

AWG-KP 13/AWG-LCA 11

Side Events schedule

Monday, 2 August to Friday, 6 August 2010

Time/Room	Organizer	Title / Theme
Monday, 02 August 13:00–14:30 Solar (MoE)	Third World Network (TWN) Ms. Yvonne Miller twngeneva@bluewin.ch +41 22 9083550	Towards a science-based and equitable outcome in Cancun The event will provide perspectives from civil society and developing country negotiators on their analysis of the latest AWG-LCA text; what needs to happen in the AWG-KP track and what key proposals need to be advanced to enable an outcome which is both science-based and equitable for developing countries.
Monday, 02 August 13:00–14:30 Wind (MoE)	United Nations University (UNU) Ms. Koko Warner warner@ehs.unu.edu +49 228 8150226	Migration and displacement: policy options for Para 4(f) in the AWG-LCA text (UNU and partners) Experts and delegates discuss options for human migration and displacement in context of adaptation and vulnerability reduction. Reference to para 4(f) of the AWG-LCA text. Parties reflect on regions of concern, experts discuss findings on current and potential migration processes, governance, and adaptation.
Monday, 02 August 13:00–14:30 Water (FIDMED)	Climate Action Network Canada (CAN-Rac) Mr. Chris Henschel chenschel@cpaws.org +1 613 2655380	Close the LULUCF loopholes! Climate Action Network will present a clear solution that could be agreed to at this session to close the emission loopholes in LULUCF.
Monday, 02 August 13:00–14:30 Air (FIDMED)	CANCELLED by the organizer Japan Mr. Tomohiro Shimada climate.focal.point@mofa.go.jp +81 3 55018493	CANCELLED by the organizer Japan's policy on climate change Progress of MRV in Asia-Pacific region, International cooperation of promotion on energy efficiency, etc.
Monday, 02 August 13:00–14:30 Koch (Hotel Maritim)	Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC) Ms. Tshering Sherpa tsherpa@unfccc.int +49 228 8151620	Presentation of recently submitted non-Annex I second national communications Up to four non-Annex I Parties will give presentation on their experience with preparation of their second national communications, highlighting key findings, gaps and constraints in methodologies, lessons learnt and recommendations for preparation of third national communications.
Tuesday, 03 August 13:00–14:30 Air (FIDMED)	Tebtebba Foundation Mr. Raymond de Chavez raymond@tebtebba.org +63 74 4447703	Learnings of indigenous peoples on traditional forest management and REDD plus Indigenous peoples' representatives from Africa, Asia and Latin America will share their communities' experiences on how they are preparing for REDD+ by using and strengthening their traditional forest management practices.

Time/Room	Organizer	Title / Theme
<p>Tuesday, 03 August 13:00–14:30 Water (FIDMED)</p>	<p>Overseas Environmental Cooperation Center, Japan (OECC) Mr. Satoshi Iemoto iemoto@oecc.or.jp +81 3 54720144</p>	<p>Cooperative drawing of a NAMAs/MRV technical framework The 19th Asia-Pacific Seminar on Climate Change was organized in Japan on 20-22 July, 2010. Experts of climate change had informative exposition about National Appropriate Mitigation Actions (NAMAs)/Measurable, Reportable and Verifiable (MRV) from a technical perspective.</p>
<p>Tuesday, 03 August 13:00–14:30 Solar (MoE)</p>	<p>United Nations Development Programme (UNDP) Ms. Veronique Lozano veronique.lozano@undp.org +1 212 9065724</p>	<p>Capacity building and climate change: experiences and lessons learned This event will focus on practical experiences and lessons from implementing capacity building activities at global and national levels. Panelists will address challenges and opportunities for assessing impacts, developing indicators for measurement and ensuring sustainability of efforts.</p>
<p>Tuesday, 03 August 18:00–19:30 Solar (MoE)</p>	<p>CANCELLED by the organizer climatepolicy.net e.V. Mr. Niklas Hoehne n.hoehne@ecofys.com +49 162 1013420</p>	<p>CANCELLED by the organizer Climate Action Tracker – on a path towards 2°C or lower? Ecofys, Climate Analytics and PIK will present their latest results of the Climate Action Tracker (www.climateactiontracker.org), which monitors emission reduction pledges of all countries and their adequacy to limit global temperature increase to 2°C or lower.</p>
<p>Tuesday, 03 August 18:00–19:30 Wind (MoE)</p>	<p>ClimateNet Mr. Axel Michaelowa michaelowa@perspectives.cc +41 44 8204208</p>	<p>Preventing paper tigers - identifying and overcoming barriers for low carbon development strategies LCDS are a cornerstone of the post-2012 regime. Many countries have submitted ambitious strategies but how can they be realized? Case studies from advanced developing countries will be presented, focusing on use of industrialized country finance and political acumen required to remove barriers.</p>
<p>Tuesday, 03 August 18:00–19:30 Air (FIDMED)</p>	<p>Wetlands International Ms. Susanna Tol susanna.tol@wetlands.org +31 318 660933</p>	<p>Challenges and perspectives of wetland management This session presents the challenges of monitoring and accounting for the activity wetlands management under the Kyoto Protocol as well as the economic perspectives of wetland restoration. The event is illustrated by examples of wetland restoration projects.</p>
<p>Tuesday, 03 August 18:00–19:30 Water (FIDMED)</p>	<p>CANCELLED by the organizer International Air Transport Association (IATA) Mr. Haldane Dodd doddh@atag.org +41 22 7702981</p>	<p>CANCELLED by the organizer Aviation bunker fuels The global aviation industry has agreed on a common set of targets for reducing emissions from bunker fuels. Join a discussion with industry representatives on how these targets can be achieved, with an update of information from the industry ahead of the ICAO General Assembly 2010.</p>
<p>Tuesday, 03 August 18:00–19:30 Koch (Hotel Maritim)</p>	<p>Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC) Mr. Marcelo Jordan mjordan@unfccc.int +49 228 151145</p>	<p>Climate Finance Portal Presentations by UNFCCC secretariat and World Bank/UNDP on progress in development of tools to provide comprehensive information on climate finance that can be used to support the intergovernmental process and provide guidance on financial options available for climate action in developing countries.</p>

