## Subsidiary Body for Implementation

### Forty-fifth session

Marrakech, 7–14 November 2016

Agenda item 12(c)

### Development and transfer of technologies

### Poznan strategic programme on technology transfer

## Poznan strategic programme on technology transfer

### Draft conclusions proposed by the Chair

1. The Subsidiary Body for Implementation (SBI) welcomed the report of the Global Environment Facility (GEF) on the progress made in carrying out the Poznan strategic programme on technology transfer (PSP),<sup>1</sup> including the actions taken by the GEF in response to the recommendations of the Technology Executive Committee (TEC).<sup>2</sup>
2. The SBI welcomed the new structure of the report referred to in paragraph 1 above. It encouraged the GEF to continue elaborating on the challenges and lessons learned in carrying out the PSP as part of its future progress reports.
3. The SBI welcomed the approval by the GEF Council of 31 projects with technology transfer objectives for climate change mitigation and 10 projects for climate adaptation during the GEF reporting period. It further welcomed the progress of the PSP technology transfer pilot projects.
4. The SBI welcomed the ongoing collaboration between the Climate Technology Centre and Network (CTCN) and the regional technology transfer and finance centres supported by the GEF under the PSP, including the collaboration on responses to developing country requests for technical assistance. It encouraged the GEF and the CTCN to continue enhancing their collaboration. It further encouraged Parties to enhance collaboration between their GEF focal points and their national designated entities for technology development and transfer.
5. The SBI noted the importance of implementing the technology needs assessment (TNA) results and encouraged Parties to consider ways to use their System for Transparent Allocation of Resources allocation for piloting the implementation of the TNA results.
