science and practice on the linkages between biodiversity, climate change and combating desertification/land degradation.
Tuesday, 30 November 13:20-14:40 Sandia	<b>World Meteorological Organization (WMO), Food and Agricultural Organization of the United Nations (FAO), International Telecommunication Union (ITU), United Nations Environment Programme (UNEP), United Nations Educational, Scientific and Cultural Organization (UNESCO)</b> Ms. Carolin Richter crichter@wmo.int +41 79 7208092	<b>Systematic climate observations for the UNFCCC</b> Climate observations underpin virtually all of the work of the UNFCCC. This side event highlights progress in improving systematic observation and underscores the deficiencies that remain, as identified by the principal organizations responsible for facilitating improvements.

Date/Time	Organizer	Title / Theme
Tuesday, 30 November 18:30-20:00 Jaguar	<b>International Civil Aviation Organization (ICAO), International Maritime Organization (IMO)</b> Ms. Jane Hupe jhupe@icao.int +1 514 9546363	<b>Side event on emissions from international transport - global solutions for global industries</b> First part of this side event will focus on the achievements of ICAO`s 37th assembly and its recently adopted policy on aviation and climate change. The second part on IMO`s extensive work on development of technical, operational and market-based reduction measures for international shipping.
Tuesday, 30 November 18:30-20:00 Águila	<b>United Nations Population Fund (UNFPA), IOM, UN Economic Commission for Latin America and the Caribbean (UN ECLAC), United Nations Department of Economic and Social Affairs (UN DESA), United Nations Development Programme (UNDP), United Nations Human Settlements Programme (UN-HABITAT), United Nations High Commissioner for Refugees (UNHCR), United Nations Development Fund for Women (UNIFEM), United Nations Institute for Training and Research (UNITAR), United Nations University (UNU), World Food Programme (WFP)</b> Mr. Daniel Schensul schensul@unfpa.org +1 212 2975236	<b>Displacement and migration: Examples of initiatives and activities to support resilience and adaptation</b> This event will focus on national and sub-national level policy and programme implementation, including assistance in the development of policies on displacement and climate change; advocacy on displacement; and dissemination of tools that specifically target vulnerable communities such as refugees, internally displaced persons and migrants.
Wednesday, 01 December 13:20-14:40 Águila	<b>United Nations Environment Programme (UNEP), United Nations Development Programme (UNDP), United Nations Industrial Development Organization (UNIDO)</b> Ms. Seraphine Haeussling seraphine.haeussling@unep.org +33 1 44377615	<b>Capacity development as a driver of low-emission, climate-resilient development</b> The side event will present the UN`s approach, experience and readiness to support capacity development to address climate change. Speakers will share practical examples and lessons learnt from areas such as adaptation, mitigation, REDD and finance, and discuss the one UN experience of capacity support.
Wednesday, 01 December 18:30-20:00 Jaguar	<b>World Meteorological Organization (WMO), Food and Agriculture Organization of the United Nations (FAO), International Telecommunication Union (ITU), United Nations Educational, Scientific and Cultural Organization (UNESCO), United Nations University (UNU), World Food Programme (WFP)</b> Mr. Avinash Tyagi atyagi@wmo.int +41 79 54207	<b>Climate service for all</b> Organized jointly by WMO, UNESCO and other UN partner agencies, the event showcases the progress in the development of the “Global Framework for Climate Services (GFCS)” which guides the development of climate services for all to adapt and mitigate climate change and for climate-risk management.
Thursday, 02 December 13:20-14:40 Mamey	<b>United Nations Environment Programme (UNEP), Food and Agriculture Organization of the United Nations (FAO), United Nations Development Programme (UNDP)</b> Ms. Reem Ismail reem.ismail@un-redd.org +41 79 8439614	<b>Delivering as One: Achievements and lessons learned from REDD+ readiness activities</b> As countries` REDD+ readiness activities advance, it is vital to assess achievements and lessons learnt for future progress. FAO, UNDP and UNEP will convene with stakeholders to reflect on what the UN-REDD Programme`s work has achieved to date and explore ways to build on this momentum.
Friday, 03 December 13:20-14:40 Águila	<b>Food and Agriculture Organization of the United Nations (FAO), International Fund for Agricultural Development (IFAD), Secretariat of the United Nations Convention to Combat Desertification (UNCCD), World Food Programme (WFP)</b> Mr. Reuben Sessa reuben.sessa@fao.org +39 340 8583070	<b>Is climate-smart agriculture possible?</b> Presentations by countries will showcase approaches to climate-smart agriculture - agriculture that sustainably increases productivity, resilience (adaptation), reduces/removes GHGs (mitigation), and enhances achievement of national food security and development goals.

Date/Time	Organizer	Title / Theme
Friday, 03 December 18:30-20:00 Águila	<b>United Nations Educational, Scientific and Cultural Organization (UNESCO), UN Communications Group, United Nations Environment Programme (UNEP), United Nations Children's Fund (UNICEF), World Meteorological Organization (WMO)</b> Ms. Julia Heiss j.heiss@unesco.org +33 1 45681036	<b>Understanding climate change: Success stories in raising climate awareness and education</b> A showcase of inspiring case studies and success stories to demonstrate how awareness raising and education play an important role in mobilizing climate action and stimulate a discussion on how public awareness raising and education on climate can become even more effective.
Monday, 06 December 13:20-14:40 Pitaya	<b>World Health Organization (WHO), International Labour Organization (ILO), Office High Commissioner for Human Rights/Centre for Human Rights (OHCHR), UNAIDS - Joint United Nations Programme on HIV and AIDS, United Nations Department of Economic and Social Affairs (UN DESA), World Food Programme (WFP)</b> Ms. Marina Maiero maierom@who.int +41 76 2350115	<b>Improving resilience to protect human health and welfare from the adverse affects of climate change</b> To highlight the public health and nutrition consequences of climate change and the role of social protection in adaptation and mitigation efforts. Recommendations on how the UN system could support the resilience processes of the most vulnerable population groups will be provided.
Monday, 06 December 18:30-20:00 Pitaya	<b>World Health Organization (WHO), Food and Agriculture Organization of the United Nations (FAO), International Labour Organization (ILO), International Telecommunication Union (ITU), Office High Commissioner for Human Rights/Centre for Human Rights (OHCHR), UNAIDS - Joint United Nations Programme on HIV and AIDS, United Nations Department of Economic and Social Affairs (UN DESA), United Nations Human Settlements Programme (UN-HABITAT), United Nations Development Programme (UNDP), United Nations Population Fund (UNFPA), United Nations Children's Fund (UNICEF), UN Women, World Food Programme (WFP), World Health Organization (WHO), World Bank</b> Ms. Elena Villalobos villalobose@who.int +41 78 9279183	<b>Inclusion of social dimensions in the development of climate change policies and programmes</b> Recommendations on how the UN system can more effectively support member states to ensure that climate-related policies simultaneously provide better living conditions for society while contributing to poverty reduction and sustainable development, ensuring equitable low carbon development processes.
Tuesday, 07 December 13:20-14:40 Mamey	<b>The United Nations System</b> Ms. Katja Gregers Brock gregersbrock@un.org +1 646 207 9046	<b>The United Nations system delivering as one on implementation to address climate change</b> Overview of the United Nations system capacities and commitment at the highest level to assist Parties to the UNFCCC in implementing measures to address climate change particularly in developing countries, in all relevant areas including adaptation, capacity building and technology transfer.
Tuesday, 07 December 18:30-20:00 Mamey	<b>World Intellectual Property Organization (WIPO), Global Environment Facility (GEF), International Telecommunication Union (ITU), United Nations Environment Programme (UNEP), United Nations Industrial Development Organization (UNIDO), World Bank, World Trade Organization (WTO)</b> Mr. Joe Bradley joe.bradley@wipo.int +41 79 2480133	<b>Supporting Successful Partnering in Technology Transfer</b> This side event will explore experiences from developing countries in efforts undertaken by the UN system and industry to support developing countries in the transfer and diffusion of environmentally sound technologies and lessons learnt to support the development and work of the CTC and Network.

Date/Time	Organizer	Title / Theme
Tuesday, 07 December 18:30-20:00 Águila	<b>United Nations Development Programme (UNDP), United Nations Department of Economic and Social Affairs (UN DESA), United Nations Development Programme (UNDP)/United Nations Development Group (UNDG), United Nations Economic Commission for Africa (UN ECA), United Nations Economic Commission for Europe (UN ECE), United Nations Economic Commission for Latin America and the Caribbean (UN ECLAC), United Nations Economic and Social Commission for Asia and the Pacific (UN ESCAP), United Nations Economic and Social Commission for Western Asia (UN ESCWA)</b> Mr. James Tee james.tee@undp.org +1 212 9065945	<b>Supporting global, regional and national actions towards addressing climate change</b> This event will present actions at the global, regional and national levels to address climate change, focusing on energy issues (access, security, efficiency). It will show linkages at various levels, including a recent global initiative to achieve universal access to modern energy by 2030.
Wednesday, 08 December 13:20-14:40 Sandia	<b>United Nations Conference on Trade and Development (UNCTAD), International Labour Organization (ILO), United Nations Department of Economic and Social Affairs (UN DESA), United Nations Environment Programme (UNEP), United Nations Economic and Social Commission for Asia and the Pacific (UN ESCAP), World Tourism Organization (UNWTO)</b> Mr. Lucas Assuncao lucas.assuncao@unctad.org +41 79 3758855	<b>Rio+20: The transition to a green economy - implications for poverty alleviation and sustainable development</b> This high level event will focus on enabling policy instruments in the transition to a green economy in the context of poverty alleviation and sustainable development. Relevant analytical work carried out during the UNCSO preparatory process and results of expert meetings on the green economy will be presented.
Wednesday, 08 December 13:20-14:40 Mamey	<b>Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC), International Fund for Agricultural Development (IFAD), Secretariat of the United Nations Convention to Combat Desertification (UNCCD), United Nations Human Settlements Programme (UN-HABITAT), United Nations University (UNU), World Food Programme (WFP), World Health Organization (WHO)</b> Ms. Xianfu Lu xlu@unfccc.int +49 228 8151392	<b>UN-System Side Event on Adaptation</b> This is one of a dozen or so thematic events under the UN-System. This event on adaptation will showcase a broad range of initiatives being carried out by UN agencies, who will share their experiences of implementing actions at different levels, in different sectors and with different stakeholders.
Wednesday, 08 December 18:30-20:00 Mamey	<b>United Nations Industrial Development Organization (UNIDO), UN Secretary General's Advisory Group on Energy and Climate Change (AGECC), UN Energy, International Atomic Energy Agency (IAEA), World Bank</b> Ms. Marina Ploutakhina m.ploutakhina@unido.org +43 664 3529742	<b>Briefing by the UN Secretary-General's advisory group on energy and climate change (AGECC)</b> The side event will provide a briefing on the AGECC report Energy for a Sustainable Future that sets out for the first time two ambitious, but achievable, global energy goals on energy access and energy efficiency.
Wednesday, 08 December 18:30-20:00 Sandia	<b>United Nations Human Settlements Programme (UN-HABITAT), International Telecommunication Union (ITU), United Nations Development Programme (UNDP), United Nations Economic Commission for Africa (UN ECA), United Nations Economic Commission for Europe (UN ECE), United Nations Economic Commission for Latin America and the Caribbean (UN ECLAC), United Nations Economic and Social, United Nations Environment Programme (UNEP), Commission for Asia and the Pacific (UN ESCAP), United Nations Economic and Social Commission for Western Asia (UN ESCWA), United Nations Population Fund (UNFPA), United Nations Institute for Training and Research (UNITAR), World Bank</b> Mr. Raf Tuts raf.tuts@unhabitat.org +254 20 7623726	<b>Cities and climate change: Enhancing mitigation and adaptation action</b> Cities both contribute to climate change and are affected by its impacts. Recognizing the urgency to accelerate implementation at the local level, the event will highlight the variety of approaches and tools the United Nations system is using to support cities to act on mitigation and adaptation.

Date/Time	Organizer	Title / Theme
Thursday, 09 December 13:20-14:40 Águila	<b>United Nations Development Programme (UNDP), Food and Agriculture Organization of the United Nations (FAO), United Nations Environment Programme (UNEP), United Nations Development Fund for Women (UNIFEM), United Nations High Commissioner for Refugees (UNHCR), World Food Programme (WFP)</b> Ms. Itzá Castañeda itza.castaneda@undp.org.mx +521 55 16942931	<b>Gender and climate change finance: Empowering women to lead in the new green economy</b> This event will showcase gains in women's empowerment in climate change finance and the green economy, including new entrepreneurial ventures and advocacy strides in climate finance architecture, going beyond why it's important to empower women to a discussion of how it is being done.

## Overall Side Event schedule<sup>1</sup>

As part of the efforts to enhance the functions of Side Events and Exhibits, Side Events have been color-coded by the theme based on the association by the organizers. "Others" therefore include those who did not associate themselves with any of the themes.

Tagging the Side Events by the theme is also one of the proposals in the stakeholder engagement review that the secretariat internally undertook. We hope this helps you find the events of your interest more efficiently. If you have any feedback on this arrangement, please email us at: [see@unfccc.int](mailto:see@unfccc.int).

### Category/Abbreviation

	Adaptation and related issues
	Mitigation and related issues
	Cross-cutting issues
	Others
	Cancelled by the Organizer

### Make your presentations available to a global audience

An upload facility is available for all Side Event organizers in the online registration system, which is accessible through the personal account. Draft agendas may be posted in advance to inform potential participants. In order to share your presentation files with participants after your Side Event, you may upload the files using this facility and inform your participants to refer to this. Changes can be made by replacing or deleting the existing files. Please note that individual files should not exceed 4 MB, but you may upload as many slides as needed.

Date/Time	Organizer	Title / Theme
Monday, 29 November 13:20-14:40 Mamey	<b>Secretariat of the Convention on Biological Diversity (CBD), Food and Agriculture Organization of the United Nations (FAO), Secretariat of the United Nations Convention to Combat Desertification (UNCCD)</b> Ms. Jaime Webbe jaime.webbe@cbd.int +1 514 2878718	<b>Launch of the Rio Conventions' ecosystems and climate change pavilion: enhancing synergies</b> The side event will launch the Rio Conventions' ecosystems and climate change pavilion at the COP in order to enhance awareness raising and information sharing about the latest science and practice on the linkages between biodiversity, climate change and combating desertification/land degradation.

Date/Time	Organizer	Title / Theme
Monday, 29 November 13:20-14:40 Pitaya	<b>Japan</b> Mr. Tomohiro Shimada climate.focal.point@mofa.go.jp +81 35 501849	<b>Japan's policy and international cooperation on climate change</b> Cooperation on clean technology and innovation, supporting MRV in Asia-Pacific region, JICA's experiences learned from development cooperation, contribution to the forest and carbon monitoring by satellites, ALOS and GOSAT, database and analysis of gap between efforts and finance about REDD+.
Monday, 29 November 13:20-14:40 Sandia	<b>Norway</b> Ms. Anne Havnør aig@mfa.no +47 32 93222943	<b>The missing link to success: Women in REDD</b> Event on how a gender approach and women's empowerment are essential to a successful implementation of REDD initiatives.
Monday, 29 November 13:20-14:40 Águila	<b>WMO/UNEP Intergovernmental Panel on Climate Change (IPCC)</b> Ms. Renate Christ ipcc-sec@wmo.int +41 227 30820	<b>Wetlands, HWP and Soil N2O: IPCC response to request from SBSTA</b> In response to the invitation by SBSTA 32 the IPCC TFI held an expert meeting examining the current IPCC guidance on wetlands, HWP and Soil N2O, and to promote the emission factor database. This side event reports on that meetings and how we are developing the EFDB.
Monday, 29 November 13:20-14:40 Jaguar	<b>Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC)</b> Ms. Kay Merce kmerce@unfccc.int +49 228 8151507	<b>Experience and future directions for Kyoto's Joint Implementation mechanism: Question and answer session with the Joint Implementation Supervisory Committee (JISC)</b> Progress with JI is mixed but there are clear routes forward. The JISC has reviewed the experience so far with JI and sought ways to maintain and possibly improve the role of JI in the post-2012 world. The JISC will present this work (see its report to CMP6) and answer questions.
Tuesday, 30 November 13:20-14:40 Mamey	<b>Costa Rica</b> Mr. Alberto Chinchilla aurena@acicafoc.org +506 506 22406274	<b>Real input for climate change mitigation and adaptation: Central American community groups on REDD+</b> Raise awareness on different stakeholders about local communities' efforts on REDD+ activities, and facilitating a space for local communities' proposals on this issue, with a strong social justice, diversity, and multicultural component in Central American indigenous peoples' and farmers groups.
Tuesday, 30 November 13:20-14:40 Águila	<b>Turkey</b> Mr. Mustafa Sahin m_sahin4@yahoo.com +90 312 2076617	<b>National climate change action plan of Turkey</b> Turkey, considering her own special circumstances, is continuing to contribute to global action against climate change. The aim of the National Climate Change Action Plan is to tackle climate change by cutting greenhouse gas emissions and to build resilience through managing impacts of climate change.
Tuesday, 30 November 13:20-14:40 Sandia	<b>World Meteorological Organization (WMO), Food and Agricultural Organization of the United Nations (FAO), International Telecommunication Union (ITU), United Nations Environment Programme (UNEP), United Nations Educational, Scientific and Cultural Organization (UNESCO)</b> Ms. Carolin Richter crichter@wmo.int +41 79 7208092	<b>Systematic climate observations for the UNFCCC</b> Climate observations underpin virtually all of the work of the UNFCCC. This side event highlights progress in improving systematic observation and underscores the deficiencies that remain, as identified by the principal organizations responsible for facilitating improvements.
Tuesday, 30 November 13:20-14:40 Jaguar	<b>Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC)</b> Ms. Kay Merce kmerce@unfccc.int +49 228 8151507	<b>CDM Executive Board: question and answer session</b> The Executive Board of the CDM will report on its activities and answer questions from the audience.

Date/Time	Organizer	Title / Theme
Tuesday, 30 November 13:20-14:40 Pitaya	<b>Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC)</b> Mr. David Paterson dpaterson@unfccc.int +49 228 8151536	<b>Full scale implementation of CC:iNET</b> Launch of the full-scale implementation of the UNFCCC information network clearing house on Article 6 of the Convention - CC:iNet. The secretariat will present the full-scale implementation of CC:iNet, highlighting improvements and enhancements that have been implemented to make it fully functional, multilingual and more user-friendly.
Tuesday, 30 November 15:00-16:30 Monarca	<b>Third World Network (TWN), South Centre, UNANIMA International</b> Ms. Yvonne Miller ymiller@twngeneva.ch +41 22 9083550	<b>Equity, environment, and development as essential considerations for the climate negotiations</b> TWN, South Centre and UNANIMA convene this panel to address equity, environment and development needs for the climate negotiations to have fair outcomes. Experts will discuss these as the foundation for an equity paradigm for global cooperative action on climate change. Discussions will include water.
Tuesday, 30 November 15:00-16:30 Mamey	<b>European Patent Office (EPO)</b> Ms. Sabine Lunau slunau@epo.org +31 6 42808502	<b>Patents, technological knowledge and access to climate change mitigation technologies</b> UNEP, EPO and ICTSD carried out a study on patents and clean energy technologies. The panel will discuss how practical tools derived from this study can contribute to a better understanding of IPR options in the UNFCCC negotiations. The panel will also consider relevant future areas of research.
Tuesday, 30 November 15:00-16:30 Águila	<b>Organisation internationale de la francophonie (OIF/IEPF)</b> Mr. Nicolas Biron n.biron@iepf.org +418 692 5727	<b>Projet NECTAR: Adaptation au changement climatique en Afrique</b> Présentation des résultats des études sectorielles approfondies sur l'adaptation au changement climatique en Afrique dans les secteurs de l'énergie, du bâtiment et de la forêt.
Tuesday, 30 November 15:00-16:30 Jaguar	<b>Corporación Grupo Tayrona</b> Mr. Juan Diego Valenzuela juandiegoval@gmail.com +57 317 6450065	<b>Education, training and public awareness on climate change "Presentation of good practices"</b> The event is organized by Dominican Republic and will present good practices in Latin American and the Caribbean region on Article 6 related with education, training, public awareness, public participation, public access to information and international cooperation. A publication will be launched.
Tuesday, 30 November 16:45-18:15 Águila	<b>Rainforest Alliance (RA), Cornell University</b> Mr. Mark Morage mmorage@ra.org +1 646 4521937	<b>Sustainable agriculture and terrestrial C management: Research and best practices to inform climate policy</b> Cornell university and the sustainable agriculture network share research and on-the-ground experiences incorporating mitigation and adaptation activities in agriculture, including soil organic C management strategies and C management using biochar systems, and discuss policy implications.
Tuesday, 30 November 16:45-18:15 Jaguar	<b>Sustainable Markets Foundation - 350.org, Center for Biological Diversity (CBD)</b> Mr. Jeremy Osborn jeremy@350.org +1 802 5524067	<b>Science-based longterm targets - Why they're needed, how they can be achieved</b> Scientists, activists, and advocates from the Center for Biological Diversity and 350.org discuss how we can reach an international agreement with scientifically-based targets and how existing U.S. law, including the Clean Air Act, and growing public support can help us get there.
Tuesday, 30 November 16:45-18:15 Monarca	<b>The Energy and Resources Institute (TERI)</b> Mr. Sasanka Thilakasiri sasanka.thilakasiri@teri.res.in +91 11 24682100	<b>National and international policy responses to the carbon budget approach: an Indian perspective</b> Realizing future entitlements into actions, under different scenarios of equity based carbon budget, require pragmatic interplay of national and international responses. To enable this, a rethinking of policies, instruments and institutions is essential for an effective global climate regime.

Date/Time	Organizer	Title / Theme
Tuesday, 30 November 16:45-18:15 Mamey	<b>Cooperation Center, Japan (OECC), Global Environment Centre Foundation (GEC), Institute of Energy Economics, Japan (IEEJ)</b> Mr. Satoshi Iemoto iemoto@oecc.or.jp +81 3 54720144	<b>Supporting mitigation in developing countries -NAMAs/MRV, CDM reform, and Japan's initiative</b> Establishing a low carbon society requires increased mitigation efforts both by developing and developed countries, strengthened cooperation, and enhanced international system. This event introduces Japan's recent efforts related to NAMAs/MRV and CDM reform in cooperation with developing countries.
Tuesday, 30 November 18:30-20:00 Cacao	<b>Project Developer Forum Ltd. (PD-Forum)</b> Mr. Leo Perkowski leo.perkowski@pd-forum.net +1 321 4323081	<b>Report card on CDM reform</b> Representatives from CDM EB, UNFCCC, and DOE, DNA, PD Forums will review progress 1 year after release of 2/CMP 5 and McKinsey report. From their perspective, panelists will identify key issues which have been addressed/resolved and highlight those which continue to present a challenge.
Tuesday, 30 November 18:30-20:00 Mamey	<b>CARE International (CI), Ecuador</b> Charles Ehrhart ehrhart@careclimatechange.org +1 415 5083684	<b>Applying safeguards and enhancing co-benefits in Ecuador, and REDD+ Social &amp; Environmental Standards</b> Co-hosted by Government of Ecuador, CARE and CCBA, this event will provide an overview of progress and challenges in applying safeguards and enhancing multiple benefits in Ecuador's national REDD+ strategy and use of the REDD+ Social & Environmental Standards in Ecuador, and in Indonesia and Brazil.
Tuesday, 30 November 18:30-20:00 Jaguar	<b>International Civil Aviation Organization (ICAO), International Maritime Organization (IMO)</b> Ms. Jane Hupe jhupe@icao.int +1 514 9546363	<b>Side event on emissions from international transport - global solutions for global industries</b> First part of this side event will focus on the achievements of ICAO's 37th assembly and its recently adopted policy on aviation and climate change. The second part on IMO's extensive work on development of technical, operational and market-based reduction measures for international shipping.
Tuesday, 30 November 18:30-20:00 Águila	<b>United Nations Population Fund (UNFPA), IOM, UN Economic Commission for Latin America and the Caribbean (UN ECLAC), United Nations Department of Economic and Social Affairs (UN DESA), United Nations Development Programme (UNDP), United Nations Human Settlements Programme (UN-HABITAT), United Nations High Commissioner for Refugees (UNHCR), United Nations Development Fund for Women (UNIFEM), United Nations Institute for Training and Research (UNITAR), United Nations University (UNU), World Food Programme (WFP)</b> Mr. Daniel Schensul schensul@unfpa.org +1 212 2975236	<b>Displacement and migration: Examples of initiatives and activities to support resilience and adaptation</b> This event will focus on national and sub-national level policy and programme implementation, including assistance in the development of policies on displacement and climate change; advocacy on displacement; and dissemination of tools that specifically target vulnerable communities such as refugees, internally displaced persons and migrants.
Tuesday, 30 November 18:30-20:00 Pitaya	<b>Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC)</b> Mr. Marcelo Jordan mjordan@unfccc.int +49 228 8151145	<b>Climate finance portal</b> Update on the progress of the finance portal for climate change, being developed by the UNFCCC secretariat. The event will also serve as the formal launch of the climate finance options platform, which is being developed by UNDP and the World Bank Group.
Tuesday, 30 November 18:30-20:00 Sandia	<b>Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC)</b> Mr. Paul Desanker pdesanker@unfccc.int +49 228 8151362	<b>LEG/LDC experience with the NAPAs and the LDCF</b> The LEG, LDC Parties and the UN agencies will share experiences on the NAPA process and on accessing the LDCF. A LEG publication on best practices and lessons learned with the NAPA will be presented.
Tuesday, 30 November 20:15-21:45 Cacao	<b>International Air Transport Association (IATA)</b> Mr. Andreas Hardeman hardemana@iata.org +41 22 7702062	<b>Aviation bunker fuels</b> At this side event, the aviation sector will be seeking a dialogue with governments and other interested stakeholders towards finding the most appropriate way forward for addressing aviation bunker fuel emissions and ways for presenting effective solutions for consideration at COP 16.

