Report of the Board of the Green Climate Fund to the Conference of the Parties to the United Nations Framework Convention on Climate Change

I. Introduction

1. The Conference of the Parties (COP) to the United Nations Framework Convention on Climate Change (UNFCCC) decided at its sixteenth session to establish the Green Climate Fund (the 'Fund'), to be designated as an operating entity of the financial mechanism of the Convention. At its seventeenth session, it decided, inter alia, to approve the Governing Instrument for the Fund, designate the Fund as an operating entity of the financial mechanism of the Convention, and provide guidance to the Board of the Fund, taking into account the Board's annual reports to the COP on its activities.
2. At its eighteenth session, the COP decided to endorse the consensus decision of the Board to select Songdo, Republic of Korea as the host city of the Fund. The Board and the Republic of Korea were requested to conclude the legal and administrative arrangements for hosting the Fund, to ensure that juridical personality and legal capacity are conferred to the Fund, and the necessary privileges and immunities are granted to the Fund and its officials in an expedited manner.
3. This report covers the activities undertaken by the Board between December 2012 and October 2013.

II. Guidance of the Conference of the Parties

4. The COP provides guidance to the financial mechanism in accordance with Article 11 of the Convention, and decides on its policies, programme priorities and eligibility criteria relating to the Convention.
5. The Fund, as an entity entrusted with the operation of the Convention's financial mechanism, will take appropriate action on guidance received and will submit reports to the COP for its consideration.
6. The Fund's progress against the guidance received from the COP is summarized below.
7. In response to decision 6/CP.18, paragraph 7(a), to develop a transparent no-objection procedure, the Board:
 - (a) Provided guidance to the Secretariat on the policy matters regarding country ownership under the Fund and requested the Secretariat to present at the first Board meeting in 2014 a revised version of the document on countries' transparent no objection procedure; and
 - (b) Requested to open a call to developing countries to start the processes of designating a National Designated Authority (NDA) or focal point as early as possible, and preferably before June 2014.
8. In response to decision 6/CP.18, paragraph 7 (b), to balance allocation of the Fund's resources between adaptation and mitigation activities, the Board decided that the Fund will initially make allocations under adaptation, mitigation and the Private Sector Facility (PSF), and that there will be balance between adaptation and mitigation and an appropriate allocation of resources for other activities.
9. In response to decision 6/CP.18, paragraph 7(c), to operationalize the Fund, the Board completed the consideration of its business model framework, addressing in particular the areas listed below, adopting decisions on these matters and providing guidance for further work. The areas covered were:
 - (a) Objectives, results and performance indicators;
 - (b) Country ownership;
 - (c) Structure and organization;
 - (d) Financial instruments;
 - (e) Private Sector Facility;
 - (f) Access;

- (g) Financial inputs;
 - (h) Allocation;
 - (i) Results management framework.
10. In response to decision 6/CP.18, paragraph 7(d), to establish the independent Secretariat, the Board:

The Co Chairs, on behalf of the Fund, and the Minister of Foreign Affairs of the Republic of Korea signed the agreement between the Republic of Korea and the Fund;
 - (b) Decided that the Fund's administrative framework will be based on a hybrid system combining the multilateral development bank system and the United Nations common system. The Board requested further work on the Fund's administrative policies based on the hybrid option in order to advance work as rapidly as possible, and report on progress to the Board at its October 2013 meeting;
 - (c) Approved at its October 2013 meeting with immediate effect the establishment of the GCF Secretariat, as the fully independent secretariat foreseen in paragraph 19 of the Governing Instrument; and
 - (d) Authorized the Executive Director to take all necessary actions and to make, on behalf of the Fund, necessary arrangements and contracts to facilitate the establishment and operations of the GCF Secretariat in the Republic of Korea in order to allow the Fund to perform its functions.
11. In response to decision 6/CP.18, paragraph 7(e), to select the Trustee in a timely manner, the Board approved the Agreement on the Terms and Conditions for the Administration of the Green Climate Fund Trust Fund between the Green Climate Fund and the International Bank for Reconstruction and Development, serving as the Interim Trustee of the Green Climate Fund Trust Fund.
12. In response to decision 6/CP.18, paragraph 7(f), to collaborate with other relevant bodies, the Board:
- (a) Decided that, in the short term, the Fund should commence its engagement with UNFCCC thematic bodies, with a view to reassessing this engagement as the Fund and UNFCCC thematic bodies evolve;
 - (b) Requested the Interim Secretariat to invite the Global Environment Facility secretariat, the Adaptation Fund, the Multilateral Fund for the Implementation of the Montreal Protocol and the Climate Investment Funds to take up observer status with the Green Climate Fund; and
 - (c) Further requested the Interim Secretariat to engage informally with other external bodies by exchanging information, as required.

In addition to Board members and alternate members, four active observers from developing and developed countries representing civil society organizations and private sector organizations participated in the meetings. Furthermore, the meetings were attended by advisers to Board members and alternate members and the representatives of accredited observer organizations.

18. A summary of the actions taken by the Board is presented below, and the decisions taken by the Board are presented in Annex II to this report. The report of the third meeting of the Board is contained in document GCF/B.01 - 13/13 and the report of the fourth meeting is contained in document GCF/B.04/18, which are available on the Fund's website <GCFund.net>.

3.4 Additional rules of procedure of the Board

19. In addition to the rules of procedure contained in the Governing Instrument and the additional rule of procedure relating to Co-Chairs' seats that was adopted by the Board in 2012, the Board further considered additional rules of procedure at its first and second meetings in 2013. A team of six Board members undertook deliberations on the additional rules of procedure.

20. The Board, in its decision B.01-13/01, adopted additional rules of procedure relating to, among other, observers; composition, selection and term of Board membership; Co-Chairs; meetings; decision-making and voting; and confidentiality and conflict of interest. At its June 2013 meeting, the Board further adopted additional rules of procedure relating to information disclosure and participation of advisers in Board proceedings. The Board will further consider options for its voting procedures.

3.5 Headquarters Agreement

21. The Agreement between the Republic of Korea and the Green Climate Fund concerning the Headquarters of the Green Climate Fund (Headquarters Agreement) was finalized by the Interim Secretariat in consultation with the Government of the Republic of Korea. The Co Chairs, on behalf of the Fund, and the Minister of Foreign Affairs of the Republic of Korea signed the Headquarters Agreement in Bonn, Germany, on 2 June 2013 and in Songdo, Incheon City, Republic of Korea, on 10 June 2013. The Agreement entered into force on 27 August 2013, in accordance with paragraph 5 of Article 20 of the Agreement.

3.6 Business model framework of the Fund

22. At its March 2013 meeting, the Board noted convergence that the Fund should be ambitious, flexible and scalable, have a country-driven and owned approach, employ direct access and other access modalities, and leverage additional public and private resources through the operational modalities of the Fund, including through the Private Sector Facility. The Board further noted convergence that the Fund should also: (a) recognize that a country-driven approach is a core principle to build the business model of the Fund; (b) commence as a fund that operates through accredited national, regional and international intermediaries and implementing entities; (c) focus initially on grants and concessional lending, and employ additional financial instruments as necessary to effectively achieve the objectives of the Fund; and (d) enhance transparency and accountability.