Time/Room	Organizer	Title / Theme
<p>Wednesday, 04 August 13:00–14:30 Wind (MoE)</p>	<p>CANCELLED by the organizer</p> <p>Ukraine Ms. Natalie Kushko ukraine-side-event@mail.ru +380 50 3761069</p>	<p>CANCELLED by the organizer</p> <p>The surplus AAUs: status and way forward International experts and government representatives will discuss the status and projections on carry-over of AAUs and present the current initiatives on the implementation of Green Investment Schemes (GIS).</p>
<p>Wednesday, 04 August 13:00–14:30 Solar (MoE)</p>	<p>Climate Action Network International (CAN International) Mr. David Turnbull dturnbull@climatenetwork.org +1 202 6216309</p>	<p>Climate Action Network - International Climate Action Network - International presents its views on closing the gap between the science and ambition, with a view towards Cancun.</p>
<p>Wednesday, 04 August 13:00–14:30 Air (FIDMED)</p>	<p>World Resources Institute (WRI) Ms. Raquel Gonzalez rgonzalez@wri.org +1 202 7297847</p>	<p>Meeting in the middle: reconciling top down and bottom up approaches to MRV WRI will explore ways to engage policy-makers (“top-down”) as well as the private sector and civil society (“bottom-up”) in national stakeholder groups to understand national needs and inform the design of national systems.</p>
<p>Wednesday, 04 August 18:00–19:30 Metro (MoT)</p>	<p>Energy Research Centre of the Netherlands (ECN) Ms. Heleen de Coninck deconinck@ecn.nl +31 20 564316</p>	<p>Low emission development strategies: a reality check Low emission development strategies (LEDS) can be a valuable approach for countries to align their climate and development agendas, but remain an abstract concept. In this Side Event, we focus on what LEDSDs can and cannot achieve and what would be a sensible approach for making it more concrete.</p>
<p>Wednesday, 04 August 18:00–19:30 Wind (MoE)</p>	<p>Munich Climate Insurance Initiative (MCII) Ms. Koko Warner warner@ehs.unu.edu +49 228 8150226</p>	<p>Climate risk management and insurance: Design options for paragraphs 4e and 8 of AWG-LCA draft text Explores Party questions on climate risk management and insurance for adaptation, with reference to paragraphs 4e and 8 of the AWG-LCA draft text. Delegates and experts discuss options for institutional arrangements and implementation strategies to help vulnerable countries and people. Features new MCII policy brief.</p>
<p>Wednesday, 04 August 18:00–19:30 Solar (MoE)</p>	<p>International Chamber of Commerce (ICC) Mr. Carlos Busquets carlos.busquets@iccwbo.org +33 1 49532916</p>	<p>ICC Side Event on technology The availability of options to address climate change will depend on the development and widespread dissemination of existing and new technologies. This event will explore vital enabling frameworks needed for business to successfully develop and deploy technology to combat climate change.</p>
<p>Wednesday, 04 August 18:00–19:30 Air (FIDMED)</p>	<p>Stakeholder Forum for a Sustainable Future Ms. Hannah Stoddart hstoddart@stakeholderforum.org +44 207 5806912</p>	<p>Water and climate - Where next for UNFCCC? The Water and Climate Coalition will present proposals on how water and climate can be integrated under the UNFCCC, with a focus on the LCA ‘Adaptation Framework’, the review of the Nairobi Work Programme, and the review of the Adaptation Fund. The event will promote dialogue on the way forward.</p>

