**SUBSIDIARY BODY FOR SCIENTIFIC AND TECHNOLOGICAL ADVICE**

**Thirtieth session**

**Bonn, 1–10 June 2009**

**Agenda item 10**

**Cooperation with relevant international organizations**

## **Cooperation with relevant international organizations**

### **Draft conclusions proposed by the Chair**

1. The Subsidiary Body for Scientific and Technological Advice (SBSTA) noted the statement by the Executive Secretary on cooperative activities and efforts by United Nations entities and intergovernmental organizations to address climate change and to contribute to the work of the Convention. These include activities undertaken under the Joint Liaison Group between the Convention on Biological Diversity (CBD), the United Nations Convention to Combat Desertification and the United Nations Framework Convention on Climate Change.
2. The SBSTA also noted the statements by representatives of the secretariat for the Vienna Convention for the Protection of the Ozone Layer and its Montreal Protocol on Substances that Deplete the Ozone Layer (the Ozone secretariat), the CBD and the Intergovernmental Panel on Climate Change on their activities and efforts to address climate change and on their contributions to the work of the Convention.
3. With reference to the information provided by the Executive Secretary, the SBSTA requested the secretariat to prepare, before sessions at which that agenda item is taken up, an information paper summarizing relevant cooperative activities, to enable Parties to comment on this information, as appropriate.
