Special announcements

Vacancies at the UNFCCC secretariat

Conference participants are encouraged to bring to the attention of qualified individuals in their countries/organizations the link to the employment page of the secretariat website:

<http://unfccc.int/secretariat/employment/recruitment>

Four professional positions are currently advertised.

During the first half of 2010 we are expecting to advertise a number of vacancies ranging from entry level to senior management.

The secretariat is committed to ensuring equitable gender balance and geographical distribution among its staff. To this end, we would like to especially encourage qualified women candidates and candidates from developing countries to apply for vacancies.

Availability of meeting rooms

The demand for meeting rooms is expected to exceed the capacity of the conference premises and priority will be given to meetings directly associated with the negotiating process. The secretariat appreciates participants' understanding in this connection. Meetings will therefore only be confirmed at the earliest one day prior to the requested meeting taking place.

Use of audio/video recording devices by participants at UNFCCC sessions

The making of audio and video recordings, including any external transmission, by Party or observer organization delegations during open and closed official meetings and in designated security zones is not permitted. The secretariat provides audio recordings of official meetings, as required by Parties. Webcasts are provided for open plenary meetings.

"TelePresence" video conferencing service

Four "TelePresence" suites are available for use by participants to COP 15 at no cost. Using these TelePresence suites in the conference venue it will be possible to connect virtually and in real time with 77 Cisco TelePresence rooms around the world and with 23 Danish embassies. The COP 15 TelePresence meeting facilities are located in Hall B across from the Meeting Room Assignment Counter and can be booked through the counter.

Read more about the COP 15 TelePresence service and the Global Climate Change Meeting Platform at:

<http://en.cop15.dk/about+cop15/going+to+cop15/virtual+conferencing+at+cop15>.
