<sup>2</sup> Additional information on the Round table is available at < <http://unfccc.int/meetings/6956.php> >

<sup>3</sup> Due to space constraints, NGO access to the ADP roundtables is limited to those with secondary badges. In accordance with the [policy](#) on limited access meetings, the secondary badges are distributed to the constituency focal points. For further information, please contact your constituency focal point. Please also note that NGO participants without a secondary badge for the ADP roundtables may access the meeting via the viewing gallery, upstairs to the left of the main entrance door, with a small number of seats, on a first-come, first-served basis. Signage is provided near the main entrance door.

## **PaperSmart services at COP 18/CMP 8**

The UNFCCC secretariat is committed to enhancing the environmental sustainability of its operations and of UNFCCC conferences and meetings. The reduction of paper usage is one step in this direction. In order to achieve this goal for COP 18/CMP 8 and beyond, and to enhance the electronic availability of documentation and other information, the secretariat has partnered with the United Nations Integrated Sustainable PaperSmart Services (ISPS) secretariat. In the words of ISPS, PaperSmart is “not a fight against paper, more a war against waste”. Although it is too early to say the “war” has been won, initial results are very encouraging. An estimated 19 million sheets of paper were saved at the Rio+20 conference. In addition, through initial steps at the UNFCCC May sessions in Bonn, paper usage was reduced by 50 per cent in comparison with the same event in 2011.

### **Distribution of documents**

The traditional ‘documents counter’ will be replaced at COP 18/CMP 8 in Doha, Qatar, by the next-generation equivalent. Documents will be distributed in two ways:

- **Electronically** to computers and other mobile devices for viewing and downloading via the ISPS portal (<PaperSmart.un.org>). Documents will also continue to be made available as usual on the UNFCCC website.
- **Via eight ISPS desks** throughout the conference centre where assistance with downloading electronic documents will be available. USB disks, on which documents may be downloaded, will be provided on request at the ISPS desks. Hard-copy versions of documents may also be collected at the desks (and can be ordered in advance electronically in limited numbers via the ISPS portal or at the desks).

The service will encompass all pre-session and in-session documentation, including all language versions, as well as an improved Daily Programme, and national statements. A log-in code, which will be provided to registered participants, will be used to access documents via the ISPS portal.

Participants are encouraged to carry their laptops or mobile devices so as to make maximum use of electronic versions of documents. In this context, ways to enhance access to recharging facilities are being investigated.

While this new, more sustainable, mode of work is being introduced, every effort will be made to ensure the smooth progress of the sessions. Special attention will be paid to ensuring that key documents for adoption at the conclusion of the sessions are available to delegates for consideration.

### **Distribution of statements**

PaperSmart services also encompass the distribution through the ISPS portal of national statements delivered during the high-level segment, and other statements as appropriate. Delegations should e-mail a copy of the statement to <PaperSmart@un.org> or submit a hard copy to the ISPS desk in the plenary hall.

### **For more information**

Please consult the PaperSmart website <PaperSmart.un.org> or e-mail questions to <PaperSmart@un.org>. Further information will also be made available on the UNFCCC website before COP 18/CMP 8.
