**CONFERENCE OF THE PARTIES SERVING AS THE
MEETING OF THE PARTIES TO THE KYOTO PROTOCOL**
Third session
Bali, 3–14 December 2007

Agenda item 12
Capacity-building under the Kyoto Protocol

Capacity-building under the Kyoto Protocol

Draft conclusions proposed by the President

1. The Conference of the Parties serving as the meeting of the Parties (CMP) welcomed the synthesis report¹ on the implementation of the framework for capacity-building in developing countries contained in the annex to decision 2/CP.7 (the capacity-building framework), and took note of the range of capacity-building activities being carried out by Parties.
2. The CMP welcomed the information from Parties and relevant organizations² on the implementation of the capacity-building framework submitted in accordance with decision 6/CMP.2, paragraph 1.
3. The CMP took note of the work on approaches to monitoring and evaluation in the context of the capacity-building framework under the Convention and agreed that it is also relevant for capacity-building under the Kyoto Protocol. The CMP recognized that further work is needed to identify monitoring and evaluation approaches relevant at the national and global levels, and invited Parties to submit to the secretariat, by 15 August 2008, information on their experiences with monitoring and evaluation at the national level, for consideration by the Subsidiary Body for Implementation (SBI) at its twenty-ninth session (December 2008). It also requested the secretariat to prepare a technical paper containing approaches to monitoring and evaluation at different levels, taking into account the presentations given at the expert workshop on monitoring and evaluation held in St. John's, Antigua and Barbuda, from 5 to 6 November 2007,³ the submissions from Parties mentioned above and other relevant information, for consideration by the SBI at its twenty-ninth session.
4. The CMP agreed that the technical paper referred to in paragraph 3 above should be presented jointly with the technical paper referred to in document FCCC/CP/2007/L.5, paragraph 5.

¹ FCCC/SBI/2007/25.

² FCCC/SBI/2007/MISC.8 and Add.1.

³ <<http://www.unfccc.int/4080.php>>.

5. The CMP reiterated its request⁴ to Parties to continue with measures to assist Parties not included in Annex I to the Convention, in particular least developed countries and small island developing States, and bearing in mind the difficulties of Africa to attract clean development mechanism (CDM) projects, to carry out capacity-building activities as defined in decision 29/CMP.1, in order to facilitate their participation in the CDM.

6. The CMP highlighted the important role of initiatives such as the Nairobi Framework,⁵ and other multilateral and bilateral activities, in supporting concrete capacity-building activities on the ground and in facilitating broader participation of Parties in the CDM.
