Decision 1/CP.19

Further advancing the Durban Platform

The Conference of the Parties,

Expressing serious concern that the warming of the climate system is unequivocal and since the 1950s, many of the observed changes are unprecedented over decades to millennia, as indicated by the findings contained in the contribution of Working Group I to the Fifth Assessment Report of the Intergovernmental Panel on Climate Change,

Warning that climate change represents an urgent and potentially irreversible threat to human societies, future generations and the planet, that continued emissions of greenhouse gases will cause further warming and changes in all components of the climate system and that limiting climate change will require substantial and sustained reductions of greenhouse gas emissions,

Underlining the significant gap between the aggregate effect of Parties' mitigation pledges in terms of global annual emissions of greenhouse gases by 2020 and aggregate emission pathways consistent with having a likely chance of holding the increase in global average temperature below 2 °C or 1.5 °C above pre-industrial levels,

Affirming that fulfilling the ultimate objective of the Convention will require strengthening the multilateral, rules-based regime and the urgent and sustained implementation of existing commitments under the Convention,

Urging all Parties to the Kyoto Protocol to ratify and implement the Doha Amendment to the Kyoto Protocol as a matter of urgency,

Emphasizing that enhanced action and international cooperation on adaptation is urgently required to enable and support the implementation of adaptation actions aimed at reducing vulnerability and building resilience in developing country Parties, taking into account the urgent and immediate needs of those developing countries that are particularly vulnerable,

Recognizing the importance of regional and international cooperation with a view to promoting the establishment of alliances to support the implementation of actions aimed at reducing vulnerability and building resilience to the adverse effects of climate change,

Mindful of its decision that the Ad Hoc Working Group on the Durban Platform for Enhanced Action will consider elements for a draft negotiating text no later than at its session to be held in conjunction with the twentieth session of the Conference of the Parties (December 2014) with a view to making available a negotiating text before May 2015,

Reiterating that the work of the Ad Hoc Working Group on the Durban Platform for Enhanced Action shall be guided by the principles of the Convention,

Noting decision 3/CP.19 (Long-term climate finance),

Recalling decisions 1/CP.17, 2/CP.18 and 1/CMP.8,

Also recalling decision 24/CP.18,

1. *Requests* the Ad Hoc Working Group on the Durban Platform for Enhanced Action to accelerate its development of a protocol, another legal instrument or an agreed outcome with legal force under the Convention applicable to all Parties in the context of decision 1/CP.17, paragraphs 2–6, and its conduct of the workplan on enhancing mitigation ambition

to identify and to explore options for a range of actions that can close the ambition gap, with a view to ensuring the highest possible mitigation efforts by all Parties in the context of decision 1/CP.17, paragraphs 7 and 8;

2. *Decides*, in the context of its determination to adopt a protocol, another legal instrument or an agreed outcome with legal force under the Convention applicable to all Parties at its twenty-first session (December 2015) and for it to come into effect and be implemented from 2020:

(a) To request the Ad Hoc Working Group on the Durban Platform for Enhanced Action to further elaborate, beginning at its first session in 2014, elements for a draft negotiating text, taking into consideration its work, including, inter alia, on mitigation, adaptation, finance, technology development and transfer, capacity-building and transparency of action and support;

(b) To invite all Parties to initiate or intensify domestic preparations for their intended nationally determined contributions, without prejudice to the legal nature of the contributions, in the context of adopting a protocol, another legal instrument or an agreed outcome with legal force under the Convention applicable to all Parties towards achieving the objective of the Convention as set out in its Article 2 and to communicate them well in advance of the twenty-first session of the Conference of the Parties (by the first quarter of 2015 by those Parties ready to do so) in a manner that facilitates the clarity, transparency and understanding of the intended contributions, without prejudice to the legal nature of the contributions;

(c) To request the Ad Hoc Working Group on the Durban Platform for Enhanced Action to identify, by the twentieth session of the Conference of the Parties, the information that Parties will provide when putting forward their contributions, without prejudice to the legal nature of the contributions, referred to in paragraph 2(b) above;

(d) To urge and request developed country Parties, the operating entities of the financial mechanism and any other organizations in a position to do so to provide support for the related activities referred to in paragraphs 2(b) and 2(c) above as early as possible in 2014;

3. *Resolves* to accelerate the full implementation of the decisions constituting the agreed outcome pursuant to decision 1/CP.13 (Bali Action Plan),¹ in particular in relation to the provision of means of implementation, including technology, finance and capacity-building support for developing country Parties, recognizing that such implementation will enhance ambition in the pre-2020 period;

4. *Also resolves* to enhance ambition in the pre-2020 period in order to ensure the highest possible mitigation efforts under the Convention by all Parties by:

(a) Urging each Party that has not yet communicated a quantified economy-wide emission reduction target or nationally appropriate mitigation action, as applicable, to do so;

(b) Urging each developed country Party to implement without delay its quantified economy-wide emission reduction target under the Convention and, if it is also a Party to the Kyoto Protocol, its quantified emission limitation or reduction commitment for the second commitment period of the Kyoto Protocol, if applicable;

¹ Decisions 1/CP.18 (Agreed outcome pursuant to the Bali Action Plan), 2/CP.17 (Outcome of the Ad Hoc Working Group on Long-term Cooperative Action under the Convention), 1/CP.16 (Cancun Agreements) and other relevant decisions.

(c) Urging each developed country Party to revisit its quantified economy-wide emission reduction target under the Convention and, if it is also a Party to the Kyoto Protocol, its quantified emission limitation or reduction commitment for the second commitment period of the Kyoto Protocol, if applicable, in accordance with decision 1/CMP.8, paragraphs 7–11;

(d) Urging each developed country Party to periodically evaluate the continuing application of any conditions associated with its quantified economy-wide emission reduction target, with a view to adjusting, resolving or removing such conditions;

(e) Urging developed country Parties to increase technology, finance and capacity-building support to enable increased mitigation ambition by developing country Parties;

(f) Urging each developing country Party that has communicated its nationally appropriate mitigation action to implement it and, where appropriate, consider further action, recognizing that nationally appropriate mitigation actions will be taken in the context of sustainable development, supported and enabled by technology, finance and capacity-building;

5. *Decides* to accelerate activities under the workplan on enhancing mitigation ambition in accordance with decision 1/CP.17, paragraphs 7 and 8, by:

(a) Intensifying, as from 2014, the technical examination of opportunities for actions with high mitigation potential, including those with adaptation and sustainable development co-benefits, with a focus on the implementation of policies, practices and technologies that are substantial, scalable and replicable, with a view to promoting voluntary cooperation on concrete actions in relation to identified mitigation opportunities in accordance with nationally defined development priorities;

(b) Facilitating the sharing among Parties of experiences and best practices of cities and subnational authorities, where appropriate, in identifying and implementing opportunities to mitigate greenhouse gas emissions and adapt to the adverse impacts of climate change, with a view to promoting the exchange of information and voluntary cooperation;

(c) Inviting Parties to promote the voluntary cancellation of certified emission reductions, without double counting, as a means of closing the pre-2020 ambition gap;

(d) Considering further activities to be undertaken under that workplan at the twentieth session of the Conference of the Parties;

6. *Notes* the convening of the climate summit on 23 September 2014 by the United Nations Secretary-General aimed at mobilizing action and ambition in relation to climate change;

7. *Calls* upon Parties to intensify their high-level engagement on the Durban Platform for Enhanced Action through an in-session high-level ministerial dialogue to be held in conjunction with the fortieth sessions of the subsidiary bodies (June 2014) and another such dialogue to be held in conjunction with the twentieth session of the Conference of the Parties.

Decision 2/CP.19

Warsaw international mechanism for loss and damage associated with climate change impacts

The Conference of the Parties,

Recalling the relevant provisions of the Convention,

Also recalling decisions 1/CP.16, 7/CP.17 and 3/CP.18,

Acknowledging the contribution of adaptation and risk management strategies towards addressing loss and damage associated with climate change impacts,

Also acknowledging that loss and damage associated with the adverse effects of climate change includes, and in some cases involves more than, that which can be reduced by adaptation,

Recalling its decision to establish, at its nineteenth session, institutional arrangements, such as an international mechanism, including functions and modalities, to address loss and damage associated with the impacts of climate change in developing countries that are particularly vulnerable to the adverse effects of climate change,¹

1. *Establishes* the Warsaw international mechanism for loss and damage, under the Cancun Adaptation Framework, subject to review at the twenty-second session of the Conference of the Parties (November–December 2016) pursuant to paragraph 15 below, to address loss and damage associated with impacts of climate change, including extreme events and slow onset events, in developing countries that are particularly vulnerable to the adverse effects of climate change (hereinafter referred to as the Warsaw international mechanism), and in line with the provisions contained in paragraphs 2–15 below;
2. *Also establishes* an executive committee of the Warsaw international mechanism, which shall function under the guidance of, and be accountable to, the Conference of the Parties, to guide the implementation of functions referred to under paragraph 5 below;
3. *Requests* the executive committee to report annually to the Conference of the Parties through the Subsidiary Body for Scientific and Technological Advice and the Subsidiary Body for Implementation and make recommendations, as appropriate;
4. *Decides* that, as an interim measure, the executive committee shall consist of two representatives from each of the following bodies under the Convention, ensuring that there is a balanced representation between developed and developing country Parties: the Adaptation Committee, the Least Developed Countries Expert Group, the Standing Committee on Finance, the Technology Executive Committee and the Consultative Group of Experts on National Communications from Parties not included in Annex I to the Convention;
5. *Also decides* that the Warsaw international mechanism shall fulfil the role under the Convention of promoting the implementation of approaches to address loss and damage associated with the adverse effects of climate change, pursuant to decision 3/CP.18, in a comprehensive, integrated and coherent manner by undertaking, inter alia, the following functions:

(a) Enhancing knowledge and understanding of comprehensive risk management approaches to address loss and damage associated with the adverse effects of climate change, including slow onset impacts, by facilitating and promoting:

¹ Decision 3/CP.18, paragraph 9.