Date/Time	Organizer	Title / Theme
Tuesday, 30 November 20:15-21:45 Águila	<b>Centre for Community Economics and Development Consultants Society (CECOEDECON)</b> Mr. Sharad Joshi sharad_jp1@sancharnet.in +91 141 2771488	<b>Agriculture in the UNFCCC: Focusing on small holder farmers and food producers</b> The session will focus on needs of small holders and producers CC negotiations with broader focus including critical inputs, links to trade, product pricing and policies that influence land use, state sovereignty, food security environmental integrity, social impacts.
Tuesday, 30 November 20:15-21:45 Pitaya	<b>University of Gothenburg (GU)</b> Mr. Thomas Sterner thomas.sterner@economics.gu.se +46 708 163306	<b>Attitudes and policy issues in the developing world</b> Presentations from the centers that make up Environment for Development, as well as their supporting institutions (University of Gothenburg and Resources for the Future) cover farm level adaptation to climate change and attitudes about alternative burden sharing rules.
Tuesday, 30 November 20:15-21:45 Jaguar	<b>Pan African Climate Justice Alliance** (PACJA)</b> Mr. Joseph Mwenda mwemithika@yahoo.com +20 254 4443627	<b>State of play in negotiations: Equity and human rights in international climate change dialogue processes</b> Building on past efforts to drive climate justice agenda in international dialogue processes, this event will facilitate an exchange of views between governments and civil society on ways to deliver equity and protect human rights in accordance with international law.
Tuesday, 30 November 20:15-21:45 Monarca	<b>Centro Mexicano de Derecho Ambiental (CEMDA)</b> Ms. Sandra Guzmán sandrag@cemda.org.mx +52 55 52863323	<b>Mexico and Latinamerica: mitigation challenges and perspectives in strategic sectors.</b> This event aims to analyze the mitigation challenges and perspectives that Mexico and Latin America face to promote changes in strategic sectors such as energy, transport and forestry.
Tuesday, 30 November 20:15-21:45 Sandia	<b>Friends of the Earth International (FOEI)</b> Ms. Nina Ascoly nina@foei.org +31 20 6221369	<b>Climate finance: The good, the bad and the ugly</b> How far are we away from a just and equitable deal on climate finance? Panelists will look at principles, sources and governance for effectively financing developing country mitigation and repaying Annex I climate debt and at how far current commitments and proposals go towards achieving this.
Tuesday, 30 November 20:15-21:45 Mamey	<b>Sustainable Amazonas Foundation (FAS)</b> Ms. Thais Megid Pinto thais.megid@fas-amazonas.org +55 92 40098900	<b>Policy lessons from REDD projects and new methodologies: VCS, FAS, CD, Terra Global and ADP</b> Lessons from developing robust REDD methodologies and projects under VCS, and new initiatives to include REDD projects in regional and national accounting, can inform policy debate. On the ground work shows credible standards increase technical and political integrity, making REDD implementation real.
Wednesday, 01 December 11:30-13:00 Jaguar	<b>Conservation International (CI)</b> Ms. Jennifer McCullough jmccullough@conservation.org +703 341 2526	<b>Blue Carbon: Valuing CO2 mitigation by coastal marine systems</b> Coastal marine ecosystems, such as mangroves, seagrasses and salt marshes, sequester carbon up to 50 times the rate observed in terrestrial systems. This session details the importance of these systems and the opportunities for valuing this unaccounted contribution to climate change mitigation.
Wednesday, 01 December 11:30-13:00 Monarca	<b>Center for International Climate and Environmental Research (CICERO)</b> Mr. Petter Haugneland petter.haugneland@cicero.uio.no +47 98 234699	<b>Food security and human rights in Small Island Developing States and the Arctic</b> Arctic and SIDS coastal communities face common challenges due to a rapidly changing climate. They rely on the environment and natural resources for their livelihoods and face a similar struggle for survival because of climate change and other stresses. Arranged by the Many Strong Voices programme.

Date/Time	Organizer	Title / Theme
Wednesday, 01 December 11:30-13:00 Mamey	<b>Population Action International (PAI)</b> Ms. Kathleen Mogelgaard kmogelgaard@popact.org +1 202 5573406	<b>Healthy women, healthy planet: Women's empowerment, family planning, and resilience</b> Women are key stakeholders in adaptation. Access to voluntary family planning improves socio-economic status of women and their families. Reducing unintended pregnancies and giving families the tools to help determine family size reduces strain on the environment and improves resource conservation.
Wednesday, 01 December 13:20-14:40 Mamey	<b>WMO/UNEP Intergovernmental Panel on Climate Change (IPCC)</b> Ms. Renate Christ ipcc-sec@wmo.int +41 227 30820	<b>Update on IPCC activities</b> Update on the IPCC special reports currently under preparation and an update on activities related to the AR5.
Wednesday, 01 December 13:20-14:40 Jaguar	<b>China</b> Mr. Gao Hairan gao.hairan@ccchina.gov.cn +86 10 68501567	<b>China's Policies, Measures, Actions and Achievements in terms of Combating Climate Change</b> This side event will present China's policies and actions for addressing climate change and China's position towards international negotiation on climate change, as well as the effectiveness and impact of UNDP China's cooperation on climate change in China.
Wednesday, 01 December 13:20-14:40 Águila	<b>United Nations Environment Programme (UNEP), United Nations Development Programme (UNDP), United Nations Industrial Development Organization (UNIDO)</b> Ms. Seraphine Haeussling seraphine.haeussling@unep.org +33 1 44377615	<b>Capacity development as a driver of low-emission, climate-resilient development</b> The side event will present the UN's approach, experience and readiness to support capacity development to address climate change. Speakers will share practical examples and lessons learnt from areas such as adaptation, mitigation, REDD and finance, and discuss the one UN experience of capacity support.
Wednesday, 01 December 13:20-14:40 Pitaya	<b>Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC)</b> Ms. Ruta Bubniene rbubniene@unfccc.int +49 228 8151686	<b>Progress in review of the fifth national communications of Annex I parties, review teams and parties perspectives</b> Experience from the review of the fifth national communications of annex I parties will be presented from the perspectives of the review teams and parties.
Wednesday, 01 December 15:00-16:30 Monarca	<b>Practical Action, Brot für die Welt (BfdW)</b> Ms. Rachel Berger rachel.berger@practicalaction.org.uk +44 1926 634497	<b>Food for all in a warming world? Agricultural systems that enable adaptation and support ecosystems</b> Today's globalised food system increases hunger and degrades ecosystems. Practical Action, Development Fund Norway, Brot fur die Welt, EED and farmers explain the ecological, resilient and productive alternatives, highlighting the policies needed to transform food provision and feed the world in 2050.
Wednesday, 01 December 15:00-16:30 Mamey	<b>Rainforest Foundation UK (RFUK), Global Forest Coalition (GFC), Tanzania Natural Resource Forum (TNRF)</b> Mr. Simon Councill SimonC@rainforestuk.com +44 207 4850193	<b>Southern civil society, local community and indigenous peoples perspectives on REDD</b> Accra Caucus and Global Forest Coalition members share perspectives on national and international REDD processes. REDD may determine the future of forest dependent communities. How have local perspectives on REDD been taken into consideration? What is the political will to respect and implement rights in REDD and address underlying causes?
Wednesday, 01 December 15:00-16:30 Águila	<b>Demand Response and Smart Grid Coalition (DRSG)</b> Ms. Vananh Le Vananh.le@drsgcoalition.org +1 202 2961640	<b>A smart grid is a green grid: why a smart grid and its "negawatts" are needed to achieve climate goals</b> A smart grid can dispatch efficiency to offset wind/solar variability and store wind power generated at night. Smart meters and smart appliances yield feedback info to consumers that cause them to reduce use by 5-15%. Google, Honeywell, Whirlpool, other DRSG members and major environment NGOs will present.

Date/Time	Organizer	Title / Theme
Wednesday, 01 December 15:00-16:30 Jaguar	<b>Dartmouth College, New York University** (NYU)</b> Ms. Patricia Palmiotto Patricia.palmiotto@dartmouth.edu +1 603 6462244	<b>Institutions and governance mechanisms for climate finance</b> The nascent climate finance system will likely lack a single global coordinating, dispersing, or monitoring institution. Co-hosted by New York University and Dartmouth College, this panel will examine the necessary institutions, governance mechanisms and incentives required engage private and public actors in a global climate finance system.
Wednesday, 01 December 16:45-18:15 Monarca	<b>Climate Action Network - Europe (CAN - Europe)</b> Ms. Ulriikka Aarnio ulriikka@climnet.org +32 494 525761	<b>EU climate financing: NGO analysis and recommendations</b> Climate Action Network Europe's analysis of the current status of the EU fast start finance delivery and further recommendations for mid-term financing.
Wednesday, 01 December 16:45-18:15 Águila	<b>World Future Council (WFC)</b> Mr. Stefan Schurig stefan.schurig@worldfuturecouncil.org +49 40 307091427	<b>Solving the funding problem of the energy transition with the help of Special Drawing Rights (SDRs)</b> The WFC demonstrates how raise USD100bn per year through new SDRs to finance climate protection investments in developing nations. The centerpiece of the proposal is a new supervisory body composed of organizations like UNEP, UNDP, UNFCCC and IRENA as well as national development finance institutions.
Wednesday, 01 December 16:45-18:15 Jaguar	<b>GenderCC - Women for Climate Justice (GenderCC), Colorado State University</b> Ms. Gotelind Alber g.alber@gendercc.net +49 30 21982175	<b>Gender into international climate policy - climate and gender capacity building for women scholars</b> GenderCC and Colorado State University assess the progress made in the negotiations towards gender and climate justice, and discuss strategies to boost gender sensitive implementation, incl. building academic capacity through engaging women and girls in climate science as researchers and educators.
Wednesday, 01 December 16:45-18:15 Mamey	<b>Institute for Conservation and Sustainable Development of Amazonas (IDESAM), Fundação Futuro Latinoamericano (FFLA)</b> Ms. Mariana Pavan mn.pavan@idesam.org.br +55 92 36425698	<b>Biodiversity and climate change: Regional view on REDD+ readiness and forest governance in Amazon basin</b> Findings of a regional consultation on priority research needs on CC and development and its link with biodiversity; and presentation of a wide study on the status of forest policies, governance and REDD+ readiness activities, and national and sub-national pilot projects in the Amazon basin countries.
Wednesday, 01 December 18:30-20:00 Águila	<b>Belarus</b> Ms. Iryna Rudzko rv_irina@mail.ru +375 17 2009047	<b>Climate change mitigation action and national circumstance of Belarus</b> Key issues on climate change mitigation and adaptation actions in Belarus are highlighted and national circumstances are discussed. Experience in restoring peatlands, a concept for their sustainable management and the VCS peatland rewetting and conservation standard and methodology are presented.
Wednesday, 01 December 18:30-20:00 Pitaya	<b>Malaysia</b> Ms. Chiew Wei Puah cwpuah@mpob.gov.my +6 12 2732366	<b>The Malaysian approach: Climate change mitigation and adaptation measures by the oil palm industry</b> The Malaysian approach: Climate change mitigation and adaptation measures by the oil palm industry.
Wednesday, 01 December 18:30-20:00 Cacao	<b>Responding to Climate Change (RTCC), International Chamber of Commerce (ICC)</b> Mr. James Ramsey anna@rtcc.org +44 20 77992222	<b>The Private Sector &amp; Climate Change</b> Roundtable on: Setting conditions and mobilising finance
Wednesday, 01 December 18:30-20:00 Mamey	<b>Israel, Keren Kayemet Lelsrael/The Jewish National Fund (KKL-JNF)</b> Ms. Ronnie Cohen Ginat ronyg@sviva.gov.il +972 2 6553769	<b>Agriculture and forestry under hot and arid conditions</b> Israel has expertise in efficient use of water and afforestation in arid zones. Three case studies will be presented on agricultural production and forestry under desert climate regimes, characterized by low rainfall and high temperatures. Techniques for overcoming constraints will be discussed.

Date/Time	Organizer	Title / Theme
Wednesday, 01 December 18:30-20:00 Jaguar	<b>World Meteorological Organization (WMO), Food and Agriculture Organization of the United Nations (FAO), International Telecommunication Union (ITU), United Nations Educational, Scientific and Cultural Organization (UNESCO), United Nations University (UNU), World Food Programme (WFP)</b> atyagi@wmo.int +41 79 54207	<b>Climate service for all</b> Organized jointly by WMO, UNESCO and other UN partner agencies, the event showcases the progress in the development of the “Global Framework for Climate Services (GFCS)” which guides the development of climate services for all to adapt and mitigate climate change and for climate-risk management.
Wednesday, 01 December 18:30-20:00 Sandia	<b>Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC)</b> Ms. Lucy Waruingi lwaruingi@unfccc.int +49 228 8151340	<b>Nairobi Framework: The way forward and facing new challenges</b> To present an update of partners activities and collaborative efforts undertaken in 2010 and the way forward in terms of addressing new challenges. The NF partners will highlight the achievements and challenges in promoting CDM in developing countries.
Wednesday, 01 December 20:15-21:45 Sandia	<b>International Union of Railways (UIC), Institution for Transport Policy Studies (ITPS)</b> Ms. Margrethe Sagevik sagevik@uic.org +33 1 44492035	<b>Keeping climate solutions on track - the role of partnerships, good practice and the role of rail</b> UNEP and CN Net, ITPS and UIC present good carbon neutral practice and solutions scaled to the size of the transport challenge: emissions reduction potential of rail including carbon footprint of high speed, aid scheme for rail infrastructure in developing countries and rail’s approach to adaptation.
Wednesday, 01 December 20:15-21:45 Águila	<b>Carbon Capture and Storage Association (CCSA)</b> Mr. Luke Warren luke.warren@ccsassociation.org +44 7867748658	<b>Carbon Capture and Storage; recent developments and next steps</b>  Addressing climate change requires the rapid, large-scale deployment of CCS in both developed and developing countries as well as in multiple sectors including power, CO2-intensive industry and renewable biomass for negative emissions. This event looks at progress to date and future prospects.
Wednesday, 01 December 20:15-21:45 Monarca	<b>Global Peace Initiative of Women (GPIW), Brahma Kumaris World Spiritual University (BKWSU)</b> Ms. Marianne Marstrand marstrandm@gpiw.org +1 917 4129587	<b>The inner dimensions of climate change</b> The Brahma Kumaris World Spiritual University and Global Peace Initiative of Women in a joint forum: Spiritual and religious leaders explore ways to inspire and motivate civil society to shift perceptions and behaviors to effect outer change and reverse damage to our environment.
Wednesday, 01 December 20:15-21:45 Mamey	<b>Fundación Amigos de la Naturaleza (FAN Bolivia)</b> Sra. Natalia Calderon ncalderon@fan-bo.org +591 3 3556800	<b>Integrating adaptation needs in REDD+ sub-national schemes</b> Forest ecosystems play a crucial role in adaptation and mitigation. FAN-Bolivia presents approaches to integrate adaptation into REDD+ sub-national initiatives. Results of regional climate models and impact assessments are factored in into the design and implementation of a REDD+ program.
Wednesday, 01 December 20:15-21:45 Cacao	<b>Refrigerants, Naturally e.V. (REFNAT)</b> Ms. Rebecca Kirch rebecca.kirch@refrigerantsnaturally.org +49 6174 964575	<b>Climate-friendly alternative technologies to HFCs</b> Climate-friendly technologies in the refrigeration and air conditioning sector.
Wednesday, 01 December 20:15-21:45 Pitaya	<b>Centre for Built Environment (CBE)</b> Ms. Sonia Gupta dcsgmail@yahoo.co.in +91 33 9830065104	<b>India state of play: Reporting on sustainable buildings and climate change mitigation</b> The IPCC states the emission reduction potential in the building sector exceeds the combined emission reduction potential in forestry, industry and transport. This event informs of India’s climate mitigation initiatives through building energy efficiency and sustainable building efforts.

Date/Time	Organizer	Title / Theme
Wednesday, 01 December 20:15-21:45 Jaguar	<b>Nordic Council of Ministers (NCOM)</b> Mr. Mats Ekenger mek@norden.org +45 33 960200	<b>How to match support with mitigation plans in developing countries?</b> The Nordic countries intend to launch a scaled-up initiative on supporting appropriate mitigating action. The first step is a feasibility study in a developing country with the ambition to launch a pilot project in 2011. This aim of this side event is to discuss how to best match Nordic support with mitigation plans in developing countries.
Thursday, 02 December 11:30-13:00 Mamey	<b>Amazon Institute of People and the Environment (Imazon)</b> Sra. Priscilla Santos priscilla@amazon.org.br +55 91 31824000	<b>Progress, prospects and challenges for REDD+ governance</b> Governance is critical for REDD+ as finance grows and countries move to reduce forest loss. Speakers from REDD+ countries, civil society, donor countries and programs will debate the state of forest governance in international, national and regional processes and what needs to happen in 2011.
Thursday, 02 December 11:30-13:00 Monarca	<b>Wetlands International</b> Ms. Susanna Tol susanna.tol@wetlands.org +31 318 660933	<b>State of investments and knowledge wetland emissions reductions</b> Experts and donor countries present current investments and activities for reducing emissions from tropical peatlands.
Thursday, 02 December 11:30-13:00 Jaguar	<b>SustainUS, Clean Energy Nepal* (CEN), Tides Canada Initiatives Society (TCI)</b> Mr. Kyle Gracey kylegracey@sustainus.org +1 814 6592405	<b>U.S.A., Canadian and South Asian youth climate perspectives, local solutions and global actions</b> Canadian, South Asian and U.S.A. youth experience climate change personally and are active in many ways to stop it. See our newest successes and strategies you can use in this interactive event. With Tides Canada Initiatives Society and Clean Energy Nepal.
Thursday, 02 December 13:20-14:40 Sandia	<b>Nauru</b> Mr. Mark Jariabka mark.jariabka@islandsfirst.org +1 646 4600677	<b>A new model for climate change finance in pacific SIDS</b> Developing countries struggle to access climate change finance. Onerous application and reporting requirements can be beyond their capacity, and red tape delays disbursement. A panel will discuss a new funding model developed by Italy, Austria, Milan, and the Pacific Small Island Developing States.
Thursday, 02 December 13:20-14:40 Mamey	<b>United Nations Environment Programme (UNEP), Food and Agriculture Organization of the United Nations (FAO), United Nations Development Programme (UNDP)</b> Ms. Reem Ismail reem.ismail@un-redd.org +41 79 8439614	<b>Delivering as One: Achievements and lessons learned from REDD+ readiness activities</b> As countries' REDD+ readiness activities advance, it is vital to assess achievements and lessons learnt for future progress. FAO, UNDP and UNEP will convene with stakeholders to reflect on what the UN-REDD Programme's work has achieved to date and explore ways to build on this momentum.
Thursday, 02 December 13:20-14:40 Águila	<b>Global Environment Facility (GEF)</b> Mr. Robert Dixon rdixon1@thegef.org +1 202 4732340	<b>From innovation to market transformation: the role of GEF in technology transfer</b> The event highlights achievements in technology transfer supported by the GEF under the Poznan Strategic Program, and presents how GEF-5 (2010-14) promotes a broad portfolio of environmentally sound technologies to achieve GHG emissions at various stages of technology development cycle.
Thursday, 02 December 13:20-14:40 Jaguar	<b>Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC)</b> Mr. Luis Davila ldavila@unfccc.int +49 228 8151137	<b>Intergenerational inquiry</b> The UNFCCC Executive Secretary, scientists, representatives of UN agencies, key negotiators from developed and developing countries and young people from around the world will discuss how their actions contribute to a collective solution to climate challenges, and what they see as important prerequisites for reaching an effective post-2012 agreement.

Date/Time	Organizer	Title / Theme
Thursday, 02 December 13:20-14:40 Pitaya	<b>Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC)</b> Ms. Rocio Lichte rlichte@unfccc.int +49 228 8151619	<b>Updated information on emerging scientific findings and research outcomes</b> In the context of the research dialogue held under the SBSTA in the context of decision 9/CP.11, SBSTA 32 invited regional and international climate change research programmes and organizations to provide updated information on emerging scientific findings and research outcomes at SBSTA 33.
Thursday, 02 December 15:00-16:30 Monarca	<b>European Space Agency (ESA)</b> Mr. Frank Martin Seifert frank.martin.seifert@esa.int +390 6 94180560	<b>ESA's climate change initiative</b> ESA will inform on a major European initiative on space-based observations for GCOS. Long-term satellite data provides a unique global record of recent climate change which, with in-situ data and climate models, underpins scientific understanding of climate change and informs adaptation policies.
Thursday, 02 December 15:00-16:30 Jaguar	<b>Earth Child Institute (ECI), United Nations Environment Programme National Committee for the Republic of Korea</b> Ms. Donna Goodman donna@earthchildinstitute.org +1 203 3769177	<b>Living up to the education challenge of Article 6: Preparing children and young people for climate change</b> Organized by FAO, UNEP and UNEP National Committee for the Republic of Korea, UNESCO, UNICEF, British Council, WAGGGS and ECI, this event will facilitate the sharing of knowledge and best practices in climate change education, including informal and peer education.
Thursday, 02 December 15:00-16:30 Mamey	<b>Regional Community Forestry Training Center for Asia and the Pacific (RECOFTC)</b> Mr. Ben Vickers ben@recoftc.org +66 2 9405700	<b>FPIC in UN-REDD country programs: First-hand experience from Asia</b> Commitment to FPIC is vital for the UN-REDD program to successfully carry out its activities. Practical experience of FPIC processes from the Vietnam and Indonesia country programs, evaluated using a toolkit developed by RECOFTC and regional CSOs, provide lessons for REDD+ program development.
Thursday, 02 December 15:00-16:30 Águila	<b>International Network for Bamboo and Rattan (INBAR)</b> Ms. Violeta Gonzalez vgonzalez@inbar.int +8 6 1391126978	<b>Reducing vulnerability: Sustainable constructions for climate adaptation and disaster risk reduction</b> Innovative approaches for climate-resistant constructions are crucial for climate adaptation and disaster risk reduction. International experts and at-risk community leaders will analyze the most important on- the- ground solutions in sustainable construction and address the challenges ahead.
Thursday, 02 December 16:45-18:15 Águila	<b>International Centre for Integrated Mountain Development (ICIMOD)</b> Mr. Robert Zomer rzomer@icimod.org +97 1 5003222	<b>Mountains in peril: Mainstreaming sustainable mountain development into climate change agreements</b> Why mountains are important to address climate change impacts, key issues in mountain countries and ecosystems, how mountain ecosystems can be made more resilient systems for climate change adaptations.
Thursday, 02 December 16:45-18:15 Mamey	<b>International Tropical Timber Organization (ITTO)</b> Mr. Eduardo Mansur mansur@itto.int +81 45 2231110	<b>REDD-plus: Enhancing environmental services and private sector participation</b> ITTO, its members and partners have been promoting REDD+ related projects in the tropics to enhance forest related environmental services. Examples will be presented, including the participation of the private sector.
Thursday, 02 December 16:45-18:15 Monarca	<b>Secretariat of the Pacific Regional Environment Programme (SPREP)</b> Mr. Espen Ronneberg espen@sprep.org +68 5 21929	<b>Pacific island countries - taking action on climate change</b> Current and planned climate change actions in the Pacific.

Date/Time	Organizer	Title / Theme
Thursday, 02 December 16:45-18:15 Jaguar	<b>European Youth Forum (YFJ), Service Civil International (SCI), World Association of Girl Guides and Girl Scouts (WAGGGS)</b> Mr. Ben Vanpeperstraete ben.vanpeperstraete@youthforum.org +32 473 557053	<b>Non-formal peer education and article 6: youth-organisations lead the way to tackle climate change</b> Young people, especially girls are disproportionately affected by climate change but empowered youth who are included in decision-making are powerful change agents. YFJ, WAGGGS and SCI will present recommendations on integrating nonformal peer education to achieve the ultimate goal of the convention.
Thursday, 02 December 18:30-20:00 Cacao	<b>World Business Council for Sustainable Development (WBCSD)</b> Ms. Barbara Black black@wbcsd.org +41 22 8393105	<b>Making implementation happen</b> Time is running out. Action on the ground is essential. The right incentives for investments in clean technologies in developing countries are essential. How can governments and the private sector work better together to reach our common goals.
Thursday, 02 December 18:30-20:00 Jaguar	<b>Centre for European Policy Studies (CEPS)</b> Ms. Monica Alessi monica.alessi@ext.ceps.eu +32 472 721868	<b>The future of the carbon markets: challenges and the way forward for the EU</b> This event lays out the challenges of the carbon market under a future international agreement, examines the potential roles of the EU ETS and flexible mechanisms including the CDM, JI, and sectoral crediting/ trading in the market development, and discusses the key design elements of the ETS.
Thursday, 02 December 18:30-20:00 Pitaya	<b>Croatia</b> Ms. Pascale Rossignol Pascale.ROSSIGNOL@oecd.org +33 1 45249658	<b>Tell it like it is: post-2012 planning, implementing and reporting</b> This event highlights CCXG analysis on different options for reporting and review of National Communications post-2012; as well as the technical, institutional and policy steps needed to develop and implement plans for a low-carbon future.
Thursday, 02 December 18:30-20:00 Águila	<b>Tajikistan</b> Mr. Ilhomjon Rajabov ilhomrajabov@mail.ru +992 918 639318	<b>Climate change: Glaciers and water resources in Tajikistan and Central Asia.</b> Challenges and solutions To invite key national and international experts together and discuss scientific and policy issues.
Thursday, 02 December 18:30-20:00 Mamey	<b>Cameroon</b> Ms. Sharon Gomez sharon.gomez@gaf.de +49 89 12152839	<b>Regional, national and sub-national REDD activities in Cameroon</b> Cameroon is implementing REDD pilot project activities since 2007. The objective of this Side Event is to present the overall status and results of Cameroon's REDD activities which are linked to COMIFAC regional level programmes, as well as the progress on the national and sub-national projects.
Thursday, 02 Dec 2010 18:30–20:00 Sandia	<b>NGO Center for Environmental Innovation* (NGO CEI), Russian Federation</b> Mr. Andrey Stetsenko abc@kyotoforest.ru +7 926 9110514	<b>Forest sinks accounting and crediting: Russia, US and global perspectives</b> This side event will cover hot issues of negotiation about LULUCF accounting rules and REDD credits, latest improvements in Russian forest GHG inventory, challenges for carbon financing of forestry projects, model projections for Russian forests, and role of forest sinks in global perspective. A joint Side Event with the Government of the Russian Federation
Thursday, 02 December 20:15-21:45 Jaguar	<b>TEARFUND, Réseau Action Climat - France (RAC-F)</b> Ms. Sara Shaw sara.shaw@tearfund.org +44 208 9437944	<b>Integrated approaches: Climate change is not another sector</b> Tearfund and partners discuss how governments, donors and the international community can work cross-ministry and sector for the integration of water, food, DRR, livelihoods and ecosystems approaches for adaptation. RAC-F discuss how to implement a bottom-up approach to climate-proofing existing development strategies for adaptation and mitigation.
Thursday, 02 December 20:15-21:45 Sandia	<b>Global Justice Ecology Project, Inc. (GJEP), The Corner House</b> Ms. Anne Petermann contact@globaljusticeecology.org +1 802 4822689	<b>Large-scale bioenergy, REDD, and GMO trees</b> The scaling-up of industrial wood-based bioenergy in Europe and North America; the promotion of REDD, biochar and the use of GMO trees in climate mitigation schemes will have serious impacts on forests and forest dependent indigenous peoples. A panel of experts will address these impacts.