23. The Board also requested the Interim Secretariat to present to it nine business model framework documents at its second and third meetings in 2013, which were to include inputs from consultants, experts and stakeholders, including private sector and civil society organizations. A team of six Board members facilitated the preparation of these documents.

24. The Board considered six of these documents at its second meeting in 2013. They addressed: objectives, results and performance indicators; country ownership; access modalities; financial instruments; Private Sector Facility; and structure and organization of the Fund.

25. The remaining three business model framework documents that were considered by the Board at its October 2013 meeting addressed: allocation; financial inputs; and results management framework.

26. The related Board decisions are included in Annex II to this report.

3.7 Establishment of the independent Secretariat, including the selection of the Executive Director and administrative framework

27. The secretariats of the UNFCCC and the Global Environment Facility (GEF) established the Interim Secretariat and assigned staff, either full-time or part-time, to work in the Interim Secretariat. The Interim Secretariat began its work in December 2011. The Board approved with immediate effect the establishment of the GCF Secretariat at its October 2013 meeting, and the interim arrangements will be terminated by COP 19.

28. In its decision B.04/02, the Board, by consensus, decided to select Ms. H la Cheikhrouhou as the Executive Director. Under the authority of the Co-Chairs, the contracting process was subsequently completed and a contract issued for the Executive Director to take up duty on 9 September 2013. The Executive Director will serve for a period of three years, renewable by the Board.

3.8 Resource mobilization

29. The Board, in its decision B.01-13/09, approved the preparation of a resource mobilization strategy document for consideration by the Board at its third meeting in 2013. At its October 2013 meeting, the Board decided that the Fund's resource mobilization process will commence through an initial resource mobilization process as soon as possible and transition subsequently to a formal replenishment process. It further decided that the first two meetings of the Board in 2014 will prioritize and focus on working towards completing the essential requirements for the Fund to receive, manage, programme and disburse financial resources. The Board further requested the Secretariat to make arrangements with all interested contributors, facilitating a collective engagement in the initial resource mobilization process no later than three months after the essential requirements for the Fund to receive, manage, programme and disburse financial resources have been met.

30. The related Board decisions are included in Annex II to this report.

3.9 Modalities for readiness and preparatory support

31. The Board, in its decision B.01-13/10, decided to explore options for making short-term progress on readiness, including, given the availability of resources, to initiate work on operationalizing a readiness phase. In partnership between the Fund, the Caribbean Development Bank (CDB) and the Deutsche Gesellschaft f r Internationale Zusammenarbeit (GIZ), a workshop on readiness and preparatory support was held in Barbados in July 2013. The outcomes of this workshop fed into the Board discussion on the modalities for readiness and preparatory support at its October 2013 meeting.

32. The Board discussed the scope, modalities for allocation, access and delivery of readiness and preparatory support at its October 2013 meeting. Based on this discussion, the Board, in decision B.05/14, decided that the Fund will provide readiness and preparatory support and defined the areas of support. It requested the Secretariat to begin to advance readiness in developing countries in the context of its communication and outreach activities. It further requested the Secretariat to present to the Board, at its first meeting in 2014, a detailed programme of work relating to the provision of readiness and preparatory support, with relevant timelines and resource needs, and to mobilize resources for readiness and preparatory support.

33. The Board decisions related to this matter are included in Annex II to this report.

3.10 Relationship with UNFCCC thematic bodies

34. The Board, in its decision B.04/15, decided that, in the short term, the Fund should commence its engagement with UNFCCC thematic bodies, with a view to reassessing this engagement as the Fund and UNFCCC thematic bodies evolve.

35. At the request of the Board, the Interim Secretariat invited the Global Environment Facility secretariat, the Adaptation Fund, the Multilateral Fund for the Implementation of the Montreal Protocol and the Climate Investment

Funds to take up observer status with the Green Climate Fund. The Board further requested the Interim Secretariat to engage informally with other external bodies by exchanging information, as required.

3.11 Accreditation of observer organizations

36. Until its March 2013 meeting, the Board used provisional arrangements for observer participation at the Board meetings, including to allow participation of four active observers from civil society and private sector organizations in Board meetings. At its March 2013 meeting, the Board adopted Additional rules of procedure relating to observers and Guidelines relating to the observer participation, accreditation of observer organizations and participation of active observers.

37. Pursuant to decision B.01-13/03, taken at the March 2013 Board meeting, the Interim Secretariat invited, in an initial round, applications from intergovernmental entities, civil society organizations and private sector organizations for observer accreditation by 9 May 2013. The deadline for a second round of observer accreditation was 5 July 2013. Based on the applications received during the two rounds, the Board decided to accredit 111 organizations.

38. The lists of accredited civil society organizations, private sector organizations and international entities are published on the Fund's website and the accredited organizations were duly informed.

3.12 Communication strategy of the Fund

39. The Board, in its decision B.04/14, approved the terms of reference for the development of a communication strategy and will consider the draft communication strategy at its first meeting in 2014.

3.13 Logo of the Fund

40. A logo competition was launched and submissions were invited by 28 July 2013. Eighty four entries were received. A Logo Selection Panel, comprising four Board members/alternate members, one civil society and one private sector representative, a well known graphic designer, and the Executive Director, established a set of criteria to evaluate these entries. The Selection Panel reviewed a long-list of 15 entries that was presented by the Interim Secretariat.

41. Based on a progress report of the Logo Selection Panel, the Board decided that the logo competition will be cancelled and requested the Interim Secretariat, under the overall authority of the Executive Director, to contract a professional designer to design the logo of the Fund. The work on the logo design will be overseen by the Logo Selection Panel.

3.14 Financial resources for the administrative budget in the Green Climate Fund Trust Fund

42. Several countries paid in contributions to the Green Climate Fund Trust Fund, others have indicated their intention to contribute to the Trust Fund, and some are in the process of making administrative arrangements for providing resources for the administrative budget. As at 30 June 2013, countries have pledged a total amount of US\$ 9 million-equivalent to the Trust Fund. The Interim Trustee entered into agreements/arrangements with 10 contributors totalling US\$ 7.55 million-equivalent and received the full amounts from those countries. Additional pledges and contributions were received after 30 June 2013. The Green Climate Fund Trust Fund Financial Report prepared by the Interim Trustee is contained in document GCF/B.05/Inf.04.

3.15 Arrangements between the Green Climate Fund and the COP

43. In its decision 7/CP.18, the COP requested the Standing Committee on Finance (SCF) and the Board to develop arrangements between the COP and the Fund in accordance with the Governing Instrument for the Fund and Article 11, paragraph 3, of the Convention, for agreement by the Board and subsequent agreement by COP 19.