- (i) Action to address gaps in the understanding of and expertise in approaches to address loss and damage associated with the adverse effects of climate change, including, inter alia, the areas outlined in decision 3/CP.18, paragraph 7(a);
 - (ii) Collection, sharing, management and use of relevant data and information, including gender-disaggregated data;
 - (iii) Provision of overviews of best practices, challenges, experiences and lessons learned in undertaking approaches to address loss and damage;
- (b) Strengthening dialogue, coordination, coherence and synergies among relevant stakeholders by:
- (i) Providing leadership and coordination and, as and where appropriate, oversight under the Convention, on the assessment and implementation of approaches to address loss and damage associated with the impacts of climate change from extreme events and slow onset events associated with the adverse effects of climate change;
 - (ii) Fostering dialogue, coordination, coherence and synergies among all relevant stakeholders, institutions, bodies, processes and initiatives outside the Convention, with a view to promoting cooperation and collaboration across relevant work and activities at all levels;²
- (c) Enhancing action and support, including finance, technology and capacity-building, to address loss and damage associated with the adverse effects of climate change, so as to enable countries to undertake actions pursuant to decision 3/CP.18, paragraph 6, including by:
- (i) Providing technical support and guidance on approaches to address loss and damage associated with climate change impacts, including extreme events and slow onset events;
 - (ii) Providing information and recommendations for consideration by the Conference of the Parties when providing guidance relevant to reducing the risks of loss and damage and, where necessary, addressing loss and damage, including to the operating entities of the financial mechanism of the Convention, as appropriate;
 - (iii) Facilitating the mobilization and securing of expertise, and enhancement of support, including finance, technology and capacity-building, to strengthen existing approaches and, where necessary, facilitate the development and implementation of additional approaches to address loss and damage associated with climate change impacts, including extreme weather events and slow onset events;
6. *Further decides* that the Warsaw international mechanism should complement, draw upon the work of and involve, as appropriate, existing bodies and expert groups under the Convention, as well as on that of relevant organizations and expert bodies outside the Convention, at all levels;
7. *Decides* that, in exercising the functions outlined in paragraph 5 above, the Warsaw international mechanism will, inter alia:
- (a) Facilitate support of actions to address loss and damage;
 - (b) Improve coordination of the relevant work of existing bodies under the Convention;
 - (c) Convene meetings of relevant experts and stakeholders;
 - (d) Promote the development of, and compile, analyse, synthesize and review information;

² All levels refer to national, regional and international levels.

- (e) Provide technical guidance and support;
 - (f) Make recommendations, as appropriate, on how to enhance engagement, actions and coherence under and outside the Convention, including on how to mobilize resources and expertise at different levels;
8. *Invites* the Executive Secretary, in consultation with the President of the Conference of the Parties, to convene the initial meeting of the executive committee by March 2014, the meetings of which will be open to observers, and invite representatives of relevant international and regional organizations having the necessary skills in approaches to addressing loss and damage associated with the adverse effects of climate change, including extreme weather events and slow onset events;
 9. *Requests* the executive committee to develop its initial two-year workplan for the implementation of the functions outlined in paragraph 5 above, including the scheduling of meetings, taking into account the issues outlined in decision 3/CP.18, paragraphs 6 and 7, for consideration at the forty-first sessions of the Subsidiary Body for Scientific and Technological Advice and the Subsidiary Body for Implementation (December 2014);
 10. *Also requests* the Subsidiary Body for Scientific and Technological Advice and the Subsidiary Body for Implementation to consider the composition of, and procedures for, the executive committee, and to make recommendations thereon for adoption by the Conference of the Parties at its twentieth session (December 2014), with a view to finalizing the organization and governance of the executive committee;
 11. *Invites* relevant international and regional organizations, institutions and processes to integrate, where appropriate, measures to address the impacts of climate change and to explore and strengthen synergies in the context of addressing loss and damage associated with the adverse impacts of climate change, especially in particularly vulnerable developing countries;
 12. *Also invites* Parties to work through the United Nations and other relevant institutions, specialized agencies and processes, as appropriate, to promote coherence at all levels in approaches relevant to addressing loss and damage associated with the adverse effects of climate change, including extreme events and slow onset events;
 13. *Further invites* Parties to strengthen and, where appropriate, develop institutions and networks at the regional and national levels, especially in particularly vulnerable developing countries, to enhance the implementation of relevant approaches to addressing loss and damage in a manner that is country-driven, encourages cooperation and coordination between relevant stakeholders and improves the flow of information;
 14. *Requests* developed country Parties to provide developing country Parties with finance, technology and capacity-building, in accordance with decision 1/CP.16 and other relevant decisions of the Conference of the Parties;
 15. *Decides* to review the Warsaw international mechanism, including its structure, mandate and effectiveness, at the twenty-second session of the Conference of the Parties, with a view to adopting an appropriate decision on the outcome of this review;
 16. *Takes note* of the budgetary implications of the activities to be undertaken by the secretariat pursuant to the provisions contained in this decision;
 17. *Requests* that the actions of the secretariat called for in this decision be undertaken subject to the availability of financial resources.

*10th plenary meeting

Decision 3/CP.19

Long-term climate finance

The Conference of the Parties,

Recalling Articles 4 and 11 of the Convention,

Further recalling decisions 4/CP.18, 1/CP.17, 2/CP.17 paragraphs 126–132, and 1/CP.16 paragraphs 2, 4 and 98–101,

1. *Takes note* of the co-chairs' report on the outcomes of the extended work programme on long-term finance;¹
2. *Underlines* the urgency of implementing commitments related to financing and transfer of technology under the Convention;
3. *Recognizes* the commitment undertaken by developed country Parties to a goal of mobilizing jointly USD 100 billion annually by 2020 to address the needs of developing countries in the context of meaningful mitigation actions and transparency on implementation;
4. *Also recognizes* the importance of providing clarity on the level of financial support that will be provided by developed country Parties to developing country Parties to allow for enhanced implementation of the Convention;
5. *Acknowledges* the pledges and announcements made by developed country Parties since the eighteenth session of the Conference of the Parties, including the financial contributions that have been made to the Adaptation Fund in 2013 fulfilling the Adaptation Fund Board's fundraising goal of USD 100 million;
6. *Requests* Parties to enhance their enabling environments and policy frameworks to facilitate the mobilization and effective deployment of climate finance;
7. *Urges* developed country Parties to maintain continuity of mobilization of public climate finance at increasing levels from the fast-start finance period in line with their joint commitment to the goal of mobilizing USD 100 billion per year by 2020 from a wide variety of sources, public and private, bilateral and multilateral, including alternative sources, in the context of meaningful mitigation actions and transparency of implementation;
8. *Calls* on developed country Parties to channel a substantial share of public climate funds to adaptation activities;
9. *Recalls* that a significant share of new multilateral funding for adaptation should flow through the Green Climate Fund;
10. *Requests* developed country Parties to prepare biennial submissions on their updated strategies and approaches for scaling up climate finance from 2014 to 2020, including any available information on quantitative and qualitative elements of a pathway, on the following:
 - (a) Information to increase clarity on the expected levels of climate finance mobilized from different sources;
 - (b) Information on their policies, programmes and priorities;

¹ FCCC/CP/2013/7.

- (c) Information on actions and plans to mobilize additional finance;
- (d) Information on how Parties are ensuring the balance between adaptation and mitigation, in particular the needs of developing countries that are particularly vulnerable to the adverse effects of climate change;
- (e) Information on steps taken to enhance their enabling environments, following on from the report of the co-chairs of the extended work programme on long-term finance;

11. *Requests* the Standing Committee on Finance, in the context of the preparation of its biennial assessment and overview of climate finance flows, to consider ongoing technical work on operational definitions of climate finance, including private finance mobilized by public interventions, to assess how adaptation and mitigation needs can most effectively be met by climate finance, and to include the results in its annual report to the Conference of the Parties;

12. *Decides* to continue deliberations on long-term finance and requests the secretariat to organize in-session workshops on, inter alia, strategies and approaches for scaling up climate finance referred to in paragraph 10, cooperation on enhanced enabling environments and support for readiness activities, and on needs for support to developing countries, from 2014 to 2020. Further requests the secretariat to prepare a summary of the workshops for consideration by the Conference of the Parties and to inform the ministerial dialogue referred to in paragraph 13;

13. *Also decides* to convene a biennial high-level ministerial dialogue on climate finance starting in 2014 and ending in 2020 and informed, inter alia, by the workshops referred to in paragraph 12 and the submissions referred to in paragraph 10. Further requests the presidency of the Conference of the Parties to summarize the deliberations of the dialogue.

