MESSAGE TO PARTIES

This message is being sent to Parties and observer States to the Convention and its Kyoto Protocol. It is addressed to their National Focal Points for Climate Change, with copies to their diplomatic missions accredited to the Federal Republic of Germany. For those Parties that have not yet identified National Focal Points, the message is being sent to their diplomatic missions accredited to the Federal Republic of Germany; for those Parties not accredited to the Federal Republic of Germany, it is being sent to the Permanent Missions in New York or Ministries of Foreign Affairs, as appropriate. The communication is also copied to the Permanent Missions to the United Nations in Geneva.

This note has been prepared as a reference tool for Parties, in order to facilitate early submission of information and views requested by the COP, COP/MOP and subsidiary bodies. A chronological summary table for all upcoming deadlines is attached. Where the reports of the sessions are not yet available, the table includes references to the appropriate in-session documents.

In order for the documents to be produced in a timely manner for the next sessions and to facilitate preparations for upcoming workshops, it is important that the submissions reach the secretariat on time. Electronic submissions, either on diskette/CD-ROM or via electronic mail, will facilitate the timely production of documents. E-mail submissions should be sent to secretariat@unfccc.int; receipt will be acknowledged. Submissions formatted in MS Word 2000 are preferable but other software formats are also welcome. Where non-electronic submissions are provided, more time is needed to produce the document.

As submissions are compiled on an issue-by-issue basis, Parties are requested to identify each submission by its subject and mandate and, if possible, to send it as a separate document.

Yours sincerely,
