UNFCCC Documents Questionnaire

The UNFCCC secretariat has launched a review of its official documents in order to enhance their readability and user-friendliness. As part of this review, the secretariat has prepared a brief questionnaire, which is distributed with today's Daily Programme, to gather the views of the readers of the documents. We believe that these insights will be extremely valuable in understanding how these documents could be improved and would be grateful if as many delegates as possible could complete the questionnaire and return it to the Documents Distribution counter. Please be assured that all responses will be kept confidential.

Vacancies at the UNFCCC secretariat

Conference participants are encouraged to bring to the attention of qualified individuals in their countries/organizations the link to the employment page of the secretariat website:

<<http://unfccc.int/secretariat/employment/recruitment>>

Three professional positions are currently advertised. A number of further vacancies ranging from entry level to management level are expected to be advertised during the remaining months of 2011.