Decision 4/CP.19

Report of the Green Climate Fund to the Conference of the Parties and guidance to the Green Climate Fund

The Conference of the Parties,

Recalling Articles 4 and 11 of the Convention,

Taking into account decision 11/CP.1,

Recalling decisions 1/CP.16, 3/CP.17, 1/CP.18, 6/CP.18 and 7/CP.18,

1. *Takes note with appreciation* of the second annual report of the Board of the Green Climate Fund to the Conference of the Parties as contained in document FCCC/CP/2013/6;
2. *Welcomes* the Board's decisions to establish the independent secretariat and the selection of Ms. Hla Cheikhrouhou as the Executive Director of the independent secretariat of the Green Climate Fund;
3. *Also welcomes* the conclusion and entry into force of the Headquarters Agreement between the Green Climate Fund and the Government of the Republic of Korea;
4. *Takes note* of the termination of the interim arrangements for the operation of the interim secretariat and expresses its appreciation to the UNFCCC and Global Environment Facility secretariats for supporting the interim secretariat;
5. *Welcomes* the adoption of the third administrative budget of the Green Climate Fund, which will enable the establishment of the independent secretariat in Songdo, Incheon City, Republic of Korea;
6. *Notes* the progress made by the Board to ensure the operationalization of the Green Climate Fund, including the adoption of its 2014 workplan and the resource mobilization process;

A. Initial guidance to the Green Climate Fund

7. *Confirms* that the provisions contained in Article 11 of the Convention, and decisions 11/CP.1, 1/CP.16 and 3/CP.17, and the governing instrument for the Green Climate Fund, and decision 6/CP.18, together with decision 5/CP.19, constitute the initial guidance for the Green Climate Fund;
8. *Decides* to adopt the following initial guidance on policies, programme priorities and eligibility criteria for the Green Climate Fund, as an operating entity of the financial mechanism of the Convention;
9. *Requests* the Green Climate Fund:
 - (a) To balance the allocation of resources between adaptation and mitigation, and ensure an appropriate allocation of resources for other activities;
 - (b) To pursue a country-driven approach;
 - (c) In allocating resources for adaptation, the Green Climate Fund will take into account the urgent and immediate needs of developing countries that are particularly vulnerable to the adverse effects of climate change;

10. *Confirms* that all developing country Parties to the Convention are eligible to receive resources from the Green Climate Fund;

B. Additional guidance to the Green Climate Fund

11. *Stresses* the need to achieve full operationalization of the Green Climate Fund, and in this regard urges the Board to an expeditious implementation of its 2014 workplan, including elements of decision 6/CP.18;

12. *Urges* the Board to finalize as soon as possible the essential requirements to receive, manage, programme and disburse financial resources in line with the approved workplan of the Board so that the Green Climate Fund can commence its initial resource mobilization process as soon as possible and transition subsequently to a formal replenishment process;

13. *Calls* for ambitious and timely contributions by developed countries to enable an effective operationalization, including for readiness and preparatory support of the Green Climate Fund that reflects the needs and challenges of developing countries in addressing climate change in the context of preparing, by the twentieth session of the Conference of the Parties (December 2014), the initial resource mobilization process described in paragraph 12 above;

14. *Underlines* that initial resource mobilization should reach a very significant scale that reflects the needs and challenges of developing countries in addressing climate change;

15. *Invites* financial inputs from a variety of other sources, public and private, including alternative sources, for the Board's initial resource mobilization process;

16. *Requests* the Board of the Green Climate Fund:

(a) To consider important lessons learned on country-driven processes from other existing funds;

(b) To ensure that in its consideration and finalization of the Green Climate Fund's access modalities, the Board takes into account the institutions already accredited by relevant institutions covered by the Board's agreement on the best practice fiduciary standards and principles and environmental and social standards;

(c) To report to the Conference of Parties at its twentieth session on progress made in the implementation of this decision, as well as the implementation of decision 6/CP.18;

17. *Invites* Parties to submit to the secretariat annually, and no later than 10 weeks prior to the subsequent session of the Conference of the Parties, their views and recommendations in writing on the elements to be taken into account in developing guidance to the operating entities of the financial mechanism of the Convention.

Decision 5/CP.19

Arrangements between the Conference of the Parties and the Green Climate Fund

The Conference of the Parties,

Recalling Article 11 of the Convention,

Also recalling decisions 1/CP.16 and 3/CP.17, which, inter alia, designated the Green Climate Fund as an operating entity of the financial mechanism of the Convention and requested the Conference of the Parties to conclude arrangements with the Green Climate Fund Board to ensure that it is accountable to and functions under the guidance of the Conference of the Parties to support projects, programmes, policies and other activities in developing country Parties using thematic funding windows,

Further recalling decision 7/CP.18, which requested the Standing Committee on Finance and the Green Climate Fund Board to develop arrangements between the Conference of the Parties and the Green Climate Fund in accordance with the governing instrument for the Green Climate Fund, as contained in the annex to decision 3/CP.17, and Article 11, paragraph 3, of the Convention for agreement by the Board and subsequent agreement by the Conference of the Parties at its nineteenth session,

Recalling paragraph 6 of the governing instrument for the Green Climate Fund,

1. *Takes note* of the report of the Standing Committee on Finance,¹ which contains the draft arrangements that were presented to the Board of the Green Climate Fund;
2. *Confirms* that the arrangements between the Conference of the Parties and the Green Climate Fund shall be in conformity with the governing instrument for the Green Climate Fund, as contained in decision 3/CP.17, and Article 11, paragraph 3, of the Convention;
3. *Notes* that the Board of the Green Climate Fund has approved the arrangements, as transmitted by the Standing Committee on Finance, contained in annex XXI to the report on the 5th meeting of the Green Climate Fund Board, as contained in the report of the Green Climate Fund;²
4. *Agrees* to the arrangements between the Conference of the Parties and the Green Climate Fund contained in the annex, thereby bringing the arrangements into force;
5. *Requests* the Board of the Green Climate Fund to report on the implementation of the arrangements referred to in paragraph 4 above in its annual reports to the Conference of the Parties, starting at the twentieth session of the Conference of the Parties (December 2014).

¹ FCCC/CP/2013/8.

² FCCC/CP/2013/6.

Annex

Arrangements between the Conference of the Parties and the Green Climate Fund

Preamble

Recalling Conference of the Parties (COP) decisions 1/CP.16, paragraph 102, and 3/CP.17, paragraphs 3–5, as well as the governing instrument for the Green Climate Fund (GCF), paragraphs 3–6.

Recognizing that the provisions contained in Article 11, paragraph 3, of the Convention, decision 3/CP.17 and the governing instrument for the GCF contained in the annex to 3/CP.17 form the basis for arrangements between the COP and the GCF.

The Conference of the Parties (hereinafter referred to as “the COP”) to the United Nations Framework Convention on Climate Change (hereinafter referred to as “the Convention”) and the Green Climate Fund (hereinafter referred to as the “GCF”) hereby reach the following arrangements:

Purpose of these arrangements

1. The purpose of these arrangements is to set out the working relationship between the COP and the GCF to ensure that the GCF is accountable to and functions under the guidance of the COP to support projects, programmes, policies and other activities in developing country Parties.

Determination and communication of guidance from the Conference of the Parties

2. The GCF shall receive guidance from the COP, including on matters related to policies, programme priorities and eligibility criteria.
3. The COP will, after each of its sessions, communicate guidance to the GCF.
4. The COP will provide guidance based, inter alia, upon a thorough consideration of the annual reports of the GCF.

Conformity with guidance of the Conference of the Parties

5. The GCF will take appropriate actions in response to the guidance received and will report on such actions taken.

Reconsideration of funding decisions

6. These arrangements reaffirm that the Board of the GCF has full responsibility for funding decisions.
7. The Board of the GCF has been mandated by paragraph 69 of the governing instrument to establish an independent redress mechanism that will report to the Board.
8. The independent redress mechanism will be open, transparent and easily accessible and will address, inter alia, the reconsideration of funding decisions.
9. The GCF will include in its annual reports to the COP the recommendations of its independent redress mechanism, and any action taken by the Board of the GCF in response to those recommendations. The COP may provide additional guidance to clarify policies, programme priorities and eligibility criteria as they impact funding decisions.
10. Further modalities for the reconsideration of funding decisions as per Article 11, paragraph 3(b), will be developed appropriately once the independent redress mechanism is operational.

Reports from the Green Climate Fund to the Conference of the Parties

11. The GCF is to submit annual reports to the COP for its consideration. Such annual reports shall include information on the implementation of policies, programme priorities and eligibility criteria provided by the COP, including information on the extent to which COP guidance has been adhered to by the Board of the GCF.
12. The GCF will include in its reports a synthesis of the different activities under implementation and a listing of the activities approved, as well as a financial report.
13. The GCF will also include in its reports information on all activities financed by the GCF.
14. The GCF will indicate in its reports actions it has undertaken to balance the allocation of resources between adaptation and mitigation activities under the Fund.
15. The GCF will also include information on the development and implementation of mechanisms to draw on appropriate expert and technical advice, including from the relevant thematic bodies established under the Convention, as appropriate.
16. The COP may request additional information from the GCF via its annual guidance.