Date/Time	Organizer	Title / Theme
Thursday, 02 December 20:15-21:45 Pitaya	<b>Carbon Markets and Investors Association (CMIA), Swiss Association for Environmentally Conscious Management (ÖBU)</b> Ms. Leticia Labre leticia.labre@cmia.net +44 7814 533661	<b>The next level of CDM: A side event by OBU and CMIA</b> How can the UNFCCC ensure its relevance to the various carbon markets? This side event will present pioneering Programmes of Activities (PoAs). It will delve into how the CDM can be scaled up to attract capital, transfer technology and deliver more emission reductions.
Thursday, 02 December 20:15-21:45 Águila	<b>African Centre for Technology Studies (ACTS)</b> Ms. Joan Kariuki j.kariuki@acts.or.ke +254 20 7126894	<b>Climate change impacts are a reality and severe in Sub-Saharan Africa: the Kenyan case working group</b> Climate financing and impacts on water, energy, housing: infrastructure, agriculture, tourism, conflict and forestry.
Thursday, 02 December 20:15-21:45 Monarca	<b>Environnement et Développement du Tiers-Monde (ENDA-TM), International Institute for Environment and Development (IIED)</b> Mr. Lawrence Flint lawrence.flint@gmail.com +221 33 8222496	<b>Knowledge sharing, capacity building and advocacy for adaptation and climate compatible development</b> ENDA, FARA, ICPAC and IDS discuss knowledge sharing, local knowledge and novel communications strategies - experience of AfricaAdapt. IIED discusses Capacity Strengthening in LDCs on Adaptation to Climate Change (CLACC) - civil society networks building capacity, awareness and coordinating advocacy.
Thursday, 02 December 20:15-21:45 Mamey	<b>Asociación AK Tenamit (AAT)</b> Mr. Steve Dudenhoefer duden@aktenamit.org +502 2254 1560	<b>Foro Indígena de Abya Yala sobre C. C.:PP.II. REDD-Plus y consentimiento libre previo e informado</b> Presentar el posicionamiento de los Pueblos Indígenas sobre REDD-Plus, los procesos de consulta, libre, previa e informada, los derechos territoriales, la gobernanza y los protocolos indígenas ante las acciones de cambio climático.
Thursday, 02 December 20:15-21:45 Cacao	<b>Turkish Industrialist's and Businessmen's Association (TUSIAD)</b> Ms. Hale Altan haltan@tusiad.org +90 532 4174792	<b>Private sector and climate change</b> The role of the private sector in tackling climate change in Turkey.
Friday, 03 December 11:30-13:00 Jaguar	<b>Greenpeace International (Greenpeace)</b> Ms. Naomi Goodman naomi.goodman@greenpeace.org +31 20 7182143	<b>IT Sector &amp; Transformative Solutions: Evaluating the state of public and private sector leadership</b> The IT sector is poised to play an essential role in delivering the clean energy economy needed to protect the planet. Hear from representatives of Global IT brands about what is needed from governments to drive rapid deployment of these transformational solutions, and how Greenpeace ranks them.
Friday, 03 December 11:30-13:00 Mamey	<b>Tebtebba Foundation</b> Mr. Raymond de Chavez raymond@tebtebba.org +63 74 4447703	<b>Addressing climate change and REDD+ using indigenous peoples' traditional knowledge and practices</b> The side event will highlight how indigenous peoples are addressing climate change and REDD+ in various regions of the world using their traditional knowledge.
Friday, 03 December 11:30-13:00 Monarca	<b>International Council for Science (ICSU)</b> Ms. Ada Ignaciuk ada.ignaciuk@essp.org +33 1 40798042	<b>Emerging scientific findings and ongoing dialogue with the research community</b> Convened by the ESSP and its ICSU interdisciplinary bodies (DIVERSITAS, IGBP, IHDP, WCRP), this session is part of an ongoing dialogue (under UNFCCC SBSTA) between the Parties and the global change research programmes, including updates on emerging scientific findings from the research community.
Friday, 03 December 13:20-14:40 Mamey	<b>Serbia</b> Ms. Ana Repac ana.repac@ekoplan.gov.rs +38 11 126037	<b>Importance of NAMAs and MRV</b> The Side Event will provide an opportunity for discussion on how we can plan NAMAs in MRV manner, while ensuring implementation of identified actions on that way. Information regarding the project: "Capacity development project on NAMAs", funded by the JICA, will be provided.

Date/Time	Organizer	Title / Theme
Friday, 03 December 13:20-14:40 Águila	<b>Food and Agriculture Organization of the United Nations (FAO), International Fund for Agricultural Development (IFAD), Secretariat of the United Nations Convention to Combat Desertification (UNCCD), World Food Programme (WFP)</b> Mr. Reuben Sessa reuben.sessa@fao.org +39 340 8583070	<b>Is climate-smart agriculture possible?</b> Presentations by countries will showcase approaches to climate-smart agriculture - agriculture that sustainably increases productivity, resilience (adaptation), reduces/removes GHGs (mitigation), and enhances achievement of national food security and development goals.
Friday, 03 December 13:20-14:40 Jaguar	<b>United Kingdom</b> Ms. Ruth Cooke-Yarborough ruth.cookeyarborough@decc.gsi.gov.uk +44 300 686750	<b>Delivering fast start finance</b> In the Copenhagen Accord developed countries committed to provide “fast start” finance between 2010-2012 to meet developing countries adaptation and mitigation needs. The UK has committed £1.5bn and together with recipients and delivery agents will show achievements so far and lessons for the future.
Friday, 03 December 13:20-14:40 Pitaya	<b>Global Environment Facility (GEF)</b> Ms. Marcia Levaggi mlevaggi@thegef.org +1 202 4736390	<b>Adaptation fund: Accreditation process and project cycle</b> The chair and the vice-chair of the Adaptation Fund Board, and the chair of the accreditation panel will make presentations on the accreditation process, as well as on the project cycle.
Friday, 03 December 13:20-14:40 Sandia	<b>Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC)</b> Ms. Verónica Colerio vcolerio@unfccc.int +49 228 8151027	<b>Presentation of the CDM methodologies booklet</b> The CDM methodologies booklet will be presented. This booklet will assist project proponents, potential project proponents and other stakeholders in the identification of methodologies that are suitable to their project activity and areas already covered by approved methodologies where they can develop CDM project activities.
Friday, 03 December 15:00-16:30 Águila	<b>Pennsylvania State University (PSU), Widener University</b> Ms. Lisa Skripek lms4@psu.edu +1 814 8637598	<b>Ethics: The indispensable missing element at COP 16/CMP 6</b> Describe why the failure of nations to base national positions on ethical principles has had adverse practical consequences in international negotiations including in the lead up to COP 16/CMP 6.
Friday, 03 December 15:00-16:30 Monarca	<b>Coordinating Body of Indigenous Organizations of the Amazon Basin (COICA)</b> Sra. Jenny Vaca jen.vasalaz@gmail.com +593 22 3226744	<b>Pueblos Indígenas de la Cuenca Amazónica, Cambio Climático y aplicación de sus derechos</b> Visibilización de prácticas de mecanismos REDD en territorios de los pueblos indígenas amazónicos, casos concretos como Bolivia. Actores bilaterales, multilaterales sus propuestas e incorporación de derechos de los pueblos indígenas en las mimas.
Friday, 03 December 15:00-16:30 Mamey	<b>University of Linköping (LiU)</b> Mr. Björn-Ola Linnér bjorn.ola.linner@liu.se +46 11 363233	<b>A global registry for NAMAs: linking mitigation, technology, finance and sustainable development</b> Crucial element for a balanced, fair and inclusive design of a registry will be proposed, targeting negotiators and others involved in the design of NAMAs. The side event addresses institutional elements to operationalise principles of national appropriateness, MRV and sustainable development.
Friday, 03 December 15:00-16:30 Jaguar	<b>International Federation of Red Cross and Red Crescent Societies (IFRC)</b> Mr. Daniel Kull daniel.kull@ifrc.org +41 22 7304683	<b>Climate change adaptation and humanitarian action</b> Humanitarian organizations present practical solutions to support vulnerable communities in developing countries. Integrated disaster management including preparedness, risk reduction and response, is crucial to minimize impacts from climate-related disasters and strengthen community resilience.
Friday, 03 December 16:45-18:15 Jaguar	<b>Institute of Development Studies (IDS), LIFE e.V.</b> Ms. Alyson Brody A.Brody@ids.ac.uk +44 1273 915814	<b>Innovating and inspiring new thinking on the social dimensions of climate change</b> What rationales are behind climate change debates? How are they linked to gendered roles, knowledge and responsibilities? The event will reflect innovative thinking on these issues from the BRIDGE cutting edge programme and discuss how to create wise, sustainable solutions. Co-hosted by LIFE and IDS.

Date/Time	Organizer	Title / Theme
Friday, 03 December 16:45-18:15 Monarca	<b>Brown University - Watson Institute, Oxford Climate Policy</b> Mr. J. Timmons Roberts timmons@brown.edu +401 441 2103	<b>The reformed financial mechanism/ Accounting for national and multilateral funds in climate finance</b> This session reviews and updates Oxford Climate Policy proposals for a reformed financial mechanism, and presents new research by University of Zurich, IIED, and Brown University on how climate finance is being accounted for by national and multilateral funds.
Friday, 03 December 16:45-18:15 Mamey	<b>Institute for Agriculture and Trade Policy (IATP), International Federation of Organic Agriculture Movements (IFOAM)</b> Ms. Eleonore Wesserle ewesserle@iatp.org +1 612 8703425	<b>Transition to climate friendly agriculture: the current finance regime versus viable alternatives</b> An IATP/IFOAM event. Transforming agriculture for mitigation and adaptation while strengthening food rights and rural livelihoods requires reliable public funding. Speakers discuss current climate financing and alternatives, U.S. Farm Bill reforms, agro-ecological approaches and viable bottom-up practices.
Friday, 03 December 16:45-18:15 Águila	<b>National Association of Forest Industries (NAFI)</b> Ms. Lisa Marty lmarty@vafi.org.au +61 3 96119003	<b>Accounting for the land sector in practice: A comparison of domestic policies and options</b> Countries with reporting obligations are using and advocating different approaches to land sector accounting. What are the different rationales? What difference would it actually make? Where is the common ground?
Friday, 03 December 18:30-20:00 Cacao	<b>Asociación Española de la Industria Eléctrica* (UNESA)</b> Sra. Cristina Rivero crivero@unesa.es +34 91 5674800	<b>Climate change and the Iberoamerican forum for sustainable energy</b> Iberoamerican forum for sustainable energy is an initiative of industrial associations, governments and regulators from Latin America and Europe aiming at contributing to a sustainable energy future. Initiatives and visions on climate change implemented by members of the Forum will be presented.
Friday, 03 December 18:30-20:00 Mamey	<b>Asian Development Bank (ADB), Institute for Global Environmental Strategies (IGES), National Institute for Environmental Studies (NIES)</b> Ms. Annie Idanan aidanan@adb.org +63 2 6325779	<b>Shifting to low-carbon and climate-resilient development in Asia and the Pacific</b> The event to be held by ADB, IGES and NIES will highlight what Asian and Pacific countries are doing to mitigate greenhouse gas emissions in their development processes and strengthen their resilience to climate change with international financing, capacity building and analytical support.
Friday, 03 December 18:30-20:00 Águila	<b>United Nations Educational, Scientific and Cultural Organization (UNESCO), UN Communications Group, United Nations Environment Programme (UNEP), United Nations Children's Fund (UNICEF), World Meteorological Organization (WMO)</b> Ms. Julia Heiss j.heiss@unesco.org +33 1 45681036	<b>Understanding climate change: Success stories in raising climate awareness and education</b> A showcase of inspiring case studies and success stories to demonstrate how awareness raising and education play an important role in mobilizing climate action and stimulate a discussion on how public awareness raising and education on climate can become even more effective.
Friday, 03 December 18:30-20:00 Pitaya	<b>Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC)</b> Mr. Yolando Velasco yvelasco@unfccc.int +49 228 8151427	<b>Outcomes of survey by the Consultative Group of Experts (CGE) on national communications from non-Annex I Parties</b> The CGE will present the result of the survey it conducted on identification of technical problems and constraints affecting NAI Parties in the preparation of their national communications and assessment of capacity building needs.
Friday, 03 December 18:30-20:00 Sandia	<b>Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC)</b> Mr. Andrew Howard ahoward@unfccc.int +49 228 8151617	<b>Contribution of CDM to technology and knowledge transfer and technology self reliance</b> An updated analysis of the contribution of CDM to technology and knowledge transfer will be presented. A wider analysis scope, improved data and inclusion of many more CDM projects provides new perspectives on technology co-benefits of the CDM.

Date/Time	Organizer	Title / Theme
Friday, 03 December 20:15-21:45 Mamey	<b>KfW, climatepolicy.net e.V.</b> Mr. Jochen Harnisch jochen.harnisch@kfw.de +49 69 74319695	<b>NAMA proposals: overview and financing options</b> Several countries are currently developing concrete proposals for nationally appropriate mitigation actions that need appropriate financing. The side event by KfW and climatepolicy.net will present an overview of proposals at different stages and discuss financing possibilities via development banks.
Friday, 03 December 20:15-21:45 Águila	<b>CarbonFix e.V., International Forestry Students' Association (IFSA)</b> Mr. Moriz Vohrer m.vohrer@carbonfix.info +49 711 49039902	<b>Climate forestation projects</b> Forestations could be a major driver to reduce CO2 in our atmosphere. Amazingly, in 2010 the number of forestation projects on the voluntary market has passed the Kyoto market! The IFSA and the CarbonFix Standard give an overview on the possibilities how to foster climate forestations worldwide.
Friday, 03 December 20:15-21:45 Sandia	<b>ETC Group (Action Group on Erosion, Technology and Concentration) (ETC Group), ECONEXUS</b> Ms. Elenita Dano etc@etcgroup.org +1 613 2412267	<b>Climate techno-fixes: Is the cure worse than the disease? Event by ETC and EcoNexus</b> Proposed technofixes include geoengineering (ocean fertilization, stratospheric aerosols and cloud whitening) as well as synthetic biology, biofuels, biochar and GE monocultures across millions of hectares. Hear how the impacts of these "solutions" could be worse than those of climate change itself.
Friday, 03 December 20:15-21:45 Jaguar	<b>University of Sussex - Sussex Energy Group, Energy Research Centre of the Netherlands (ECN)</b> Mr. Jim Watson w.j.watson@sussex.ac.uk +44 1273 873539	<b>Climate technologies: research results and policy options for development and transfer</b> The negotiations on technology transfer have made some progress since Copenhagen. This side-event reviews national and international policy options to enhance technology development and transfer. It draws on new empirical research by ECN (Netherlands) and the Sussex Energy Group (UK), and analyses key options such as low carbon innovation centres.
Friday, 03 December 20:15-21:45 Cacao	<b>International Biochar Initiative (IBI)</b> Ms. Debbie Reed dcdebbiereed@yahoo.com +1 202 7014298	<b>Biochar's mitigation and adaptation potential for global agricultural systems and soil benefits</b> Sustainable biochar systems can enhance agricultural productivity, particularly on degraded soils, and enhance adaptation. Global biochar projects will be highlighted, as well as new data on potential CO2 removals, at long timescales, from sustainable biochar systems.
Friday, 03 December 20:15-21:45 Pitaya	<b>University Corporation for Atmospheric Research (UCAR), Institute for Social and Environmental Transition (ISET), University of Colorado at Boulder (CU-Boulder)</b> Ms. Rachel Hauser rhauser@ucar.edu +1 303 4971117	<b>Climate change and cities: Science for adaptation and mitigation</b> Rapid urban growth, particularly in low- and middle-income nations, affects climate change adaptation and mitigation potential. Research related to resilience, risk, individual and collective obligations, governance and the role of cities and adaptive capacity of urban populations will be the focus of this discussion.
Friday, 03 December 20:15-21:45 Monarca	<b>ICLEI-Local Governments for Sustainability (ICLEI)</b> Mr. Yunus Arikan yunus.arikan@iclei.org +49 151 50750004	<b>Introducing global mechanisms for measurable, reportable, verifiable local climate action</b> Local authorities worldwide move to the next phase of concrete climate action at the World Mayors Summit on Climate in Mexico City on 21 November 2010. The summit will launch global mechanisms to formulate measurable, verifiable and reportable local climate action now, up to and beyond 2012.

Date/Time	Organizer	Title / Theme
Saturday, 04 December 11:30-13:00 Monarca	<b>Centre for International Sustainable Development Law (CISDL)</b> Ms. Alexandra Harrington aharrington@cisdl.org +1 518 3302201	<b>Developing sustainable and equitable legal frameworks for the global low carbon economy</b> Leading international jurists discuss frameworks for financing and implementing climate mechanisms and tech transfer, focusing on the needs of the most vulnerable and based on new experiences worldwide. Hosted by CISDL and IDLO, with ILA, Sydney, McGill, Cambridge, Chile and Hong Kong universities.
Saturday, 04 December 11:30-13:00 Jaguar	<b>European Climate Foundation (ECF), Overseas Development Institute (ODI)</b> Mr. Ramzi Elias ramzi.elias@europeanclimate.org +32 2 8949309	<b>Making climate finance work: key issues in the short-and longer term, from pledge to project</b> ODI/Project Catalyst with Boell and CEMDA: Climate finance overview, inc. AGF results and analysis on needs, sources, institutions, priorities; Guidelines and progress on fair, accountable climate finance framework and climatefundupdate.org, a site for tracking and analyzing funds - pledge to project.
Saturday, 04 December 11:30-13:00 Mamey	<b>Yale University</b> Ms. Juliana Wang juliana.wang@yale.edu +1 203 4011541	<b>The Building Sector: Reducing climate change impacts through non-legislative action</b> We challenge the current policy and technology priorities for sustainable buildings and introduce new approaches for determining the long term impacts with a focus on generalizable, yet low-to-no-cost, strategies implementable in developed and developing countries through non-legislative action.
Saturday, 04 December 13:20-14:40 Mamey	<b>India</b> Mr. Rajni Ranjan Rashmi rr.rashmi@nic.in +91 11 24362281	<b>Equitable access to carbon space: A paradigm for agreement</b> The equitable access to global resources is the fundamental basis of an approach to equity and CBDR, in the climate change negotiations. It is essential to define an appropriate carbon budget approach in order to operationalise the long term goal for stabilization of climate.
Saturday, 04 December 13:20-14:40 Jaguar	<b>Republic of Korea</b> Ms. Mookyung Cho mkcho09@mofat.go.kr +82 2 21007749	<b>Cooperation for Green Growth: GGGI (Global Green Growth Institute)</b> Korea's Green Growth, GGGI activities
Saturday, 04 December 13:20-14:40 Águila	<b>Kazakhstan</b> Ms. Aiyngul Ismagulova aiyngulismag@mail.ru +7 7172 740870	<b>National climate change policy of Kazakhstan</b> Legislative measures on GHG emissions reduction in Kazakhstan; Kazakhstan domestic cap and trade system and options for its linking with other market mechanisms; Business and project mechanisms on reduction and absorption of GHG emissions.
Saturday, 04 December 13:20-14:40 Pitaya	<b>Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC)</b> Mr. Yolando Velasco yvelasco@unfccc.int +49 228 8151427	<b>Latest submissions: National communications from NAI Parties</b> The governments of Mexico, Republic of Korea and Uruguay will present highlights of their third and subsequent national communications to UNFCCC.
Saturday, 04 December 18:30-20:00 Sandia	<b>Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC)</b> Mr. Dominique Revet drevet@unfccc.int +49 228 8151334	<b>UNFCCC Greenhouse Gas Inventory Software for non-Annex I Parties - Version 2.0</b> This new software facilitates the reporting of national GHG inventories for NAI Parties, through simplifying exchange of data between inventory compilers, and submission to the secretariat. It will also allow the import/export of data from other tools/software using Tier 2 methods.
Saturday, 04 December 18:30-20:00 Jaguar	<b>International Centre for Trade and Sustainable Development (ICTSD)</b> Ms. Ana Maria Kleymeyer amkleymeyer@ictsd.ch +41 22 9178746	<b>Leveraging multilateral trade to address climate interface</b> This event will showcase an array of trade and climate linkages focusing on how trade can enable progress on climate mitigation and adaptation. Topics include: intellectual property; climate friendly goods; addressing poverty and building resilience; agriculture; carbon-labeling and competitiveness.

Date/Time	Organizer	Title / Theme
Saturday, 04 December 18:30-20:00 Águila	<b>World Resources Institute (WRI)</b> Ms. Raquel Gonzalez rgonzalez@wri.org +1 202 7297847	<b>Information and accountability in the post-2012 climate change regime</b> What progress are countries making in implementing national policies? An international network of research institutes launches a new initiative to generate high quality, independent, comparable, frequent and nationally contextualized data on the climate policies and performance of major economies.
Saturday, 04 December 18:30-20:00 Mamey	<b>Burundi</b> Mme Ngenzebuhoro Emmanuella manuniba@yahoo.fr +257 22 3510	<b>Presentation of the Burundi second national communication on climate change</b> Greenhouse gas inventory, adaptation, mitigation, other informations, including capacity building and technology needs.
Saturday, 04 December 18:30-20:00 Sandia	<b>Nepal</b> Mr. Purushottam Ghimire purughimire@yahoo.com +977 1 6637353	<b>Mountain alliance initiative</b> Nepal is a least developing country having 75% mountain and hills including Mount Everest top of the world. Nepal is impacted by several climate change impact in our himalayas and our eco system. So we would like to inform all parties to share our experience.
Saturday, 04 December 18:30-20:00 Cacao	<b>European Renewable Energy Council (EREC)</b> Ms. Christine Lins lins@erec.org +32 2 5461933	<b>Global renewable energy scenarios - a blueprint for a sustainable energy future</b> The side event will present several global renewable energy scenarios showing describing a pathway towards a sustainable energy future based on renewable energy sources.
Saturday, 4 December 20:15-21:45 Monarca	<b>FERN, European Union (EU)</b> Ms. Kate Dooley kate@fern.org +44 78 24697376	<b>Lessons learned from FLEGT for REDD</b> What does the European Union's FLEGT programme tell us about the likelihood of early REDD initiatives for strengthening rights and improving forest governance? This joint side event between FERN, EFI and the European Commission outlines how the VPA negotiations can inform the REDD debate.
Saturday, 04 December 20:15-21:45 Sandia	<b>International Institute for Sustainable Development (IISD)</b> Ms. Jessica Boyle jboyle@iisd.ca +1 613 2389883	<b>Rethinking climate change governance</b> Climate change negotiations and governance are growing increasingly complex. IISD will examine governance needs and potential structures at a time of flux, discussing what approaches and actors need to be involved and if there are lessons learned from other institutions that can be drawn upon.
Saturday, 04 December 20:15-21:45 Águila	<b>International Center for Environmental Technology Transfer (ICETT)</b> Mr. Taiki Kuroda kuroda@icett.or.jp +81 5 9293500	<b>Mobilizing private sector financing for technology transfer</b> In order to supplement the scarce public resources available to finance developing country technology needs, CTI PFAN is successfully mobilizing private sector financing sources. The side event will showcase examples of activities in a broad range of developing countries focusing on Africa.
Saturday, 04 December 20:15-21:45 Cacao	<b>German Emissions Trading Association (BVEK)</b> Mr. Dietrich Borst borst@bvek.de +49 175 2467085	<b>Linking of national and regional emissions trading schemes</b> The event will explore how the linking of the EU ETS with other emission trading systems under preparation, especially those in North America (Mexico, USA, Canada) and OECD countries (Australia, New Zealand, Japan, Korea) will facilitate the way to a real global system of tradable GHG allowances.
Saturday, 04 December 20:15-21:45 Mamey	<b>Centro Agronómico Tropical de Investigación y Enseñanza (CATIE)</b> Mr. Bastiaan Louman blouman@catie.ac.cr +506 2558 2321	<b>Carbon rights in REDD+: towards a common understanding</b> This event will look at what can constitute carbon rights in REDD+, and their implications for different actors, particularly at the local level. Insights from different countries and perspectives will be presented, along with recent work by the REDD-net civil society support programme.