44. The Board considered the draft arrangements received from the Co-Chairs of the SCF on 2 October 2013, and approved the draft arrangements presented in document GCF/B.05/17/Add.01.

45. The Board requested the Co-Chairs to inform the Co-Chairs of the SCF on the outcome of the Board's deliberations on the arrangements. It further requested the Interim Secretariat to transmit to the UNFCCC secretariat the draft arrangements between the COP and the Fund, for transmittal to the COP for its subsequent agreement at its nineteenth session, in accordance with decision 7.CP/18.

3.16 Work plan of the Board for 2014

46. At its October 2013 meeting, the Board discussed the elements of its work plan for 2014 and requested the Secretariat to revise a draft work plan, taking into account the comments made by the Board, and to circulate it to the Board for a decision between meetings on a no-objection basis within two weeks from the end of that meeting. A revised work plan was circulated to the Board for a decision between meetings on 31 October 2013. Once decided upon by the Board, the work plan will be transmitted to the COP as an addendum to this report.

47. The work plan contains the elements for further work as agreed by the Board, including that the first two Board meetings in 2014 will prioritize and focus on working towards completing the essential requirements for the Fund to receive, manage, programme and disburse financial resources.

Increased interaction with the Board members and the Co-Chairs will be arranged during the duration of the Board meetings. The Secretariat will designate a point of staff contact for all observers to facilitate communication with and among them.
3. Information and access to documents will be addressed in a separate disclosure policy to enhance participation of stakeholders.

II. Registration and participation of observers

4. The Secretariat will notify observer States and accredited observer organizations of the dates and venue of the meetings through a formal notification circulated with the provisional agenda at least 30 days before the first day of the meeting.

Representatives of United Nations and other intergovernmental organizations will need to be officially nominated by the head of that organization or his/her designated representative. No nominations will be accepted after the deadline set in the notification.

III. Accreditation of observers organizations

6. Observer organizations that wish to participate in the activities of the Fund shall apply for observer status with the Fund. Observer status will be granted upon successful completion of the accreditation process outlined below.
7. The applicant organization will send a letter of application to the Secretariat, in which it will:

Annex I: Guidelines on the participation and conduct of advisers in Board meetings

I. Designation and attendance of advisers at Board meetings

1. Paragraph 2 (b) of the Rules of Procedure defines an “Adviser” as follows:
“2 (b) “Adviser” means an expert providing advice to a member and/or alternate member during or in connection with Board meetings;”
2. Moreover, paragraphs 25 and 28 of the Rules of Procedure state that:
“25. In addition to Board members and alternate members, meetings of the Board, other than executive sessions, will be open to attendance by designated advisers of Board members and alternate members, Secretariat staff, representatives of the Trustee, active observers and other observers who have been accredited for participation in the meeting.”
“28. In exceptional circumstances, the Board may conduct its business in closed executive session where, unless decided otherwise by the Board, only Board members and alternate members, the Executive Director, advisers, and such other persons authorized or requested by the Board to attend, may be present.”
3. Seating for advisers will be provided behind the alternate member or, in the case of no attendance by the alternate member, behind the Board member.
4. One adviser per Board and alternate member will be allowed in the Board meeting room to observe Board proceedings at any one time.

II. Representation of advisers in committees, sub-committees, panels and working groups

5. Paragraphs 1 and 30-32 of the Rules of Procedure define the composition of Board committees, sub-committees, panels and working groups:
“1. These rules of procedure shall apply to the conduct of business of the Board of the Green Climate Fund and mutatis mutandis, and except as decided otherwise by the Board, to committees and subcommittees, panels and working groups established by the Board.”
“30. The Board may establish such committees from among its members and/or alternate members, and such panels as may be required for the conduct of its business.”
“31. Committees shall assist the Board in its decision-making, and shall exercise any delegated authority under the overall authority and direction of the Board, which may revoke such delegated authority under the same procedures in place for the original delegation of authority. Except for standing committees, all committees established ad hoc should have a clearly defined timeline and end date, related to the execution of its functions and should be subject to review at regular intervals.”
“32. The Board may establish, on permanent or temporary basis, technical and expert panels to assist it in the performance of its functions. Technical or expert panels may include but need not be limited to Board members and alternate members. They generally shall have advisory functions only.”
6. In accordance with these provisions, advisers may be appointed to technical and expert panels established by the Board provided that they are eminent specialists in a given field, but may not form part of Board committees and sub-committees. The Rules of Procedure do not contain any provision on the composition of working groups. Thus, the Board may decide, if circumstances so warrant, to include advisers in working groups.

III. Conduct of advisers

7. Board members and alternate members are accountable for the conduct of their respective adviser/s during, and in connection with, Board meetings.

8. The Rules of Procedure, in paragraphs 18 and 21, only refer to Board members and alternate members in relation to notification of meeting and transmittal of documents:

“18. The Secretariat will notify Board members, alternate members and accredited observer organizations and active observers of the dates and venue of the meetings and circulate a provisional agenda for any meeting at least 30 calendar days before the first day of the meeting. A notification will also be posted on the Fund’s website. In the case of an extraordinary meeting, the Co-Chairs, acting jointly, shall determine the date by which notification to the Board members has to be made, taking into account the urgency of the matter.”

“21. The Secretariat will transmit to Board members and alternate members the documentation relating to items on the provisional agenda at least 21 calendar days before the first day of the meeting scheduled, except in case of extraordinary meetings and in exceptional circumstances where, in the view of the Co-Chairs, a shorter period for the transmission of documentation is warranted. In any such cases, the Co-Chairs, acting jointly, shall determine the date by which the said documentation has to be transmitted.”

9. Each Board member or alternate member will decide whether to provide their adviser/s access to documents or information, except for documents that are confidential and expressly restricted to Board members and alternate members.

Annex II: Terms of reference for the development of a communication strategy

I. Context

1. The Green Climate Fund is a new multilateral fund that was agreed by Parties under the United Nations Framework Convention on Climate Change. The Fund's purpose is to make a significant and ambitious contribution to the global effort to limit global temperature increases to 2° Celsius by providing support to developing countries to limit or reduce their greenhouse gas emissions and to adapt to the impacts of climate change.
2. The Board decided that the Fund requires a comprehensive communication strategy in order to help it achieve its objectives.
3. Since its inception, the Fund has been subject to increasing levels of interest from a range of stakeholders, including developing and developed country governments, project implementers, media, civil society, and the private sector. This attention is likely to increase as the Fund moves to establish its headquarters in Songdo, Republic of Korea, and approaches its operationalization.
4. The Board is currently faced with the challenge of delivering rapid operationalization while, at the same time, ensuring that frameworks and policies are put in place to deliver an efficient and effective Fund. The Fund's communication strategy should seek to ensure that both these goals are understood and that the Board's approach is seen as credible by external stakeholders.
5. The communication strategy should identify levers for attracting funds, and address how external communications could generate stakeholder interest in this regard.
6. Finally, as the Fund moves to disbursing and channelling funds, the communication strategy will need to promote awareness of successful projects, and highlight the ongoing work of the Fund in supporting initiatives to address climate change.
7. The Fund's communication strategy should be based on, and evaluated against, the extent to which it helps the Fund to achieve its objectives.
8. The communication strategy should develop clear objectives, set specific targets, and identify the tools and activities which will need to be executed. A proactive communication strategy should be closely linked to the Board's work plan during all of these stages.