Determination and periodic review of funding necessary and available

17. In accordance with Article 11, paragraph 3(d), of the Convention, which calls for arrangements to determine in a predictable and identifiable manner the amount of funding necessary and available for the implementation of the Convention, and the conditions under which that amount shall be periodically reviewed:
 - a) The COP will make assessments of the amount of funds that are necessary to assist developing countries in implementing the Convention, in order to help inform resource mobilization by the GCF; and
 - b) The GCF is to provide information on resource mobilization and the available financial resources, including any replenishment processes, in its annual reports to the COP.

Cooperation between secretariats and representation in meetings of the governing bodies

18. The secretariat of the GCF and the secretariat of the Convention may, as necessary and subject to the direction of the Board of the GCF and the COP, respectively, cooperate and exchange views on matters relevant to the operation of the financial mechanism of the Convention, including implementation of these arrangements between the COP and the GCF, coordination with other international financing channels and participation of representatives at relevant meetings of the bodies.
19. The participation of representatives of the secretariat of the Convention in the meetings of the GCF, and of the secretariat of the GCF in the sessions of the COP, is to be governed by the rules of procedure of the GCF and the COP, respectively.

Review and evaluation of the financial mechanism

20. The reports of the GCF should include any reports of the independent evaluation unit, including for the purposes of the periodic reviews of the financial mechanism of the Convention.
21. The COP may commission an independent assessment of the overall performance of the GCF, including of the performance of the Board of the GCF, to coincide with periodic reviews of the financial mechanism.
22. The COP will invite feedback from the GCF in advance of making any conclusions or findings from the review or evaluation of the financial mechanism.

Review of these arrangements

23. These arrangements can only be modified in writing by agreement between the COP and the GCF.
24. These arrangements shall come into force upon agreement by the GCF and subsequent agreement by the COP.
25. These arrangements may only be terminated in writing by agreement between the COP and the GCF.

Decision 6/CP.19

Report of the Global Environment Facility to the Conference of the Parties and guidance to the Global Environment Facility

The Conference of the Parties,

Recalling decisions 12/CP.2, 3/CP.16, 5/CP.16, 7/CP.16, 11/CP.17 and 9/CP.18,

Also recalling decision 5/CP.7, paragraph 7(a)(iv),

Taking note with appreciation of the annual report of the Global Environment Facility to the Conference of the Parties,¹

Noting the recommendations of the Standing Committee on Finance contained in its report to the Conference of the Parties with regard to the provision of draft guidance to the Global Environment Facility,²

1. *Welcomes* the inclusion of information on mitigation impacts in the report of the Global Environment Facility to the Conference of the Parties;
2. *Also welcomes* the pledges and contributions made to the Least Developed Countries Fund and the Special Climate Change Fund and calls for continued and increased support for these funds;
3. *Requests* the Global Environment Facility to clarify the concept of co-financing and its application in the projects and programmes of the Global Environment Facility;
4. *Also requests* the Global Environment Facility to further specify the steps that it has undertaken in response to the request contained in decision 9/CP.18, paragraph 1(c);
5. *Further requests* the Global Environment Facility to include, in its report to the Conference of the Parties at its twentieth session (December 2014), information on the modalities that it has established in response to paragraph 5 of the memorandum of understanding³ between the Conference of the Parties and the Council of the Global Environment Facility;
6. *Welcomes* the ongoing work of the Global Environment Facility on defining the focal area strategies pertaining to climate change for the sixth replenishment period as well as the development of the draft Global Environment Facility 2020 strategy;
7. *Also welcomes* the efforts of the Global Environment Facility to promote synergies between its focal areas, including through multifocal programmes and projects;
8. *Emphasizes* the need for the Global Environment Facility to consider lessons learned from past replenishment periods in its deliberations on the strategy for the sixth replenishment in order to continue to increase the effectiveness of its operations;
9. *Calls upon* developed country Parties, and *invites* other Parties that make voluntary financial contributions to the Global Environment Facility, to ensure a robust sixth replenishment in order to assist in providing adequate and predictable funding;

² FCCC/CP/2013/8, annex V.

³ FCCC/CP/1996/15/Add.1.

10. *Requests* the Global Environment Facility to give due consideration in its sixth replenishment period to funding for small island developing States and the least developed countries in order to enable them to address their urgent needs and to comply with their obligations under the Convention;
11. *Also requests* the Global Environment Facility to support, within its mandate, the implementation of country-driven projects identified in the technology needs assessments prepared by developing country Parties;
12. *Encourages* the Global Environment Facility to continue with its voluntary National Portfolio Formulation Exercise, which has been proved to enhance coordination and coherence at the national level;
13. *Invites* developing country Parties that wish to do so to apply for the National Portfolio Formulation Exercise before the start of the sixth replenishment period of the Global Environment Facility;
14. *Encourages* the Global Environment Facility to finalize the accreditation of new project agencies and assess the possibilities for further expanding the direct access modality;
15. *Invites* the Global Environment Facility and all of its implementing agencies and recipient countries to continue to work together to improve institutional arrangements, giving special consideration to expediting the project cycle;
16. *Encourages* the Global Environment Facility to continue to increase the overall transparency and openness of its operations;
17. *Also encourages* the Global Environment Facility to strengthen its collaborative efforts with the Standing Committee on Finance;
18. *Requests* the Global Environment Facility, as an operating entity of the financial mechanism of the Convention, to include in its annual report to the Conference of the Parties information on the steps that it has taken to implement the guidance provided in this decision.

Decision 7/CP.19

Report of the Standing Committee on Finance to the Conference of the Parties

The Conference of the Parties,

Recalling decision 2/CP.17, paragraph 120,

Also recalling decision 5/CP.18,

1. *Notes with appreciation* the report of the Standing Committee on Finance;¹
2. *Welcomes* the continued transparency and openness in the conduct of the work of the Standing Committee on Finance;
3. *Takes note* of the report on the initial forum of the Standing Committee on Finance;²
4. *Looks forward* to the second forum, to be held in 2014;
5. *Invites* the Standing Committee on Finance to consider focusing its second forum on mobilizing finance for adaptation from both public and private sectors;
6. *Endorses* the workplan of the Standing Committee on Finance for 2014–2015;³
7. *Requests* the Standing Committee on Finance to implement that workplan;
8. *Takes note* of the information provided by the Standing Committee on Finance on the workplan for the biennial assessment and overview of climate finance flows, to be conducted in 2014;
9. *Invites* the Standing Committee on Finance to consider ways to increase its work on the measurement, reporting and verification of support beyond the biennial assessment referred to in paragraph 8 above in accordance with its workplan for 2014–2015 and its mandates;
10. *Calls upon* the Standing Committee on Finance to further enhance its linkages with the Subsidiary Body for Implementation and the thematic bodies of the Convention as mandated by decision 2/CP.17, paragraph 121(b);
11. *Requests* the Standing Committee on Finance to consider, in its work on coherence and coordination, inter alia, the issue of financing for forests, taking into account different policy approaches;
12. *Also requests* the Standing Committee on Finance to include in its annual report to the Conference of the Parties information on progress made in the implementation of its workplan for 2014–2015 and the guidance provided in this decision.

Decision 8/CP.19

Fifth review of the financial mechanism

The Conference of the Parties,

Recalling decisions 3/CP.4, 2/CP.12, 6/CP.13, 2/CP.16 and 2/CP.17,

Taking into account decision 8/CP.18,

1. *Welcomes* the draft updated guidelines provided by the Standing Committee on Finance as contained in its report to the Conference of the Parties;¹
2. *Decides* to adopt the updated guidelines annexed to this decision;
3. *Requests* the Standing Committee on Finance to continue to provide expert input to the fifth review of the financial mechanism, with a view to the review being finalized by the Conference of the Parties at its twentieth session (December 2014).

¹ FCCC/CP/2013/8, annex IV.

Annex

Updated guidelines for the fifth review of the financial mechanism

A. Objectives

1. In accordance with Article 11, paragraph 4, of the Convention, the objectives of the fifth review of the financial mechanism will be as follows:
 - (a) To review the financial mechanism and take appropriate measures regarding:
 - (i) Its conformity with the provisions of Article 11 of the Convention and the guidance provided by the Conference of the Parties (COP);
 - (ii) The effectiveness of the activities it funds in implementing the Convention;
 - (iii) Its effectiveness in providing financial resources on a grant or concessional basis, including for the transfer of technology, for the implementation of the Convention's objective on the basis of the guidance provided by the COP;
 - (iv) Its effectiveness in providing resources to developing country Parties under Article 4, paragraph 3, of the Convention;
 - (v) The effectiveness of access modalities for developing countries;
 - (b) To examine how to improve consistency and complementarity of the financial mechanism with other sources of investment and financial flows, including:
 - (i) Examining relevant sources, channels and means of financing, as indicated in Article 11, paragraph 5, of the Convention, that would assist developing country Parties to contribute to the achievement of the objective of the Convention, in particular innovative means of financing, such as for the development of endogenous technologies in developing countries;
 - (ii) Examining the role of the financial mechanism in scaling up the level of resources;
 - (iii) Assessing enabling environments for catalysing investment in, and the transfer of, environmentally sound technologies that mitigate greenhouse gas emissions, and for enhancing resilience to climate change.

