

Framework Convention  
on Climate Change

United Nations Climate Change Conference  
COP 15 and CMP 5  
Copenhagen, 7-18 December 2009

<sup>1 2</sup>  
**Daily Programme**  
**Part Two**

**Events**

For a full schedule of side events during the sessions and a list of the exhibits, please see the brochure "**...inSide climate change**", available from the Information desk, or visit the UNFCCC [website](#). The secretariat would like to note that the scheduling of events remains dependent upon the demands of the negotiating process. For short-term changes please consult the CCTV monitors.

**Side events**

09:00– 10:30	Climate Alliance (Klima-Bündnis) Mr. Andre Muno a.muno@climatealliance.org +49 69 71713911	<b>Solutions for change: (how) local authorities are contributing to meet international climate targets</b> Climate Alliance presents the results of a new CO <sub>2</sub> inventory system for cities and its results. A specific focus is given to the German National Climate Initiative, the new support of the federal administration for the local level.	Niels Bohr (Hall H)
09:00– 10:30	Bangladesh Centre for Advanced Studies (BCAS) Mr. Atiq Rahman info@bcas.net +88 2 8851237	<b>Emerging knowledge and practices of community based adaptation (CBA) from developing countries</b> The event will focus on the emerging knowledge and practices of CBA from LDCs and developing countries. The presentations will cover adaptation approaches, practices and challenges for mainstreaming adaptation into development, poverty reduction and DRR.	Liva Weel (Hall H)

<sup>1</sup> The Daily Programme is also available at <<http://unfccc.int/items/5068.php>>.

<sup>2</sup> Please consult the CCTV monitors for any last-minute changes to this Programme.

<p>09:00– 10:30</p>	<p>UNEP - Finance Initiative (UNEP FI) Mr. Remco Fischer remco.fischer@unep.ch +41 22 9178685</p>	<p><b>Financing the battle - scaling up private sector investment through public mechanisms</b> Coping with climate change will require large amounts of private investment. While carbon markets play a role, more is needed: concepts to mobilize private through smart public funding are being designed by the global investment community. This event will highlight promising ways forward.</p>	<p>Halfdan Rasmussen (Hall H)</p>
<p>11:00– 12:30</p>	<p>Renewable Energy and Energy Efficiency Partnership (REEEP), SouthSouthNorth (SSN) Mr. Vince Reardon vince.reardon@reeep.org +43 1 260263674</p>	<p><b>Accelerating low carbon energy development: REEEP successes in South/South and North/South cooperation</b> How do relatively small interventions have a major effect on the uptake of low carbon energy? In a joint event, SouthSouthNorth (SSN) and REEEP invite stakeholders from Africa, Latin America, Asia and the Pacific to share practical lessons in promoting clean development.</p>	<p>Niels Bohr (Hall H)</p>
<p>11:00– 12:30</p>	<p>Christian Aid (CA) Mr. Nelson Muffuh nmuffuh@christian-aid.org +44 207 5232383</p>	<p><b>Climate justice from Copenhagen: Sharing the global effort adequately and equitably</b> This event explores the essential elements of an agreement that effectively and fairly shares the effort of addressing the climate crisis in a principled manner. Experts, activists and negotiators will set out the key parameters of such an outcome.</p>	<p>Halfdan Rasmussen (Hall H)</p>
<p>11:00– 12:30</p>	<p>Climate Action Network Australia (CANA) Ms. Geraldine Kearney g.woods@cana.net.au +61 2 438465668</p>	<p><b>Pacific calling for human rights and climate justice</b> A powerful presentation, including traditional song and dance, which will evoke a conscientious global response to save the national identity, culture and homelands of the citizens of these small island tates.</p>	<p>Liva Weel (Hall H)</p>
<p>11:00– 12:30</p>	<p>Green Belt Movement (GBM), Brighter Green, Inc. Ms. Francesca de Gasparis francesca@ greenbeltmovement.org +44 0 7957121668</p>	<p><b>Livelihoods, forests and climate with Nobel Laureate Ms. Wangari Maathai, GBM and partners</b> Leading experts discuss forest projects for mitigation and adaptation using rights-based approaches. Also addressed: forests, GHGs, agricultural expansion and impacts of livestock production. How to measure success as intensive unsustainable agriculture practices are expanding?</p>	<p>Victor Borge (Hall H)</p>
<p>13:00– 14:30</p>	<p>International Institute for Applied Systems Analysis (IIASA) Ms. Susan Riley riley@iiasa.ac.at +43 2236 807536</p>	<p><b>Toward a global climate deal: an integrated science and policy approach for real impact, IIASA and TERI</b> Presentation of greenhouse gas emissions reduction targets and costs for 2020, 2050 and beyond toward stabilizing global mean temperature increase at two degrees Celsius; it assesses how to achieve significant, equitable and verifiable emissions reductions, estimate the investment requirements, account for the benefits and co-benefits of climate protection and deal with deep uncertainties.</p>	<p>Niels Bohr (Hall H)</p>