Date/Time	Organizer	Title / Theme
Saturday, 04 December 20:15-21:45 Jaguar	<b>Green Belt Movement (GBM)</b> Ms. Francesca de Gasparis francesca@greenbeltmovement.org +44 207 5490395	<b>Women's Leadership on Climate Change Justice and the Grassroots perspective</b> Prominent women leaders, Wangari Maathai and Mary Robinson, will discuss strategies for women's participation in highlevel decision making for climate change; alongside field practitioners who support grassroots groups on REDD to strengthen the international network working towards climate justice.
Saturday, 04 December 20:15-21:45 Pitaya	<b>Institute for Transportation and Development Policy (ITDP)</b> Mr. Ramon Cruz ramon.javier.cruz@gmail.com +1 646 2506671	<b>Transport in NAMAs and national communications</b> ITDT, in cooperation with the IDB, ADB and other 50 members of the SLoCaT Partnership, will host a discussion on the role of climate financing and reporting mechanisms - in particular NAMAs and National Communications - in the global transition towards sustainable, low-carbon transportation.
Monday, 06 December 11:30-13:00 Monarca	<b>Cooperation internationale pour le développement et la solidarité (CIDSE)</b> Ms. Catherine Durbin durbin@cidse.org +32 2 2333754	<b>Direct access: Giving power back to the poor?</b> CIDSE recently published a paper on direct access to international funds, and would like to initiate a debate on: the difference between climate finance and traditional aid, direct access verses direct budget support, and the current institutional arrangements for international climate finance.
Monday, 06 December 11:30-13:00 Jaguar	<b>OXFAM International (OI), Global Campaign for Climate Action (GCCA)</b> Mr. Bert Maerten bmaerten@oxfam.org.uk +66 80 2104873	<b>Funding the future? Establishing a fair climate fund in Cancun (organized by OI and GCCA)</b> Climate change is hitting harvests and putting the poorest people at risk. Establishing a new fair global climate fund at COP16 will not only help developing countries adapt to the changing climate and adopt low-carbon development pathways, but also help rebuild trust in the negotiations.
Monday, 06 December 11:30-13:00 Mamey	<b>Association des clubs des amis de la nature du Cameroun (ACAN)</b> Mr. Raphael Hanmbock ecoalert@yahoo.fr +237 2206 8067	<b>REDD Plus mechanism in the West African region: The cross river state vision and partnership</b> The challenge associated with implementing the REDD Plus mechanism and LULUCF in West Africa continues to multiply after Copenhagen, other partnership activities developed so far: The Cross Rivers State forestry Commission, the Cross River State Tourism Bureau Nigeria, ANCC, ACAN.
Monday, 06 December 13:20-14:40 Pitaya	<b>World Health Organization (WHO), International Labour Organization (ILO), Office High Commissioner for Human Rights/Centre for Human Rights (OHCHR), UNAIDS - Joint United Nations Programme on HIV and AIDS, United Nations Department of Economic and Social Affairs (UN DESA), World Food Programme (WFP)</b> Ms. Marina Maiero maierom@who.int +41 76 2350115	<b>Improving resilience to protect human health and welfare from the adverse affects of climate change</b> To highlight the public health and nutrition consequences of climate change and the role of social protection in adaptation and mitigation efforts. Recommendations on how the UN system could support the resilience processes of the most vulnerable population groups will be provided.

Date/Time	Organizer	Title / Theme
Monday, 06 December 13:20-14:40 Águila	<b>International Energy Agency (IEA)</b> Ms. Jenny Gell jenny.gell@iea.org +33 1 40576729	<b>Electricity at the core of climate mitigation</b> An ambitious mix of policies and technologies are needed to cut global CO2 from energy in the next decades. Electricity concentrates many of the challenges and solutions. IEA experts will present recent technology and policy research on electricity supply and demand, indicating the way forward.
Monday, 06 December 13:20-14:40 Jaguar	<b>Inter-American Development Bank (IDB)</b> Mr. Juan Pablo Bonilla secci@iadb.org +1 202 5506613	<b>MDBs role in scaling-up international climate finance</b> Parties have multiple needs and priorities to address climate change. MDBs can play a greater role in access to international financing, bolstering investments in mitigation and adaptation, including natural resource and risk management. Promoting public-private efforts in all sectors is critical.
Monday, 06 December 13:20-14:40 Sandia	<b>Caribbean Community Climate Change Centre (CCCCC)</b> Mr. Kenrick Leslie oed@caribbeanclimate.bz +501 822 1104	<b>Caribbean vulnerability - A case for a post-2012 climate change regime.</b> The Side Event will highlight the importance of a post-2012 climate change regime because of the vulnerability of the Caribbean to climate change and the steps the region has taken to develop and low carbon development strategy.
Monday, 06 December 13:20-14:40 Mamey	<b>Argentina</b> Ms. Florencia Yañez fyanez@ambiente.gov.ar +54 11 43488678	<b>Argentina: Climate change actions towards 2020 in the context of sustainable development</b> Actions undertaken in key economic sectors as well as new initiatives will be portrayed, highlighting their impact on the GHG emission reductions and the resources required for implementation. Provinces will inform on their current and potential actions that may contribute to sustainable development.
Monday, 06 December 15:00-16:30 Jaguar	<b>Regional Environmental Center for Central and Eastern Europe (REC)</b> Ms. Zsuzsanna Ivanyi zivanyi@rec.org +36 26 504030	<b>Regional (European) and inter-regional (Europe-China) cooperation on adaptation and mitigation</b> It will introduce an integrated methodology to support European adaptation policy making providing with tools and a cooperation project between EC and China through a Clean Energy Center.
Monday, 06 December 15:00-16:30 Águila	<b>European Photovoltaic Industry Association (EPIA), Alliance for Rural Electrification (ARE), Solar Energy Industries Association (SEIA)</b> Mr. Benjamin Fontaine b.fontaine@epia.org +32 2 4001043	<b>Solar powering the planet: Fostering sustainable development and creating jobs today</b> Solar energy, the fastest growing energy source in the world, has enormous potential to create jobs and provides a clean, competitive and sustainable solution to meet the rising energy demand of developing countries. High-level speakers will discuss the policies needed to accelerate solar deployment.
Monday, 06 December 15:00-16:30 Mamey	<b>International Centre for Research in Agroforestry (ICRAF)</b> Mr. Henry Neufeldt h.neufeldt@cgiar.org +254 20 7224238	<b>REDD readiness and whole landscape accounting</b> The nuts and bolts of preparing for equitable, efficient and effective REDD+, and the need to extend to AFOLU.
Monday, 06 December 15:00-16:30 Monarca	<b>International Institute for Applied Systems Analysis (IIASA)</b> Ms. Leane Regan regan@iiasa.ac.at +43 2235 807316	<b>Co-benefits from transformational change toward decarbonization and sustainable development pathways</b> We present energy and land-use options to reduce GHG emissions and provide new information on the co-benefits of integrating climate and energy policies from local to national levels. New results are from IIASA and the Global Energy Assessment, a 4-yr study involving 350+ international experts.

Date/Time	Organizer	Title / Theme
Monday, 06 December 16:45-18:15 Jaguar	<b>China Association for Science and Technology (CAST)</b> Mr. Rui Zhou cncigbp@igsnr.ac.cn +86 10 64889829	<b>Green economy approach in China: The reason and innovation of policy, technology and governance</b> Traditional models of economic development have been identified as the major cause of global warming. A green economy approach is proposed to stabilize global climate based on innovations in technology, economic management and risk governance(consolidate with Xiamen University and EC2).
Monday, 06 December 16:45-18:15 Águila	<b>Coastal Association for Social Transformation Trust** (COAST Trust)</b> Mr. Rezaul Chowdhury reza@coastbd.org +88 2 8125181	<b>Rights for climate induced forced migrants : Responsibility of international community</b> There will be 2 billion displaced people due to climate induced problems, alone in Bangladesh these figure will be 30 millions by the year 2010, they should have rights to life and livelihood in view different UN convenants.
Monday, 06 December 16:45-18:15 Monarca	<b>John Heinz III Center for Science, Economics and the Environment, Rockefeller Foundation</b> Ms. Amber Childress childress@heinzctr.org +1 202 5524712	<b>The role of agriculture and land use in climate change policy</b> Meridian Institute, Rockefeller Foundation, Terrestrial Carbon Group and GAEA convene experts and negotiators to present new analysis & identify & discuss key issues related to global climate change and agriculture, inc pathways to reconcile multiple demands on land.
Monday, 06 December 16:45-18:15 Mamey	<b>University of Oxford, Environmental Change Institute (ECI), University of East Anglia (UEA)</b> Ms. Heike Schroeder heike.schroeder@ouce.ox.ac.uk +44 7931 288213	<b>Governing and implementing REDD+</b> The Environmental Change Institute and the Tyndall Centre showcase the latest research identifying governance challenges and ways forward for REDD+ because despite years of negotiations and pilot projects, the effectiveness of an international REDD+ is unclear.
Monday, 06 December 18:30-20:00 Mamey	<b>International Federation of Agricultural Producers (IFAP)</b> Mr. Valerio Lucchesi valerio.lucchesi@gmail.com +33 1 45260553	<b>Enabling agriculture and forestry to contribute to climate change responses</b> Drawing on the outcomes of agriculture and rural development day and forest day, major international organisations, donors, farmers, civil society and the private sector will outline options for more integrated approaches among sustainable agriculture, forestry and climate change for food security.
Monday, 06 December 18:30-20:00 Sandia	<b>International Coastal and Ocean Organization (ICO), Zoological Society of London (ZSL)</b> Mme Miriam Balgos mbalgos@udel.edu +1 302 8318086	<b>Oceans and climate: Action plan for survival</b> This event will focus on the need for a comprehensive ocean and climate initiative within and outside the UNFCCC process. It will present an action plan for coral reef ecosystem resilience to climate change and highlight actions for mitigation, social adaptation, and capacity development.
Monday, 06 December 18:30-20:00 Cacao	<b>Federation of Indian Chambers of Commerce and Industry (FICCI)</b> Ms. Rita Roy Choudhury rita.choudhury@gmail.com +91 11 23325110	<b>Next generation carbon market in India: Role of business,technology and finance</b> The side event will highlight the evolution of carbon market in India to the next generation level in the context of scaling up CDM through both project and program based activities, and the role of businesses, technology and finance in scaling up GHG reduction projects in India.
Monday, 06 December 18:30-20:00 Águila	<b>Global Water Partnership Organisation (GWPO), Heinrich Böll Foundation (HBF), Stakeholder Forum for a Sustainable Future</b> Mr. Steven Downey steven.downey@gwpforum.org +46 8 52212652	<b>Water, climate and development: Linking up development agendas and putting water security first</b> Water is the primary medium through which climate change impacts our world so water security is key to adaptation. This joint side event will demonstrate links between water, human development and climate change, discuss policy responses for COP 16/CMP 6, and explore financing water-related adaptation.
Monday, 06 December 18:30-20:00 Jaguar	<b>Zambia</b> Mr. Ephraim Mwepya Shitima mwepyashitima@yahoo.co.uk +260 211 229417	<b>How CDM can work in Africa - Lessons learnt in Zambia and the rest of Africa</b> CDM potential in Zambia including lessons learnt from developing and implementing programmatic CDM in other African countries.

Date/Time	Organizer	Title / Theme
Monday, 06 December 18:30-20:00 Pitaya	<b>World Health Organization (WHO), Food and Agriculture Organization of the United Nations (FAO), International Labour Organization (ILO), International Telecommunication Union (ITU), Office High Commissioner for Human Rights/Centre for Human Rights (OHCHR), UNAIDS - Joint United Nations Programme on HIV and AIDS, United Nations Department of Economic and Social Affairs (UN DESA), United Nations Human Settlements Programme (UN-HABITAT), United Nations Development Programme (UNDP), United Nations Population Fund (UNFPA), United Nations Children's Fund (UNICEF), UN Women, World Food Programme (WFP), World Health Organization (WHO), World Bank</b>	<b>Inclusion of social dimensions in the development of climate change policies and programmes</b> Recommendations on how the UN system can more effectively support member states to ensure that climate-related policies simultaneously provide better living conditions for society while contributing to poverty reduction and sustainable development, ensuring equitable low carbon development processes.
	Ms. Elena Villalobos villalobose@who.int +41 78 9279183	
Monday, 06 December 20:15-21:45 Cacao	<b>UNICA - Brazilian Sugarcane Industry Association (UNICA)</b> Mr. Luiz Amaral luiz@unica.com.br +55 11 30934949	<b>Curbing the trend: currently available mitigation opportunities for transport in developing countries</b> Emissions of the transport sector are rapidly increasing in the developing world. Representatives from emerging economies and international institutions will debate on available and realistic solutions to revert this trend while promoting sustainable development.
Monday, 06 December 20:15-21:45 Pitaya	<b>Center for Climate Strategies** (CCS), Global Environmental Institute (GEI)</b> Ms. Anne Devero adevero@climatestrategies.us +1 202 5405403	<b>It's hard to build a skyscraper from the sky down: Sub-national climate action in the U.S. and China</b> CCS and GEI will showcase the cooperative work that is underway between US states and Chinese provinces on climate action planning and opportunities for scale-up. Leaders from Guangdong Province and New York State will discuss the challenges and opportunities of working at the sub-national level.
Monday, 06 December 20:15-21:45 Sandia	<b>Munich Re Foundation (MRF), Misereor</b> Mr. Christian Barthelt cbarthelt@munichre-foundation.org +49 89 38914229	<b>Climate justice in a post-Kyoto world - options for a fair global climate and energy policy</b> Climate change policy must sustainably support efforts to overcome poverty and underdevelopment. At this panel, experts, among them scientists from the IPCC, will discuss suitable and fair strategies, technological options and instruments. Panelists: IGP, MISEREOR, MRF, PIK
Monday, 06 December 20:15-21:45 Mamey	<b>German Development Institute (DIE - Bonn), Chatham House</b> Mr. Marcus Kaplan marcus.kaplan@die-gdi.de +49 228 94927293	<b>Low Carbon Development Strategies - Panacea or Placebo?</b> Jointly held by Chatham House and DIE. International experts discuss barriers and opportunities for LCDS, present experiences from China, South Africa and SE Asia and lessons for other developing countries. Furthermore we discuss the potential of agriculture for low carbon development in Africa.
Monday, 06 December 20:15-21:45 Jaguar	<b>UNEP - Finance Initiative (UNEP FI), WWF (WWF)</b> Mr. Remco Fischer remco.fischer@unep.org +41 22 9178685	<b>Financing real transformation? Designing an effective financial mechanism under the convention</b> We need to mobilise sufficient capital to shift economies to a low-carbon pathway. This event will explore how the financial mechanism can deliver scaled-up public funding that both unlocks private capital at transformational scale and supports activities that lack a commercial dimension.

Date/Time	Organizer	Title / Theme
Monday, 06 December 20:15-21:45 Monarca	<b>Pew Center on Global Climate Change (Pew Center)</b> Ms. Namrata Patodia patodian@pewclimate.org +703 516 4146	<b>Towards a binding climate agreement: Lessons from other regimes - Presentation and discussion of a new Pew Center analysis</b> examining the evolution of other multilateral regimes and the lessons they suggest for pathways toward a legally binding climate change framework.
Monday, 06 December 20:15-21:45 Águila	<b>Worldwatch Institute</b> Mr. Alexander Ochs aochs@worldwatch.org +1 202 452199511	<b>Low-carbon energy roadmaps: Insights from those who are leading the way</b> Worldwatch will lead this discussion among policy makers who have lead the way in developing low-carbon energy roadmaps for their countries. Opportunities and challenges will be explored, and results from around the world will be shared.
Tuesday, 07 December 11:30-13:00 Monarca	<b>World Council of Churches (WCC), ACT Alliance - Action by Churches Together (ACT Alliance), Caritas Internationalis (CI)</b> Mr. Elias Abramides eliasabramides@gmail.com +54 11 47950741	<b>Faith based organisations advocate for climate justice</b> Communities address climate change, poverty and sustainable development, offering ethical contributions to international negotiations through awareness raising, social mobilization and advocacy. Case study on Nicaragua and interfaith theological approaches from christian and muslim perspectives.
Tuesday, 07 December 11:30-13:00 Jaguar	<b>Action for a Global Climate Community (AGCC), International Organisation of Supreme Audit Institutions (INTOSAI)</b> Ms. Estelle Rouhaud estellerouhaud@climatecommunity.org +44 203 1760543	<b>Providing accountability in the response to climate change at national and international levels</b> Innovative approaches and best practices used by such offices when auditing governments climate change performance, showing how they lead to better compliance, decisions, results and accountability. The case for an International Court of the Environment will be presented by the ICE Coalition.
Tuesday, 07 December 11:30-13:00 Mamey	<b>International Save the Children Alliance, Plan International (Plan)</b> Ms. Emilia McElvenney emilia.mcelvenney@save-children-alliance.org +44 208 2378022	<b>Bearers of future responsibility: engaging children and youth in building climate change resilience</b> This side event will draw from our work on child-led/child-centred adaptation programming, specifically how the voice of children is necessary to achieve community-led adaptation to bring about integrated and effective climate change resilience.
Tuesday, 07 December 13:20-14:40 Sandia	<b>Guatemala</b> Mr. Carlos Mansilla cclimatico@marn.gob.gt +502 2423 500	<b>Climate change impacts and challenges in Guatemala, Central America.</b> Vulnerability issues: economic impact of climate change in Guatemala. Need for a change in behaviors and attitudes. Mitigation opportunities: Forests and climate change initiatives, and use of renewable energies, energy efficiency and technology transfer.
Tuesday, 07 December 13:20-14:40 Pitaya	<b>Micronesia (Fed. States of)</b> Ms. Alexandra Viets alexandra.viets@gmail.com +1 213 3210911	<b>Near-term climate mitigation</b> Near-term climate mitigation is necessary to minimize the harmful impacts of climate change over the coming decades. By addressing short-lived pollutants, we can reduce warming significantly and better protect both the most vulnerable climate elements and the most vulnerable human populations.
Tuesday, 07 December 13:20-14:40 Jaguar	<b>Marshall Islands</b> Mr. Caleb Christopher environ.nyc@gmail.com +212 983 3040	<b>Fast start from the Marshall Islands perspective</b> Discussion on fast start from a low-lying island perspective, with a focus on adaptation. Experiences with navigating multiple sources and rapid national responses (balancing planning with results). Includes emissions cuts and leadership with maritime emissions as key contributions.

Date/Time	Organizer	Title / Theme
Tuesday, 07 December 13:20-14:40 Águila	<b>Chile, Peru</b> Mr. Douglas McGuire douglas.mcguire@fao.org +39 6 57053275	<b>Adapting to the impacts of climate change in mountain areas: Innovative approaches at local and national level</b> This event, jointly organized by Chile and Peru in the context of the Mountain Partnership, will share innovative experiences of how mountain countries are addressing the impacts of climate change through technical, institutional, policy and financial solutions at local and national level.
Tuesday, 07 December 13:20-14:40 Mamey	<b>The United Nations System</b> Ms. Katja Gregers Brock gregersbrock@un.org +1 646 207 9046	<b>The United Nations system delivering as one on implementation to address climate change</b> Overview of the United Nations system capacities and commitment at the highest level to assist Parties to the UNFCCC in implementing measures to address climate change particularly in developing countries, in all relevant areas including adaptation, capacity building and technology transfer.
Tuesday, 07 December 18:30-20:00 Sandia	<b>IUCN - International Union for Conservation of Nature</b> Ms. Ninni Ikkala ninni.ikkala@iucn.org +41 22 9990106	<b>Taking action on ocean acidification: opportunities under UNFCCC</b> Ocean acidification is a direct consequence of increased human induced CO <sub>2</sub> emissions. Scientific experts will present the latest knowledge of impacts on marine life and climate change. Socio-economic consequences and needed political action will be discussed by country representatives.
Tuesday, 07 December 18:30-20:00 Cacao	<b>Munich Climate Insurance Initiative (MCII)</b> Ms. Koko Warner warner@ehs.unu.edu +49 228 8150226	<b>Adaptation, risk reduction and insurance (with CCRIF, Oxfam, SwissRe, IRI)</b> Answers Party questions on adaptation, risk management and insurance, relevant to para 4e and 8 of AWG-LCA text. Delegates and experts discuss innovations for adaptation, risk reduction, and insurance for vulnerable countries and people. Real-world experience and examples from communities, governments and regions.
Tuesday, 07 December 18:30–20:00 Jaguar	<b>Climate Action Network International (CAN International)</b> Mr. David Turnbull dturnbull@climatenetwork.org +45 0 28722944	<b>Essential elements of a Cancun balanced package</b> Climate Action Network - International will explore key elements that make up a balanced package of agreements at Cancun, and what the pathway forward should look like.
Tuesday, 07 December 18:30-20:00 Pitaya	<b>Sweden</b> Mr. Hakan Frycklund hakan.frycklund@environment.ministry.se +46 8 4051000	<b>Climate change and carbon markets</b> Information will be provided later
Tuesday, 07 December 18:30-20:00 Mamey	<b>World Intellectual Property Organization (WIPO), Global Environment Facility (GEF), International Telecommunication Union (ITU), United Nations Environment Programme (UNEP), United Nations Industrial Development Organization (UNIDO), World Bank, World Trade Organization (WTO)</b> Mr. Joe Bradley joe.bradley@wipo.int +41 79 2480133	<b>Supporting Successful Partnering in Technology Transfer</b> This side event will explore experiences from developing countries in efforts undertaken by the UN system and industry to support developing countries in the transfer and diffusion of environmentally sound technologies and lessons learnt to support the development and work of the CTC and Network

Date/Time	Organizer	Title / Theme
Tuesday, 07 December 18:30-20:00 Águila	<b>United Nations Development Programme (UNDP), United Nations Department of Economic and Social Affairs (UN DESA), United Nations Development Programme (UNDP)/United Nations Development Group (UNDG), United Nations Economic Commission for Africa (UN ECA), United Nations Economic Commission for Europe (UN ECE), United Nations Economic Commission for Latin America and the Caribbean (UN ECLAC), United Nations Economic and Social Commission for Asia and the Pacific (UN ESCAP), United Nations Economic and Social Commission for Western Asia (UN ESCWA)</b> Mr. James Tee james.tee@undp.org +1 212 9065945	<b>Supporting global, regional and national actions towards addressing climate change</b> This event will present actions at the global, regional and national levels to address climate change, focusing on energy issues (access, security, efficiency). It will show linkages at various levels, including a recent global initiative to achieve universal access to modern energy by 2030.
Tuesday, 07 December 20:15-21:45 Mamey	<b>International Hydropower Association (IHA), International Solar Energy Society (ISES), World Bioenergy Association* (WBA), World Wind Energy Association (WWEA)</b> Mr. Lau Saili ls@hydropower.org +44 20 86525299	<b>Towards Global Feed-In Tariff Funds: Leading Proposals &amp; Recommendations for Implementation</b> Deutsche Bank, Greenpeace, & UN DESA discuss their leading proposals for decarbonizing the economy through global feed-in tariff funds - tested by REN Alliance against the realities of each renewable energy technology with recommendations made for implementation. (complimentary after-event drinks)
Tuesday, 07 December 20:15-21:45 Jaguar	<b>Resources for the Future (RFF), German Marshall Fund of the United States (GMF)</b> Ms. Kristin Hayes hayes@rff.org +1 202 3285033	<b>Strategies for Low-Carbon Growth: Challenges and Opportunities in International Finance</b> Transatlantic panel of scholars, policymakers and sector experts discuss innovative options for how developed countries can implement their Copenhagen finance commitments, with a particular focus on funding for renewable energy initiatives in developing countries.
Tuesday, 07 December 20:15-21:45 Cacao	<b>Brazilian Business Council for Sustainable Development (BCSD - Brazil)</b> Mr. Marina Grossi cebds@cebds.org +55 21 24832250	<b>Challenges and opportunities for the sustainability of future mega events in Brazil</b> Brazil will host Rio+20 in 2012, the World Cup 2014 and the Olympic Games 2016. Is crucial that the preparation for these megaevents includes sustainability concerns so as to minimize adverse effects.
Tuesday, 07 December 20:15-21:45 Águila	<b>The Woods Hole Research Center (WHRC), Duke University</b> Ms. Elizabeth Braun ebraun@whrc.org +508 540 9900	<b>Terrestrial GHGs and climate mitigation: Developments in science, economics and policy</b> Duke University's Nicholas Institute and WHRC discuss recent scientific and economic research on terrestrial GHG management and discuss how to incorporate them into international policy mechanisms. Presenters will focus on MRV, biophysical and economic mitigation potentials, and ecosystem services.
Tuesday, 07 December 20:15-21:45 Monarca	<b>Renewable Energy and Energy Efficiency Partnership (REEEP), International Emissions Trading Association (IETA)</b> Ms. Katrin Harvey katrin.harvey@reeep.org +43 1 260263425	<b>Finance to push forward clean technology: a forum for business and policy-makers by REEEP and IETA</b> A panel of leading investors, policy-makers and international organisations will examine the roles of effective policy and the environmental markets in mobilizing public and private capital flows to accelerate the innovation and diffusion of clean energy technology.
Tuesday, 07 December 20:15-21:45 Sandia	<b>SeaTrust Institute, Nurses Across the Borders (NAB)</b> Ms. Lynn Wilson lwilson@nasw.org +360 961 3363	<b>Human Health: The issue of/for climate change adaptation strategies</b> With Nurses Across Borders, this joint event uses scientific knowledge to support health practitioners in tangible climate change adaptation actions, highlighting malaria. We explore ways to improve adaptive strategies in regions with low adaptive capacity, and catalyze a COP16 health coalition.

Date/Time	Organizer	Title / Theme
Tuesday, 07 December 20:15-21:45 Pitaya	<b>German Advisory Council on Global Change (WBGU), Stockholm Environment Institute (SEI)</b> Ms. Astrid Schulz aschulz@wbgu.de +49 171 4620766	<b>Mutual accountability for a global low-carbon and low-emissions economy within the UNFCCC and beyond</b> A global transformation towards a low-carbon, low-emissions economy can only be achieved by multi-level action. SEI, WBGU and IIASA discuss how bottom-up initiatives and top-down measures can interact, and explore the role of MRV in rebuilding trust between industrialised and developing countries.
Wednesday, 08 December 11:30-13:00 Monarca	<b>Environmental Defense Fund (EDF)</b> Mr. Dan Anderson danderson@edf.org +1 202 5723301	<b>Leveraging carbon markets for adaptation, mitigation and poverty alleviation in the rural sector</b> Farmers, government officials and NGOs from Asia will share experiences on leveraging carbon markets to support sustainable agriculture and transform rural livelihoods. Discussion will follow on using this experience to inform market design and facilitate countries docking into existing carbon markets.
Wednesday, 08 Dec 2010 11:30–13:00 Jaguar	<b>Mexico</b> Mr. Aldo Flores Quiroga aldo.flores@energia.gob.mx +52 55 5006000114	<b>Energy efficiency in the post 2012 framework</b> An update will be provided in relation to Mexico's progress on climate change at the federal level.
Wednesday, 08 December 11:30-13:00 Jaguar	<b>ClimateNet</b> Mr. Björn Dransfeld dransfeld@perspectives.cc +49 40 399990691	<b>Standardizing the CDM towards zero transaction costs</b> In this side event we bring together practitioners from business and project development with international experts from research as well as officials from the UNFCCC and governments to discuss the opportunities and challenges of standardizing the CDM.
Wednesday, 08 December 13:20-14:40 Jaguar	<b>Mexico</b> Ms. Josefina Braña Varela jbrana@conafor.gob.mx +52 33 37777047	<b>A REDD strategy for Mexico</b> Mexico will present its national strategy for REDD.
Wednesday, 08 December 13:20-14:40 Pitaya	<b>Bangladesh</b> Mr. Shawkat Ali Mirza mirza@doe-bd.org +88 2 8121821	<b>Vulnerability of MVCs and our expectation from Cancun</b> Climate change impacts are felt over the globe disproportionately; unfortunately International process is yet to deliver what was expected, in light of the current negotiation process, we shall share our expectation to the Parties.
Wednesday, 08 December 13:20-14:40 Águila	<b>Dominican Republic</b> Mr. Ernesto Reyna Alcantara gestion.ambiental@ambiente.gob.do +1 809 4720627	<b>The Caribbean Biological Corridor: an example of international cooperation</b> Climate change mitigation and adaptation activities.
Wednesday, 08 December 13:20-14:40 Sandia	<b>United Nations Conference on Trade and Development (UNCTAD), International Labour Organization (ILO), United Nations Department of Economic and Social Affairs (UN DESA), United Nations Environment Programme (UNEP), United Nations Economic and Social Commission for Asia and the Pacific (UN ESCAP), World Tourism Organization (UNWTO)</b> Mr. Lucas Assuncao lucas.assuncao@unctad.org +41 79 3758855	<b>Rio+20: The transition to a green economy - implications for poverty alleviation and sustainable development</b> This high level event will focus on enabling policy instruments in the transition to a green economy in the context of poverty alleviation and sustainable development. Relevant analytical work carried out during the UNCSD preparatory process and results of expert meetings on the green economy will be presented.

