

India's First Biennial Update Report

Erratum

1. On page 8, second column, second paragraph, 12th line – the symbol 'Gg' stands deleted.
2. On page 91, Table 3.11, the word 'programmers' should be read as 'programmes'.
3. On page 175, second column, 'India Meterological Deparment' should be read as 'India Meteorological Department'.

These minor typographical errors have inadvertently crept in, perhaps due to file compression or during type-setting.
