SUBSIDIARY BODY FOR SCIENTIFIC AND TECHNOLOGICAL ADVICE

Thirty-second session

Bonn, 31 May to 9 June 2010

Agenda item 9

Scientific, technical and socio-economic aspects of mitigation of climate change

Scientific, technical and socio-economic aspects of mitigation of climate change

Draft conclusions proposed by the Chair

The Subsidiary Body for Scientific and Technological Advice (SBSTA) noted that its past work under this agenda item, including the organization of in-session workshops, had provided for a useful initial sharing of experiences and exchange of information on a wide range of issues relating to mitigation actions and opportunities in various sectors. It requested the secretariat to prepare a synthesis report on the work already undertaken under this agenda item and to make it available to the SBSTA for consideration at its thirty-third session.
