## **I. OPENING OF THE SESSION**

(Agenda item 1)

1. The twelfth session of the Subsidiary Body for Scientific and Technological Advice (SBSTA) was held at the Hotel Maritim, Bonn, Germany from 12 to 16 June 2000.
2. The Chairman of the SBSTA, Mr. Harald Dovland (Norway), opened the session on 12 June 2000. The Chairman welcomed all Parties and observers to the session. He noted that this twelfth session was an unusual one, as it came after a week of informal meetings and workshops during which in-depth discussions had been held on several issues on the SBSTA agenda. The Chairman remarked that the pre-session week had yielded important progress, which the SBSTA should now build on to pave the way for success at COP 6. He emphasized that, for many issues, the aim for the twelfth session of the SBSTA should be to agree on negotiating texts that would prepare the ground for substantive negotiations at the thirteenth sessions of the subsidiary bodies. He concluded by urging Parties to use the limited time available as efficiently as possible.
3. The Executive Secretary conveyed condolences, on behalf of the secretariat, to the delegation of the Syrian Arab Republic for the passing away of President Hafez Al-Assad.
4. The Executive Secretary reported that the Convention had now received a total of 184 instruments of ratification, acceptance, approval or accession, while the number of ratifications or accessions to the Kyoto Protocol had reached 22. He expressed the hope that the informal meetings and workshops held in the pre-session week would give the SBSTA a head start to make maximum progress during its formal twelfth session. He invited feedback from delegates on the organization of the pre-session week, which the secretariat would take into consideration when planning the next one, prior to the thirteenth sessions of the subsidiary bodies.