II. Terms of reference

2.1 The scope of work required includes:

- (a) Communication review, including an analysis of the current perception of the Fund and its Board among key constituencies and stakeholders;
- (b) Mapping of the communication strategies, relationships, and outputs of other comparable international institutions;

- (d) Establishing objectives and priorities for the Fund's communication;
- (e) Key messages for the Fund's external communications (including recommendations for preferred communication channels);
- (f) Overview of proposed communication activities, including baseline components, with associated resource and capacity implications; and additional "added value" components, also with resource and capacity implications;

- (g) Establishing a procedure for internal organization and planning of communication activities, including managing information flows between the Board, (Interim) Secretariat and consultant; and
- (h) Establishing tools for evaluation of the communication strategy.

2.2 Timeline and deliverables for the strategy

- (a) Concept note and terms of reference approved (June 2013);
- (b) An outline strategy document, for the consideration by the Co-Chairs (August 2013);
- (c) A draft communication strategy, which should include the elements outlined in the scope of work, for the consideration by the Co-Chairs (December 2013); and
- (d) Final draft communication strategy presented for approval at the first Board meeting in 2014.

2.3 Consultancy support

9. The Interim Secretariat will engage external consultancy support to assist in delivering this work. A consultant or consultants will be selected, through a competitive process, from a short-list of communication experts established following the procedure outlined in Annex III.

10. The work will be contracted through two contracts since the current spending authority is limited to 31 December 2013. The first contract will encompass the delivery of the draft communication strategy by December 2013. The second contract, for the final deliverable, would be entered into after the spending authority for 2014 is approved by the Board.

Annex III: Guiding principles and factors for determining terms of financial instruments

- (a) Guiding principles applicable to public and private sector operations:
 - (i) Grant elements should be tailored to incremental cost or the risk premium required to make the investment viable, or to cover specific activities such as technical assistance;
 - (ii) Seeking the right level of concessionality, so as not to displace investments that would otherwise have occurred, including for private sector investment;
 - (iii) Levels of indebtedness capacity of the recipient should be taken into account so as not to encourage excessive indebtedness;
 - (iv) Structure terms on a case-by-case basis to address specific barriers;
 - (v) Avoid crowding out commercial financing;
 - (vi) Leveraging of other financing, including public and private financing, seeking to maximise leverage in the case of private financing;
 - (vii) Promote long-term financial sustainability; and
 - (viii) Apply due diligence to assess the risk to the investment.
- (b) When determining terms of financial instruments applicable to both public and private operations, the following factors will need to be taken into account:
 - (i) The average concessionality or grant element of the financial inputs to the Fund and the average concessionality or grant element of financial instruments of the Fund;
 - (ii) The grant element of concessional finance will be tailored to provide the appropriate incentive to facilitate the implementation of mitigation and adaptation activities;
 - (iii) Concessional forms of finance will be designed to minimize market distortions and potential disincentives to private investment;
 - (iv) The expertise and capacity of financial intermediaries and implementing entities; and
 - (v) Risk sharing between public and private investment when relevant.

Annex VII: List of considerations and initial criteria to inform the development of the Fund's own criteria for the accreditation of intermediaries and implementing entities

I. Issues to consider

1. Do the basic fiduciary criteria discussed above satisfy the best-practice standards required to achieve the Fund's objectives and guiding principles?
2. What additional specialized fiduciary criteria are needed for a consistent, thorough and reliable accreditation of implementing entities, intermediaries and funding entities?
3. What should be the definitions of implementing entities, intermediaries and funding entities and what are the minimum key institutional capacities expected in each of them?
4. What other additional elements should be considered to determine readiness and appropriate institutional capacity, by implementing entities, intermediaries and funding entities, to effectively contribute to the Fund's overarching objectives and guiding principles?
5. Would differentiated accreditation processes for certain activities, according to defined criteria, be appropriate?
6. What are the relevant environmental and social safeguards directly related to the Fund's objectives and guiding principles?
7. What are the best-practice examples and lessons learned in the application of environmental and social safeguards to funding proposals?

II. Additional criteria to enhance transparency, effectiveness and efficiency

8. Additional criteria to enhance transparency may be aimed at enhancing country ownership in the context of different capacities and capabilities of countries, and may be applied at an appropriate stage of the accreditation process to enhance effectiveness and efficiency.
9. The following criteria, some of which are based on the GEF criteria, may be considered for sub-national, national and regional implementing entities, intermediaries and funding entities:
 - (a) No-objection – the application for accreditation has been communicated by the relevant NDA or focal point;
 - (b) Legal status – the applicant entity has full legal capacity to become an accredited entity of the Fund;
 - (c) The degree to which an applicant's mission and/or areas of work overlap with the Fund's mission, its focal areas and other relevant areas;
 - (d) Demonstration of environmental or climate change adaptation results (whether the applicant has a track record of achieving clear, positive environmental benefits in its areas of engagement relevant to the Fund);
 - (e) Whether the applicant is likely to have the capability to implement or execute a project at the level of a funding proposal presented at the time of application;
 - (f) Whether the applicant has the capacity to leverage co-financing for projects at a meaningful level in the context of the Fund;
 - (g) How efficiently the institution converts inputs into outputs;
 - (h) Whether the applicant has at its disposal, networks of collaborators and experts at the regional and national level.
10. Additional criteria that may also be considered could include those used by the GEF, which refer to: project experience, type of project, enhancement of country ownership and, in the case of nongovernmental or regional organizations, previous execution of a GEF project.

11. The following criteria may also be considered, among others, for all intermediaries, funding entities and implementing entities seeking accreditation with the Fund:
 - (a) Readiness – experience in the intended field of activities;
 - (b) Institutional presence and potential for meaningful impact;
 - (c) Overall institutional and legal context;
 - (d) General institutional preparedness.
12. These criteria will be continuously monitored in order to reflect the evolving nature of the Fund’s requirements and to reflect lessons learned.

1. The GEF secretariat updated the GEF Council on agency progress on meeting GEF's Minimum Fiduciary Standard.¹ Four agencies had outstanding issues in order to fully comply with the GEF Fiduciary Standards: FAO, UNDP, UNEP and UNIDO. The GEF secretariat informed the GEF Council that, based on evidence presented, UNDP complied with all fiduciary standards. The other three GEF agencies (FAO, UNEP and UNIDO) continue to make progress towards meeting the fiduciary standards according to their action plans, but no publicly available information can confirm if that process has been completed.