Time/Room	Organizer	Title / Theme
Thursday, 05 August 13:00–14:30 Solar (MoE)	ICLEI-Local Governments for Sustainability (ICLEI) Mr. Yunus Arikan yunus.arikan@iclei.org +49 228 97629920	Local government climate agenda towards COP16 and beyond Local Government Climate Roadmap from Bali to Copenhagen resulted in enhanced local-national-international dialogues and collaborations. Cities, local governments and negotiators will share their efforts to raise this momentum, including 21 November 2010 Mexico City World Climate Summit of Mayors.
Thursday, 05 August 13:00–14:30 Wind (MoE)	SustainUS Mr. Kyle Gracey kylegracey@sustainus.org +1 814 6592405	Earth Summit 2012: how it can help with a global climate deal Earth Summit 2012 or Rio+20 will be a forum for leaders to sign an ambitious post-2012 climate agreement and demonstrate actions for low carbon sustainable development. The Summit will address the underlying drivers of climate change and stimulate discussion on integration of the 3 Rio Conventions.
Thursday, 05 August 13:00–14:30 Water (FIDMED)	International Federation of Organic Agriculture Movements (IFOAM) Mr. Robert Jordan r.jordan@ifoam.org +49 228 9265019	Agriculture - people before commodities (including carbon) 1 billion people are already hungry due to dysfunctional policies. UNFCCC must not accelerate the problem. Featuring the groundbreaking IAASTD report the event will call for policies that support not weaken the small farmers who produce 70% of our food and gather learnings for agriculture from REDD.
Thursday, 05 August 13:00–14:30 Air (FIDMED)	World Business Council for Sustainable Development (WBCSD) Ms. Estelle Geisinger Geisinger@wbcSD.org +41 22 8393191	Addressing the urgency and need for action: a business perspective Mitigation and adaptation actions will require technology solutions from the private sector. Private sector finance will be instrumental in realizing investments into clean energy technologies. How can business better support the international process to achieve our global goals?
Thursday, 05 August 18:00–19:30 Air (FIDMED)	BirdLife International (BL) Mr. John Lanchbery john.lanchbery@rspb.org.uk +44 1767 680551	BirdLife work on forests and ecosystem adaptation The BirdLife Partnership has a host of projects that aim to conserve forests and other ecosystems throughout the World. The side event describes some of these, highlighting the necessity for working closely with local and indigenous peoples.
Thursday, 05 August 18:00–19:30 Metro (MoT)	Finnish Institute of International Affairs (UPI-FIIA) Mr. Andrew Jones andrew.jones@upi-fia.fi +358 206 111734	Beyond AAUs: climate finance opportunities within the EU A panel of international experts will look into new venues and opportunities for green investment in the new EU member states, including domestic offsets and possibilities for continuing existing frameworks of Green Investment Schemes (GIS) after 2012 without the use of AAUs.
Thursday, 05 August 18:00–19:30 Wind (MoE)	Germany Ms. Ulrike Wachsmann ulrike.wachsmann@uba.de +49 340 21032951	Decarbonising the EU power sector by 2050 - possibilities and critical preconditions The event will focus on presenting the possibilities for a major shift towards renewable energies in Germany and the EU and on the benefits that can be reaped by working together within the EU and beyond.

Time/Room	Organizer	Title / Theme
Thursday, 05 August 18:00–19:30 Water (FIDMED)	International Maritime Organization (IMO) Ms. Lucy Essuman lessuman@imo.org +44 207 4634210	IMO works on control of GHG emission from international shipping IMO will present the progress made on mandatory technical and operational reduction measures expected to enter into force globally in 2013. Also the work on market-based measures to complement the technical/operational, their reduction potential and possible generation of funds, will be presented.
Thursday, 05 August 18:00–19:30 Solar (MoE)	United Nations Environment Programme (UNEP) Ms. Julie Greenwalt julie.greenwalt@unep.org +254 725 528175	Investing in good governance for REDD+: seeking common ground Convened by UN-REDD, this event will take stock of specific governance elements necessary for the success of REDD+ and facilitate a dialogue about country ownership for REDD+ governance, and the distinction and linkages between the monitoring of governance at the domestic and international levels.
Friday, 06 August 13:00–14:30 Solar (MoE)	European Union Ms. Agnieszka Cyndecka agnieszka.cyndecka@ec.europa.eu +32 229 67240	Analysing options to move beyond 20% greenhouse gas emission reductions in the EU Presentation of the European Commission's analysis of options to move beyond 20% greenhouse gas reductions in the EU and an assessment of the risk of carbon leakage taking into account recent developments such as the economic crisis and targets and actions pledged under the Copenhagen Accord.
Friday, 06 August 13:00–14:30 Water (FIDMED)	Global Witness Limited Mr. Davyth Stewart davyth@gmail.com +44 7879 764643	Reviewing UNFCCC definition of "forest" Ecosystems Climate Alliance reviews definitions of "forest" and "forests in exhaustion". Existing and proposed definitions would undermine REDD and create perverse incentives to convert natural forest/peatsoils to plantations, resulting in significant biodiversity loss.
Friday, 06 August 13:00–14:30 Wind (MoE)	ECONEXUS Ms. Helena Paul h.paul@econexus.info +44 207 4314357	Agriculture, soil and carbon markets Should agriculture and soils be included in REDD, CDM and carbon markets? Presentations discuss who is likely to gain or lose - indigenous peoples and small farmers or industrial monocultures and plantations? GM crops, agrofuels and biochar or sustainable food production and biodiversity?