13:00– 14:30	Secretariat of the Convention on Biological Diversity (CBD) Ms. Anne-Marie Wilson consultant.anne-marie.wilson@cbd.int +1 514 2878718	<b>Connecting biodiversity and climate change mitigation and adaptation</b> Main themes include the impacts of climate change on biodiversity, the role of biodiversity in climate change adaptation, the links between biodiversity conservation and sustainable use and climate change mitigation and ways and means to value biodiversity with regards to climate change responses.	Victor Borge (Hall H)
13:00– 14:30	Indonesia Ms. Nur Masripatin nurmasripatin@yahoo.co.id +62 251 7521058	<b>How to make joint national-international actions on REDD work: Experiences from Indonesia</b> The overnment of Indonesia will highlight early experience with REDD. The event will cover the development of national policy, monitoring system, demonstration activities implemented in cooperation with international partners including the Australian and the German Government, and the TNC.	Liva Weel (Hall H)
13:00– 14:30	Global Environment Facility (GEF) Mr. Christian Hofer chofer@thegef.org +1 202 4134185	<b>Presentation of the Adaptation Fund handbook and dialogue with the Adaptation Fund Board</b> Launch of new Adaptation Fund publications followed by a question and answer session by the Chair and Vice-Chair of the Adaptation Fund Board. This event will present key achievements in the development of the Adaptation Fund over the past year and discuss promising steps for the future.	Halfdan Rasmussen (Hall H)
14:45– 16:15	Joanneum Research (JR), The Gold Standard Foundation Mr. Andreas Tuerk andreas.tuerk@joanneum.at +43 31 687613	<b>Developing carbon markets post-2012: New approaches and institutional options</b> This event, in partnership with the Goldstandard Foundation, will examine key issues for the CDM reform such as monitoring sustainable, development, reaching LDCs and certifying Programmes of Activities and will discuss long-term visions and institutional options for the global carbon market.	Liva Weel (Hall H)
14:45– 16:15	Groupe Energies Renouvelables, Environnement et Solidarités (GERES), Gorakhpur Environmental Action Group (GEAG) Ms. Raphaela Deau r.deau@geres.eu +855 12 887449	<b>Climate vulnerabilities and adaptation: Himalayas, urban and rural plains in India and Nepal</b> The impacts of climate change for vulnerable communities across the Himalayan Ganga Basin have fundamental implications for livelihoods. This session will bring together the results of research and pilot activities on impacts and adaptation from high altitude cold deserts to urban and rural plains.	Victor Borge (Hall H)
14:45– 16:15	Centre for Community Economics and Development Consultants Society (CECOEDECON) Mr. Sharad Joshi cecoedecon@gmail.com +91 141 2771488	<b>Bringing agriculture in climate change negotiations</b> Agricultural adaptation and mitigation research, improved land use and natural resources management and improved risk management demand policy and institutional support. The Copenhagen talks can be the defining moment to put agriculture first on the negotiation table.	Halfdan Rasmussen (Hall H)