2. In the case of DBSA, WWF-US and CI, the three entities received conditional accreditation. According to paragraph 48 of the GEF Council document GEF/C.41/10/Rev.1, the GEF Accreditation Panel may give conditional approval to an applicant agency that has demonstrated full compliance with the GEF's minimum fiduciary standards, but does not yet fully comply with the GEF's environmental and social safeguards, including gender mainstreaming. These three entities have a grace period of up to one year to complete the necessary steps to fully adhere to the GEF's safeguards.

18. The Secretariat will periodically review the roster of external technical experts in consultation with the Independent Technical Advisory Function, as deemed necessary.

19. External technical experts will be compensated in accordance with relevant administrative provisions for contracting external technical support. Consequently, external technical experts will be bound by standard contractual regulations relating to the provision of consultancy services to the Fund.

The Secretariat will develop and institute standard terms of reference to guide the work of the assessment and review teams, bearing in mind that the team will be responsible for undertaking the in-depth review of all fiduciary standards and environmental and social safeguards of the applicant entity against the Fund's best-practice fiduciary principles and standards and environmental and social safeguards.

23. The Secretariat will be responsible for elaborating the conclusions, recommendations and report of the assessment and review teams on each application for accreditation, and seek expert advice and endorsement, as deemed necessary, from the Independent Technical Advisory Function.

28. The Secretariat will be responsible, under the overall guidance of the Board, for operationalizing and ensuring appropriate implementation of the accreditation cycle and process.

31. Stage 2 of the accreditation procedure will contain all necessary provisions to identify the different steps, requirements, actions, inputs and outputs for the in-depth assessment and review of an application for accreditation against the Fund's best-practice fiduciary principles and standards and environmental and social safeguards.

7.3 Stage 3: Final validation and arrangements

32. Stage 3 will conclude the process through the validation and finalization of formal arrangements between the applicant entity and the Fund upon successful completion of Stage 2. This will include validation and registration of payment instructions, conclusion of a memorandum of understanding, and other formal arrangements that may be needed between the applicant entity, the Secretariat and the Trustee.

VIII. Revision of the accreditation framework

33. The accreditation framework will be an evolving process intending to ensure continuous improvement and alignment with international best-practices.

Annex XV: Logistic implementation and timeline

I. Recruitment approach

1. As a modern and international organization, the Fund and its Secretariat are based on the principle of diversity to foster a multi-cultural environment. By paragraph 21 of the Governing Instrument the Executive Director has been mandated to manage the staff selection, which will be open, transparent, based on merit, and take into account geographic and gender balance.
2. The following three-stage recruitment approach is recommended:
3. **Stage 1:** In order to establish a functional/operational and managerial basis with which the Secretariat will be able to operate, the recruitment of 13 posts will be initiated mid-October 2013 and it is foreseen to fill these posts by the end of February 2014, to include:
 - (a) Five Directors, in charge of the divisions and members of the management team;
 - (b) Three specialist staff in the areas of resource mobilization, readiness and preparatory support, and PSF operationalization;
 - (c) Five specialist staff in the support services areas, to build the basic administrative infrastructure.
4. **Stage 2:** The next stage, the recruitment of 15 specialist posts, will be initiated in November 2013 and it is foreseen to fill these posts by the end of April 2014, to sufficiently staff the four substantive divisions:
 - (a) Country Programming, to include: country dialogue and relationship management, monitoring and evaluation; and
 - (b) External Affairs, to include: outreach/liaison and resource mobilization;
 - (c) PSF specialists; and
 - (d) Mitigation and Adaptation, to include the operationalization of results management.
5. **Stage 3:** The recruitment of the remaining ten posts will be initiated at the beginning of December 2013 and it is expected to fill these posts by the end of June 2014. They will cover the remaining specialist roles in all divisions, which are important for developing and maintaining an early pipeline of potential programmes and projects.
6. The recruitment of the ten support staff will take place, as and when needed, within the above-mentioned timeline.
7. The first round of recruitment will take place during the transition to the Fund's Headquarters, during which period the Secretariat will require external expertise and support to facilitate and expedite the recruitment processes, to ensure timely implementation of the above-mentioned timeline. By the time of the last round of recruitment, the Secretariat will aim to perform many of the tasks relating to the recruitment process internally, such as on-boarding.

II. Administrative actions

8. This Section should be read in conjunction with document GCF/B.05/11 which provides a list of administrative actions that are planned to be undertaken during the last quarter of 2013 and in early 2014.
9. The Secretariat intends to recruit staff who meet the highest standards of qualification and excellence of performance. In order to be able to attract such highly-qualified staff, it is essential that the Secretariat can offer candidates competitive terms and conditions of employment.
10. As determined by the Board, staff salaries and emoluments will be based on those of the ADB, including an appropriate cost-of-living differential which is regularly paid by the ADB to staff assigned to locations with higher cost of living than Manila, as is the case for the Republic of Korea. Benefits will generally follow, with some necessary adjustments by the Executive Director, those of the ADB. For certain matters (in particular, the staff retirement plan and

the health insurance plan) temporary arrangements may have to be put in place, until such time that the Fund puts in place its own insurance and pension plans.

11. It is anticipated that the Secretariat will offer candidates fixed-term three-year appointment to the candidates. An appointment of a shorter duration would most likely be considered unattractive by the candidates; also, appointments of a shorter duration are not cost-effective use of budgetary resources. Thus, the Secretariat seeks Board approval of the projected staff-related budget for a period that covers the three-year contract period. Contributors are requested to submit, whenever feasible, instruments of contribution to cover staff salaries and emoluments during the entire three-year period, subject to payments being made annually by way of cash or promissory notes. In the absence of such commitments, the Secretariat will have no choice but to include appropriate provisions into contracts of employment providing that confirmation of appointment after one year of service will be subject not only to satisfactory performance but also to availability of resources.

12. The core compensation and benefits will be defined by mid-October 2013, and the core HR rules and policies will be finalized by mid-November 2013. In order to create an innovative, flexible and results-orientated organization, an HR strategy and programmes are being developed. This includes a talent and learning management strategy, developing the specific competencies, options for career development, and a performance management system.

III. Transitional arrangements

13. Annex XX: Interim Information Disclosure Practice

I. Introduction

1. The purpose of this document is to establish interim practice to govern disclosure of information associated with the Fund's operations until a comprehensive information disclosure policy is approved by the Board, taking into account disclosure policies of other relevant international organizations. It sets out the Fund's disclosure guiding principles, provides details on the main categories of information that the Fund and its related organs will publicly disclose, outlines initial criteria for confidentiality, and defines the main means of accessing information and timing of disclosure.
2. The Governing Instrument provides that the Fund will operate in a transparent and accountable manner guided by the principles of efficiency and effectiveness. The Rules of Procedure of the Board also promote transparency, providing that all the Board members, alternate members and active observers are required to adhere to the Fund's policies and standards of ethics.
3. These principles are fully reflected in the information disclosure guiding principles presented below.