Date/Time	Organizer	Title / Theme
Wednesday, 08 December 13:20-14:40 Mamey	<b>Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC), International Fund for Agricultural Development (IFAD), Secretariat of the United Nations Convention to Combat Desertification (UNCCD), United Nations Human Settlements Programme (UN-HABITAT), United Nations University (UNU), World Food Programme (WFP), World Health Organization (WHO)</b> Ms. Xianfu Lu xlu@unfccc.int +49 228 8151392	<b>UN-System Side Event on Adaptation</b> This is one of a dozen or so thematic events under the UN-System. This event on adaptation will showcase a broad range of initiatives being carried out by UN agencies, who will share their experiences of implementing actions at different levels, in different sectors and with different stakeholders.
Wednesday, 08 December 15:00-16:30 Monarca	<b>International Organization for Migration (IOM)</b> Ms. Alina Narusova anarusova@iom.int +41 22 7179295	<b>Climate Change, Environment and Migration Alliance (CEEMA): understanding impacts and finding solutions</b> IOM, UNU and other CEEMA partners highlight key questions and challenges for migration and displacement. Delegates and experts discuss proactive approaches for policy and practice in the context of climate change and adaptation, with relevant case studies.
Wednesday, 08 December 15:00-16:30 Jaguar	<b>European Investment Bank (EIB)</b> Ms. Viviana Siclari v.siclari@eib.org +35 2 437983155	<b>Building climate safeguards into MDB financing</b> The EIB, as also other MDBs, has long been applying environmental safeguards to projects. Climate change-specific safeguards need to be developed and systematically applied, in order to enhance projects' resilience and minimize their negative impact on global GHG concentrations in the atmosphere.
Wednesday, 08 December 15:00-16:30 Mamey	<b>International Development Law Organization (IDLO)</b> Mr. Paul Crowley pcrowley@idlo.int +39 349 8244479	<b>An IDLO/UNEP legal experts panel on the legal preparedness for climate change initiative (LPCCI)</b> In developing countries, the LPCCI identifies legal barriers, then recommends and implements consensus-based legal solutions, tailored uniquely for adaptation, participation in international mitigation schemes, and access to climate funding. Partners include UNDP, CISDL, AOSIS, Vietnam.
Wednesday, 08 December 16:45-18:15 Jaguar	<b>Organisation for Economic Co-operation and Development (OECD)</b> Ms. Pascale Rossignol Pascale.rossignol@oecd.org +33 1 45249658	<b>How can we successfully implement cost-effective policies to address climate change?</b> A cost-effective policy mix is needed to mitigate and adapt to climate change, particularly given the economic crisis. Ministers and OECD officials will discuss how to generate the necessary financing and investment flows, to keep the costs of action low, and to minimise competitiveness impacts.
Wednesday, 08 December 16:45-18:15 Mamey	<b>Keidanren, Global Industrial and Social Progress Research Institute (GISPRI)</b> Mr. Takatsugu Haneo haneo-t@keidanren.or.jp +81 3 67410697	<b>Paradigm shift in building a Post-Kyoto international framework; Seeking harmonization between economic growth and environment</b> To discuss how to best build a Post-Kyoto international framework, discussants with a variety of backgrounds will elaborate on some key issues such as: participation by all major emitters; equitable mid-term targets; technology (dissemination, transfer, and innovation).
Wednesday, 08 December 16:45-18:15 Monarca	<b>Comisión Centroamericana de Ambiente y Desarrollo (CCAD)</b> Ms. Karina Cantó kcanto@sica.int +503 0 22488848	<b>Presentation of the Regional Strategy on Climate Change (ERCC)</b> This event is a presentation of a regional strategy which shows a common initiatives and efforts from countries of Central America and Dominican Republic in topics like: Mitigation, adaptation, vulnerability, etc. to climate change.

Date/Time	Organizer	Title / Theme
Wednesday, 08 December 18:30-20:00 Jaguar	<b>Germany</b> Ms. Beatrice Ladusch beatrice.ladusch@bmu.bund.de +49 30 183052	<b>Financing climate action - Germany's contribution to fast start cooperation</b> Germany is committed to an ambitious contribution to fast start cooperation as part of the overall effort of the EU to finance climate action in developing countries. The overall approach and key areas of activity will be presented by the German government.
Wednesday, 08 December 18:30-20:00 Águila	<b>Morocco</b> Mr. Mohamed Nbou nboudrm@yahoo.com +212 61 537576647	<b>Approche territoriale: impacts des changements climatiques- Cas des Oasis résilientes.</b> Impacts des changements climatiques et actions d'adaptation pour des oasis résilientes dans le cadre d'une approche territoriale.
Wednesday, 08 December 18:30-20:00 Pitaya	<b>Spain</b> Ms. Carmen García buzon-dgoecc@mma.es +34 91 4361548	<b>Tools for a smart adaptation: successful experiences in the Latin American Region</b>
Wednesday, 08 December 18:30-20:00 Cacao	<b>Confederation of Indian Industry (CII)</b> Mr. Suman Kumar suman.kumar@cii.in +91 11 24653305	<b>Indian industry's role in low carbon growth</b> Initiatives taken by user industry like power, steel, chemical to move towards low carbon future, Initiatives taken by Indian industry towards alternate/renewable energy, India as a technology development and production base
Wednesday, 08 December 18:30-20:00 Mamey	<b>United Nations Industrial Development Organization (UNIDO), UN Secretary General's Advisory Group on Energy and Climate Change (AGECC), UN Energy, International Atomic Energy Agency (IAEA), World Bank</b> Ms. Marina Ploutakhina m.ploutakhina@unido.org +43 664 3529742	<b>Briefing by the UN Secretary-General's advisory group on energy and climate change (AGECC)</b> The side event will provide a briefing on the AGECC report Energy for a Sustainable Future that sets out for the first time two ambitious, but achievable, global energy goals on energy access and energy efficiency.
Wednesday, 08 December 18:30-20:00 Sandia	<b>United Nations Human Settlements Programme (UN-HABITAT), International Telecommunication Union (ITU), United Nations Development Programme (UNDP), United Nations Economic Commission for Africa (UN ECA), United Nations Economic Commission for Europe (UN ECE), United Nations Economic Commission for Latin America and the Caribbean (UN ECLAC), United Nations Economic and Social, United Nations Environment Programme (UNEP), Commission for Asia and the Pacific (UN ESCAP), United Nations Economic and Social Commission for Western Asia (UN ESCWA), United Nations Population Fund (UNFPA), United Nations Institute for Training and Research (UNITAR), United Nations Regional Commissions New York Office, World Bank</b> Mr. Raf Tuts raf.tuts@unhabitat.org +254 20 7623726	<b>Cities and climate change: Enhancing mitigation and adaptation action</b> Cities both contribute to climate change and are affected by its impacts. Recognizing the urgency to accelerate implementation at the local level, the event will highlight the variety of approaches and tools the United Nations system is using to support cities to act on mitigation and adaptation.
Wednesday, 08 December 20:15-21:45 Sandia	<b>HafenCity University Hamburg (HCU), University of Stuttgart</b> Ms. Iris Gust iris.gust@hcu-hamburg.de +49 40 428274517	<b>Regenerative cities - beyond sustainable urban development</b> Cities must not just cut CO2 emissions and promote renewable energy, but also restore ecosystems on which they depend. In an urban age we need new policy tools for regenerative city development. HafenCity University (HCU) and University of Stuttgart present options for politicians, planners and NGOs.
Wednesday, 08 December 20:15-21:45 Monarca	<b>Harvard University</b> Mr. Robert Stowe robert_stowe@harvard.edu +617 496 4265	<b>Institutional options for international climate policy: Research results from the Harvard project</b> It is challenging to conclude a comprehensive and effective multilateral agreement on global climate change among 194 nations with otherwise divergent interests. We will review research on multilateral collaboration and the institutional context of negotiation that can help meet these challenges.

Date/Time	Organizer	Title / Theme
Wednesday, 08 December 20:15-21:45 Mamey	<b>United Nations Foundation (UNF), SNV Netherlands Development Organisation (SNV)</b> Ms. Corinne Hart chart@unfoundation.org +1 202 4631947	<b>Universal energy access</b> Access to modern energy services, including lighting, cooking and heating, and mechanical energy is a critical need and a crucial climate issue. Key speakers will present new approaches. In co-operation with SNV Netherlands Development Organisation and Energy for All Partnership (ADB).
Wednesday, 08 December 20:15-21:45 Águila	<b>Amazon Environmental Research Institute (IPAM)</b> Ms. Mariana Christovam mariana.christovam@ipam.org.br +55 61 96811664	<b>Fostering political action for reducing deforestation in the Brazilian Amazon Stakeholder engagement and political action on REDD+ in Brazil: at local, state and national levels.</b> IPAM provides presentations and expert discussion on participatory political processes, from multi-stakeholder regional planning to harmonization of sub-national targets within the national policy.
Wednesday, 08 December 20:15-21:45 Cacao	<b>Association des constructeurs européens d'automobiles (ACEA)</b> Mr. Michael Klinkenberg mk@acea.be +32 2 7387	<b>Global automakers (ACEA/Alliance/JAMA) -- advancing transport CO2 reduction around the globe</b> Automobile manufacturers are fitting advanced technologies to reduce CO2. For mobility globally, is there one ideal solution? What works for developed and developing countries, in cities and rural areas? How do fuels, infrastructure, consumers fit in? Find out what policies can magnify CO2 reduction.
Wednesday, 08 December 20:15-21:45 Pitaya	<b>The Climate Registry (TCR), National Association of Clean Air Agencies (NACAA)</b> Ms. Robyn Camp robyn@theclimateregistry.org +1 213 8916931	<b>Subnationals showing leadership on global warming</b> States, provinces and localities across North America have undertaken significant actions to reduce GHG emissions, including regional carbon markets, statewide caps, renewable portfolio standards and efficient buildings. Learn more about our path breaking efforts.
Wednesday, 08 December 20:15-21:45 Jaguar	<b>Sierra Club</b> Mr. Fred Heutte phred@sunlightdata.com +1 503 7576222	<b>Climate and energy finance: Funding transformation or propping up the past?</b> An examination of existing patterns of international energy public finance, the World Bank's Energy Strategy Review, and its implications for climate finance architecture.
Thursday, 09 December 11:30-13:00 Águila	<b>Potsdam Institute for Climate Impact Research (PIK)</b> Mr. Felix Creutzig felix.creutzig@tu-berlin.de +49 30 31478864	<b>Development pathways for GHG commitments</b> We present the implications of countrywide emission arising from the achievement of development goals.
Thursday, 09 December 11:30-13:00 Jaguar	<b>Climate Action Network Australia (CANA)</b> Ms. Georgina Woods g.woods@cana.net.au +61 0 407227633	<b>The human face of climate change: A matter of human rights. Pacific Calling Partnership event</b> Climate change has a human face and is a rights issue right across the Pacific from Kiribati to Tuvalu to the Torres Strait. People from these nations and partners will, through story, dance and song, reflect and report on the issues involved in dealing daily with the reality of climate change.
Thursday, 09 December 11:30-13:00 Mamey	<b>Climate Institute (CI)</b> Mr. John-Michael Cross jmcross@climate.org +1 202 5524723	<b>Mexican interactive network for climate awareness and response: A global model</b> The newly-launched interactive network in Mexico links the Tickell Climate Observatory, the world's highest, with climate theatres in several cities and programs to empower individuals to be climate problem solvers. This event will showcase this as a model to catalyze ideas worldwide.
Thursday, 09 December 13:20-14:40 Pitaya	<b>France</b> Ms. Jaudet Marie marie.jaudet@developpement-durable.gouv.fr +33 1 40817692	<b>Access to clean energy for all in the most climate vulnerable countries to climate change, especially in Africa</b> A global partnership launched by France and Kenya in order to provide a common framework for mobilizing climate change funds including fast start funds, identifying projects and coordinating implementation.

Date/Time	Organizer	Title / Theme
Thursday, 09 December 13:20-14:40 Sandia	<b>Italy</b> Ms. Paola Geronzi geronzi.paola@minambiente.it +3 144 3934684195	<b>International cooperation and local commitment: a success story in the Small Pacific Islands states</b> On May 10th 2007, the government of Italy and the governments of the Pacific Small Island states launched in New York a cooperation program to address the key global challenges of climate change, in less than 3 years about \$11 Mln in projects and activities - 18 projects in all-have been committed.
Thursday, 09 December 13:20-14:40 Jaguar	<b>United States of America</b> Ms. Anne Kolker annekolker@gmail.com +610 316 1023	<b>Update on US climate activities</b>
Thursday, 09 December 13:20-14:40 Águila	<b>United Nations Development Programme (UNDP), Food and Agriculture Organization of the United Nations (FAO), United Nations Environment Programme (UNEP), United Nations Development Fund for Women (UNIFEM), United Nations High Commissioner for Refugees (UNHCR), World Food Programme (WFP)</b> Ms. Itzá Castañeda itza.castaneda@undp.org.mx +521 55 16942931	<b>Gender and climate change finance: Empowering women to lead in the new green economy</b> This event will showcase gains in women's empowerment in climate change finance and the green economy, including new entrepreneurial ventures and advocacy strides in climate finance architecture, going beyond why it's important to empower women to a discussion of how it is being done.
Thursday, 09 December 15:00-16:30 Jaguar	<b>Ouranos, Australian National University (ANU)</b> Ms. Blondlot Anne blondlot.anne@ouranos.ca +1 514 2826464	<b>Experiences in mainstreaming adaptation to climate change into decision making</b> Organisations from Canada and Australia, Ouranos and the Australian National University (ANU), will present through case studies how research, multidisciplinary, private and public sectors stakeholders, civil society actors, etc. can work together to efficiently decrease vulnerability to climate change.
Thursday, 09 December 15:00-16:30 Monarca	<b>Innovation Center for Energy and Transportation (iCET)</b> Ms. Lucia Green-Weiskel luciagw@icet.org.cn +917 287 8297	<b>Low-carbon development in China: Clean technologies and GHG accounting</b> How will China reduce the carbon intensity of its economy by 40%-45% from 2005 levels by 2020? Through low-carbon transportation policies and technologies and standardized measuring, reporting and verification (MRV) of GHG emissions. This panel focuses bottom up solutions to climate change in China.
Thursday, 09 December 15:00-16:30 Mamey	<b>Montenegro</b> Ms. Rosalaura Romeo rosalaura.romeo@fao.org +39 6 57055961	<b>Regional approaches for climate change adaptation in mountain areas - sharing the experience</b> In the Mountain Partnership context, regional cooperation mechanisms for promoting sustainable mountain development will be discussed in particular regarding climate change adaptation. This will include conventions as well as informal arrangements in order to foster exchange among mountain regions.
Thursday, 09 December 16:45-18:15 Jaguar	<b>National Wildlife Federation (NWF), Union of Concerned Scientists (UCS)</b> Ms. Barbara Bramble bramble@nwf.org +202 552 9773	<b>Ending deforestation for cattle: challenges, opportunities and workable solutions</b> Industry associations, NGOs, meat and leather brands have taken steps to end deforestation for cattle, a major source of Brazil's GHG emissions. Mapping ranches, monitoring deforestation and adopting innovative policies in supply chains can enable a deforestation-free cattle industry to thrive.

Date/Time	Organizer	Title / Theme
Thursday, 09 December 16:45-18:15 Monarca	<b>Climate Action Reserve</b> Mr. Joel Levin joel@climateactionreserve.org +1 213 8911444	<b>The Climate Action Reserve presents: “R20 - Regions of Climate Action”</b> Subnational governments are demonstrating that they have the capacity and willingness to tackle climate change. Governor Arnold Schwarzenegger and other subnational leaders will discuss how the R20 brings together subnational governments to implement low-carbon and climate resilient projects.
Thursday, 09 December 16:45-18:15 Mamey	<b>Tropical Forest Group (TFG), Nigeria</b> Mr. John O. Niles jniles@tropicalforestgroup.org +805 252 6777	<b>GCF: Cooperation among subnational governments and NGOs on REDD (Hosted by Nigeria and the TFG)</b> The Governors’ Climate and Forests Task Force (GCF) is a subnational coalition of 14 states and provinces in Brazil, Indonesia, Nigeria, Mexico, and USA working with NGOs and other stakeholders to protect the climate and forests by integrating REDD into emerging greenhouse gas compliance regimes.
Thursday, 09 December 18:30-20:00 Cacao	<b>Baltic and International Maritime Council (BIMCO)</b> Mr. Michael Lund mlu@bimco.org +45 2880 4523410665	<b>Shipping and combating climate change</b> The shipping industry is proactively seeking solutions to the environmental, political and economic imperatives to continue mitigating its impact on climate changes. ICS, Intertanko and BIMCO will review the current situation and the way ahead. Key member states will be invited to participate.
Thursday, 09 December 18:30-20:00 Jaguar	<b>African Development Bank Group (AfDB)</b> Ms. Balgis Osman Elasha b.osman-elasha@afdb.org +216 71 102249	<b>The Africa green fund</b> Towards achieving sustainable development for Africa: Evaluating the past and looking into the future, harnessing finance opportunities, supporting adaptation efforts, clean energy and mitigation, and ensuring a green growth economy.
Thursday, 09 December 18:30-20:00 Sandia	<b>Network of Regional Governments for Sustainable Development (nrg4SD), The Climate Group</b> Ms. Maruxa Cardama mcardama@nrg4sd.org +32 29 475844339	<b>Plans and Pilots: an international axis on low carbon strategies for subnational governments</b> This side event in cooperation with The Climate Group will show how projects between developed and developing regions can benefit both parties. The UNDP Territorial Approach to Climate Change and specific bilateral collaboration projects will demonstrate that this can succeed at subnational level.
Thursday, 09 December 18:30-20:00 Águila	<b>Switzerland</b> Mr. José Romero jose.romero@bafu.admin.ch +41 31 3226862	<b>Incentives and frameworks for the future climate regime</b> Incentives and facilitative frameworks are necessary in both develop and developing countries for enhancing mitigation and adaptation efforts. Among other elements are funding and technology transfer for developing countries as well as appropriate political and governance frameworks.
Thursday, 09 December 18:30-20:00 Mamey	<b>Netherlands</b> Ms. Marian Massaar marian.massaar@minvrom.nl +31 70 3170339445	<b>Elements to fast start climate action</b> Elements to fast start climate action. Including how to narrow the gap between the submitted pledges and mitigation action plans and the two degrees target, and key roles of policy instruments such as NAMAs, LEDS.
Thursday, 09 December 18:30-20:00 Pitaya	<b>International Trade Union Confederation (ITUC)</b> Ms. Anabella Rosemberg anabella.rosemberg@ituc-csi.org +33 1 55373737	<b>Climate change, a workers’ issue -proposals for a socially fair climate deal</b> <b>Climate change needs an urgent and sustainable response.</b> Trade unions from North and South will introduce proposals for making the climate deal a people’s deal. This event will broadcast the award-winning documentary on trade unions and climate change “A call to action”.
Thursday, 09 December 20:15-21:45 Águila	<b>Global Legislators Organisation for a Balanced Environment (Globe EU)</b> Mr. Terry Townshend terry.townshend@gmail.com +45 33 911505	<b>Political realities for a post-2012 agreement</b> Insights from senior legislators about key political realities that must be reflected in a post-2012 agreement.

Date/Time	Organizer	Title / Theme
Thursday, 09 December 20:15-21:45 Mamey	<b>Transparency International (TI)</b> Ms. Lisa Elges lelges@transparency.org +49 30 34382018	<b>Promoting integrity in adaptation, mitigation and finance MRVs</b> Promoting good governance in climate change mitigation and adaptation actions and financing. Recommendations for MRV transparency, accountability and public oversight for public, private and civil society sector stakeholders.
Thursday, 09 December 20:15-21:45 Cacao	<b>Global Wind Energy Council (GWEC), European Wind Energy Association (EWEA)</b> Mr. Stephen Sawyer steve.sawyer@gwec.net +32 2 2131987	<b>Global and European wind energy outlook</b> GWEC will present the newly published report 'Global Wind Energy Outlook 2010' which looks at the global deployment and mitigation potential of wind power up to 2050. The European Wind Energy Association will focus on mitigation potential in the EU with special emphasis on the ETS after the economic crisis.
Thursday, 09 December 20:15-21:45 Pitaya	<b>Fundación Ambiente y Recursos Naturales (FARN)</b> Mr. Bernardo Damian Voloj bvoloj@farn.org.ar +54 11 43120788	<b>Experiencias innovadoras desde América Latina en respuesta al Cambio climático frente al CMNUCC.</b> Como aporte ante CMNUCC se presentara la sistematización de herramientas innovadoras de mitigación, adaptación y financiamiento ante el cambio climático, como el Fondo Amazonia de Brasil y el proyecto Yasunni de Ecuador comentado por presidente WWF y secretario CMNUCC en Kioto
Thursday, 09 December 20:15-21:45 Sandia	<b>Federation of German Industries (BDI)</b> Mr. Martin Schröder m.schroeder@bdi.eu +49 30 20281606	<b>Climate city: Innovations for GHG reduction in urban areas</b> How do industries contribute to climate protection? What role do megacities play and what challenges do they have to overcome on the way to a low carbon society? How can politics help? Discuss with experts their views on climate efficient solutions for emerging megacities.
Thursday, 09 December 20:15-21:45 Jaguar	<b>Fundación Argentina a las Naciones Camino a la Verdad (FANCV)</b> Ms. Graciela R. Yanovsky caminoalaverdad@fancv.org.ar +54 11 45831239	<b>Proyecto piloto FANCV</b> Creación Consejo Conjunto (Autoridades-Soc.Civil) Regionales: Preveer ingreso y/o reubicación positiva: Desplazados, Refugiados/Migrantes-Ciudades Autosustent./ Desarrollo Interactivo no Interdep/Gestión Ordenada/Mitig./Reversion/Efect CC., Incremento Coop. Inter. /Productividad/ Integración -DH.
Thursday, 09 December 20:15-21:45 Monarca	<b>U.S. Climate Action Network (USCAN)</b> Ms. Jennifer Kurz jkurz@climatenetwork.org +1 202 3744431	<b>Where the U.S. stands on fulfilling its Copenhagen pledges</b> Our panel will discuss progress made by U.S. in reaching their Copenhagen pledges on finance, mitigation, MRV, and technology cooperation. The panel will feature congressional staff and a member of the administration.
Friday, 10 December 11:30-13:00 Monarca	<b>PAIRVI Associates (PAIRVI)</b> Mr. Ajay Jha pairvidelhi@rediffmail.com +91 11 29841266	<b>Market based mechanism: Whether a solution to emission reduction</b> Market based mechanisms are highly unlikely to reduce emissions world over. The side event will discuss how it market based mechanism have failed to reduce emission and who benefits from it.
Friday, 10 December 11:30-13:00 Jaguar	<b>Climate Action Network Canada (CAN-Rac)</b> Mr. Chris Henschel chenschel@cpaws.org +1 613 5697226	<b>LULUCF changes required to support mitigation</b> Climate Action Network will present on key outstanding decisions needed in Cancun to ensure LULUCF preserves and strengthens ambition rather than undermines it. Presentation and discussion. Parties welcome.
Friday, 10 December 13:20-14:40 Águila	<b>Papua New Guinea</b> Mr. Paul Chung pchung@rainforestcoalition.org +646 646 4486870	<b>Climate Compatible Development Plans: Synergizing goals for development, mitigation and adaptation: Experiences of Dominican Republic, Thailand, and Papua New Guinea</b> This event will introduce PNG efforts to address drivers of deforestation.

Date/Time	Organizer	Title / Theme
Friday, 10 December 13:20-14:40 Sandia	<b>Liechtenstein</b> Mr. Sven Braden sven.braden@aus.llv.li +42 3236 7451	<b>What has carbon trade taught us about ecological markets?</b> The Club of Rome and LIFE climate foundation Liechtenstein present various approaches on how to develop green markets. Which path should be taken after the lessons learned from Copenhagen? International experts provide their views on how to get on the green track to establish a low carbon economy.
Friday, 10 December 13:20-14:40 Mamey	<b>The Royal Society</b> Mr. Andrew Parker andrew.parker@royalsociety.org +44 207 4512590	<b>Solar radiation management governance initiative</b> Governing research in solar radiation management: a joint initiative between the Royal Society, TWAS (the academy of sciences for the developing world) and the Environmental Defense Fund.

1 Descriptions of the Side Events listed above have been reproduced as received, and without formal editing

## Exhibits

The exhibition area includes 200 Exhibits on various matters relating to the Convention. Exhibits are located in Hall C at Cancunmesse and will take place throughout the conference period. For the exact location of Exhibit booths, please consult the below list and the corresponding floor plan at the entrance of the Exhibit Area.