B. Sources of information

2. The review shall draw upon, inter alia, the following sources of information:
 - (a) Information provided by Parties on their experiences regarding the financial mechanism support provided and received in accordance with COP decisions;
 - (b) Annual reviews by the COP on the conformity of the activities of the financial mechanism with the guidance provided by the COP;
 - (c) The annual report of the Standing Committee on Finance to the COP on its activities and other relevant information documents regarding the Standing Committee on Finance;
 - (d) The annual report of the Global Environment Facility (GEF) to the COP on its activities as an operating entity of the financial mechanism, including the information on

the Least Developed Countries Fund and the Special Climate Change Fund, and other relevant GEF policy and information documents;

- (e) The reports from the GEF Independent Evaluation Office;
- (f) The annual report of the Green Climate Fund (GCF) to the COP on its activities as an operating entity of the financial mechanism and other relevant GCF policy and information documents;
- (g) The report of the Adaptation Fund Board to the Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol and the outcomes of the initial review of the Adaptation Fund;
- (h) The outcomes and reports from the United Nations processes, relevant bilateral and multilateral funding institutions and other intergovernmental and non-governmental organizations dealing with climate change financing;
- (i) Relevant reports on private-sector financing and investment for climate change activities;
- (j) Technical papers and reports prepared by the secretariat at the request of the COP, which are relevant to the financial needs of developing country Parties under the Convention;
- (k) Information contained in the national communications of Parties to the Convention, technology needs assessments and national adaptation programmes of action;
- (l) Information on fast-start finance provided by developed country Parties and other information on fast-start finance;
- (m) The reports on the work programme on long-term finance;
- (n) The report on the workshops of the work programme under decisions 1/CP.16 and 2/CP.17 on policy approaches and positive incentives;
- (o) The reports of the Least Developed Countries Expert Group and the Consultative Group of Experts on National Communications from Parties not included in Annex I to the Convention.

C. Criteria

3. The effectiveness of the financial mechanism will be assessed taking into account the following:

- (a) The transparency of decision-making processes of the operating entities of the financial mechanism;
- (b) The level of stakeholder involvement;
- (c) The extent to which the financial mechanism is contributing to gender-sensitive approaches;
- (d) The adequacy, predictability, accessibility and timely disbursement of funds for activities in developing country Parties;
- (e) The responsiveness and efficiency of the GEF project cycle and expedited procedures, including its operational strategy, as they relate to climate change;
- (f) The amount of resources provided to developing country Parties, including financing for technical assistance and investment projects, and the mechanisms for country allocation, as well as the results and impacts achieved by the resources provided;

- (g) The amount of finance leveraged and modalities of co-financing when applicable;
- (h) The extent to which the resources provided are contributing to achieving the objectives of the Convention;
- (i) The sustainability of funded programmes, projects and operations in developing country Parties;
- (j) The extent to which the financial mechanism is contributing to country ownership of programmes and projects.

Decision 9/CP.19*

Work programme on results-based finance to progress the full implementation of the activities referred to in decision 1/CP.16, paragraph 70

The Conference of the Parties,

Recalling decisions 2/CP.13, 4/CP.15, 1/CP.16, 2/CP.17, 12/CP.17, 1/CP.18 and 10/CP.19 to 15/CP.19,

Reaffirming that, in the context of the provision of adequate and predictable support to developing country Parties, Parties should collectively aim to slow, halt and reverse forest cover and carbon loss, in accordance with national circumstances, consistent with the ultimate objective of the Convention, as stated in its Article 2,

Recognizing the importance and necessity of adequate and predictable financial and technology support for developing all of the elements referred to in decision 1/CP.16, paragraph 71,

Also recognizing the need to scale up and improve the effectiveness of finance for the activities referred to in decision 1/CP.16, paragraph 70, taking into account decision 2/CP.17, paragraphs 66 and 67,

Further recognizing the key role that the Green Climate Fund will play in channelling financial resources to developing countries and catalysing climate finance,

1. *Reaffirms* that results-based finance provided to developing country Parties for the full implementation of the activities referred to in decision 1/CP.16, paragraph 70, that is new, additional and predictable may come from a variety of sources, public and private, bilateral and multilateral, including alternative sources, as referred to in decision 2/CP.17, paragraph 65;
2. *Also reaffirms* that the progression of developing country Parties towards results-based actions occurs in the context of the provision of adequate and predictable support for all phases of the actions and activities referred to in decision 1/CP.16, paragraphs 70 and 73;
3. *Recalls* that for developing country Parties undertaking the results-based actions referred to in decision 1/CP.16, paragraph 73, to obtain and receive results-based finance, those actions should be fully measured, reported and verified, in accordance with decisions 13/CP.19 and 14/CP.19, and developing country Parties should have all of the elements referred to in decision 1/CP.16, paragraph 71, in place, in accordance with decisions 12/CP.17 and 11/CP.19;
4. *Agrees* that developing countries seeking to obtain and receive results-based payments in accordance with decision 2/CP.17, paragraph 64, should provide the most recent summary of information on how all of the safeguards referred to in decision 1/CP.16, appendix I, paragraph 2, have been addressed and respected before they can receive results-based payments;

* This decision forms part of the Warsaw Framework for REDD-plus. For more information, see document FCCC/CP/2013/10, paragraph 44.

5. *Encourages* entities financing the activities referred to in decision 1/CP.16, paragraph 70, through the wide variety of sources referred to in decision 2/CP.17, paragraph 65, including the Green Climate Fund in a key role, to collectively channel adequate and predictable results-based finance in a fair and balanced manner, taking into account different policy approaches, while working with a view to increasing the number of countries that are in a position to obtain and receive payments for results-based actions;
6. *Also encourages* the entities referred to in paragraph 5 above, when providing results-based finance, to apply the methodological guidance consistent with decisions 4/CP.15, 1/CP.16, 2/CP.17, 12/CP.17 and 11/CP.19 to 15/CP.19, as well as this decision, in order to improve the effectiveness and coordination of results-based finance;
7. *Requests* the Green Climate Fund, when providing results-based finance, to apply the methodological guidance consistent with decisions 4/CP.15, 1/CP.16, 2/CP.17, 12/CP.17 and 11/CP.19 to 15/CP.19, as well as this decision, in order to improve the effectiveness and coordination of results-based finance;
8. *Encourages* entities financing the activities referred to in decision 1/CP.16, paragraph 70, through the wide variety of sources referred to in decision 2/CP.17, paragraph 65, to continue to provide financial resources to alternative policy approaches, such as joint mitigation and adaptation approaches for the integral and sustainable management of forests;
9. *Decides* to establish an information hub on the web platform on the UNFCCC website¹ as a means to publish information on the results of the activities referred to in decision 1/CP.16, paragraph 70, and corresponding results-based payments;
10. *Notes* that the information hub aims to increase transparency of information on results-based actions, on the corresponding payments, as well as information related to the elements referred to in decision 1/CP.16, paragraph 71, without creating additional requirements for developing country Parties;
11. *Decides* that the information hub will contain, as reported through the appropriate channels under the Convention:
 - (a) The results for each relevant period expressed in tonnes of carbon dioxide equivalent per year and a link to the technical report referred to in decision 14/CP.19, paragraph 14;
 - (b) The assessed forest reference emission level(s) and/or forest reference level(s) expressed in tonnes of carbon dioxide equivalent per year and a link to the final report of the technical assessment team referred to in decision 13/CP.19, paragraph 18;
 - (c) The summary of information on how all of the safeguards referred to in decision 1/CP.16, appendix I, are being addressed and respected, as referred to in decisions 12/CP.19 and 12/CP.17, chapter I;
 - (d) A link to the national strategy or action plan as referred to in decision 1/CP.16, paragraph 71(a), as appropriate;
 - (e) Information on the national forest monitoring system, as provided in the technical annex referred to in decision 14/CP.19;
12. *Also decides* that the information hub will also contain information on each of the results referred to in paragraph 11 above, including the quantity of results for which payments were received, expressed in tonnes of carbon dioxide equivalent per year, and the entity paying for results;

¹ <<http://unfccc.int/redd>>.