II. Guiding principles

4. The Fund will ensure the greatest degree of transparency in all its activities through effective dissemination of information to stakeholders and the public at large, and public participation in the Fund's operations. The Fund will apply a presumption in favour of disclosure for all information and documents relating to the Fund and its funded activities. All documents in the Fund's possession subject to disclosure as per the Interim Information Disclosure Practice, will be released on the Fund's website or through other appropriate means, or be provided on request, to provide the public with a clear picture of the Fund's work and the way it administers financial inputs received from public and private sources.
5. Categories of information not to be disclosed are in line with standard practices of most international organizations. Confidential information would include personal information, such as personal communications of Board members and alternate members, advisers, staff, consultant and business partners; information relating to safety and security that, if disclosed, would endanger the life, health, or safety of any individual, or the environment; privileged and investigative information, including legal opinions; third-party information given to the Fund in confidence and accepted as such, including private sector entities' proprietary information; deliberative information, including draft documents (work in progress) unless such disclosure is needed to facilitate public consultations; and certain financial information that, if disclosed, would prejudice the financial or commercial interests of the Fund and its activities. A comprehensive negative list, including categories of information not to be disclosed, will be formulated as part of the Fund's comprehensive information disclosure policy to be developed in 2014.
6. As a general rule, any policy or strategy which will be developed by the Fund will, to the extent not covered in this document, articulate the disclosure requirements for information and documents required to be produced under that policy or strategy. These disclosure requirements must be consistent with the guiding principles defined above.

III. Disclosure categories and timing

7. As a matter of principle, the Fund will share most of the information in its possession with stakeholders and the public at large, either pro-actively or on request, subject to specified exemptions to presumed disclosure. The timing of disclosure of the different types of information will vary, based on the nature of information. The main categories of information that will be made publicly available include, but are not limited to:

3.1. Fund information

8. **Organizational and institutional information.** Available on the Fund's website. It includes basic documents such as the Governing Instrument and the Rules of Procedure of the Board, the list of Board members and alternate members, the terms of reference of committees, subcommittees, technical and expert panels, and any other Fund's organs, the annual administrative budget of the Fund, relevant administrative policies, the organizational structure of the Fund, and the work plan of the Board.

3.2. Information regarding the Board, Board committees, subcommittees and panels

9. **Board meeting documents**² As provided in the Rules of Procedure of the Board, all Board meeting documents for non-executive sessions will be posted on the Fund's website on the same day they are released to Board members, except for Board documents classified as confidential, or as the Board may provide. Simultaneous disclosure of Board documents to the Board and to the public is one of the instruments that give effect to the provisions of the Governing Instrument to promote the input and participation of key stakeholders in the design, development and implementation of the strategies and activities to be financed by the Fund. It is expected that early disclosure of Board meeting documents will help ensure adequate stakeholder input into the Board decision-making process.

10. **Draft documents** with limited distribution to Board members are generally not disclosed except if the Board decides otherwise if special circumstances so warrant (e.g. to facilitate public consultations on a Fund's policy).

11. **Information documents.** Documents prepared for information of the Board under the agenda items for which a Board decision is not anticipated will be disclosed on the Fund's website upon circulation to the Board.

12. **Board proceedings.** The provisional agenda of Board meetings will be posted on the Fund's website at least 30 calendar days before the first day of the meeting. Reports of Board meetings will also be shared with the public on the Fund's website. Guidelines for the participation of observers and advisers in Board proceedings will also be posted on the Fund's website. In order to ensure interested stakeholders' direct access to Board proceedings, the Fund will make **video recordings of Board meetings** available on its website, through registration only, within three weeks of each Board meeting. This provision applies to proceedings of formal non-executive sessions and therefore does not cover extraordinary Board meetings and closed executive sessions, nor committee or subcommittee meetings. Records of Board proceedings other than those referred to above may be publicly disclosed following a Board decision in accordance with applicable policies and relevant rules and procedures.

13. **Documents submitted to the Board by Board committees and subcommittees.** Final reports of Board committees and subcommittees will be disclosed on the Fund's website, unless they contain confidential information which, if disclosed, may cause prejudice to the Fund or related parties.

14. The same will apply to final **documents submitted to the Board by technical and expert panels.**

15. **Policies, strategies, sector and thematic reports and results management framework.** Documents proposing the adoption of Fund's policies and strategies and sector and thematic reports and documents regarding the Fund results management framework submitted to the Board for approval will be disclosed on the Fund's website on the same day they are released to the Board, provided they do not contain confidential information.

16. **Annual reports.** The annual reports to the Conference of the Parties on Board activities and the Fund's annual report, including the audited financial statements, will be published on the Fund's website at the time they are approved by the Board.

17. **Replenishment.** Information and documents regarding the initial resource mobilization for the Fund and the Fund replenishments will be disclosed on the Fund's website, including the timing of the replenishment, discussion documents for contributors meetings and the final contributors report. Documents containing financial information will be made public to the extent they do not contain confidential information that, if disclosed, would be prejudicial to the interests of the Funds or related parties.

3.3. Interim Secretariat and Secretariat information

18. Information relating to the **organizational structure of the Fund and its Secretariat** will be made available on the Fund's website, such as arrangements for the Interim Secretariat, staffing, administrative budget and work programme of the Interim Secretariat, reports on its activities and activities on the establishment of the independent Secretariat.

² Disclosure provisions described in this paragraph do not apply to Board committee and subcommittee meeting documents.

19. **Rules, guidelines and implementation arrangements** prepared by the Secretariat for implementing Board policies will be disclosed on the Fund's website after their approval and issuance to concerned parties by the Fund's relevant authority.

3.4. Independent Evaluation Unit, Independent Integrity Unit and independent redress mechanism information

20. An **Independent Evaluation Unit** will assess the results of the Fund, including its funded activities and its effectiveness and efficiency. The results of the periodic evaluations, including lessons learned, will be shared on the Fund's website or relevant separate website, as may be the case.

21. An **Independent Integrity Unit** will investigate allegations of fraud and corruption in coordination with relevant counterpart authorities. The Fund will post on its website annual reports of the Independent Integrity Unit upon their completion, including summary information on investigations and significant recommendations and issues arising from investigations. The Fund may also share the results of investigations with relevant counterpart authorities.

22. An **independent redress mechanism** will receive complaints relating to the operations of the Fund and will evaluate and make recommendations. The Board will define disclosure provisions regarding the independent redress mechanism when developing the related Fund's policy.

3.5. Interim Trustee information

23. All reports provided to the Secretariat by the Interim Trustee in the service of the Board will be publicly disclosed through the Fund's website, unless they contain confidential information.

3.6. Information relating to accredited implementing entities

3.6.1 Accreditation

24. The accreditation procedures and criteria, including best-practice fiduciary principles and standards and environmental and social safeguards of the Fund, are designed to ensure that all accredited implementing entities provide adequate and transparent access to information on activities funded by the Fund. In particular, the Fund will ensure that implementing entities apply fiduciary standards consistent with international best practices, including regarding financial disclosure, transparency and follow the information disclosure guiding principles of the Fund.

