**SUBSIDIARY BODY FOR IMPLEMENTATION**

**Twenty-second session**

**Bonn, 20–27 May 2005**

**Item 7 (a) of the provisional agenda**

**Administrative and financial matters**

**Budget performance for the biennium 2004–2005**

**Status of contributions as at 30 April 2005**

**Note by the secretariat**

1. This document contains information on the status of receipt of contributions to the United Nations Framework Convention on Climate Change (UNFCCC) trust funds as at 30 April 2005. For purposes of clarity the status of contributions to the Kyoto Protocol Interim Allocation is reported separately to the status of contributions to the Convention.
2. Table 1 lists all 189 Parties to the Convention and shows the expected and received contributions during 2005 and the net outstanding balances due to the Trust Fund for the Core Budget.
3. Table 2 lists Parties in 11 groups according to their status of contributions paid to the core budget for the Convention.
4. Table 3 shows the status of the indicative contributions for 2005 to the Kyoto Protocol Interim Allocation. Contributions are due on the date of the entry into force of the Kyoto Protocol for each Party. Parties may notice that in some cases the indicative contributions shown in this document differ from the notification of contributions of 18 November 2004. This is partly because, since the entry into force of the Kyoto Protocol on 16 February 2005, the number of Parties to the Kyoto Protocol has increased from 131 to 150, and partly due to adjusting the percentage to reflect the latest United Nations scale of assessment. The contributions for 2005 will be adjusted to ensure that the pro-rated budgeted amount of USD 4,773,819 for 2005 will not be exceeded and will be distributed among Parties according to their date of entry into force and the United Nations scale of assessment. Any difference arising from the adjustment will be reflected in the notification of contributions for 2006.
5. Tables 4 and 5 report on contributions received in the biennium 2004–2005 for the Trust Fund for Participation in the UNFCCC Process and the Trust Fund for Supplementary Activities, respectively.
6. Parties are requested to bring to the attention of the secretariat any errors or omissions in the information presented.

<sup>b</sup> The secretariat has taken note of the position of the United States of America that its contribution to the core budget for the 2004–2005 biennium will be at the level of the UNFCCC indicative scale for the United States of America, minus its proportionate share of the preparatory activities relating to the entry into force of the Kyoto Protocol, as stated in FCCC/SBI/2003/15.