13. *Agrees* that the information on results-based payments is to be inserted on the information hub in consultation with the developing country Party concerned, taking into full account decision 10/CP.19, paragraph 2;
14. *Requests* the secretariat to insert the information referred to in paragraph 11(a–e) above on the information hub once all of the information is available through the appropriate channels under the Convention, and to also insert the information referred to in paragraph 12 above;
15. *Also requests* the secretariat to organize, subject to the availability of supplementary resources, an expert meeting on the matters referred to in paragraphs 11–13 above as well as on a format for the insertion of the information referred to in paragraph 12 above before the forty-first session of the Subsidiary Body for Implementation (December 2014), and to prepare a report on that expert meeting for consideration by the Subsidiary Body for Implementation at its forty-first session;
16. *Notes* that the insertion of results on the information hub does not create any rights or obligations for any Party or other entity;
17. *Also notes* that the information on results included on the information hub should be linked to the same results reflected on any other relevant future system that may be developed under the Convention;
18. *Further notes* that nothing under this decision and its implementation prejudices any future decision with regard to the eligibility or non-eligibility of the activities referred to in decision 1/CP.16, paragraph 70, to the mechanism defined in decision 2/CP.17, paragraph 83, or to the outcome of the work programme referred to in decision 1/CP.18, paragraph 44;
19. *Requests* the secretariat to improve and further develop the web platform on the UNFCCC website to include the information referred to in paragraphs 11 and 12 above, and to make the information available in a simple, transparent and easily accessible manner;
20. *Also requests* the Standing Committee on Finance, noting the urgencies of these issues, and the request to the Standing Committee on Finance to consider, in its work on coherence and coordination, inter alia, the issue of financing for forests, taking into account different policy approaches, to focus its soonest possible forum on issues related to finance for forests, including the implementation of the activities referred to in decision 1/CP.16, paragraph 70, inter alia:
- (a) Ways and means to transfer payments for results-based actions as referred to in decision 1/CP.18, paragraph 29;
 - (b) The provision of financial resources for alternative approaches;
21. *Further requests* the Standing Committee on Finance to invite experts on the implementation of the activities referred to in decision 1/CP.16, paragraph 70, to the forum referred to in paragraph 20 above;
22. *Recognizes* the importance of incentivizing non-carbon benefits for the long-term sustainability of the implementation of the activities referred to in decision 1/CP.16, paragraph 70, and noting the work on methodological issues referred to in decision 1/CP.18, paragraph 40;
23. *Takes note* of the estimated budgetary implications of the activities to be undertaken by the secretariat as referred to in paragraphs 14, 15 and 19 above;

24. *Requests* that the actions of the secretariat called for in this decision be undertaken subject to the availability of financial resources.

Decision 10/CP.19*

Coordination of support for the implementation of activities in relation to mitigation actions in the forest sector by developing countries, including institutional arrangements

The Conference of the Parties,

Recalling decisions 1/CP.16, 2/CP.17 and 1/CP.18,

Noting the outcomes of the process as referred to in decision 1/CP.18, paragraphs 34 and 35,

Recognizing the need for adequate and predictable support for the implementation of the activities and elements referred to in decision 1/CP.16, paragraphs 70, 71 and 73,

Also recognizing the need for effective and transparent coordination of support for the implementation of the activities referred to in decision 1/CP.16, paragraph 70,

1. *Invites* interested Parties to designate, in accordance with national circumstances and the principles of sovereignty, a national entity or focal point to serve as a liaison with the secretariat and the relevant bodies under the Convention, as appropriate, on the coordination of support for the full implementation of activities and elements referred to in decision 1/CP.16, paragraphs 70, 71 and 73, including different policy approaches, such as joint mitigation and adaptation, and to inform the secretariat accordingly;

2. *Notes* that the national entities or focal points of developing country Parties may, in accordance with national circumstances and the principles of sovereignty, nominate their entities to obtain and receive results-based payments, consistent with any specific operational modalities of the financing entities providing them with support for the full implementation of the activities referred to in decision 1/CP.16, paragraph 70;

3. *Recognizes* that in order to address issues related to the coordination of support for the implementation of the activities and elements referred to in decision 1/CP.16, paragraphs 70, 71 and 73, needs and functions were identified:

(a) Strengthen, consolidate and enhance the sharing of relevant information, knowledge, experiences and good practices, at the international level, taking into account national experiences and, as appropriate, traditional knowledge and practices;

(b) Identify and consider possible needs and gaps in coordination of support, taking into consideration relevant information communicated under the Convention and other multilateral and bilateral arrangements;

(c) Consider and provide opportunities to exchange information between the relevant bodies established under the Convention and other multilateral and bilateral entities financing and funding the activities and elements referred to in decision 1/CP.16, paragraphs 70, 71 and 73, related to actions and support provided and received for these activities;

(d) Provide information and any recommendations, as appropriate, considering the elements contained in paragraph 3(a–c) above, to improve the effectiveness of finance, including results-based finance, technology and capacity-building for developing country

* This decision forms part of the Warsaw Framework for REDD-plus. For more information, see document FCCC/CP/2013/10, paragraph 44.

Parties when implementing the activities and elements referred to in decision 1/CP.16, paragraphs 70, 71 and 73, to the Conference of the Parties;

(e) Provide information and recommendations, as appropriate, on improving the effectiveness of finance to entities including bilateral, multilateral and private sector entities that finance and implement the activities and elements referred to in decision 1/CP.16, paragraphs 70, 71 and 73, and on how these activities, including results-based actions, can be more effectively supported;

(f) Encourage other entities providing support for the activities and elements referred to in decision 1/CP.16, paragraphs 70, 71 and 73, to enhance efficiency and coordination and to seek consistency with the operating entities of the financial mechanism of the Convention, as appropriate;

(g) Exchange information on the development of different approaches, including joint mitigation and adaptation approaches for the integral and sustainable management of forests;

4. *Encourages* national entities or focal points, Parties and relevant entities financing the activities referred to in decision 1/CP.16, paragraph 70, to meet on a voluntary basis, in conjunction with the first sessional period meetings of the subsidiary bodies, in order to discuss the needs and functions identified in paragraph 3 above;

5. *Also encourages* these national entities or focal points, Parties and relevant entities referred to in paragraph 4 above to hold their first meeting in conjunction with the second sessional period meetings of the subsidiary bodies in 2014 and thereafter annually in conjunction with the first sessional period meetings of the subsidiary bodies;

6. *Requests* the secretariat to facilitate the organization of the meetings referred to in paragraphs 4 and 5 above, beginning, if possible, in conjunction with the forty-first sessions of the subsidiary bodies (December 2014);

7. *Encourages* national entities or focal points, Parties and relevant entities financing the activities referred to in paragraph 4 above at their first meeting to consider procedural matters to facilitate the discussions;

8. *Decides* that at the meetings referred to in paragraphs 4 and 5 above, participants may seek input from relevant bodies established under the Convention, international and regional organizations, the private sector, indigenous peoples and civil society in undertaking their work and invite the representatives of these entities to participate as observers in these meetings;

9. *Requests* the Subsidiary Body for Implementation, at the latest, at its forty-seventh session (November–December 2017) to review the outcomes of the meetings referred to in paragraphs 4 and 5 above, to consider existing institutional arrangements or the need for potential governance alternatives for the coordination of support for the implementation of the activities referred to in decision 1/CP.16, paragraph 70, and to make recommendations on these matters to the Conference of the Parties at its twenty-third session (November–December 2017);

10. *Agrees* to conclude at this session the joint work of the Subsidiary Body for Scientific and Technological Advice and the Subsidiary Body for Implementation, as referred to in decision 1/CP.18, paragraphs 34 and 35, on the coordination of support for the implementation of the activities referred to in decision 1/CP.16, paragraph 70;

11. *Takes note* of the estimated budgetary implications of the activities to be undertaken by the secretariat pursuant to paragraph 6 above;

12. *Requests* that the actions of the secretariat called for in this decision be undertaken subject to the availability of financial resources.

Decision 11/CP.19*

Modalities for national forest monitoring systems

The Conference of the Parties,

Recalling decisions 2/CP.13, 4/CP.15, 1/CP.16, 2/CP.17 and 12/CP.17,

1. *Affirms* that, consistent with decision 1/CP.16, paragraph 71, the activities referred to in this decision are undertaken in the context of the provision of adequate and predictable support, including financial resources and technical and technological support to developing country Parties;
2. *Decides* that the development of Parties' national forest monitoring systems for the monitoring and reporting of the activities,¹ as referred to in decision 1/CP.16, paragraph 70, with, if appropriate, subnational monitoring and reporting as an interim measure, should take into account the guidance provided in decision 4/CP.15 and be guided by the most recent Intergovernmental Panel on Climate Change guidance and guidelines, as adopted or encouraged by the Conference of the Parties, as appropriate, as a basis for estimating anthropogenic forest-related greenhouse gas emissions by sources, and removals by sinks, forest carbon stocks, and forest carbon stock and forest-area changes;
3. *Also decides* that robust national forest monitoring systems should provide data and information that are transparent, consistent over time, and are suitable for measuring, reporting and verifying anthropogenic forest-related emissions by sources and removals by sinks, forest carbon stocks, and forest carbon stock and forest-area changes resulting from the implementation of the activities referred to in decision 1/CP.16, paragraph 70, taking into account paragraph 71(b) and (c) consistent with guidance on measuring, reporting and verifying nationally appropriate mitigation actions by developing country Parties agreed by the Conference of the Parties, taking into account methodological guidance in accordance with decision 4/CP.15;
4. *Further decides* that national forest monitoring systems, with, if appropriate, subnational monitoring and reporting as an interim measure as referred to in decision 1/CP.16, paragraph 71(c), and in decision 4/CP.15, paragraph 1(d) should:
 - (a) Build upon existing systems, as appropriate;
 - (b) Enable the assessment of different types of forest in the country, including natural forest, as defined by the Party;
 - (c) Be flexible and allow for improvement;
 - (d) Reflect, as appropriate, the phased approach as referred to in decision 1/CP.16, paragraphs 73 and 74;

* This decision forms part of the Warsaw Framework for REDD-plus. For more information, see document FCCC/CP/2013/10, paragraph 44.