<p>14:45– 16:15</p>	<p>Coordinating Body of Indigenous Organizations of the Amazon Basin (COICA) Mr. Diego Escobar diego@coica.org.ec +593 23 226744</p>	<p><b>REDD and the Amazon Forest Guardians: Indigenous peoples from Ecuador, Colombia and Bolivia engage</b> The coordinating body for the Indigenous Organizations of the Amazon Basin (COICA), with the national indigenous organizations, the Forum on Readiness for REDD and the Woods Hole Research Center held national-level REDD workshops. Participants present outcomes and next steps.</p>	<p>Niels Bohr (Hall H)</p>
<p>16:30– 18:00</p>	<p>International Food Policy Research Institute (IFPRI) Ms. Christina Lakatos c.lakatos@cgiar.org +1 202 8625699</p>	<p><b>Synergies between agricultural mitigation and adaptation to climate change: East African experience</b> Adaptive capacity for African farmers is low due to dependence on rainfed agriculture and poverty. Policymakers and researchers from Ethiopia and Kenya will discuss adaptation strategies and the potential for incorporating mitigation in agriculture into climate negotiations.</p>	<p>Liva Weel (Hall H)</p>
<p>16:30– 18:00</p>	<p>Environnement et Developpement du Tiers-Monde (ENDA-TM) Mr. Jean-Philippe Thomas enda.jp.thomas@gmail.com +221 33 8222496</p>	<p><b>Building sustainable community partnerships for adaptation in Africa</b> ENDA presents examples of community adaptation to climate change, self-sustaining community organizations and work promoting ownership and partnership with networks of community organizations, local decision makers and researchers. New research and findings - supported by Oxfam and Lead francophonie.</p>	<p>Halfdan Rasmussen (Hall H)</p>
<p>16:30– 18:00</p>	<p>Hadley Centre for Climate Prediction and Research Ms. Fiona Carroll fiona.carroll@metoffice.gov.uk +44 1392 884240</p>	<p><b>Climate threats – climate solutions: A scientific assessment</b> The Met Office Hadley Centre has new information on several aspects of dangerous climate change, each of which could lead to severe impacts on human kind. Different approaches to avoiding these changes, including multi gas emission reduction and geo-engineering, will be discussed.</p>	<p>Niels Bohr (Hall H)</p>
<p>16:30– 18:00</p>	<p>Commission des forets d'Afrique Centrale (COMIFAC) Mr. Rene Siwe rene.siwe@gaf.de +49 89 121528856</p>	<p><b>REDD in the Congo Basin sub-region: Opportunities and challenges</b> The event presents experiences of REDD initiatives and activities in the Congo Basin sub-region. The progress made and the challenges in the assessment of activity data and emission factors, as well as institutional arrangements.</p>	<p>Victor Borge (Hall H)</p>
<p>18:15– 19:45</p>	<p>International Center for Environmental Technology Transfer (ICETT), Energy Research Centre of the Netherlands (ECN), Ecologic – Institute for International and European Policy (Ecologic) Mr. Taiki Kuroda kuroda@icett.or.jp +81 59 3293500</p>	<p><b>Accelerating cooperation and financing for climate technology: Innovative programmes and experiences</b> CTI, ECN, NREL and Ecologic Institute will showcase lessons learned and opportunities for enhancing international technology cooperation, financing, and deployment of low carbon technology in developing countries.</p>	<p>Niels Bohr (Hall H)</p>

