Daily Programme

Addendum

Preliminary list of speakers for the high-level segment

The list below is the preliminary list of speakers who have registered their wish to deliver a statement at the high-level segment of the COP and the CMP.

The list is provisionally divided into morning and afternoon segments to facilitate the organization of the order of speakers.

All speakers are reminded to be present in the plenary 10 minutes, or at least two speakers, prior to their presentation. They will be escorted by an usher during the presentation of the previous speaker from the seat of their delegation to a reserved chair close to the podium.

Representatives are reminded that statements made during the high-level segment should not exceed the **three-minute limit**, as decided by the Conference of the Parties at its first plenary meeting. Given the large number of statements, it is suggested that statements be as brief and concise as possible.

Parties are advised that a gong will be used and strictly enforced during delivery of statements. The gong will sound at 3 minutes and will continue to sound until the end of speeches.

The Daily Programme is available electronically at unfccc.int. Participants are kindly reminded to consult the CCTV monitors for any last-minute changes. In order to reduce paper consumption, participants are kindly requested to retain copies of documents throughout the sessions.

Full texts of the official statements will not be circulated in hard copy in plenary during the high-level segment. Statements delivered during the high-level segment will be uploaded and made available on the UNFCCC website. In order to have statements posted on the UNFCCC webpage, Parties speaking at the high-level segment are requested to e-mail a copy an electronic copy of the statement to the following e-mail address <external-relations@unfccc.int>.

All Parties are kindly requested to provide the Conference Officer in the plenary with **15 copies** of their statements in advance to meet the needs of the interpreters and the Conference records.

Should Parties not wish to speak but prefer to only have their statements uploaded to the UNFCCC website, the secretariat will make arrangements to have this done and enter the statement in the records of the Conference. Parties interested in taking up this offer should communicate their interest to Ms. Grace Smith or Ms. Jayne Marquard of the External Relations team, in the External Relations Office, located on Level -1/Zone A8 in the Conference Affairs Services offices at the National Stadium.

Parties are requested to note that the secretariat is not in a position to accommodate individual requests for changes in a Party's speaking slot. Parties wishing to make a change should arrange to exchange slots with another Party, and jointly notify the secretariat of the agreement that has been reached.
