

Tuesday, December 9

Pavilion: Peru

12:00 – 13:30: *How shall we implement local contributions and adaptation goals? The Peruvian model.*

Speakers: Ministry of Environment, Mexico Secretariat of Foreign Affairs, Department of Environmental Affairs - South Africa, MMA-Chile, Ministry of Foreign Affairs - Mexico, AFD-France, MAPs Programme.

The experience of Peru in the process of actualization of the Climate Change National Strategy express the necessity to incorporate the condition of climate change in the process of development, taking in consideration the vision of sustainability and a development low in carbon emissions, which could be reflected in policies, programs, plans, projects at the public (national and subnational level) and private sector, and civil society. The event will include an International Expert Panel on institutionalization of Climate Change Management. The event is aimed at the delegations of the countries party to the COP20 and the Authorities of the Peruvian public sector.