18:15– 19:45	Institute of Development Studies (IDS) Mr. Thomas Tanner t.tanner@ids.ac.uk +44 1273 915766	<b>From knowledge to action: Knowledge sharing to support implementation of the Nairobi Work Programme</b> Platforms, portals and networks to share knowledge on vulnerability, impacts and adaptation are emerging globally. Members of the implementation, research and international policy communities will discuss how knowledge sharing should support a successful implementation of the Nairobi Work Programme.	Victor Borge (Hall H)
18:15– 19:45	Center for International Forestry Research (CIFOR), Friedrich Schiller University Jena (FSU Jena) Mr. Tim Cronin t.cronin@cgiar.org +62 251 8622622	<b>REDD in the real world: Lessons from global research</b> As REDD moves from negotiation to implementation, CIFOR and GOF-C-GOLD will present science-based technical guidance and recommendations for carbon measuring and monitoring, financing, rights and tenure and other key issues for making REDD efficient, effective and equitable.	Halfdan Rasmussen (Hall H)
18:15– 19:45	Bhutan Mr. Yeshey Penjor ypenjor@nec.gov.bt +975 2 323384	<b>Expanding gross national happiness through CDM project in the Kingdom of Bhutan</b> This event introduces how CDM can increase gross national happiness. The planned rural electrification project will benefit the community by achieving energy security in rural areas. Climate-friendly projects can expand global happiness and, in turn, national happiness when CDM is applied.	Dan Turell (Hall H)
18:15– 19:45	Baltic and International Maritime Council (BIMCO) Mr. Michael Lund mlu@bimco.org +45 23 410665	<b>Climate change: Contribution by the shipping industry in combating climate change</b> The shipping industry is enthusiastic in wishing to respond on environmental, political and economic imperatives to continue mitigating its impact on climate changes. ICS and BIMCO will review the current situation and future technological solutions including the Green Ship of the Future project.	Saxo Grammaticus (Hall H)
18:15– 19:45	Tajikistan Mr. Viktor Novikov vic.novikov@gmail.com +992 372 215351	<b>Popular report on climate change issues in Central Asia</b> Presentation and panel discussion of the main challenges and opportunities to address the problem of climate change in Central Asia.	Liva Weel (Hall H)
20:00– 21:30	International Tropical Timber Organization (ITTO), International Union of Forest Research Organizations (IUFRO), Intercooperation (IC) Mr. Eduardo Mansur mansur@itto.or.jp +81 45 2231110	<b>ITTO, IUFRO and INTERCOOPERATION event on forests, livelihoods and climate change</b> This joint event of three partner organizations focuses on ongoing and new activities to promote social, economic and environmental benefits of forests that contribute to sustainable livelihoods in the framework of climate change mitigation, adaptation and ecosystem restoration.	Halfdan Rasmussen (Hall H)

<p>20:00– 21:30</p>	<p>Fraunhofer Institute for Systems and Innovation Research (Fraunhofer ISI), Hafencity University Hambuer (HSU) Ms. Karoline Rogge karoline.rogge@isi.fraunhofer.de +49 721 6809126</p>	<p><b>A policy matter: Innovation strategies of the power sector or 100% renewable energy for cities</b> How does climate policy contribute to R &amp; D and diffusion of low-carbon electricity production technologies? What policies are needed for a transition to 100% renewable energy for cities? A shared event of Hafencity University Hamburg, Arup/UN-HABITAT and ETH Zurich/Fraunhofer ISI.</p>	<p>Dan Turell (Hall H)</p>
<p>20:00– 21:30</p>	<p>TEARFUND, World Vision International (WVI) Ms. Sara Shaw sara.shaw@tearfund.org +44 208 9437944</p>	<p><b>Building climate resilience for the most vulnerable</b> Climate change responses are essential at local and national levels. Tearfund and World Vision will demonstrate participatory approaches to assess risk, highlight challenges and develop appropriate local adaptation and mitigation responses. The risk and adaptation assessment tool CEDRA will be explained.</p>	<p>Liva Weel (Hall H)</p>
<p>20:00– 21:30</p>	<p>The European Organisation for the Exploitation of Meteorological Satellites (EUMETSAT) Mr. Paul Counet paul.counet@eumetsat.int +49 171 9735443</p>	<p><b>Satellite observations contributing to global earth system monitoring</b> Illustrative CEOS activities on greenhouse gases and forest carbon monitoring. The Committee on Earth Observation Satellites (CEOS) presents current satellite activities to meet UNFCCC objectives. CEOS implements the satellite observing component of the Global Earth Observation System of Systems.</p>	<p>Niels Bohr (Hall H)</p>
<p>20:00– 21:30</p>	<p>Project Developer Forum Ltd. (PD-Forum) Ms. Alina Averchenkova alina.averchenkova@firstclimate.com +41 79 6126693</p>	<p><b>Realities of CDM as we enter into the year 2010</b> Representatives from the PD-Forum, DOE Forum and potentially DNA Forum and EB and/or Secretariat will offer practitioner's perspectives on the lessons learned in the CDM to date and how they apply to the design of a post-2012 framework.</p>	<p>Saxo Grammaticus (Hall H)</p>
<p>20:00– 21:30</p>	<p>Commonwealth Secretariat Mr. Graham Banton g.banton@commonwealth.int +44 207 7476264</p>	<p><b>Trade and climate change: Key issues for small States, LDCs and vulnerable economies</b> The Commonwealth Secretariat, in collaboration with ICTSD, will present the key research findings from their joint publication on trade, climate change and sustainable development: <i>Key issues for small States, LDCs and vulnerable economies</i>. The session will also explore how these issues might evolve post-Copenhagen.</p>	<p>Victor Borge (Hall H)</p>