25. When providing information to the Fund, implementing entities will be responsible for clearly identifying any document or part thereof or any other type of information which they deem to be confidential. The Fund will not disclose information which it has accepted from the implementing entities on a confidential basis, especially the information made available to the Fund as part of the accreditation process.

26. The Secretariat will make publicly available the final reports, conclusions and recommendations of expert panels and other bodies engaged on accreditation activities. Names, country and contact details of potential implementing entities applying for accreditation will remain confidential until a final recommendation to the Board as to the accreditation of the applicant entity has been made and such recommendation has been approved by the Board.

27. The Secretariat will publish on the Fund's website information on the list of all accredited implementing entities, including contact details.

3.6.2 Funding activities

28. The Fund will also disclose on its website comprehensive information and documents relating to all its funding activities and financed projects, and project-related information and documents prepared by the implementing entities throughout the project cycle, as long as these do not contain information marked as confidential.

29. Information relating to the preparation of funding proposals, implementation, monitoring and evaluation, and information on stakeholder consultations, will be disclosed on implementing entities' own websites and by any other appropriate means according to their respective applicable information disclosure policy, in a manner consistent with the Fund's fiduciary principles and standards, and environmental and social safeguards.

3.7. Private Sector Facility and private sector entities information

30. Exceptions to the general principle of presumed disclosure may be invoked where there is a need to protect the legitimate interests of the entities that deal with the Fund's Private Sector Facility, to avoid harm to the business and competitive interests of such entities.

31. While the Fund will disclose all relevant information and documents regarding its Private Sector Facility and related activities, it will ensure that business confidentiality is maintained and will not disclose to the public any proprietary, legally privileged or commercially sensitive information produced or received by the Fund in dealing with private sector entities.

3.8. Information to and from other stakeholders

32. The Fund will disclose a wide range of information and documents to the general public and key stakeholders according to the guiding principles outlined in this document. The main means of disclosure are described in Chapter IV below. However, the Fund will keep confidential any information and documents received from external parties that are marked as confidential and accepted as such.

IV. Means of accessing information

33. The Fund's website will constitute the main vehicle for proactive disclosure of information to a large public. Other means of dissemination will be used by the Fund as may be required to reach its intended audiences. In addition, anyone may contact the Secretariat to request any document or information which is not accessible from the website.

34. **Fund's website.** A wide range of information and documents regarding the Fund and its funded activities, including information referred to in Chapter III above, can be accessed through the Fund's website at <gcfund.net>. Video recordings of Board meetings will be available on the Fund's website through registration within three weeks of each Board meeting. The Fund's website may also provide links to the websites of its accredited entities for stakeholders to be able to access comprehensive information about all Fund-financed projects during the project cycle.

35. **Requests for information.** The Secretariat will entertain external requests. Requests for information may be submitted via the online request form, or by mail or fax, as needed. Guidelines on processing external requests, including time limits for responding, will be developed at a later stage.

36. Requests for information will be submitted in English, which is the working language of the Fund. However, in some instances, the Fund may consider requests made in another official language of a developing country.

37. In responding to external queries, the Secretariat will either provide the requested information or document, referring the requester to the relevant link on the Fund's website whenever possible, or a legitimate reason why the information cannot be given, based on the exceptions to disclosure defined by the Fund.

38. If a requester believes that a request for information has been unreasonably denied, a complaint may be submitted to the Executive Director who will make appropriate arrangements for impartial review of the complaint.

39. **Other means of dissemination.** In addition, the Fund may disseminate relevant information to concerned stakeholders in draft form for consultation purposes, using appropriate channels.

1.1. The Trustee shall establish the Trust Fund to receive contributions (the aggregate of all contributions from the Contributors, the “Contributions”) from the Contributors and shall hold in trust, as legal owner, and administer the funds, assets and receipts that constitute the Trust Fund, to support the activities of the Fund in accordance with the terms of this Agreement. Without prejudice to the foregoing and except as otherwise provided herein, the Trustee shall administer the funds, assets and receipts that constitute the Trust Fund only for the purpose of, and in accordance with, the relevant decisions of the Board or other person(s) designated in writing by the Board for that purpose (“Authorized Designee”), when such decisions are provided to the Trustee in writing. The Trustee shall be closely consulted in the development of decisions taken by the Board or the Authorized Designee which relate in any way to the functions of the Trustee performed or to be performed under this Agreement. In the absence of such consultation with and the agreement of the Trustee, the Trustee shall not be bound by any decision of the Board or the Authorized Designee, to the extent that such a decision relates to the functions of the Trustee performed or to be performed under this Agreement.

1.2. The Trustee shall not be responsible for inquiring or investigating whether any decisions of the Authorized Designee contravene any existing decisions of the Board, and shall have no liability for relying in good faith on any written decisions of the Board or the Authorized Designee, without further inquiry or investigation on its part or otherwise for any actions taken, or omitted to be taken, in good faith.

2. Administration of the Contributions

2.1. The Trustee shall be responsible only for performing those functions specifically set forth in this Agreement and shall not be subject to any other duties or responsibilities to the Contributors, including, without limitation, any duties or obligations that might otherwise apply to a fiduciary or trustee under general principles of trust or fiduciary law. Nothing in this Agreement shall be considered a waiver of any privileges or immunities of the Bank under its Articles of Agreement or any applicable law, all of which are expressly reserved.

2.2. The Fund agrees that the Trustee shall be fully indemnified, out of the assets of the Fund, including the Trust Fund resources, for any liabilities, claims, losses, costs and expenses, including attorneys' fees and expenses, incurred by the Trustee in connection with or in any way arising out of its activities as Trustee under this Agreement. Such indemnity shall not include any liabilities, claims, losses, costs or expenses incurred by the Trustee as a direct result of its own gross negligence or willful misconduct.

3. Contributions and Contribution Agreements

3.1. The Trustee may accept Contributions from Contributors who are countries that have ratified the UNFCCC ("Parties to the UNFCCC") in accordance with the provisions of this Agreement and the Contribution Agreements concluded as tripartite agreements between the Fund, the Trustee and the Contributors. The Trustee may accept, on terms agreed with the Trustee and approved by the Board or the Authorized Designee, Contributions from Contributors who are not Parties to the UNFCCC in accordance with the provisions of this Agreement and the Contribution Agreements.

3.2. The Fund and the Trustee shall enter into a Contribution Agreement with each Contributor. The Contribution Agreement shall provide, among all, that the Contribution from the Contributor shall be administered by the Trustee in accordance with the terms of this Agreement. Except for the Contribution Agreements which have been executed by the Trustee and the Contributors prior to the date of this Agreement, each Contribution Agreement shall substantially be in the form attached to this Agreement in Annex I, or such other form as is acceptable to the secretariat of the Fund ("Secretariat") and the Trustee. For the Contribution Agreements which have been executed by the Trustee and the Contributors prior to the date of this Agreement, the Trustee shall collaborate with the Fund and the Contributors to novate such Contribution Agreements to include the Fund as a party to the agreements and replace the Standard Provisions with the terms and conditions of this Agreement.