¹ As per decision 1/CP.16, paragraph 70, Parties undertake activities as deemed appropriate by each Party with their respective capabilities and national circumstances, noting that significant pools and/or activities should not be excluded.

5. *Acknowledges* that Parties' national forest monitoring systems may provide, as appropriate, relevant information for national systems for the provision of information on how safeguards in decision 1/CP.16, appendix I, are addressed and respected.

Decision 12/CP.19*

The timing and the frequency of presentations of the summary of information on how all the safeguards referred to in decision 1/CP.16, appendix I, are being addressed and respected

The Conference of the Parties,

Recalling decisions 17/CP.8, 1/CP.16, 2/CP.17 and 12/CP.17,

Also recalling, in particular, decision 12/CP.17, paragraph 5,

1. *Reiterates* that according to decision 12/CP.17, paragraph 3, developing country Parties undertaking the activities referred to in decision 1/CP.16, paragraph 70, should provide a summary of information on how all of the safeguards referred to in decision 1/CP.16, appendix I, are being addressed and respected throughout the implementation of the activities;
2. *Also reiterates* that according to decision 12/CP.17, paragraph 4, the summary of information referred to in paragraph 1 above should be provided periodically and be included in national communications, or communication channels agreed by the Conference of the Parties;
3. *Agrees* that the summary of information referred to in paragraph 1 above could also be provided, on a voluntary basis, via the web platform on the UNFCCC website;¹
4. *Decides* that developing country Parties should start providing the summary of information referred to in paragraph 1 above in their national communication or communication channel, including via the web platform of the UNFCCC, taking into account paragraph 3 above, after the start of the implementation of activities referred to in decision 1/CP.16, paragraph 70;
5. *Also decides* that the frequency of subsequent presentations of the summary of information as referred to in paragraph 2 above should be consistent with the provisions for submissions of national communications from Parties not included in Annex I to the Convention and, on a voluntary basis, via the web platform on the UNFCCC website.

Decision 13/CP.19*

Guidelines and procedures for the technical assessment of submissions from Parties on proposed forest reference emission levels and/or forest reference levels

The Conference of the Parties,

Reaffirming that, in the context of the provision of adequate and predictable support to developing country Parties, Parties should collectively aim to slow, halt and reverse forest cover and carbon loss, in accordance with national circumstances, consistent with the ultimate objective of the Convention, as stated in its Article 2,

Noting the urgent need for enhanced training for developing country Parties in the assessment of forest reference emission levels and/or forest reference levels,

Recalling the provisions of decisions 4/CP.15, 1/CP.16 and 12/CP.17,

Also recalling that in accordance with decision 2/CP.17, paragraphs 66 and 67, both appropriate market-based approaches and non-market-based approaches could be developed to support the results-based actions by developing country Parties referred to in decision 1/CP.16, paragraph 73,

1. *Decides* that each submission referred to in decision 12/CP.17, paragraph 13, shall be subject to a technical assessment;
2. *Recalls* that in accordance with decision 12/CP.17, developing countries may, on a voluntary basis and when deemed appropriate, submit a proposed forest reference emission level and/or forest reference level, and that such proposed forest reference emission levels and/or forest reference levels might be technically assessed in the context of results-based payments;
3. *Adopts* the guidelines and procedures for the technical assessment of submissions from Parties on forest reference emission levels and/or forest reference levels contained in the annex;
4. *Requests* the secretariat to prepare a synthesis report on the technical assessment process, for consideration by the Subsidiary Body for Scientific and Technological Advice after the first year of technical assessments;
5. *Invites* Parties, in particular developing country Parties, and, as appropriate, intergovernmental organizations to nominate technical experts with the relevant qualifications to the UNFCCC roster of experts;
6. *Also invites* Parties, in particular developed country Parties, and relevant international organizations to support capacity-building in relation to the development and assessment of forest reference emission levels and/or forest reference levels, taking into account the work of the Consultative Group of Experts on National Communications from Parties not included in Annex I to the Convention;
7. *Takes note* of the estimated budgetary implications of the activities to be undertaken by the secretariat as referred to in paragraphs 1 to 4 above;

* This decision forms part of the Warsaw Framework for REDD-plus. For more information, see document FCCC/CP/2013/10, paragraph 44.

8. *Requests* that the actions of the secretariat called for in this decision be undertaken subject to the availability of financial resources.

Annex

Guidelines and procedures for the technical assessment of submissions from Parties on proposed forest reference emission levels and/or forest reference levels

Guidelines for technical assessment

Objectives

1. The objectives of the technical assessment are:
 - (a) To assess the degree to which information provided by Parties is in accordance with the guidelines for submissions of information on forest reference emission levels and/or forest reference levels contained in the annex to decision 12/CP.17 for the construction of the forest reference emission levels and/or forest reference levels;
 - (b) To offer a facilitative, non-intrusive, technical exchange of information on the construction of forest reference emission levels and/or forest reference levels with a view to supporting the capacity of developing country Parties for the construction and future improvements, as appropriate, of their forest reference emission levels and/or forest reference levels, subject to national capabilities and policy.

Scope

2. The technical assessment of the data, methodologies, and procedures used by the developing country Party under assessment in the construction of its forest reference emission level and/or forest reference level in accordance with decision 12/CP.17, chapter II, and its annex, will assess the following:
 - (a) The extent to which the forest reference emission level and/or forest reference level maintains consistency with corresponding anthropogenic forest-related greenhouse gas emissions by sources and removals by sinks as contained in the national greenhouse gas inventories;
 - (b) How historical data have been taken into account in the establishment of the forest reference emission level and/or forest reference level;
 - (c) The extent to which the information provided was transparent, complete,¹ consistent and accurate, including methodological information, description of data sets, approaches, methods, models, if applicable, and assumptions used and whether the forest reference emission levels and/or forest reference levels are national or cover less than the entire national territory of forest area;
 - (d) Whether a description of relevant policies and plans has been provided, as appropriate;
 - (e) If applicable, whether descriptions of changes to previously submitted forest reference emission levels and/or forest reference levels have been provided, taking into account the stepwise approach;²

¹ Complete here means the provision of information that allows for the reconstruction of the forest reference emission levels and/or forest reference levels.

² Decision 12/CP.17, paragraph 10.

(f) Pools and gases, and activities included in the forest reference emission level and/or forest reference level, and justification of why omitted pools and/or activities were deemed not significant;

(g) Whether the definition of forest used in the construction of the forest reference emission level and/or forest reference level has been provided and, if it is different from the one used in the national greenhouse gas inventory or from the one reported to other international organizations, why and how the definition used was chosen;

(h) Whether assumptions about future changes to domestic policies have been included in the construction of the forest reference emission level and/or forest reference level;

(i) The extent to which the forest reference emission level and/or forest reference level value is consistent with the information and descriptions provided by the Party.

3. As part of the technical assessment process, areas for technical improvement may be identified and these areas and capacity-building needs for the construction of future forest reference emission levels and/or forest reference levels may be noted by the Party concerned.

4. The assessment team shall refrain from making any judgment on domestic policies taken into account in the construction of forest reference emission levels and/or forest reference levels.

Procedures for technical assessment

General procedures

5. Each submission will be technically assessed by an assessment team in accordance with the procedures and time frames established in these guidelines.

6. Each assessment team will conduct a thorough and comprehensive assessment of the submitted forest reference emission level and/or forest reference level and will prepare a report under its collective responsibility.

7. The technical assessment process will be coordinated by the secretariat. The assessment team will be composed of land use, land-use change and forestry (LULUCF) experts selected from the UNFCCC roster of experts. Participating experts will serve in their personal capacity and will be neither nationals of the Party undergoing the technical assessment nor funded by that Party.

8. In order to facilitate the secretariat's work, each Party should confirm to the secretariat, who their active experts on the LULUCF roster of experts are who will be able to participate in the technical assessment of forest reference emission levels and/or forest reference levels.

Composition of the assessment team

9. The secretariat shall ensure a balanced representation of LULUCF experts from developing and developed countries. The Consultative Group of Experts on National Communications from Parties not included in Annex I to the Convention may nominate one of its experts from a developing country Party with relevant expertise to participate in the technical assessment as an observer. Each submission shall be assessed by two LULUCF experts selected from the UNFCCC roster of experts, one from a developed country and one from a developing country.