**Interviews at the "...inSide climate change" Solutions Studio  
Central Hall (entrance to Media Centre)**

13:00– 13:20	Nordic Folkecenter for Renewable Energy Mr. Bertel Bolt-Jørgensen bbj@klimalosninger.dk +0 45 27143666	<b>Climate Solutions Thy and Mors: A practical case of energy autonomy</b> Mr. Bertel Bolt-Jørgensen will discuss how local initiative and municipal support has created a region with large scale self sufficiency through renewable energy. Today in Thy and Mors more than 100 per cent of the electricity produced comes from renewable sources and in Thisted 85 per cent of all district heating stems from biomass.
13:20– 13:40	United Nations University (UNU) Ms. Koko Warner warner@ehs.unu.edu +49 228 8150226	<b>Climate change on human migration and displacement</b> Dr. Warner will discuss empirical evidence on the impacts of climate change on human migration and displacement, from first time global survey including glacial melt, sea level rise and desertification.
13:40– 14:00	Munich Climate Insurance Initiative (MCII) Ms. Koko Warner warner@ehs.unu.edu +49 228 8150226	<b>Climate risks and insurance solutions</b> Mr. Thomas Loster, Chairman of the Munich Re Foundation, discusses how disaster risk reduction and insurance solutions can help vulnerable countries and people using examples from microinsurance and disaster risk reduction in Mozambique, Senegal and other developing countries.
14:00– 14:20	United Nations Children's Fund (UNICEF) Ms. Kate Donovan kdonovan@unicef.org +1 212 3267788	<b>UNICEF Climate Ambassadors</b> UNICEF young spokespersons, Mr. Darwin Pena (Bolivia) and Ms. Lourine Oyodah (Kenya) talk about activities in their countries.
15:00– 15:20	Purves Environmental Fund Mr. Adrien Bory adb@mm.dk +45 33 939323	<b>The PlanetCall Declaration: A youth initiative endorsed by UN Secretary-General Ban Ki-Moon</b> Mr. Adrien Bory will talk about the PlanetCall Declaration signed by up to one million global youth which is to be handed over to the Danish Government. The declaration states what the next generation wants world leaders to do to safeguard their planet. Initiated by the Copenhagen Climate Council and five youth organizations worldwide.
15:20– 15:40	Widener University Mr. John Dernbach jcdernbach@widener.edu +717 541 1933	<b>Ethical issues entailed by adaptation negotiating text</b> Dr. Nancy Tuana, Penn State University, will discuss how Parties would approach the negotiation of the adaptation text if they acknowledged duties and responsibilities and not just national interest.
15:40– 16:00	Widener University Mr. John Dernbach jcdernbach@widener.edu +717 541 1933	<b>The crucial missing element in negotiating the long-term vision text</b> Professor Donald A. Brown, Penn State University, will discuss how the long-term vision negotiation is being debated compared to how it should be debated if nations acknowledged their duties and responsibilities.

