

Seminar of Governmental Experts

16-17 May 2005

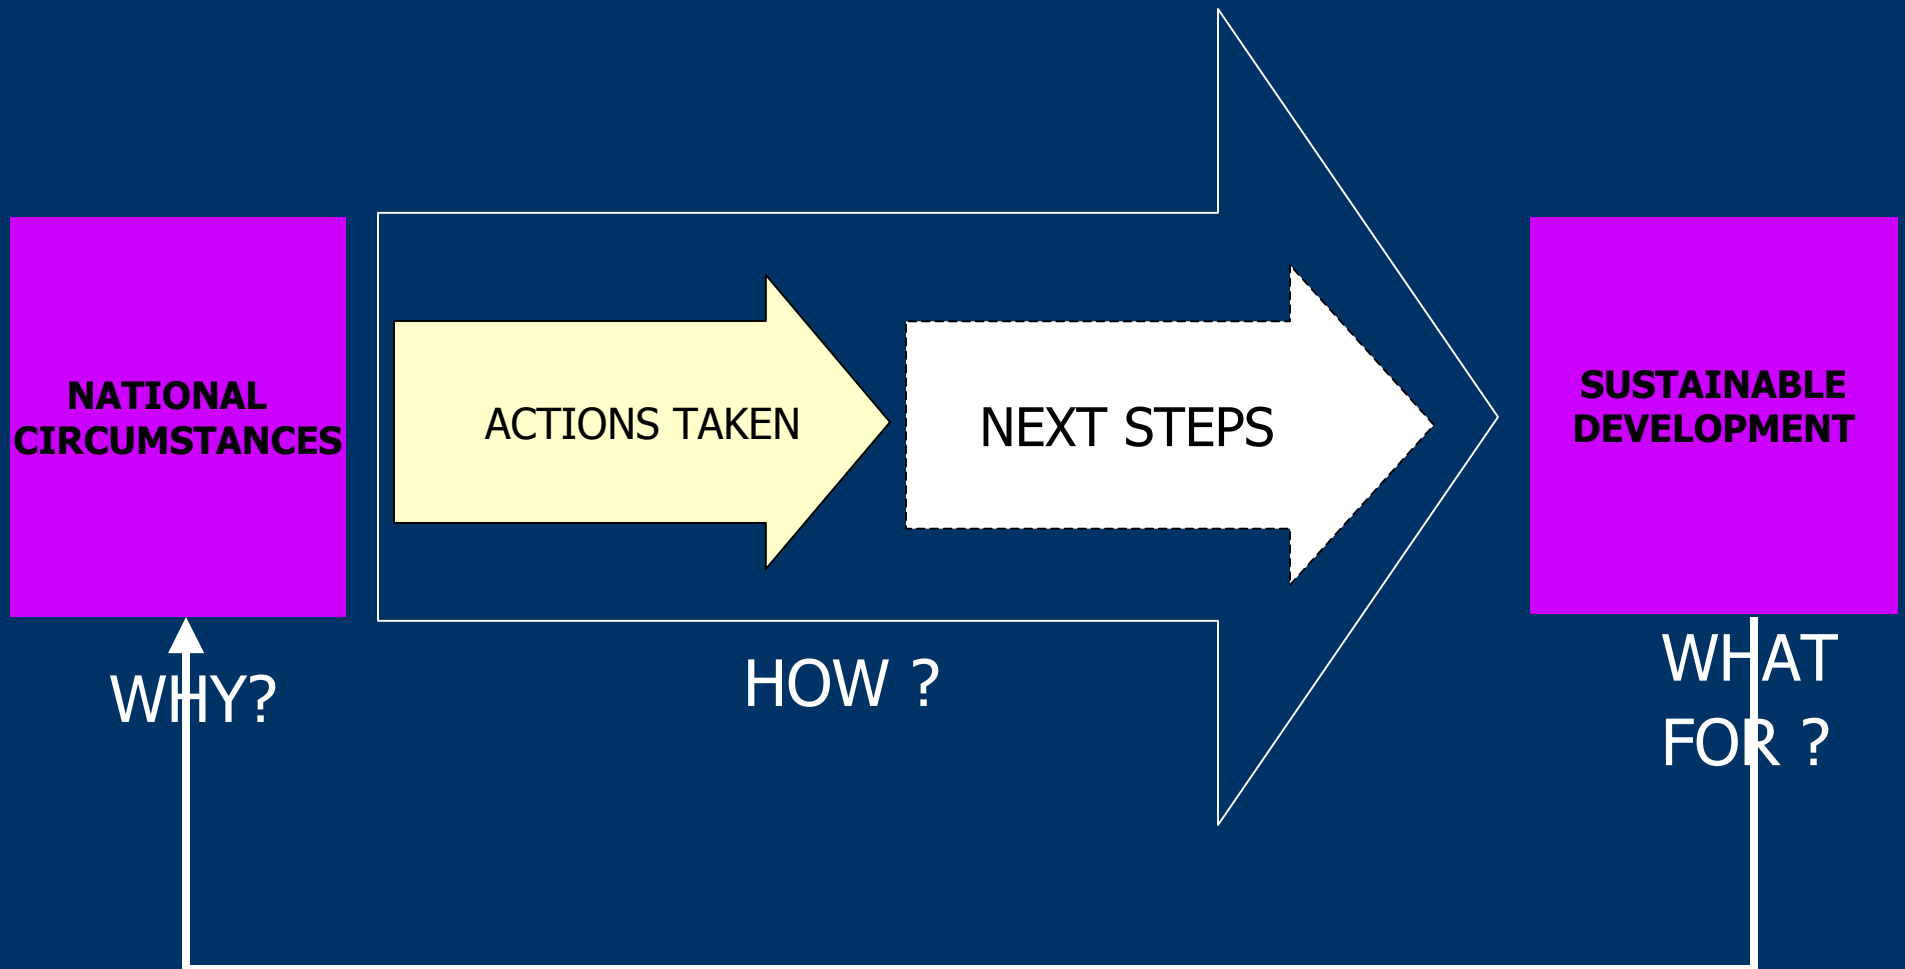

Maritim Hotel, Bonn

PERÚ

Our Approach

- ✓ Climate Change as a priority

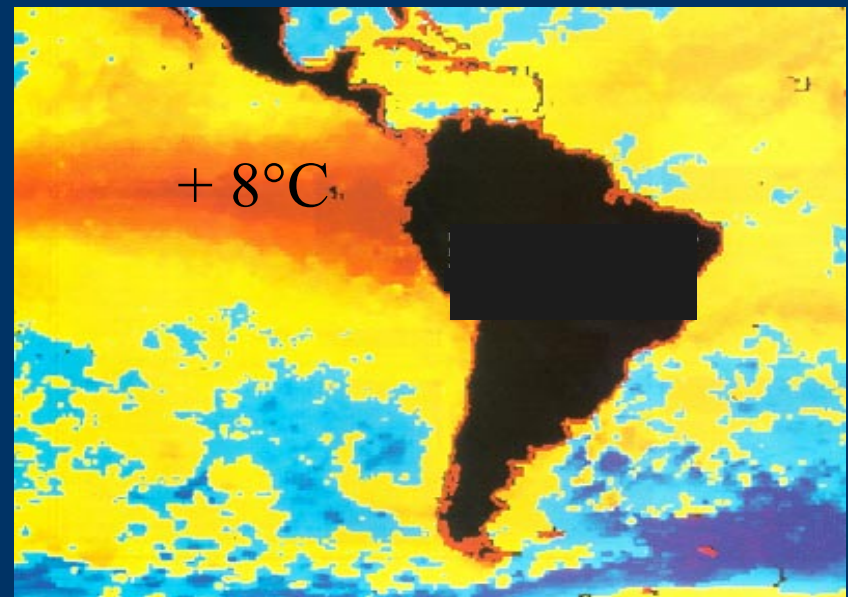

National Circumstances

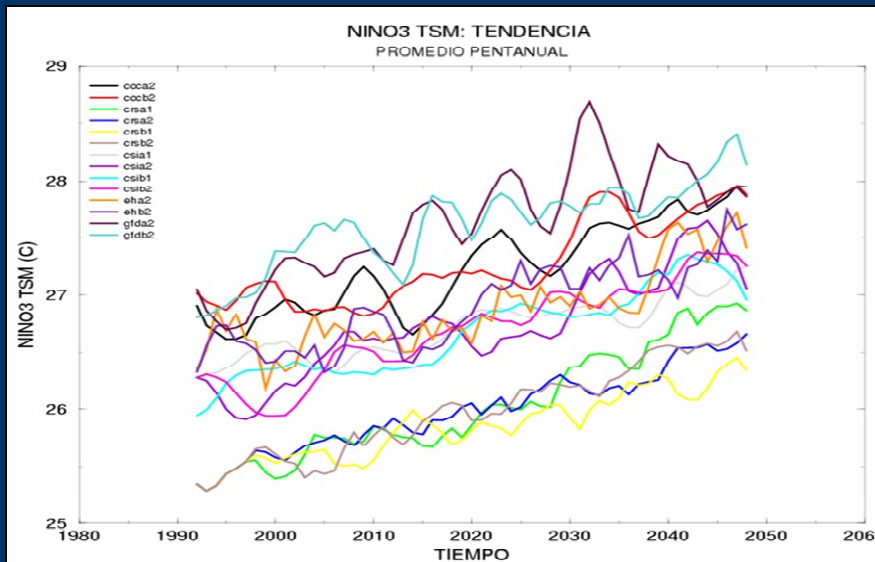

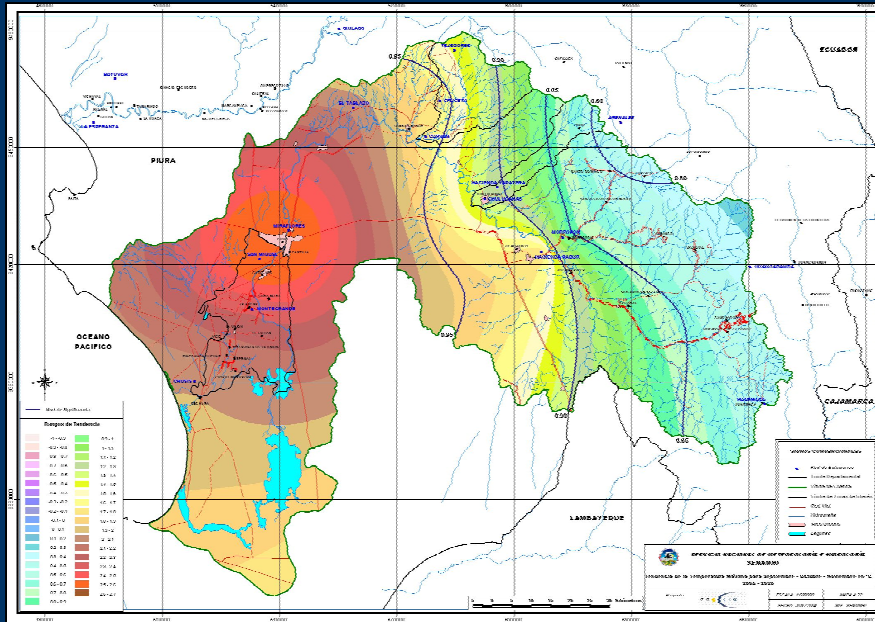

✘ Glacier retreat: 20%

✘ El Niño 97/98: 4.5% loss of GDP

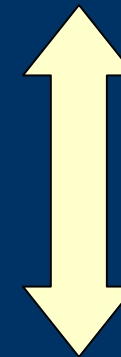

Actions taken (1)