Timing

10. Assessment sessions will be organized once a year. Submissions received no later than 10 weeks ahead of a session will be assessed at that session. The assessment sessions will take place in Bonn, Germany.
11. The secretariat should forward all relevant information to the assessment team at least eight weeks before the start of the assessment session.
12. Prior to the assessment session, the assessment team should identify any preliminary issues requiring clarifications from the Party, as appropriate.
13. The Party that submitted the forest reference emission level and/or forest reference level may interact with the assessment team during the assessment of its submission to provide clarification and additional information to facilitate the assessment by the assessment team.
14. The assessment team may seek additional clarifications from the Party no later than one week following the assessment session. This may result in the provision of technical inputs to the Party on the construction of its forest reference emission level and/or forest reference level. The Party is to provide clarifications to the assessment team no later than eight weeks following the request. As a result of the facilitative process referred to above, the Party may modify its submitted forest reference emission level and/or forest reference level in response to the technical inputs of the assessment team.
15. In the event that the Party modifies its submitted forest reference emission level and/or forest reference level in response to the technical inputs of the assessment team, the assessment team will consider this information within four weeks from the submission of the modified forest reference emission level and/or forest reference level.
16. The assessment team will prepare a draft report and make it available to the Party no later than 12 weeks³ following the assessment session. The report should include a short summary.
17. The Party will have 12 weeks to respond to the draft report of the assessment team.
18. The assessment team will prepare a final report within four weeks following the Party's response and the report will be sent to the secretariat for publication via the web platform on the UNFCCC website.⁴ The report should contain an assessed forest reference emission level and/or forest reference level and, if appropriate, areas identified for further technical improvement, and capacity-building needs if noted by the Party concerned, for the construction of future forest reference emission levels and/or forest reference levels, incorporating the Party's response.

*10th plenary meeting
22 November 2013*

³ In the case that a Party modifies its submitted forest reference emission level and/or forest reference level in accordance with paragraph 15, this period will be extended to no later than 16 weeks.

Decision 14/CP.19*

Modalities for measuring, reporting and verifying

The Conference of the Parties,

Recalling decisions 2/CP.13, 4/CP.15, 1/CP.16, 2/CP.17 and 12/CP.17,

Also recalling the relevant provisions of decisions 17/CP.8 and 2/CP.17 related to the provision of support for reporting,

1. *Decides* that measuring, reporting and verifying anthropogenic forest-related emissions by sources and removals by sinks, forest carbon stocks, and forest carbon stock and forest-area changes resulting from the implementation of the activities referred to in decision 1/CP.16, paragraph 70, taking into account paragraph 71(b) and (c) of that decision, is to be consistent with the methodological guidance provided in decision 4/CP.15, and any guidance on the measurement, reporting and verification of nationally appropriate mitigation actions by developing country Parties as agreed by the Conference of the Parties, and in accordance with any future relevant decisions of the Conference of the Parties;
2. *Recognizes* the need to develop capacities for measuring, reporting and verifying anthropogenic forest-related emissions by sources and removals by sinks, forest carbon stocks, and forest carbon stock and forest-area changes resulting from the implementation of the activities referred to in decision 1/CP.16, paragraph 70;
3. *Decides* that the data and information used by Parties in the estimation of anthropogenic forest-related emissions by sources and removals by sinks, forest carbon stocks, and forest carbon stock and forest-area changes, as appropriate to the activities referred to in decision 1/CP.16, paragraph 70, undertaken by Parties, should be transparent, and consistent over time and with the established forest reference emission levels and/or forest reference levels in accordance with decision 1/CP.16, paragraph 71(b) and (c) and chapter II of decision 12/CP.17;
4. *Agrees* that, consistent with decision 12/CP.17, paragraph 7, the results of the implementation by Parties of the activities¹ referred to in decision 1/CP.16, paragraph 70, measured against the forest reference emission levels and/or forest reference levels should be expressed in tonnes of carbon dioxide equivalent per year;
5. *Encourages* Parties to improve the data and methodologies used over time, while maintaining consistency with the established or, as appropriate, updated, forest reference emission levels and/or forest reference levels in accordance with decision 1/CP.16, paragraph 71(b) and (c);
6. *Decides* that, consistent with decision 1/CP.16 and decision 2/CP.17, annex III, the data and information referred to in paragraph 3 above should be provided through the biennial update reports by Parties, taking into consideration the additional flexibility given to the least developed countries and small island developing States;

* This decision forms part of the Warsaw Framework for REDD-plus. For more information, see document FCCC/CP/2013/10, paragraph 44.

¹ As per decision 1/CP.16, paragraph 70, a Party undertakes activities as deemed appropriate by it and in accordance with its respective capabilities and national circumstances, noting that significant pools and/or activities should not be excluded.

7. *Requests* developing country Parties seeking to obtain and receive payments for results-based actions, when submitting the data and information referred to in paragraph 3 above, through the biennial update reports, to supply a technical annex as per decision 2/CP.17, annex III, paragraph 19;
8. *Underlines* that the submission of the technical annex referred to in paragraph 7 above is voluntary and in the context of results-based payments;
9. *Decides* that the data and information provided in the technical annex referred to in paragraph 7 above shall be consistent with decisions 4/CP.15 and 12/CP.17 and follow the guidelines provided in the annex;
10. *Also decides* that, upon the request of the developing country Party seeking to obtain and receive payments for results-based actions, two land use, land-use change and forestry experts from the UNFCCC roster of experts, one each from a developing country and a developed country Party, will be included among the members selected for the technical team of experts;
11. *Further decides* that, as part of the technical analysis referred to in decision 2/CP.17, annex IV, paragraph 4, the technical team of experts shall analyse the extent to which:
- (a) There is consistency in methodologies, definitions, comprehensiveness and the information provided between the assessed reference level and the results of the implementation of the activities referred to in decision 1/CP.16, paragraph 70;
 - (b) The data and information provided in the technical annex is transparent, consistent, complete² and accurate;
 - (c) The data and information provided in the technical annex is consistent with the guidelines referred to in paragraph 9 above;
 - (d) The results are accurate, to the extent possible;
12. *Decides* that the Party that submitted the technical annex may interact with the technical team of experts during the analysis of its technical annex to provide clarifications and additional information to facilitate the analysis by the technical team of experts;
13. *Also decides* that the two land use, land-use change and forestry experts referred to in paragraph 10 above may seek clarifications on the technical annex referred to in paragraph 7 above and that the Party should provide clarifications to the extent possible, in accordance with national circumstances and taking into account national capabilities;
14. *Agrees* that the land use, land-use change and forestry experts referred to in paragraph 10 above will develop, under their collective responsibility, a technical report to be published by the secretariat via the web platform on the UNFCCC website,³ containing:
- (a) The technical annex referred to in paragraph 7 above;
 - (b) The analysis of the technical annex referred to in paragraph 7 above;
 - (c) Areas for technical improvement identified, consistent with paragraph 5 above, as appropriate;
 - (d) Any comments and/or responses by the Party concerned, including areas for further improvement and capacity-building needs, if noted by the Party concerned, as appropriate;

² Complete means here the provision of information that allows for the reconstruction of the results.

³ <<http://unfccc.int/redd>>.

15. *Also agrees* that results-based actions that may be eligible to appropriate market-based approaches that could be developed by the Conference of the Parties, as per decision 2/CP.17, paragraph 66, may be subject to any further specific modalities for verification consistent with any relevant decision of the Conference of the Parties.

Annex

Guidelines for elements to be included in the technical annex referred to in decision 14/CP.19, paragraph 7

1. Summary information from the final report containing each corresponding assessed forest reference emission level and/or forest reference level, which includes:
 - (a) The assessed forest reference emission level and/or forest reference level expressed in tonnes of carbon dioxide equivalent per year (CO₂ eq);
 - (b) The activity or activities referred to in decision 1/CP.16, paragraph 70, included in the forest reference emission level and/or forest reference level;
 - (c) The territorial forest area covered;
 - (d) The date of the forest reference emission level and/or forest reference level submission and the date of the final technical assessment report;
 - (e) The period (in years) of the assessed forest reference emission level and/or forest reference level.
2. Results in tonnes of CO₂ eq per year, consistent with the assessed forest reference emission level and/or forest reference level.
3. Demonstration that the methodologies used to produce the results referred to in paragraph 2 above are consistent with those used to establish the assessed forest reference emission level and/or forest reference level.
4. A description of national forest monitoring systems and the institutional roles and responsibilities for measuring, reporting and verifying the results.
5. Necessary information that allows for the reconstruction of the results.
6. A description of how the elements contained in decision 4/CP.15, paragraph 1(c) and (d), have been taken into account.

Decision 15/CP.19*

Addressing the drivers of deforestation and forest degradation

The Conference of the Parties,

Recalling decisions 2/CP.13, 1/CP.16 and 2/CP.17,

Noting the complexity of the problem, different national circumstances and the multiple drivers of deforestation and forest degradation,

Also noting that livelihoods may be dependent on activities related to drivers of deforestation and forest degradation and that addressing these drivers may have an economic cost and implications for domestic resources,

1. *Reaffirms* the importance of addressing drivers of deforestation and forest degradation in the context of the development and implementation of national strategies and action plans by developing country Parties, as referred to in decision 1/CP.16, paragraphs 72 and 76;
2. *Recognizes* that drivers of deforestation and forest degradation have many causes, and that actions to address these drivers are unique to countries' national circumstances, capacities and capabilities;
3. *Encourages* Parties, organizations and the private sector to take action to reduce the drivers of deforestation and forest degradation;
4. *Also encourages* all Parties, relevant organizations, and the private sector and other stakeholders, to continue their work to address drivers of deforestation and forest degradation and to share the results of their work on this matter, including via the web platform on the UNFCCC website;¹
5. *Further encourages* developing country Parties to take note of the information from ongoing and existing work on addressing the drivers of deforestation and forest degradation by developing country Parties and relevant organizations and stakeholders.
