Survey on conference services

The UNFCCC process receives its conference services from the regular budget of the United Nations. This covers the costs of translation and distribution of documentation, in-session interpretation and in-session meetings support and document reproduction. Thanks to this arrangement, the UNFCCC secretariat enjoys a fruitful cooperation with the Conference Services Division of the United Nations Office at Geneva (UNOG).

Information
desk

and

Documents
counter

In pursuance of reform efforts aimed at monitoring and improving the quality of conference services, the Department of General Assembly Affairs and Conference Management at the United Nations was mandated by the General Assembly to carry out a client satisfaction survey. Our UNOG colleagues have been entrusted to conduct this survey with participants attending meetings held in and outside Geneva.

The UNFCCC secretariat is seeking comments on the quality of services provided and invites you to complete the questionnaire. All responses are anonymous, unless you wish to provide your name or the name of the country or organization you represent. The survey can be found at the Information desk and the Documents counter. Boxes for depositing the completed survey can be found at the same locations.