✓ Info production and dissemination

Regional Authorities

Population

✓ Generating a demand and a capacity to respond

Actions taken (2)

**¿Y si dejara
de haber
mango?**

**EL CLIMA ESTA CAMBIANDO,
NOSOTROS TAMBIEN DEBERIAMOS.**

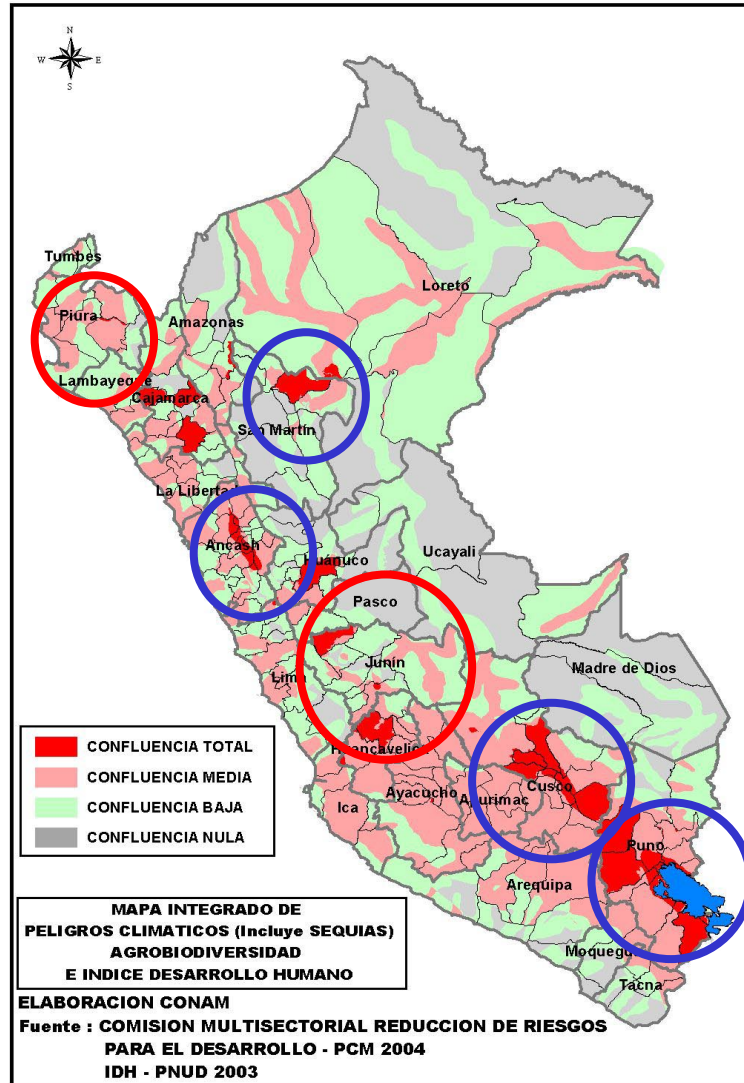

Infórmate en tu municipalidad

*What if there
were no mangos?*

Next steps: CC into development

Info and instruments:

- ✓ Policy Framework for Private and Public Investment
- ✓ Budget Allocation Model

National Gvmnt

Sector/Regional

Adaptation is local, but needs a global response

✓ From local experiences to international solutions

✓ Dissemination activities

✓ To whom? Identify critical actors

✓ What and how?

✓ Flexible and national priority

oriented funding

International
Community

National Gvmnt

El clima está cambiando.

¿Qué deberíamos hacer?

El clima cambia, Yo también!