### List of Exhibits

Organizer	Theme	Location/Time
<b>ACT Alliance - Action by Churches Together (ACT Alliance)</b> Ms. Marian Casey Marian.Casey@actalliance.org +41 22 7916218	Focusing on how communities can make a difference - using a variety of media displaying the work of ACT members on climate change mitigation and adaptation around the world.	Stand 132 / Both weeks
<b>Action for a Global Climate Community (AGCC)</b> Ms. Estelle Rouhaud estellerouhaud@climatecommunity.org +44 203 1760543	To address the continuing advance of climate change and environmental degradation, we need a mechanism of enforcement which can address the science of legally binding environmental agreements and provide standing to both state and non-state actors. We need an International Court for the Environment.	Stand 29 / 1 <sup>st</sup> week
<b>African Development Bank Group (AfDB)</b> Ms. Balgis Osman Elasha b.osman-elasha@afdb.org +216 71 102249	Contribution of African Development Bank to sustainable development in Africa.	Stand 88 / Both weeks
<b>Alliance for Rural Electrification (ARE)</b> Mr. Simon Rolland s.rolland@ruralelec.org +32 2 4001052	ARE is the only international renewable industry association dealing with developing countries and proposing efficient solutions to the problem of energy access worldwide. Ambitious in its objectives, ARE wants to launch new approaches in energy access, climate change and development policies.	Stand 33 / 2 <sup>nd</sup> week
<b>Association des clubs des amis de la nature du Cameroun (ACAN)</b> Mr. Raphael Hanmbock ecoalert@yahoo.fr +237 2206 8067	Land use and indigenous people activities for adaptation and disaster risk reduction in the Cross river state Nigeria and Diamare region northern Cameroon.	Stand 181 / 1 <sup>st</sup> week
<b>Bangladesh</b> Mr. Shawkat Ali Mirza mirza@doe-bd.org +88 2 8121821	Bangladesh is the most vulnerable to climate change. Bangladesh is trying her best to adapt to the changes. We have taken various initiatives to overcome the challenges. We want to share our vulnerabilities and our responses through documentaries and publications with the world communities.	Stand 75 / Both weeks
<b>Bellona Foundation</b> Mr. Svend Soeyland svend@bellona.no +47 47487930	Bellona Foundation will present Carbon Negative approaches (including the Sahara Forest Project) as well as fast mitigation options and proposals that may be achievable in Cancun. For further information please visit: <a href="http://www.saharaforestproject.com">www.saharaforestproject.com</a> and <a href="http://www.bellona.org">www.bellona.org</a>	Stand 3/Both weeks
<b>BirdLife International (BL)</b> Mr. John Lanchbery john.lanchbery@rspb.org.uk +44 1767 680551	BirdLife International partnership. Displaying partners work on climate change, including adaptation, REDD, and developed country LULUCF.	Stand 49 / Both weeks
<b>Brahma Kumaris World Spiritual University (BKWSU)</b> Ms. Sonja Maria Ohlsson copenhagen@dk.bkwsu.org +45 33 310421	Combined exhibition: Interfaith declaration on climate change will hold a press conference and panel discussion and will collect signatures for the Declaration. Brahma Kumaris will explore how thoughts affect matter and how a shift in consciousness can transform current deteriorating conditions.	Stand 1 / Both weeks

Organizer	Theme	Location/Time
<b>Brazilian Business Council for Sustainable Development (BCSD - Brazil)</b> Mr. Marina Grossi cebds@cebds.org +55 21 24832250	Megaevents in Brazil: Rio+20 in 2012, the World Cup 2014 and the Olympic Games 2016.	Stand 23 / 2 <sup>nd</sup> week
<b>Brazilian Pulp and Paper Association** (BRACELPA)</b> Ms. Danielle Soares danielle@bracelpa.org.br +55 11 30187833	Forest industry contribution on climate change mitigation.	Stand 29 / 2 <sup>nd</sup> week
<b>British Council</b> Mr. Christopher Palmer christopher.palmer@britishcouncil.org +44 207 3894265	As tackling climate change is increasingly being deferred to future generations, this stand will show how British Council champions are already developing solutions which are having an impact and how teachers are being helped to prepare young people for their part in the future.	Stand 168 / Both weeks
<b>Business Council for Sustainable Energy (BCSE)</b> Ms. Laura Tierney ltierney@bcse.org +1 202 7850507	International Council for Sustainable Energy - A coalition of clean energy industries from US, UK, Australia and Europe.	Stand 45 / Both weeks
<b>Canadian Wildlife Federation Inc (CWF/FCF)</b> Ms. luba mycio-mommers lubamm@cwf-fcf.org +11 613 5999594	Canadian Wildlife Federation and CWF Learning Institute climate change education priorities: An interactive exhibit to advance climate change education, successes, recommendations and policies with CWFLI university-based fellow experts. Visit <a href="http://www.canadianwildlifefederation.ca">www.canadianwildlifefederation.ca</a> for CWFLI information.	Stand 169 / Both weeks
<b>Carbon Capture and Storage Association (CCSA)</b> Mr. Luke Warren luke.warren@ccsassociation.org +44 0 7867748658	Carbon Capture and Storage Association	Stand 8 / Both weeks
<b>Carbon Markets and Investors Association (CMIA)</b> Ms. Leticia Labre leticia.labre@cmia.net +44 7814 533661	The Carbon Markets and Investors Association (CMIA) is an international trade association representing firms that finance, invest in, and provide enabling support to activities that reduce emissions. At the COP 16, we will be showcasing the activities of the private sector in the climate finance space.	Stand 12 / Both weeks
<b>CarbonFix e.V.</b> Mr. Moriz Vohrer m.vohrer@carbonfix.info +49 711 49039902	The organization CarbonFix administrates the CarbonFix Standard (CFS). The CFS is the leading standard for climate forestation projects on the voluntary carbon market. The standard is supported by over 60 different organizations and has certified most of the world's carbon forestation projects.	Stand 31 / Both weeks
<b>CARE International (CI)</b> Mr. Charles Ehrhart ehrhart@careclimatechange.org +1 415 5083684	CARE International is one of the world's largest NGOs supporting development and providing humanitarian assistance in nearly 70 countries. Our exhibit showcases ways to address the human costs of climate change, as well as lessons from experience.	Stand 160 / Both weeks
<b>Caribbean Community Climate Change Centre (CCCCC)</b> Mr. Kenrick Leslie oed@caribbeanclimate.bz +501 822 1104	Caribbean vulnerability - A case for a post-2012 climate change regime. The exhibit will highlight the importance of a post-2012 climate change regime because of the vulnerability of the Caribbean to climate change and the steps the region has taken to develop and low carbon development strategy.	Stand 72 / Both weeks

Organizer	Theme	Location/Time
<b>Caritas Internationalis (CI)</b> Ms. Christine Campeau ccampeau@caritas-internationalis.com +41 0 227344005	Caritas' publications and case studies will bring the witness of poor and marginalized communities as they call for global and intergenerational justice.	Stand 140 / Both weeks
<b>Center for Biological Diversity (CBD)</b> Ms. Rose Braz rbraz@biologicaldiversity.org +44 415 4369682	350 reasons we need to get to 350: 350 species threatened by global warming. 35% of species could be committed to extinction by 2050 if current greenhouse gas emissions trajectories continue. This exhibit looks at 350 species threatened by climate change and what we can do to save them.	Stand 80 / Both weeks
<b>Center for International Environmental Law (CIEL)</b> Mr. Stephen Porter sporter@ciel.org +1 202 7425845	Legal architecture: Coherence among UNFCCC and other international legal regimes including trade, human rights, finance, other multilateral environmental agreements.	Stand 9 / Both weeks
<b>Center for International Forestry Research (CIFOR)</b> Mr. Kamaluddin Chandra Prawiranegara k.prawiranegara@cgiar.org +62 81 19402146	CIFOR advances human wellbeing, environmental conservation and equity by conducting research to inform policies and practices that affect forests in developing countries. CIFOR is one of 15 centres within the Consultative Group on international Agriculture Research (CGIAR).	Stand 62 / Both weeks
<b>Centro Agronómico Tropical de Investigación y Enseñanza (CATIE)</b> Mr. Bastiaan Louman blouman@catie.ac.cr +506 2558 2321	CATIE has many years of experience in design and validation of sustainable land use systems. The exhibition will present CATIE's recent research experiences in such land use systems in Latin America, oriented towards strengthening their climate change adaptation and mitigation potential.	Stand 78 / 1 <sup>st</sup> week
<b>Centro Mexicano de Derecho Ambiental (CEMDA)</b> Ms. Sandra Guzmán sandrag@cemda.org.mx +52 55 52863323	Videos and communication materials are presented. These include stories related to community forest management, told by the community members themselves, about why community forest management is a good option for REDD. They also speak about their views on REDD and climate change.	Stand 64 / Both weeks
<b>Chile</b> Mr. Douglas McGuire douglas.mcguire@fao.org +39 6 57053275	Mountains and climate change. The exhibit will focus mainly on adaptation to climate change in mountain areas in the context of the Mountain Partnership. Case studies, reports and publications by Mountain Partnership members will be displayed and available for distribution.	Stand 99 / Both weeks
<b>Christian Aid (CA)</b> Ms. Mariana Paoli mpaoli@christian-aid.org +44 0 2075232457	The Time for Climate Justice campaign is an initiative of Aprovech agencies and our partners in the global south to achieve a fair and ambitious international climate deal. This exhibit aims to provide information and to encourage decision-makers and other representatives to engage in the campaign.	Stand 136 / Both weeks
<b>Citizens Alliance for Saving the Atmosphere and the Earth (CASA)</b> Ms. Yuri Okubo okubo@casa.bnet.jp +81 6 69106301	Distribute our paper "Japan's -25% target can be achieved domestically: Results of CASA 2020 model simulation" and exhibit mitigation activities in Japan.	Stand 15 / Both weeks
<b>Clean Air Task Force (CATF)</b> Ms. Pam Pearson pampearson44@yahoo.com +802 488 991	Work aimed at bending the curve of near-term warming has exploded in the past year, as signals from arctic sea ice and other sensitive ecosystems drive home the need to slow warming well before 2030. Reports from UNEP, CLRTAP, the Arctic Council, Antarctic Treaty and others.	Stand 193 / Both weeks
<b>Climate Action Network Canada (CAN-Rac)</b> Mr. Chris Henschel chenschel@cpaws.org +1 613 5697226	LULUCF - What is needed to preserve and strengthen ambition.	Stand 177 / Both weeks

Organizer	Theme	Location/Time
<b>Climate Action Network International (CAN International)</b> Mr. David Turnbull dturnbull@climatenetwork.org +45 0 28722944	CAN International to present member materials and host Fossil of the Day/Year awards.	Stand 176 / Both weeks
<b>Climate Action Reserve</b> Mr. Joel Levin joel@climateactionreserve.org +1 213 8911444	The Climate Action Reserve is the largest and fastest growing offset registry for the North American carbon market, with more than 350 projects and over 6 million tonnes of offset credits issued. This exhibit will provide a general overview of the Reserve's program.	Stand 13 / 2 <sup>nd</sup> week
<b>ClimateNet</b> Mr. Björn Dransfeld dransfeld@perspectives.cc +49 40 399990691	We will distribute latest research results on the post-2012 design of new market mechanisms, the CDM reform, standardization and low carbon development strategies. Our experts are available for discussion on these and other topics.	Stand 13 / 1 <sup>st</sup> week
<b>Coastal Association for Social Transformation Trust** (COAST Trust)</b> Mr. Rezaul Chowdhury reza@coastbd.org +88 2 8125181	Photo exhibition " Bangladesh the Ground Zero of Climate Change Impact : Despair and Hope". Basically this is to high light the climate impacts what is happening in Bangladesh and also the effort that how the community trying best to cope with it.	Stand 76 / Both weeks
<b>Comisión Centroamericana de Ambiente y Desarrollo (CCAD)</b> Ms. Karina Cantó kcanto@sica.int +503 0 22488848	This is the exhibit of the Central American Integration System which groups Belize, Costa Rica, El Salvador, Guatemala, Honduras, Nicaragua, Panama and the Dominican Republic. We plan to distribute breakthrough documentation on the region at the exhibit.	Stand 73 / Both weeks
<b>Committee for a Constructive Tomorrow (CFACT)</b> Ms. Christina Wilson cwilson@cfactcampus.org +1 218 5901632	Energy poverty, equality and opportunities	Stand 164 / Both weeks
<b>Confederation of European Paper Industries (CEPI)</b> Mr. Marco Mensink m.mensink@cepi.org +32 2 6274928	International Council of Forest and Paper Associations support sustainable forest management and the 4th IPCC assessment report.	Stand 28 / Both weeks
<b>Confederation of Indian Industry (CII)</b> Mr. Suman Kumar suman.kumar@cii.in +91 11 24653305	Indian industry's action on climate change.	Stand 20 / 2 <sup>nd</sup> week
<b>Conservation International (CI)</b> Ms. Jennifer McCullough jmccullough@conservation.org +703 341 2526	To secure a stable climate, CI provides scientific + policy guidance, practical field expertise and tools for decision-makers. We seek to develop and implement sustainable climate solutions that provide enduring benefits to national economies, local communities, natural ecosystems and biodiversity.	Stand 61 / Both weeks
<b>Cooperation internationale pour le développement et la solidarité (CIDSE)</b> Ms. Grainne Delaney delaney@cidse.org +32 2 2333754	Direct access: Giving power back to the poor?	Stand 155 / Both weeks
<b>Council of European Energy Regulators (CEER)</b> Ms. Ester Tucekova ester.tucekova@ceer.eu +32 2 7887339	International Confederation of Energy Regulators (ICER)	Stand 33 / 1 <sup>st</sup> week

Organizer	Theme	Location/Time
<b>Development Fund</b> Ms. Gitte Motzfeldt gitte@utviklingsfondet.no +47 92287487	Hunger in a warming world? Agricultural systems that increasing food production and support adaptation. Developing countries voicing sustainable agriculture production systems and policy support needed.	Stand 127 / Both weeks
<b>Dominican Republic</b> Mr. Ernesto Reyna Alcantara gestion.ambiental@ambiente.gob.do +1 809 4720627	<b>“Frontera Verde” un espacio solidario y de compromiso comun</b>	Stand 71 / Both weeks
<b>e8</b> Ms. Adriana Paez paez.adriana@hydro.qc.ca +1 514 3925642	The e8, a non-profit international organization composed of ten world leading electricity companies, will be showcasing its projects and initiatives implemented since 1992 to enhance sustainable energy development in emerging and developing countries worldwide.	Stand 38 / 2 <sup>nd</sup> week
<b>Earth Child Institute (ECI)</b> Ms. Donna Goodman donna@earthchildinstitute.org +1 203 3769177	Power of one child + one tree = A sustainable future for all.	Stand 149 / Both weeks
<b>Earthwatch Institute</b> Mr. Daniel Bebbber dbebber@earthwatch.org.uk +44 1865 318842	HSBC, Earthwatch, The Climate Group, The Smithsonian Tropical Research Institute and WWF are creating greener cities, protecting major rivers, studying climate change impacts on forests, and creating ‘climate champions’ to bring valuable knowledge and experience to their workplace and communities.	Stand 182 / 1 <sup>st</sup> week
<b>Eberhard Karls Universitat Tubingen (EKU)</b> Mr. Yukio Nishiyama ynishiya@mail.doshisha.ac.jp +81 774 657030	We are consisted of 35 universities around the world. The ultimate goal is to unite the environmentally conscious students and become a driving force for an alternative future. The Student Summit has been held annually and our proposals have been delivered to the 2008 G8 summit and to COP 15/CMP 5.	Stand 151 / 1 <sup>st</sup> week
<b>Ecology Center</b> Ms. Mariel Vilella mariel@no-burn.org +34 934 104799	Zero waste for zero warming: wastepickers at the frontline of climate change. Wastepickers reduce GHG emissions and save raw materials through recycling: they are a real human force to mitigate climate change and offer a necessary alternative to polluting waste-to-energy technologies.	Stand 50 / Both weeks
<b>ECONEXUS</b> Ms. Helena Paul h.paul@econexus.info +44 207 4314357	Should agriculture and soil be included in carbon markets? Information on no-till, biochar, GM crops, agrofuels, livestock intensification and land use issues; the impacts on agricultural biodiversity, food production, small farmers, indigenous peoples and the real solutions.	Stand 129 / Both weeks
<b>Energy Research Centre of the Netherlands (ECN)</b> Ms. Heleen de Coninck deconinck@ecn.nl +31 224 564316	New reports and information from ECN Policy Studies in the field of low-carbon development, capacity building, technical assistance, carbon markets, finance, renewable energy and CCS, technology transfer and more.	Stand 6 / Both weeks
<b>Environnement et Developpement du Tiers-Monde (ENDA-TM)</b> Mr. Lawrence Flint lawrence.flint@gmail.com +221 33 8222496	ENDA is a regional centre for climate and development, and low carbon growth, based in Senegal working across the African continent, focusing on practical action to develop capacity for adaptation to climate change and sustainable energy solutions that enhance resilience and sustainable livelihoods.	Stand 159 / Both weeks
<b>European Photovoltaic Industry Association (EPIA)</b> Mr. Benjamin Fontaine b.fontaine@epia.org +32 2 4001043	EPIA is the world’s largest photovoltaic industry association and is fully committed to showcase PV as a key tool in the fight against climate change.	Stand 32 / 2 <sup>nd</sup> week

Organizer	Theme	Location/Time
<b>European Renewable Energy Council (EREC)</b> Ms. Christine Lins lins@erec.org +32 2 5461933	Global renewable energy scenarios - a blueprint for a sustainable energy future. The side event will present several global renewable energy scenarios showing describing a pathway towards a sustainable energy future based on renewable energy sources.	Stand 41 / Both weeks
<b>European Space Agency (ESA)</b> Mr. Frank Martin Seifert frank.martin.seifert@esa.int +390 6 94180560	ESA will inform on its activities to monitor systematical changes in our climate and environment. From regional efforts supporting REDD to global observation of essential climate variables from GCOS, earth observation will be exposed as a feasible and practical tool for climate change observation.	Stand 121 / Both weeks
<b>European Union</b> Ms. Agnieszka Cyndecka agnieszka.cyndecka@ec.europa.eu +32 2 2967240	Presentation of the European Union actions and achievements in tackling climate change and of EU propositions in the context of the international negotiations.	Stand 83 / Both weeks
<b>European Wind Energy Association (EWEA)</b> Mr. Remi Gruet remi.gruet@ewea.org +32 2 2131897	EWEA is the voice of the wind industry, actively promoting the utilization of wind power. EWEA's wide range of publications on wind energy will be offered to visitors and experts will be available for questions and discussions.	Stand 43 / Both weeks
<b>Federation of Indian Chambers of Commerce and Industry (FICCI)</b> Rita Roy Choudhury E-mail: rita.chaudhury@gmail.com Phone: +91 11 23325110	<b>The exhibit will showcase Indian Corporate Contribution to Sustainable Development.</b>	Stand 30 / 2nd week
<b>Food and Agriculture Organization of the United Nations (FAO)</b> Mr. Michele Bernardi michele.bernardi@fao.org +39 6 57052442	Publications and information point provided by the Food and Agriculture Organization of the United Nations (FAO).	Stand 98 / Both weeks
<b>Food and Agriculture Organization of the United Nations (FAO) / Global Terrestrial Observing System (GTOS)</b> Mr. Reuben Sessa reuben.sessa@fao.org +39 340 8583070	Global Terrestrial Observing System (GTOS)	Stand 97 / Both weeks
<b>Food, Agriculture and Natural Resources Policy Analysis Network (FANRPAN)</b> Lindiwe Majele Sibanda E-mail: secretary@fanrpan.org Phone: +27 12 8042966	<b>No Agriculture No Deal</b>	Stand 128 / 2nd week
<b>France</b> Ms. Jaudet Marie marie.jaudet@developpement-durable.gouv.fr +33 1 40817692	France's International action on global warming : REDD+, fast start, low carbon technology, energy access, adaptation, CDM, JI, scientific and research co operation.	Stand 86 / Both weeks
<b>GenderCC - Women for Climate Justice (GenderCC)</b> Ms. Gotelind Alber g.alber@gendercc.net +49 30 21982175	GenderCC will display posters and materials on gender sensitive mitigation, adaptation and capacity building.	Stand 144 / Both weeks

Organizer	Theme	Location/Time
<b>German Emissions Trading Association (BVEK)</b> Mr. Dietrich Borst borst@bvek.de +49 175 2467085	The long term vision and goal of BVEK is an internationally linked regime, which will lead to a truly global system covering all countries and emissions.	Stand 17 / Both weeks
<b>German Marshall Fund of the United States (GMF)</b> Ms. Tessa Paganini tpaganini@gmfus.org +1 202 6832636	The exhibit will be a stand where we distribute information and German Marshall Fund publications.	Stand 189 / 2 <sup>nd</sup> week
<b>Germany</b> Ms. Hildegard Kaiser hildegard.kaiser@bmu.bund.de +49 30 183052159	The German government's stand will provide information on German climate policy, with a particular focus on its relevance for development policy. A wide range of material will supplement the information given in person. Visitors to the stand can also find out the latest on German events taking place during COP 16.	Stand 85 / Both weeks
<b>Global Biodiversity Information Facility (GBIF)</b> Ms. Caterina Schwedt cswedt@gbif.org +45 28 490497	Making biodiversity data freely available to benefit science and society The Global Biodiversity Information Facility (GBIF) is the world's foremost initiative and infrastructure enabling free and open access to scientifically-credible and widely-used biodiversity data.	Stand 81/Both weeks
<b>Global Campaign for Climate Action (GCCA)</b> Mr. Manish Joshi manish.joshi@tcktcktck.org +44 7879 423340	The GCCA, will be representing the broad movement of civil society that is calling on a fair, ambitious and legally binding treaty as quickly as possibly. We will be there to showcase the positive efforts being undertaken by citizens around the world to fight and adapt to climate change.	Stand 147 / Both weeks
<b>Global Canopy Programme (GCP)</b> Mr. Charlie Parker c.parker@globalcanopy.org +44 1865 724555	The REDD Desk: The Global Canopy Programme and partners present the latest information on REDD+.	Stand 69 / Both weeks
<b>Global Environment Centre Foundation (GEC)</b> Mr. Tomoya Motoda tomoya@gec.jp +81 6 69154121	Introduction of GHG mitigation flexible mechanism FS programme.	Stand 184 / Both weeks
<b>Global Environment Facility (GEF)</b> Ms. Elisabeth Collins ecollins@thegef.org +1 202 4737069	The Global Environment Facility (GEF) unites 182 member governments in partnership with international institutions, NGOs, and the private sector to address global environmental issues. The GEF finances projects in biodiversity, climate change, international waters, land degradation, ozone layer depletion, and persistent organic pollutants.	Stand 109 / Both weeks
<b>Global Forest Coalition (GFC)</b> Ms. Simone Lovera-Bilderbeek simone.lovera@globalforestcoalition.org +595 21 663654	Wood-based bioenergy - Increasing emissions from deforestation and forest degradation.	Stand 67 / Both weeks
<b>Global Risk Forum GRF Davos** (GRF Davos)</b> Mr. Marc Stal marc.stal@grforum.org +41 81 4141621	Exhibition about Global Risk Forum GRF Davos activities in integrated disaster risk management and climate change adaptation.	Stand 181 / 2 <sup>nd</sup> week
<b>Global Water Partnership Organisation (GWPO)</b> Mr. Steven Downey steven.downey@gwpforum.org +46 8 52212652	Focus on water security: a shortcut to adaptation. Water is the medium of impact for climate change, affecting many different sectors. Yet water resources management is often weak and under-resourced. Strengthening water security is an essential basis for adapting to increased climate variability.	Stand 122 / Both weeks

Organizer	Theme	Location/Time
<b>Global Wind Energy Council (GWEC)</b> Mr. Stephen Sawyer steve.sawyer@gwec.net +32 2 2131987	GWEC is the global voice of the wind energy industry. The GWEC booth will provide information on the development of wind energy world wide, and industry representatives and experts will be available for discussion.	Stand 42 / Both weeks
<b>GoodPlanet</b> Mr. Matthieu Tiberghien matthieu@actioncarbone.org +33 14 8427605	Since its launch in September 2009, more than 80,000 individuals and 3,000 businesses in 40 countries have joined the 10:10 movement, each cutting their emissions by 10%. 10:10 co-ordinates the 10:10:10, a global day of doing in order to engender a society-wide engagement.	Stand 32 / 1 <sup>st</sup> week
<b>Green Cross International (GCI)</b> Ms. Michelle Laug michelle.laug@gci.ch +41 22 7890817	Exhibiting the work of Green Cross in the area of climate change, including the work of the Climate Change Task Force, the impact on water and projects to help local communities adapt to the challenges of climate change and environmental degradation.	Stand 189 / 1 <sup>st</sup> week
<b>Green Korea United</b> Mr. Dae Woong Kang oeg529@naver.com +1 3 6848126	Meat is making not only your health but also global warming worse. We could cut down the amount of meat we eat initially by having a meat free Monday.	Stand 166 / Both weeks
<b>Greenhouse Gas Management Institute (GHGMI)</b> Mr. Tim Stumhofer tim.stumhofer@ghginstitute.org +1 415 5185259	The GHG Management Institute is building the professional infrastructure required for the measurement, reporting, and verification of GHG emissions. This exhibit will present information on GHGMI's latest capacity building, educational, and professionalization initiatives.	Stand 18 / Both weeks
<b>Greenpeace International (Greenpeace)</b> Ms. Naomi Goodman naomi.goodman@greenpeace.org +31 20 7182143	Greenpeace perspectives on fossil fuels.	Stand 55 / Both weeks
<b>Greenriver</b> Ya Tang E-mail: Tangya4@yahoo.com.cn Phone: +0 86 1388092183	Joint Responsibility and Common Future: 193 baby cribs covered with 193 national flags exhibited in front of the glacier in the Source of Yangtze River with the elevation of 5400 meters. Moral: baby is the future of our nation and the future of the world, it is our responsibility to preserve the environment and create a beautiful world for the next generation.	Stand 30 / 1 <sup>st</sup> week
<b>Groupe Energies Renouvelables, Environnement et Solidarités (GERES)</b> Mme Raphaela Deau r.deau@geres.eu +855 12 887449	We need to act now to put development and social issues on the agenda of the climate change talks. GERES, with over 30 years experience in both climate change and development is one of the best representatives to support and push forward the debate on climate solidarity.	Stand 131 / Both weeks
<b>Guatemala</b> Mr. Carlos Mansilla cclimatico@marn.gob.gt +502 2423 500	Guatemala, heart of the Mayan world in peace with nature.	Stand 74 / Both weeks
<b>HafenCity University Hamburg (HCU)</b> Ms. Iris Gust iris.gust@hcu-hamburg.de +49 40 428274517	Cities must not just cut CO2 emissions and implement renewable energy, but also help restore ecosystems on which they depend - soils, forests and other carbon sinks. In an urban age we need new policy tools for regenerative city development. We'll present options for politicians, planners and NGOs	Stand 198 / Both weeks
<b>Health and Environment Alliance (HEAL)</b> Ms. Pendo Maro pendo@env-health.org +32 2 2343647	Prescription for a healthy planet; acting now for better health. Showcasing the health sectors' responses to the challenges of climate change, providing policy recommendations and the latest science on climate change and health, from Europe and internationally.	Stand 167 / Both weeks

