1. A welcoming event will be held on the morning of Monday, 11 November 2013 to mark the opening of the United Nations Climate Change Conference in Warsaw, Poland.
2. The President of the Conference of the Parties (COP) at its eighteenth session will open COP 19. The COP will take up item 1 of the provisional agenda, as well as some procedural matters under item 2, including the election of the President of COP 19, who will also serve as the President of the Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol (CMP) at its ninth session, the adoption of the agenda and the organization of work. Statements are not envisaged, except those on behalf of groups. The COP will refer items of its agenda to the subsidiary bodies, as appropriate. The opening meeting will then be adjourned.
3. CMP 9 will then be opened. The CMP will take up item 1 of its provisional agenda, as well as some procedural matters under item 2, including the adoption of the agenda and the organization of work. Statements are not envisaged, except those on behalf of groups. The CMP will refer items of its agenda to the subsidiary bodies, as appropriate. The opening meeting will then be adjourned.
4. The following sessions of the subsidiary bodies have been scheduled in conjunction with COP 19 and CMP 9:
 - (a) Thirty-ninth session of the Subsidiary Body for Scientific and Technological Advice (SBSTA);
 - (b) Thirty-ninth session of the Subsidiary Body for Implementation (SBI);
 - (c) Third part of the second session of the Ad Hoc Working Group on the Durban Platform for Enhanced Action (ADP).
5. Further information regarding the arrangements for COP 19 and CMP 9 may be provided, as required, in an addendum to this document after consultation with the Bureau.
6. The COP and the CMP will convene in plenary meetings during the first week to take up the items on their agendas that are not to be referred to the SBSTA and/or the SBI.

7. The high-level segment will be held from Tuesday, 19 November to Friday, 22 November 2013. The inauguration of the high-level segment will take place in the afternoon of 19 November (see paras. 112–114 and 116 below for further details).

8. Separate meetings of the COP and the CMP will be held on 22 November to adopt decisions and conclusions recommended by their sessions.

9. Given that five bodies will be meeting during the sessional period, meeting time will be very limited, especially for contact groups. In addition, the SBI will need to consider completion of the key issues under discussion, in order to progress in the implementation of its activities. To maximize the time available for negotiations and to ensure a timely closing of the conference, presiding officers, in consultation with Parties, may propose time-saving measures and approaches to expedite work. Such proposals will be based on those consultations, and on relevant submissions and statements made during plenary meetings, and will take into account any previous negotiations and/or conclusions.

10. As a result of the limited time available for all five bodies to meet during the two-week period, groups are invited to adjust their meeting times to enable discussions under all five bodies to begin punctually. Parties will be invited to maximize the use of negotiation time and conclude issues early in order to facilitate a timely closure of the conference.

11. In keeping with the conclusions adopted at SBI 32,¹ all meetings are scheduled to end at 6 p.m., particularly to give Parties and regional groups sufficient time to prepare for daily meetings, but may, in exceptional circumstances, and on a case-by-case basis, continue for two to three hours.

12. At the same session, the SBI recommended² that the secretariat, in organizing future sessional periods, follow the practice of holding no more than two meetings of plenary and/or contact groups concurrently, with the total number of meetings held concurrently, including informals, not exceeding six, to the extent possible. It also recommended that the secretariat continue to take into consideration, when scheduling meetings, the constraints of delegations and avoid clashes on similar issues, to the extent possible.

9. The 2013–2015 review

58. *Background:* The COP, by decision 1/CP.16, recognized that deep cuts in global greenhouse gas emissions are required to hold the increase in the global average temperature below 2 °C above pre-industrial levels and that Parties should take urgent action to meet this long-term goal. The COP also recognized the need to consider strengthening the long-term global goal, including in relation to a global average temperature rise of 1.5 °C.¹² The COP decided to periodically review the adequacy of the above-mentioned long-term global goal and overall progress made towards achieving it, including a consideration of the implementation of the commitments under the Convention.¹³

By decision 2/CP.17, the COP decided that the review will be conducted with the assistance of the SBSTA and the SBI and that the work shall be supported by expert consideration of the inputs referred to in paragraph 161 of the same decision. 10. Second review of the adequacy of Article 4, paragraph 2(a) and (b), of the Convention

62. *Background:* Article 4, paragraph 2(d), of the Convention provides that a second review of the adequacy of Article 4, paragraph 2(a) and (b), shall take place not later than 31 December 1998. At COP 4, the President informed Parties that it had proved impossible to reach any agreed conclusions or decisions on the matter. During the consideration of the provisional agenda for COP 5, the Group of 77 and China proposed amending the item to read "Review of the adequacy of implementation of Article 4, paragraph 2(a) and (b), of the Convention". There was no agreement on this, and the COP adopted the agenda for that session with the item held in abeyance. This item was included on the provisional agenda for COP 6 to COP 12 inclusive, with a footnote reflecting the amendment proposed by the Group of 77 and China. COP 13, acting on a proposal by the President, decided to invite the Executive Secretary to reflect on the situation in the light of developments at that session and come forward with proposals to be considered at SBI 28. On a proposal by the President, and on the basis of the recommendation made by the SBI, it was decided at COP 14 to defer consideration of this item to COP 16 (FCCC/CP/2008/7, para. 10). COP 16, acting on a proposal by the President, deferred its consideration of the item, pursuant to rule 13 of the draft rules of procedure being applied, to COP 17. At COP 17 the agenda was adopted with the item held in abeyance. Thereafter, at COP 18, this item was held in abeyance and it was agreed that in accordance with rule 16 of the draft rules of procedure being applied it will be considered at COP 19.

63. *Action:* The COP will be invited to consider this item and take any action it deems appropriate.

11. Matters relating to finance

(a) Work programme on long-term finance

64. *Background:* The COP, by decisions 1/CP.18 and 4/CP.18, decided to extend the work programme on long-term finance for one year to the end of 2013, with the aim of informing developed country Parties in their efforts to identify pathways for mobilizing the scaling up of climate finance to USD 100 billion per year by 2020 from public, private and alternative sources in the context of transparency on implementation, and informing Parties in enhancing their enabling environment and policy frameworks to facilitate the mobilization and effective deployment of climate finance in developing countries. The President of COP 18 appointed the two co-chairs of the work programme, who were requested to report back to COP 19 on the outcomes of the work programme.¹⁶

65. In implementing the work programme, the co-chairs conducted a series of consultations with Parties and relevant international organizations, convened two expert meetings and a wrap-up event, and used web-based tools to solicit views on long-term finance.¹⁷

66. *Action:* The COP will be invited to consider the report of the co-chairs of the work programme.

67. *Background:* By decision 2/CP.17, the COP decided that the Standing Committee on Finance shall report and make recommendations to the COP, for its consideration, at each ordinary session of the COP on all aspects of its work.

68. By decision 5/CP.18, the COP endorsed the work programme of the Standing Committee on Finance and requested the Committee:

(a) To report on the forum of the Standing Committee in its report to the COP;

(b) To consider ways of strengthening methodologies for reporting climate finance in the context of the preparation of the first biennial assessment and overview of financial flows;

(c) To consider the guidance provided to it in other decisions of the COP, such as:

(i) Taking into account relevant work by other bodies and entities on the measurement, reporting and verification of support and the tracking of climate finance in initiating the first biennial assessment and overview of climate finance flows;¹⁸