3.3. Contributions may be made in the form of grants, by means of payment in cash, or with the agreement of the Trustee, by the delivery of promissory notes payable on demand or similar obligations in a form acceptable to the Trustee. Contributions may be paid in one lump sum or in instalments on the terms agreed with the Trustee. The terms of payments under this paragraph shall be specified in the Contribution Agreement.

3.4. Notwithstanding the provisions of paragraphs 3.1 to 3.3 and subject to paragraph 1 above, the Board may decide to accept Contributions under other terms and arrangements.

4. Commingling, Exchange and Investment of the Contributions

4.1. The Contributions shall be accounted for as a single trust fund and shall be kept separate and apart from the funds of the Bank. For administrative and investment purposes, the Contributions may be commingled with other trust fund assets maintained by the Bank.

4.2. The Contributions may be freely exchanged by the Trustee into other currencies as may facilitate their disbursement.

4.3. The Trustee shall invest and reinvest the Contributions pending their disbursement in accordance with the Bank's policies and procedures for the investment of trust funds administered by the Bank. The Trustee shall credit all income from such investment to the Trust Fund to be used for the same purposes as the Contributions.

5. Use, Commitment and Transfer of Trust Fund Resources

5.1. The Trustee shall, subject to the availability of applicable resources held in the Trust Fund as determined by the Trustee and to the terms of this Agreement, commit, transfer, and/or, in the case of the administrative costs of the Trustee, use the Trust Fund resources, only at, and in accordance with, the decision of the Board or the Authorized Designee provided to the Trustee in writing.

5.2. The Trustee shall, subject to paragraph 5.1 above, commit and transfer Trust Fund resources in the amount approved by the Board or the Authorized Designee to: (a) the Secretariat; and/or (b) any entity accredited by the Board, following the fulfilment of accreditation process and criteria developed by the Board in accordance with paragraph 49 of the Governing Instrument and on terms agreed with the Trustee and approved by the Board or the Authorized Designee.

5.3. Commitment and transfer of Trust Fund resources to the Secretariat under paragraph 5.2(a) above, including the return of any cancelled or unused Trust Fund resources transferred, shall be made in the manner and procedures agreed between the Secretariat and the Trustee. Commitment and transfer of Trust Fund resources to any accredited entities under paragraph 5.2(b) above, including the return of any cancelled or unused Trust Fund resources transferred, shall be made in the manner and procedures agreed between the Secretariat and the Trustee.

5.4. Upon the transfer of Trust Fund resources to the Secretariat and/or any accredited entities under paragraph 5.2 above, the Trustee shall have no responsibility for the use by the Secretariat and/or such accredited entities of the Trust Fund resources so transferred to them, and the Secretariat and/or each such accredited entity shall be responsible for the use of the Trust Fund resources transferred by the Trustee and the activities carried out therewith in accordance with the applicable decisions of the Board or the Authorized Designee, including the purpose for which the resources have been approved. The Trustee shall not be involved in any action seeking to enforce the return of any misused Trust Fund resources from the Secretariat and/or any of the accredited entities in receipt of the Trust Fund resources transferred under this Agreement.

5.5. For the purpose of financing the administrative costs of the Trustee, the Trustee shall submit to the Board or the Authorized Designee a proposal for administrative budget to cover the full costs of services to be provided by the Trustee in the upcoming budget period (and/or the services provided prior to the execution of this Agreement) in connection with the performance of its functions under this Agreement, which shall be paid from the Trust Fund resources. Upon approval by the Board or the Authorized Designee of such a proposal, the Trustee shall transfer the amount to its own account from the Trust Fund resources; provided that, the amount of the resources transferred shall be subject to an end of budget period adjustment on the basis of full cost recovery for the services provided during the budget period. To the extent actual costs incurred are lower than the transferred budget amount, funds are to be returned for deposit in the Trust Fund.

6. Accounting and Financial Reporting

6.1. The Trustee shall maintain separate records and ledger accounts in respect of the Contributions deposited in the Trust Fund account and disbursements made therefrom.

6.2. The Trustee shall furnish to the Board quarterly (or at any other frequency agreed between the Board and the Trustee) financial reports of the Trust Fund.

6.3. Unless otherwise agreed by the Board and the Trustee, the Trustee shall provide to the Board, within six (6) months following the end of each Bank fiscal year, an annual single audit report, comprising (a) a management assertion together with an attestation from the Bank's external auditors concerning the adequacy of internal control over cash-based financial reporting for all cash-based trust funds as a whole; and (b) a combined financial statement for all cash-based trust funds together with the Bank's external auditor's opinion thereon. The cost of the single audit shall be borne by the Bank.

6.4. The Board or a Contributor may request, on an exceptional basis, a financial statement audit by the Bank's external auditors of the Trust Fund, and the costs of any such audit, including the internal costs of the Bank with respect to the audit, shall be paid by the Trust Fund if the audit was requested by the Board or paid by the requesting Contributor if the audit was requested by the Contributor.

7. Authorization and Enforceability

7.1. Each Party hereby represents and warrants that:

- (a) it has all requisite corporate power and authority to enter into this Agreement and to carry out the transactions contemplated by this Agreement;
- (b) its execution, delivery and performance of this Agreement and its consummation of the transactions contemplated by this Agreement have been duly authorized by all requisite corporate action; and
- (c) this Agreement has been duly executed and delivered by the Party and is a valid and binding obligation of the Party, enforceable against it in accordance with its terms.

8. Amendment, Effectiveness and Termination

8.1. This Agreement shall become effective upon the signatures of both Parties.

8.2. This Agreement may be amended only with the agreement of the Board and the Trustee.

8.3. The Board may terminate the Bank's role as the interim trustee of the Trust Fund at any time upon three (3) months' prior written notice to the Bank.

8.4. It is envisaged that the Bank will serve as the interim trustee of the Trust Fund, subject to a review by the Board three (3) years after the operationalization of the Fund. Unless otherwise agreed between the Board and the Bank, the Bank's role as the interim trustee of the Trust Fund shall terminate on 30 April 2015, except as set forth in paragraph 8.5 below.

8.5. Notwithstanding paragraph 8.4 above, the Bank may terminate its role as the interim trustee of the Trust Fund at any time upon six (6) months' prior written notice to the Board.

8.6. Following termination of the Bank's role as the interim trustee of the Trust Fund pursuant to paragraph 8.3, 8.4 or 8.5 above, the Bank shall carry on no business for the Trust Fund except to the extent needed to avoid discontinuity in trustee services. The Bank shall, in consultation with the Board to the extent possible, take all necessary action for winding up its affairs in an expeditious manner, including for the transferring of Trust Fund assets to the successor as directed by the Board in writing without undue delay, and for meeting outstanding commitments. All of the powers and rights of the Trustee under this Agreement, including the right to be reimbursed for the fees, costs and expenses incurred under this Agreement, shall continue until the affairs of the Trustee have been wound up.