Organizer	Theme	Location/Time
<b>Heinrich Böll Foundation (HBF)</b> Mr. Bjoern Ecklundt ecklundt@boell.de +49 30 28534315	The exhibit will display the work of the Heinrich Böll Foundation. Our aim is to promote climate equity in adaptation and mitigation efforts and in climate finance.	Stand 161 / Both weeks
<b>Helsinki Commission (HELCOM)</b> Mr. Nikolay Vlasov nikolay.vlasov@helcom.fi +358 46 8509196	HELCOM will be presenting its work to protect the marine environment of the Baltic Sea which suffers from the effects of various human activities. The exhibit will focus on the challenges climate change will impose on the protection of the marine environment and management of human activities.	Stand 39 / 1 <sup>st</sup> week
<b>Humane Society International (HSI)</b> Mr. Geoffrey Evans geff@hsi.org +503 412 8492	Humane Society International's exhibit will examine the impacts of animal agriculture on climate change, as well as mitigation and adaptation solutions.	Stand 126 / Both weeks
<b>Ibon Foundation Inc. (IBON)</b> Ms. Maria Theresa Lauron secretariat@aprnet.org +63 2 9277060	Local and indigenous knowledge and practices towards conservation, mitigation and adaptation.	Stand 139 / Both weeks
<b>ICLEI-Local Governments for Sustainability (ICLEI)</b> Mr. Yunus Arikan yunus.arikan@iclei.org +49 151 50750004	Global mitigation and adaptation efforts of local governments now, up to and beyond 2012.	Stand 196 / Both weeks
<b>Industrial Technology Research Institute (ITRI)</b> Mr. Wen-Cheng Hu vincenthu@itri.org.tw +886 3 5913770	As "Green Energy" becomes the next star industry with trend from IT to ET (Energy Technology), Taiwan's enterprises should make best use of resources, applying innovative thinking and early preparation for global business opportunities.	Stand 22 / Both weeks
<b>Innovation Center for Energy and Transportation (iCET)</b> Ms. Lucia Green-Weiskel luciagw@icet.org.cn +917 287 8297	iCET is a non-profit professional organization based in Beijing dedicating to mitigating climate change through low-carbon technologies and policies and standardized and voluntary measuring, reporting and verification (MRV) of GHG emissions.	Stand 51 / Both weeks
<b>Institute for Conservation and Sustainable Development of Amazonas (IDESAM)</b> Ms. Mariana Pavan mn.pavan@idesam.org.br +55 92 36425698	Successful examples of projects and initiatives from the Brazilian State of Amazonas. Idesam, FAS and the state government present their actions to reduce emissions from deforestation while contributing for the eradication of poverty , bringing sustainable development to forest dependent communities.	Stand 65 / Both weeks
<b>Institute for Global Environmental Strategies (IGES)</b> Mr. Kazuhisa Koakutsu koakutsu@iges.or.jp +46 81 8553827	IGES climate change related publications.	Stand 187 / Both weeks
<b>Institution for Transport Policy Studies (ITPS)</b> Mr. Iwao Matsuoka matsuoka@jterc.or.jp +81 3 54708420	ITPS is carrying out research into the policies needed to reduce the large volume of CO2 emissions from transport, together with renowned experts. We will report the results of our study and recommend some new assistance mechanism to reduce CO2 emissions from transport in developing countries.	Stand 54 / 1 <sup>st</sup> week
<b>Inter-American Development Bank (IDB)</b> Mr. Juan Pablo Bonilla secci@iadb.org +1 202 5506613	IDB support for climate change action in Latin America and the Caribbean.	Stand 118 / Both weeks

Organizer	Theme	Location/Time
<b>International Atomic Energy Agency (IAEA)</b> Mr. H. - Holger Rogner h.h.rogner@iaea.org +43 699 16522776	Climate change and nuclear power: its mitigation potential, risks and benefits. Nuclear technology for monitoring and assessing climate change and for climate change impact mitigation and adaptation. IAEA capacity building assistance to Member States.	Stand 104 / Both weeks
<b>International Center for Environmental Technology Transfer (ICETT)</b> Mr. Taiki Kuroda kuroda@icett.or.jp +81 5 9293500	Climate Technology Initiative (CTI) - Working together to accelerate development and diffusion of climate-friendly technologies and practices.	Stand 7 / Both weeks
<b>International Centre for Integrated Mountain Development (ICIMOD)</b> Mr. Robert Zomer rzomer@icimod.org +97 1 5003222	ICIMOD is a regional IGO highlighting the rapid change, vulnerability and fragility of mountain ecosystems and the important role of the Hindu-Kush - Himalayan region, providing ecosystems services for more than one-fifth of the world's population.	Stand 100 / Both weeks
<b>International Centre for Research in Agroforestry (ICRAF)</b> Mr. Henry Neufeldt h.neufeldt@cgiar.org +254 20 7224238	Presentation of the World Agroforestry Centre's work on mitigation, adaptation and food security.	Stand 130 / Both weeks
<b>International Centre for Trade and Sustainable Development (ICTSD)</b> Ms. Ana Maria Kleymeyer amkleymeyer@ictsd.ch +41 22 9178746	Through research and policy dialogues, ICTSD's Global Platform advances analytical capacity of stakeholders, supports their interaction with policy-makers, and builds effective cross-disciplinary understanding that enables solutions in the multilateral climate change and trade policy processes.	Stand 10 / Both weeks
<b>International Chamber of Commerce (ICC)</b> Mme Tina Launois tils@iccwbo.org +33 1 49532916	Provide range of views and expertise from global business.	Stand 25 / Both weeks
<b>International Civil Aviation Organization (ICAO)</b> Mr. Lorenzo Gavilli lgavilli@icao.int +1 514 9548219	Aviation and climate change	Stand 107 / Both weeks
<b>International Coastal and Ocean Organization (ICO)</b> Mme Miriam Balgos mbalgos@udel.edu +1 302 8318086	Provide compelling information on the need to develop a comprehensive ocean and climate initiative within the UNFCCC process, through interactive media, posters and factsheets.	Stand 38 / 1st week
<b>International Emissions Trading Association (IETA)</b> Mr. Cedric Ammann ammann@ieta.org +41 22 7370500	International Emissions Trading Association	Stand 11 / Both weeks
<b>International Energy Agency (IEA)</b> Ms. Jenny Gell jenny.gell@iea.org +33 1 40576729	Energy and climate change mitigation.	Stand 103 / Both weeks
<b>International Federation of Liberal Youth (IFLRY)</b> Mr. Stephan Korte stephan@iflry.org +49 69 40149777	IFLRY is the global organization of young liberals. Displaying materials and positions from our member organizations world-wide.	Stand 4 / Both weeks

Organizer	Theme	Location/Time
<b>International Federation of Organic Agriculture Movements (IFOAM)</b> Mr. Robert Jordan r.jordan@ifoam.org +4 228 9265010	High sequestration, low emission, food secure farming. IFOAM will provide info on effective, affordable, locally appropriate mitigation and adaptation practices and their integration into action plans and policies. Experts will be available to discuss the multiple benefits of organic agriculture.	Stand 128 / 1st week
<b>International Federation of Red Cross and Red Crescent Societies (IFRC)</b> Ms. Marjorie Soto Franco marjorie.sotofranco@ifrc.org +5 7 66791284	The International Federation of Red Cross and Red Crescent Societies (IFRC) is a global humanitarian organization. Through 186 National Red Cross and Red Crescent Societies, IFRC responds to natural and manmade disasters around the world, working at the community, national and global levels.	Stand 178/Both weeks
<b>International Food Policy Research Institute (IFPRI)</b> Ms. Susan Buzzelli s.buzzelli@cgiar.org +1 202 8624607	The 15 institutes of the CGIAR will provide material about their activities in climate change adaptation, mitigation, and synergies.	Stand 125 / Both weeks
<b>International Fund for Agricultural Development (IFAD)</b> Mr. Jeffrey Brez j.brez@ifad.org +39 366 6121101	International Fund for Agricultural Development (IFAD) working with smallholder farmers and the rural poor to build their resilience to climate impacts and turn mitigation and adaptation challenges into opportunities for sustainable development.	Stand 96 / Both weeks
<b>International Hydropower Association (IHA)</b> Mr. Lau Saili ls@hydropower.org +44 20 86525299	International Renewable Energy Alliance, (International Geothermal Association, International Hydropower Association, International Solar Energy Society, World Bioenergy Association, World Wind Energy Association) will present information on various aspects on renewable energy utilisation worldwide.	Stand 36 / Both weeks
<b>International Institute for Applied Systems Analysis (IIASA)</b> Ms. Leane Regan regan@iiasa.ac.at +43 2235 807316	IIASA will profile tools and publications relevant to the climate policy and research community including: new results from the Global Energy Assessment, GHG mitigation options from the urban and rural sector and financing mitigation and adaptation efforts.	Stand 58 / 2 <sup>nd</sup> week
<b>International Maritime Organization (IMO)</b> Ms. Lucy Essuman lessuman@imo.org +44 207 4634210	IMO will present the progress made on mandatory technical and operational reduction measures expected to enter into force globally in 2013. Also the work on market-based measures to complement the technical/operational, their reduction potential and possible generation of funds, will be presented.	Stand 108 / Both weeks
<b>International Network for Bamboo and Rattan (INBAR)</b> Ms. Violeta Gonzalez vgonzalez@inbar.int +8 6 1391126978	INBAR is the world's leading organization promoting bamboo and rattan for poverty reduction, environmental sustainability and fairer trade. The Exhibit will showcase worldwide initiatives that integrate bamboo and rattan for climate change mitigation, adaptation and disaster risk management.	Stand 27 / Both weeks
<b>International Organisation of Supreme Audit Institutions (INTOSAI)</b> Ms. Margit Lassi margit.lassi@riigikontroll.ee +37 6400 100	To promote the national audit offices' work in the field of climate change and promote effective governance.	Stand 194 / 2 <sup>nd</sup> week
<b>International Petroleum Industry Environmental Conservation Association (IPIECA)</b> Mr. Robert Siveter robert.siveter@ipieca.org +44 20 76332378	The oil and gas industry response to climate change.	Stand 19 / Both weeks
<b>International Save the Children Alliance</b> Ms. Emilia McElvenney emilia.mcelvenney@save-children-alliance.org +44 208 2378022	Child-centred Disaster Risk Reduction: the cornerstone of adaptation to our changing climate. We work with communities to mitigate the impact of disasters through disaster risk reduction programmes in over 40 countries. Our child-centred approach is the cornerstone of adaptation to a changing climate & an assurance to strengthen health, water & sanitation systems in the poorest communities.	Stand 180/Both weeks

Organizer	Theme	Location/Time
<b>International Solar Energy Society (ISES)</b> Ms. Christine Hornstein director@ises.org +49 761 4590645	International Renewable Energy Alliance, (International Geothermal Association, International Hydropower Association, International Solar Energy Society, World Bioenergy Association, World Wind Energy Association) will present information on various aspects on renewable energy utilisation worldwide.	Stand 37 / Both weeks
<b>International Telecommunication Union (ITU)</b> Mr. Jose María Díaz Batanero jose.batanero@itu.int +41 22 7305495	Addressing climate change through ICTs and innovation.	Stand 106 / 2 <sup>nd</sup> week
<b>International Trade Union Confederation (ITUC)</b> Ms. Anabella Rosemberg anabella.rosemberg@ituc-csi.org +33 1 55373737	Together for a just transition workers of the world need an ambitious, fair and binding agreement and the creation of green and decent jobs. The Just Transition framework trade unions are proposing can help achieving both. Join us for learning more about it!	Stand 145 / Both weeks
<b>International Tropical Timber Organization (ITTO)</b> Mr. Eduardo Mansur mansur@itto.int +81 45 2231110	ITTO is an intergovernmental organization based in Yokohama, Japan that promotes sustainable management of tropical forests and sustainable trade in tropical forest products. The booth will provide a selection of ITTO reports and other information showing the range of the Organization's work throughout the tropics.	Stand 26 / Both weeks
<b>International Union of Railways (UIC)</b> Ms. Margrethe Sagevik sagevik@uic.org +33 1 44492035	Reducing emissions from the transport sector is about developing sustainable transport systems, scaling the solutions up to the size of the challenge. Rail is ready to take its responsibility and offers resource-efficient, low-carbon, sustainable transport, strongly contributing to the green economy.	Stand 52 / Both weeks
<b>Inuit Circumpolar Conference (ICC)</b> Mr. Stephanie Meakin smeakin@inuitcircumpolar.com +613 563 2648	Inuit and climate change: Two ways of knowing. Using state of the art Arctic science and traditional Inuit knowledge the complex story of climate change and climate policy shaping in the Arctic will be explored - from meteorological and ice science to community resilience.	Stand 133 / Both weeks
<b>IUCN - International Union for Conservation of Nature</b> Ms. Ninni Ikkala ninni.ikkala@iucn.org +41 22 9990106	The exhibit will display the work of IUCN, the International Union for Conservation of Nature, on climate change. IUCN works to promote nature-based solutions to adaptation and mitigation in terms of both policy and practice, from local to national and international scales.	Stand 79 / Both weeks
<b>Japan</b> Mr. Tomohiro Shimada climate.focal.point@mofa.go.jp +81 35 501849	<b>JICA's development cooperation projects assisting low carbon and climate resilient growth, the latest findings of "Innovative Program of Climate Change Projection for the 21st Century"</b> Japan's policies and international cooperation, JICA's development cooperation, Global Mapping Project, research and observation activities, activities on adaptation."	Stand 101 / Both weeks
<b>Jeunes volontaires pour l'environnement (JVE)</b> Ms. Sena Alouka yvetogo@hotmail.com +22 89 216740	JVE International is the biggest youth environmental movement in Africa, serving as main catalyzers of African youth participation. Come, learn and partner with us on our successful climate advocacy, CBA, forest management, renewable energy, climate finance control, youth empowerment projects etc...	Stand 151/2nd week
<b>Keren Kayemet Lelsrael/The Jewish National Fund (KKL-JNF)</b> Mr. Mordekhay Cohen moty30@hotmail.com +52 155 22017124	We are an NGO responsible for afforestation. Our role is to protect and preserve environment, and we share our knowledge around the world. Our main areas are arid land afforestation and agriculture, open space management, water conservation and rehabilitation, education and community development.	Stand 47 / Both weeks
<b>Korean Business Council for Sustainable Development (KBCSD)</b> Ms. Ji-eun Jang jerry@kemco.or.kr +82 31 2604547	Korea's GHG reduction drive for climate change response (CDM project, carbon neutral, carbon cashbag and domestic emission trading system by Korea Energy Management Corporation).	Stand 23 / 1 <sup>st</sup> week

Organizer	Theme	Location/Time
<b>Leadership for Environment and Development International (LEAD International)</b> Mr. Alex Hannant alex@lead.org +44 78477912	The Climate and Development Knowledge Network (CDKN). The CDKN is positioned to support decision makers in developing countries to design and deliver climate compatible development. The CDKN seeks to develop partnerships and collaborate with organizations and individuals from around the globe.	Stand 153 / Both weeks
<b>LIFE e.V.</b> Ms. Ulrike Röhr roehr@life-online.de +49 30 30879835	There is a lot of knowledge available on how to mitigate climate change based on local, decentralised technologies and knowledge. We will present ideas and recommendations how a meaningful participation of women can transcend the barriers to spread and implement this knowledge.	Stand 143 / Both weeks
<b>Malawi</b> Mr. Evans Davie Njewa njewae@yahoo.com +26 51 771111	Malawi success stories on adaptation Case stories on food security through adaptation technologies; carbon sequestration in forestry; zero tillage conservation in agriculture; renewable energy technologies for mitigation; capacity building; advocacy issues	Stand 90 / Both weeks
<b>Mediators Beyond Borders (MBB)</b> Mr. Thomas Fiutak fiuta001@umn.edu +651 402 8554	Mediators Beyond Borders will display information and engage participants regarding the role MBB plays in advocating for inclusion of mediation in subsequent protocols and as an effective strategy for resolving climate change disputes on a national, regional, and community level.	Stand 165 / Both weeks
<b>Met Office Hadley Center</b> Ms. Fiona Carroll fiona.carroll@metoffice.gov.uk +44 1392 884240	Latest science strengthens the case of an already changing climate. The Met Office Hadley Centre shows some potentially vulnerable parts of the climate may be more resilient than previously thought, but others less so. Combined with projections of climate change, these results should inform policy.	Stand 199 / Both weeks
<b>Munich Climate Insurance Initiative (MCII)</b> Ms. Koko Warner warner@ehs.unu.edu +49 228 8150226	MCII: Publications give examples of how insurance approaches help vulnerable countries and people adapt and reduce risk. Examples for building risk reduction and non-profit insurance entities. Alternatives for design and implementation of risk reduction and insurance for adaptation. New MCII policy brief.	Stand 179 / Both weeks
<b>Namibia</b> Ms. Naomi Shaninga naomi.shaniga@gmail.com +26 4 811489611	Namibia will share with other parties its findings from the 2nd National Communication, which will be presented to the COP16. We will exchange information with other parties what we are doing as regard to community based adaptation, renewable energy, awareness, climate change vulnerability per sector. At the Booth there will displays of Climate Change booklets, leaflets, Namibian Wooden animals.	Stand 89/Both weeks
<b>National Institute for Environmental Studies (NIES)</b> Mr. Masaharu Murakami kakinuma.miho@nies.go.jp +81 29 8502347	The exhibit will focus on global monitoring of GHGs from various platforms, including the "IBUKI" satellite, results of climate risk assessment using integrated climate, impact, and land-use models, and the development of scenarios for low carbon societies using the Asia-Pacific Integrated Model.	Stand 185 / Both weeks
<b>Neighbour Organization Nepal (NEO-Nepal)</b> Mr. Basanta Raj Gautam basanta.gautam@arbonaut.com +358 443 441602	NEO Nepal in collaboration with its partner, Arbonaut Ltd., will present an accurate, robust, benefit-sharing, and optimal approach for REDD+ monitoring in developing countries.	Stand 48 / Both weeks
<b>Netherlands</b> Ms. Marian Massaar marian.massaar@minvrom.nl +31 70 3170339445	The Netherlands	Stand 84 / Both weeks
<b>Network of Regional Governments for Sustainable Development (nrg4SD)</b> Ms. Maruxa Cardama mcardama@nrg4sd.org +32 29 475844339	The Network of Regional Governments for Sustainable Development is an international organisation representing regional governments at the global level. The network promotes understanding, collaboration and partnerships in sustainable development and climate change.	Stand 197 / Both weeks

Organizer	Theme	Location/Time
<b>New Energy and Industrial Technology Development Organization (NEDO)</b> Mr. Keiichi MATSUMOTO km-ap@nedo.go.jp +81 44 5205185	Introduction of NEDO's activities addressing energy and global environmental challenges. We focus on contributing to sustainable development and resolution of energy and global environmental challenges.	Stand 46 / Both weeks
<b>Oneworld UK</b> Mr. Adam Groves adam.groves@oneworld.net +44 2079 227845	As in Bali, Poznan, Copenhagen and the April inter-sessional in Bonn, we would plan to help make the conference more accessible by webcasting a live show from the exhibit, with interviews and analysis from NGOs and negotiators. The footage would also be made available on youtube.	Stand 148 / Both weeks
<b>Organisation for Economic Co-operation and Development (OECD)</b> Ms. Pascale Rossignol Pascale.rossignol@oecd.org +33 1 45249658	The OECD will distribute the latest OECD/IEA publications on key issues for a post-2012 climate framework.	Stand 117 / Both weeks
<b>Organisation internationale de la francophonie (OIF/IEPF)</b> Ms. Rajae Chafil r.chafil@iepf.org +1 418 6925727	The kiosk is designed for 70 member countries of Francophonie. Its objective is to present the actions related to climate change. Will be available in this space the documentation produced by IEPF / OIF and its partners, including Negotiations Guide, climate change impacts and adaptation studies.	Stand 87 / Both weeks
<b>Overseas Development Institute (ODI)</b> Ms. Jessica Brown j.brown@odi.org.uk +44 750 7017859	The Overseas Development Institute (ODI) booth will showcase the latest ODI research on climate change, in particular on climate finance, climate-compatible development, and REDD.	Stand 58 / 1 <sup>st</sup> week
<b>Overseas Environmental Cooperation Center, Japan (OECC)</b> Mr. Satoshi Iemoto iemoto@oecc.or.jp +81 3 54720144	OECC information booth - Recent developments of NAMAs/MRV preparation in the Asia-Pacific.	Stand 186 / Both weeks
<b>OXFAM International (OI)</b> Mr. Bert Maerten bmaerten@oxfam.org.uk +66 80 2104873	Women food producers in Latin America adapt to climate change. Climate finance must support (not ignore or harm) their efforts.	Stand 56 / Both weeks
<b>PAIRVI Associates (PAIRVI)</b> Mr. Ajay Jha pairvidelhi@rediffmail.com +91 11 29841266	The exhibit will showcase case studies, testimonies, and literature related to climate change and related aspects created by organization working in India and South Asia.	Stand 152 / Both weeks
<b>Pan African Climate Justice Alliance** (PACJA)</b> Mr. Joseph Mwenda mwemithika@yahoo.com +20 254 4443627	Display of African civil society best-practice community-based projects and programmes in addressing climate change.	Stand 133 / Both weeks
<b>Panos</b> Mr. Rod Harbinson rod.harbinson@panos.org.uk +44 207 2397607	The Climate Change Media Partnership supports developing country journalists to increase public understanding and debate on climate change issues. Lessons from our projects show how better communication can achieve greater inclusion of Southern needs and voices in decisions about climate change.	Stand 135 / Both weeks
<b>Pew Center on Global Climate Change (Pew Center)</b> Ms. Namrata Patodia patodian@pewclimate.org +703 516 4146	The Pew Center will display its reports on climate change.	Stand 200 / Both weeks

Organizer	Theme	Location/Time
<b>Practical Action</b> Ms. Rachel Berger rachel.berger@practicalaction.org.uk +44 1926 634497	Practical Action's programmes and publications demonstrate how some of the world's poorest people can be enabled to adapt to climate change and to access modern energy services; we advocate for policy measures that put poor people's needs at the centre of climate change policy.	Stand 156 / Both weeks
<b>Pusan National University - Marine Research Institute (PNU/MRI)</b> Mr. Ik Kyo Chung ikchung@pusan.ac.kr +82 51 5102279	Seaweed solution - Sink and swim! The Korean project 'GHG emissions reduction using seaweeds' proposes seaweeds/kelp forests as blue carbon are promising system as adaptation and mitigation measures against global warming. Seaweed sink, red algae pulp/paper and seaweed bio-fuel.	Stand 163 / Both weeks
<b>Rainforest Alliance (RA)</b> Mr. Mark Moroge mmoroge@ra.org +1 646 4521937	Sustainable agriculture's role in REDD+ and mitigation/adaptation, promoting resources for tropical forest management and monitoring for credible climate change mitigation and adaptation, REDD-readiness capacity building, sharing knowledge from pilot REDD projects, MRV and auditing.	Stand 68 / Both weeks
<b>Refrigerants, Naturally e.V. (REFNAT)</b> Ms. Rebecca Kirch rebecca.kirch@refrigerantsnaturally.org +49 6174 964575	Presentation of projects, information on mitigation possibilities.	Stand 21 / Both weeks
<b>Regional Environmental Center for Central and Eastern Europe (REC)</b> Ms. Zsuzsanna Ivanyi zivanyi@rec.org +36 26 504030	Addressing climate change in CEE and Turkey: REC activities and experiences. The REC is supporting the needs of the countries within CEE Region and beyond facilitating the implementation of UNFCCC. The exhibit will demonstrate its activities carried out for different stakeholders.	Stand 119 / Both weeks
<b>Republic of Korea</b> Ms. Chung-A Park chung.a.park@gmail.com +82 2 7352076	Korea's green growth (presented by Presidential Committee on Green Growth).	Stand 102 / Both weeks
<b>Resources for the Future (RFF)</b> Ms. Kristin Hayes hayes@rff.org +1 202 3285033	Resources for the Future will present its research on finance, forestry issues, trade, disaster risk reduction, renewables, and willingness to pay for climate mitigation.	Stand 60 / Both weeks
<b>Responding to Climate Change (RTCC)</b> Mr. James Ramsey anna@rtcc.org +44 20 77992222	Responding to Climate Change focuses on bringing together the research, policy and finance concerning climate change.	Stand 123 / Both weeks
<b>Secretariat of the Convention on Biological Diversity (CBD)</b> Ms. Jaime Webbe jaime.webbe@cbd.int +1 514 2878718	Rio Conventions' Ecosystems and Climate Change Pavilion - a joint outreach and awareness raising event by the Convention on Biological Diversity the United Nations Convention to Combat Desertification and the United Nations Framework Convention on Climate Change.	Stand 91 / Both weeks
<b>Secretariat of the United Nations Convention to Combat Desertification (UNCCD)</b> Ms. Katya Arapnakova karapnakova@unccd.int +49 228 8152864	The human face of climate change today is most evident among the drylands populations. Floods and severe, intense and frequent droughts have undermined food production, depleted livestock and sent many off their land. Join the 2010 to 2020 decade on the fight against desertification for real impact.	Stand 92 / Both weeks

Organizer	Theme	Location/Time
<b>Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC)</b> Mr. Luis Davila ldavila@unfccc.int +49 228 8151137	UNFCCC youth booth: Participating United Nations agencies and youth organizations will present their initiatives on children, youth and climate change. This will be a place for all actors to display their success stories, identify synergies and develop new partnerships.	Stand 172 / Both weeks
<b>Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC)</b> Mr. David Abbass dabbass@unfccc.int +49 228 8151511	CDM Changing Lives - UNFCCC/CDM photo and video contest 2010: Projects under the Kyoto Protocol's clean development mechanism are stimulating development and reducing GHG emissions in some 69 countries. The Changing Lives booth showcases striking images and captivating videos - submitted to the 2010 UNFCCC/CDM photo and video contest - that illustrate how the CDM is changing lives for the better.	Stand 124 / Both weeks
<b>SNV Netherlands Development Organisation (SNV)</b> Mr. Jeroen van Bruggen jvanbruggen@snvworld.org +31 70 3440123	Development and climate change mitigation can go hand in hand. SNV, together with its local partners, shows how market development and capacity building can help LDC's to largely improve the living conditions and prospects of their poor while reducing greenhouse gas emissions at the same time.	Stand 158 / Both weeks
<b>Solar Energy Industries Association (SEIA)</b> Ms. Katherine Stainken kstainken@seia.org +1 202 6820556	The U.S. is poised to become the world's largest solar energy market and SEIA is the voice of the industry, representing a thousand member companies, including all solar technologies and businesses throughout the value chain. SEIA works to build a strong solar industry to power America.	Stand 39 / 2 <sup>nd</sup> week
<b>South Centre</b> Mr. Vicente Paolo Yu yu@southcentre.org +41 22 7918050	Equity, environment and development need to be addressed in an integrated manner for the climate negotiations to have fair outcomes. This exhibit makes available studies from developing countries on how these serve the basis for an equity paradigm for global cooperative action on climate change.	Stand 137 / Both weeks
<b>Sri Lanka</b> Ms. Nimali Perera secagriwp@slt.net.lk +94 11 2673435	Exhibit by the Ministry of Agriculture and Environment, Western Province: Making aware the global community on Barawa biodiversity project at western province of Sri Lanka which possesses the main objective of minimizing adverse effects of climate change issues on biodiversity by conserving endemic flora and fauna of Sri Lanka, one of a global biodiversity hot spot.	Stand 82 / Both weeks
<b>Stockholm Environment Institute (SEI)</b> Ms. Clarisse Siebert clarisse.kehler.siebert@sei.se +46 737 78601	Stockholm Environment Institute is an independent international research institute that bridges science and policy on environment and development issues. We will exhibit publications, show films and demonstrate modelling tools on adaptation, energy futures, embedded carbon and low carbon economies.	Stand 183 / Both weeks
<b>Sustainable Markets Foundation - 350.org</b> Mr. Jeremy Osborn jeremy@350.org +1 802 5524067	On 10/10/10, 1000s of organizers implemented and documented community-scale CO2 reduction projects with the demand that governments match that practical application in their UN work. We present stories and photos from the day.	Stand 175 / Both weeks
<b>SustainUS</b> Mr. Kyle Gracey kylegracey@sustainus.org +1 814 6592405	Youth connect the Rio conventions: With the 2012 Earth Summit approaching (called "Rio for 20 somethings"), SustainUS and youth globally are connecting the climate, biodiversity, and desertification conventions, building youth movements at each, and highlighting their impact on future generations.	Stand 146 / Both weeks
<b>TakingITGlobal (TIG)</b> Mr. Liam O'Doherty liam@takingitglobal.org +1 416 8974965	Youth organizations around the globe are creating a climate of change at local and international levels. This participatory exhibition will showcase creative best practices from the youth response to climate change & provide a space for stakeholders to declare their commitment to a greener world.	Stand 150/1st week
<b>Tanzania Natural Resource Forum (TNRF)</b> Ms. Jessie Davie j.davie@tnrf.org +255 27 2543053	Taking action on climate change in Tanzania.	Stand 154 / Both weeks

Organizer	Theme	Location/Time
<b>TEARFUND</b> Ms. Sara Shaw sara.shaw@tearfund.org +44 208 9437944	Climate change and poverty: Tearfund is a leading UK-based development NGO working to reduce the impact of climate change on poor communities through adaptation, disaster risk reduction and other measures. We also raise public and political awareness of the issue through campaigning and lobbying.	Stand 157 / Both weeks
<b>Tebtebba Foundation</b> Mr. Raymond de Chavez raymond@tebtebba.org +63 74 4447703	The exhibit will showcase indigenous peoples' adaptation and mitigation strategies using traditional knowledge; and capacity building efforts on climate change and REDD+. This exhibit is co-organized with the indigenous peoples' global network on climate change and sustainable development.	Stand 63 / Both weeks
<b>The Alliance for Climate Protection</b> Ms. Emily Werner emily.werner@climateprotect.org +1 202 4034013	Solving the climate crisis - tools, rules, and redefining what's "cool." Materials show tools that can be mobilized, key enabling policies, and how Al Gore's the Alliance for Climate Protection is working to build a global movement that changes how society thinks about energy and the climate crisis.	Stand 5 / Both weeks
<b>The Climate Registry (TCR)</b> Ms. Robyn Camp robyn@theclimateregistry.org +1 213 8916931	MRV from the bottom-up: The Climate Registry supports states, provinces, territories, tribes and other NGOs to monitor, report and verify corporate emissions from the bottoms-up. Come and discover our user-friendly tools, and learn or adapt them to understand your own greenhouse gas emissions.	Stand 14 / Both weeks
<b>The Energy and Resources Institute (TERI)</b> Mr. Sasanka Thilakasiri sasanka.thilakasiri@teri.res.in +91 11 24682100	For effective implementation of adaptation and mitigation strategies, an integration of top-down and bottom-up approaches is needed. TERI's work on the interplay of local and state-based initiatives with national and international policies is presented, highlighting developing country challenges.	Stand 190 / Both weeks
<b>The Woods Hole Research Center (WHRC)</b> Ms. Elizabeth Braun ebraun@whrc.org +508 540 9900	WHRC scientific and policy staff will offer publications, video presentations, and other references and information surrounding how a better understanding of the terrestrial carbon cycle could improve climate policy mechanisms. Capacity building and outreach activities will also be highlighted	Stand 191 / Both weeks
<b>Third World Network (TWN)</b> Ms. Yvonne Miller ymiller@twngeneva.ch +41 22 9083550	Follow up on the negotiations with display of updates and briefing papers related to the issues.	Stand 138 / Both weeks
<b>Tides Canada Initiatives Society (TCI)</b> Ms. Amber Church cycc.director@gmail.com +1 867 3354884	The Canadian Youth Climate Coalition serves as a focal point to mobilize young Canadians on climate change. Come to our booth to learn about our work and ways to get involved. Our booth serves as the focal point for the Canadian Youth Delegation, a group of young Canadians participating in COP 16/CMP 6.	Stand 170 / Both weeks
<b>Transport Research Foundation (TRF)</b> Mr. Holger Dalkmann hdalkmann@trl.co.uk +44 7810 804849	This exhibit presents recommendations and key material from TRF and other transport organisations including GTZ, UITP, Veolia and ITDP highlighting issues to be resolved and actions to be taken to ensure support of low carbon sustainable transport.	Stand 53 / Both weeks
<b>Tuvalu</b> Mme Gilliane Le Gallic alofatuvalu@alofatuvalu.tv +75 75019 3366818320	Tuvalu, a least developed and vulnerable country to climate change and highly threatened to disappearing, will display some of its cultural identity and continue to exhibit what its people are doing to become fossil fuel free by 2020 and not the planet's first entire nation of climate refugees.	Stand 77 / Both weeks
<b>Ukraine</b> Ms. Sophia Mogutova mogutova@neia.gov.ua +38 44 5949113	KP mechanisms, experience of its implementation in Ukraine. The prospect of introduction of the national emission trading system in Ukraine.	Stand 120 / Both weeks

Organizer	Theme	Location/Time
<b>UNICA - Brazilian Sugarcane Industry Association (UNICA)</b> Mr. Luiz Amaral luiz@unica.com.br +55 11 30934949	Sugarcane's contribution to climate change mitigation: producing low carbon advanced biofuels and clean bioelectricity. A real and efficient opportunity for more than 100 developing countries.	Stand 54 / 2 <sup>nd</sup> week
<b>United Kingdom Youth Climate Coalition Limited* (UKYCC)</b> Ms. Hannah Smith hannah@ukycc.org +44 20 7725220188	The exhibition will present the work of the UK Youth Climate Coalition and how we work with other international youth climate movements in order to engage constructively with the UNFCCC and its processes.	Stand 171 / Both weeks
<b>United Nations Economic Commission for Africa (UNECA)</b> Mr. Adeyinka Adeyemi yadeyemi@uneca.org +251 911 402715	More often than not, many discussions about the impact of climate change in Africa revolve around the continent's inability to cope with the negative impacts. African Climate Policy Centre (ACPC) exhibition focuses on climate change opportunities for adaptation, mitigation, finance and technology.	Stand 2/Both weeks
<b>United Nations Children's Fund (UNICEF)</b> Mr. Cherif Zoueïn czoueïn@unicef.org +1 91 76567477	Unite for Climate, is looking to leverage its online community and onsite partners to enable remote participation to COP16 for young people worldwide. Through onsite coverage of the conference, we will engage virtual youth participants to take an active role in the event.	Stand 173/Both weeks
<b>United Nations Development Programme (UNDP)</b> Ms. Veronique Lozano veronique.lozano@undp.org +1 212 9065724	Distributing information on UNDP's climate change programmes.	Stand 116 / Both weeks
<b>United Nations Educational, Scientific and Cultural Organization (UNESCO)</b> Mr. Peter Dogse p.dogse@unesco.org +33 1 45684098	UNESCO's Climate Change Initiative. This exhibit highlights UNESCO's research, policy and field work related to the climate change scientific knowledge base, education, outreach and public awareness, social, gender and ethical issues, and capacity building for adaptation to climate change.	Stand 95 / Both weeks
<b>United Nations Environment Programme (UNEP)</b> Ms. Fanina Kodre-Alexander fanina.kodre@unep.org +254 20 7623288	UNEP: Showing the way. Finding climate solutions is possible. It is doable and we and our partners are doing it. Our booth will show where and how we are making a difference. Repeated around the world these actions could achieve a significant cut in greenhouse gas emissions. So why wait? Let's begin!	Stand 111 / Both weeks
<b>United Nations Environment Programme National Committee for the Republic of Korea</b> Ms. Jihee Han jhhan@unep.or.kr +82 2 7201011	Gaming as an educational tool to educate children and youth. Launching of a new concept of environmental education which uses serious game. Korea Creative Content Agency, UNEP Korea and NHN Corporation are cooperating to develop this tool by 2011.	Stand 150 / 2 <sup>nd</sup> week
<b>United Nations Human Settlements Programme (UN-HABITAT)</b> Mr. Raf Tuts raf.tuts@unhabitat.org +254 20 7623726	Cities and climate change - UN-HABITAT In this urban era, the greatest impacts of disasters resulting from climate change begin and end in cities. The Cities in Climate Change Initiative (CCCI) helps cities in developing countries meet the climate change challenge.	Stand 112 / Both weeks
<b>United Nations Industrial Development Organization (UNIDO)</b> Ms. Marina Ploutakhina m.ploutakhina@unido.org +43 664 3529742	UNIDO is the UN's specialized agency promoting industrial development for poverty reduction, inclusive globalization and environmental sustainability. At COP16 we will present work in Green Industry focusing on: renewable energy, energy efficiency, ozone depleting substances and clean production.	Stand 105 / Both weeks
<b>United Nations University (UNU)</b> Ms. Koko Warner warner@ehs.unu.edu +49 228 8150226	UNU: Documentation and multimedia work from UNU's work related to climate change state-of-the-art understanding of climate adaptation and human mobility, indigenous peoples, REDD and mitigation, and the contribution of higher education and research to practical action and policy.	Stand 93 / Both weeks

Organizer	Theme	Location/Time
<b>University Corporation for Atmospheric Research (UCAR)</b> Ms. Rachel Hauser rhauser@ucar.edu +1 303 4971117	In collaboration with government, universities, and private sector partners around the world, the US National Center for Atmospheric Research is dedicated to exploring and understanding our atmosphere in the broadest terms, including interactions with the sun, oceans, biosphere, and human society.	Stand 192 / Both weeks
<b>University of California</b> Mr. Robert Monroe ucvelleclimate@ucsd.edu +858 822 4487	The global mobilization in response to ocean acidification: Scripps Oceanography, PML, EPOCA, UKOARP and Oceana highlight the latest research into potential biological and socio-economic impacts and action being taken by world governments to understand future threats from ocean acidification.	Stand 40 / Both weeks
<b>University of East Anglia (UEA)</b> Mr. Asher Minns a.minns@uea.ac.uk +44 1603 593900	Communicating climate change: The Tyndall Centre for Climate Change Research showcases its engagement with policy, public and business people.	Stand 182 / 2 <sup>nd</sup> week
<b>University of Oxford, Environmental Change Institute (ECI)</b> Ms. Heike Schroeder heike.schroeder@ouce.ox.ac.uk +44 7931 288213	We showcase our independent research that encompasses mitigation and adaptation for people and places; food, water and human security; and low carbon society. We integrate environmental, social, economic and engineering sciences research in our highly-regarded teaching and training.	Stand 195/Both weeks
<b>University of Sussex - Sussex Energy Group</b> Mr. Jim Watson w.j.watson@sussex.ac.uk +44 1273 873539	The Sussex Energy Group conducts research on transitions to low carbon energy systems. The exhibit will showcase our research on technology transfer, low carbon development in middle income and less developed countries, innovation (including CCS), and energy security.	Stand 194 / 1 <sup>st</sup> week
<b>Viet Nam</b> Mr. Nguyen Khac Hieu Ministry of Natural Resources and Environment, VN vnccoffice@fpt.vn +84 4 37759384	Viet Nam Exhibit on climate change and environment.	Stand 78 / 2 <sup>nd</sup> week
<b>Wetlands International</b> Ms. Susanna Tol susanna.tol@wetlands.org +31 318 660933	Saving wetlands for climate change mitigation and adaptation.	Stand 66 / Both weeks
<b>WMO/UNEP Intergovernmental Panel on Climate Change (IPCC)</b> Ms. Renate Christ ipcc-sec@wmo.int +41 22 730820	IPCC reports and documentation.	Stand 110 / Both weeks
<b>Women's Environment and Development Organization (WEDO)</b> Ms. Cate Owren cate@wedo.org +1 212 9730325	The Global Gender and Climate Alliance (GGCA) is an alliance of 13 UN agencies and more than 25 civil society organizations from around the world working together to ensure climate change initiatives and programmes at every level are gender responsive. Exhibit hosted by founding member Women's Environment and Development Organization (WEDO)	Stand 142 / Both weeks
<b>World Association of Girl Guides and Girl Scouts (WAGGGS)</b> Ms. Bernadette Fischler bernadette@wagggsworld.org +44 7817 325311	WAGGGS, as the largest volunteer organization for girls, presents success stories on involving young women at grass-roots level to run youth-led projects on climate change and biodiversity. WAGGGS introduces interactive non-formal educational programmes, like the WAGGGS/CBD/FAO biodiversity badge.	Stand 174 / Both weeks
<b>World Bioenergy Association* (WBA)</b> Ms. Karin Haara karin.haara@worldbioenergy.org +46 8 4417084	International Renewable Energy Alliance, (International Geothermal Association, International Hydropower Association, International Solar Energy Society, World Bioenergy Association, World Wind Energy Association) will present information on various aspects on renewable energy utilisation worldwide.	Stand 35 / Both weeks

Organizer	Theme	Location/Time
<b>World Business Council for Sustainable Development (WBCSD)</b> Ms. Barbara Black black@wbcsd.org +41 22 8393105	WBCSD - Making a difference. Publications and information on business perspectives on climate policy issues, tools for business action on climate change and business approaches towards 2050.	Stand 24 / Both weeks
<b>World Food Programme (WFP)</b> Mr. Oscar Ekdahl oscar.ekdahl@wfp.org +39 6 65132491	This exhibition showcases the SAFE stoves initiative launched by the UN Secretary General together with World Food Programme (WFP) and other partners during COP15. SAFE means less risk of gender violence, environmental conservation and health benefits. Additional WFP materials will be available.	Stand 114 / Both weeks
<b>World Future Council (WFC)</b> Mr. Stefan Schurig stefan.schurig@worldfuturecouncil.org +49 40 307091427	Step by step we demonstrate how to raise \$100bn per year through new SDRs to finance climate protection in developing nations. The exhibit will particularly focus on how a Supervisory Body will track the use of the new money and hinder abuse and inflation.	Stand 59 / Both weeks
<b>World Health Organization (WHO)</b> Ms. Marina Maiero maierom@who.int +41 76 2350115	Protecting health from climate change.	Stand 113 / Both weeks
<b>World Meteorological Organization (WMO)</b> Ms. Carine Richard-Van Maele cvanmaele@wmo.int +41 22 7308315	Climate science for action. The World Meteorological Organization (WMO) and the National Meteorological and Hydrological Services of its 189 Members are working towards a global framework for climate services required for efficient mitigation and adaptation. WMO is the United Nations' system authoritative scientific voice on weather, climate and water.	Stand 94 / Both weeks
<b>World Resources Institute (WRI)</b> Ms. Raquel Gonzalez rgonzalez@wri.org +1 202 7297847	WRI is an environmental think tank that goes beyond research to find practical ways to protect the earth and improve people's lives. WRI will present its latest research, tools and publications.	Stand 57 / Both weeks
<b>World Wind Energy Association (WWEA)</b> Mr. Stefan Gsänger sg@wwindea.org +49 228 3694080	The International Renewable Energy Alliance (International Geothermal Association, International Hydropower Association, International Solar Energy Society, World Bioenergy Association, World Wind Energy Association) will show information on various aspects of renewable energy utilisation worldwide.	Stand 34 / Both weeks
<b>Wuppertal Institute for Climate, Environment and Energy</b> Mr. Wolfgang Sterk wolfgang.sterk@wupperinst.org +49 202 2492149	The Wuppertal Institute provides information material on a wide range of issues such as equity considerations in the UNFCCC process and post-2012 policy options, the Kyoto mechanisms and the EU emissions trading scheme.	Stand 16 / Both weeks
<b>WWF (WWF)</b> Ms. Ashwini Prabha aprabha@wwfint.org +41 798741682	WWF will showcase research and information on climate policy relating to adaptation, REDD, finance and more. WWF Mexico will also exhibit various climate related projects in Latin America.	Stand 70 / Both weeks
<b>Xiamen University**</b> Ms. Hongxia Duan hxduan@xmu.edu.cn +86 592 2069620	The session will share the newest research results, achievements and good practices relating to China's low carbon development. It will provide audiences from across the world with a scientific view to understand China's climate issues and its efforts to the global solutions.	Stand 162 / 1 <sup>st</sup> week
<b>Yale University</b> Ms. Juliana Wang juliana.wang@yale.edu +1 203 4011541	The Yale Climate and Energy Institute (YCEI) showcases Yale's interdisciplinary research, teaching, and projects on climate and energy that integrate science and policy and promote campus sustainability.	Stand 188 / Both weeks

## Climate Change Publications Counter

Publications clearly attributed to a Party or an observer organization can be distributed and displayed at the Climate Change Publications Counter after approval. The counter is located at Cancunmesse (Hall C). Please provide a sample to the Side Events and Exhibits Coordination Office, located at Cancunmesse (Hall C). The counter cannot manage large volumes, but will assist in changing the range of documents. Organizers of Exhibits are requested to display and distribute documents at their Exhibit booths. Side Event advertisements and invitations can be posted on the notice boards located in both Cancunmesse and Moon Palace.

**Documents or announcements deposited elsewhere will be removed.**

Contact information  
Ms. Claudia Pena-Martin  
TEL: +521 998 241 38 73  
[see@unfccc.int](mailto:see@unfccc.int)

## Climate Change Studio

The Climate Change Studio is an exciting new initiative whereby selected Parties and observer organizations will have the opportunity to be interviewed by a professional journalist on their actions, solutions, observations on climate change. All interviews will be filmed, edited and broadcast on RTCC Climate Change TV, the world's first Internet broadcaster dedicated entirely to climate change issues. Interviews will be catalogued in a fully searchable database along side other interviews with world leaders, expert observers, decision makers and activists in the international climate change debate. The Climate Change Studio is located in the center of the Exhibition Area at Cancunmesse (Hall C).

Note: Interview preference will be given to those observer organizations that did not obtain a Side Event slot at COP 16/CMP 6, but others are also invited to apply. Once your application is accepted, the content of your interview will be discussed and there will be time to meet briefly with the journalist to fine-tune the interview before shooting.

The latest schedule of interviews at the Climate Change Studio can be viewed on the [UNFCCC website](#)

For more information, or to request an interview, please contact:

Mr. Vineet Topa  
TEL: +52 1 99 82 41 38 09  
[see@unfccc.int](mailto:see@unfccc.int)

## Climate Change Kiosk

The central point for information on climate change, the secretariat and its work is available at the Climate Change Kiosk, located in the center of the Exhibit Area at Cancunmesse (Hall C). Information material is available in hard copy and electronic form. All publications can be downloaded from the website <[unfccc.int](http://unfccc.int)>

Mr. Humphrey Asaah  
TEL: +521 998 241 40 09  
[hasaah@unfccc.int](mailto:hasaah@unfccc.int)

## Mexican Pavilion

This space will host events organized by federal Mexican bodies intended to show the relation between their work and Climate Change issues. Other entities will also have a participation in this pavilion.

The Mexican Pavilion is located at the Cancunmesse in Hall D centered between Cacao and Lobo rooms, in front of Delegation offices in the way to shuttles departure area. This space will include a room for 150 people and a lounge for video exhibition.

### Week 1

## Observer Organizations

### NGO constituencies

The nine major groups identified as stakeholders in Agenda 21, the comprehensive plan of action for the Rio Declaration, are recognized as constituencies in the UNFCCC negotiation process. Plenary interventions, time permitting, are made per constituency, and their focal points interact with the secretariat as channels of communication with large groups of constituents. These are: the business and industry non-governmental organizations (BINGO); the environmental non-governmental organizations (ENGO); the indigenous peoples organizations (IPO); the farmers non-governmental organizations (Farmers)\*; the local government and municipal authorities (LGMA); the research and independent non-governmental organizations (RINGO); the trade unions non-governmental organizations (TUNGO); the women and gender non-governmental organizations (Women and Gender)\* and the youth non-governmental organizations (YOUNGO)\*.

### Offices and contact information

BINGO, ENGO, Farmers\*, IPO, LGMA, RINGO, TUNGO\* and Women and Gender\* and YOUNGO\* constituencies have office located at Moon Palace (Chile, ground floor). BINGO and ENGO constituencies have dedicated meeting rooms (BINGO: Room Cacao, ENGO: Room Lobo) located at Cancunmesse (Hall D).

Constituency daily meetings are also announced in the Daily Programme and on the CCTV. For further information on the work of the constituencies and booking of the BINGO and ENGO meeting rooms, please contact:

#### BINGO

Mr. Carlos Busquets  
International Chamber of Commerce

YOUNGO*	08.30-10.30 a.m	Room Mamey, Cancunmesse

## Fossil of the Day

CAN International, Stand 176, Exhibit Area, Cancunmesse (Hall C)  
Time: Please consult the Daily Programme

## Traditional NGO Party

Details will be announced in the Daily Programme

## Room booking and logistics

### Meeting Room Assignment (MRA)

Room booking for a closed meeting is possible on site during the sessions, availability permitting. To book a meeting room, please complete the MRA form and submit to [meetingrequest@unfccc.int](mailto:meetingrequest@unfccc.int) or to the MRA counter at Cancunmesse for bookings rooms in Cancunmesse or the MRA counter at Moon Palace for booking rooms at Moon Palace.

The MRA form can be downloaded at the following link:  
[http://unfccc.int/files/logistics/application/msword/meetingroom\\_request\\_form.doc](http://unfccc.int/files/logistics/application/msword/meetingroom_request_form.doc)

Room assignment will be confirmed one evening before the meeting date. Rooms are booked free of charge for a maximum of one hour per organization per day. The rooms may have to be vacated at any time if the negotiation process so requires. ENGOs and BINGOs have dedicated meeting rooms managed by constituencies. Those who belong to ENGOs or BINGOs please contact the respective focal point on page 67.

### Consignment

For consignment collection please contact the shipment focal points at the Meeting Room Assignment Counter at Cancunmesse (Hall C).

Contact info:

Mr. Alexander Demissie  
TEL.: +521 998 241 37 56  
[ademissie@unfccc.int](mailto:ademissie@unfccc.int)

Ms. Sara Görg  
TEL.: +521 998 241 37 59  
[sgoerg@unfccc.int](mailto:sgoerg@unfccc.int)

### Catering

If you wish to order catering for your Side Event, please directly liaise with the official catering company at the following link: <http://www.inhouseservicescop16.com>. Please note that catering orders can only be received through this website up to 72 hours prior to your event. In order to avoid overlaps of catering at Side Events, catering services can only be arranged AFTER Side Events. It is the responsibility of the organizer to ensure that no food or beverages are taken inside the meeting rooms. If you have any further questions, please contact:

Ms. Ofelia Peniche  
[openiche@centrobanamex.com](mailto:openiche@centrobanamex.com)  
Cel.: +521 55 27 28 76 18

On-site staff at the "Inhouse Services" desk at Cancunmesse (Hall C) will also be able to assist you.

It is the responsibility of the organizer to ensure that Side Event rooms and their surrounding areas are left in an appropriate state for the next meeting.

**Food and drinks are not permitted in the side event rooms!**  
**Thank you for your cooperation.**

### Press briefings

Observer organizations may request press conferences of 30 minutes duration in the Press Conference Room Luna in the Azteca (Expo Centre) building at the Moon Palace. Alternatively, press conferences may be requested in the Press Conference Room Desierto in the Cancunmesse. Full webcast live and on-demand is provided in both rooms as is broadcast distribution to the International Broadcast Centre at the Nizuc Media Centre. Simultaneous interpretation in Spanish and English is provided by the host country, Mexico.

Should the schedules in both rooms permit, it is possible to establish a two way video connection between the two press conference rooms in order to reduce the need for those interested to move between the Moon Palace and Cancunmesse venues. For these events, time limits will be strictly enforced in order to prevent disruption to the schedules in both locations.

Further information is available at: <http://unfccc.int/press/items/4862.php>

For bookings please contact:  
[press@unfccc.int](mailto:press@unfccc.int)

## Notices

The conference venue is a non-smoking environment. Smokers are encouraged to enjoy the fresh air outside the conference venue.

Please do not change the layout of the meeting rooms. Your support is appreciated to keep the meeting rooms in an uncluttered and clean state for subsequent meetings. Food and drinks are not permitted in any of the meeting rooms.