<b>Climate Change Kiosk – iSeeT@COP 15, Central Hall (Atrium)</b>	
The iSeeT@COP 15 exhibit provides an opportunity to see and hear how Parties and observer and media organizations, including the private sector, are using information and communications technology to address climate change challenges.	
11:00–11:45	Our World 2.0 <i>Live from Tokyo:</i> Mr. Brendan Barrett, UN University
12:00–12:45	The Emerging Information Society: A low carbon society Ms. Delphine Larousse, The International Development Research Centre (IDRC)
13:00–14:00	ITU Business Talks <i>Live from Seattle:</i> Mr. Hugh Bradlow, Chief Technology Officer, Telstra Corporation Ltd. <i>COP 15, Copenhagen:</i> Mr. Badri Younes, Deputy Director, NASA <i>Video message:</i> Mr. Salah Eddine Maaoui, Director General, Arab States Broadcasting Union (ASBU)
14:00–15:00	Powering the future: Transforming energy use, energy generation and carbon management through information technology. TechAmerica Europe with Mr. Rob Bernard, Global Environment Head, Microsoft, and Mr. Victor C. Smith, Senior Strategic Technologist, Dell on Green ICT
15:00–15:45	Adopting collaboration, contributing to sustainability <i>Live from Boston:</i> Mr. Bob Hersch, Global Managing Partner, Accenture
16:00–17:00	UNFCCC CDM Photo and Video Contest 2009 - Changing Lives: And the winners are! The winning photographers and videographers in this year's UNFCCC CDM Photo and Video Contest 2009 – Changing Lives will be recognized in a ceremony at the UNFCCC Climate Change Kiosk. Stop by to see and experience the beautiful, informative submissions, introduced by Mr. Yvo de Boer, UNFCCC Executive Secretary. Congratulations to the winners and congratulations and thank you to all of the talented entrants in this year's contest.
18:00–18:45	Space technologies, climate change and world heritage Mr. Mario Hernandez, UNESCO
19:00–19:30	COP 15 Danish host country partnerships with Cisco Mr. Soeren Galberg Lund, Senior Adviser, Danish Ministry of Foreign Affairs Mr. Henrik Michel Kjaer, Business Development Manager, Cisco
19:30–20:30	TechAmerica Europe reception
<b>Demonstrations:</b>	
Screen 1	Eye on earth, atlas and forest dynamics: When public-private partnerships help raise awareness about climate change. TechAmerica Europe with Microsoft
Screen 2	Energy efficiency data centres. TechAmerica Europe with Dell.
Screen 3	Global Adaptation Atlas: Establishing priorities for adaptation action. Resources for the Future
Screen 4	Utilizing technology to cover climate change. BNA
Screen 5	Useful and environmentally sustainable connectivity. Nokia Siemens Networks (ITU)
Screen 6	Utilizing e-learning for GHG training and professional capacity-building. Greenhouse Gas Management Institute.
Screen 7	On-line services of Carbons - Bonn Center for Local Climate action reporting. Local Governments for Sustainability (ICLEI)
Screen 8	One World

**U.S. Center science presentations featuring Science on a Sphere ®**

<p>09:00– 10:00</p>	<p><b>The world’s forests as carbon sinks and sources</b> National Aeronautics and Space Administration (NASA): The forests of the world play a big part in how much carbon dioxide is in our atmosphere. To understand this role, NASA has maintained a detailed, global 37-year satellite record of changes to forests by both natural and human factors and funded ongoing research to understand this critical part of Earth’s global carbon cycle.</p>	<p>U.S. Center Meeting room</p>
<p>10:15– 11:15</p>	<p><b>Maximizing public investment: Disaster risk reduction meets climate change adaptation</b> National Science and Technology Council, Subcommittee on Disaster Reduction: Mitigation efforts are essential to developing disaster-resilient communities and comprise a core element in any successful climate change adaptation strategy.</p>	<p>U.S. Center Meeting room</p>
<p>11:30– 12:30</p>	<p><b>C-ROADS Common Platform: Calculating the climate impacts of proposed national emissions target</b> <b>The Climate Action Initiative:</b> C-ROADS “Common Platform” is a scientifically-reviewed simulation tool that can quickly calculate the climate impacts from mitigation proposals to the UNFCCC. A panel of government representatives and C-ROADS experts will demonstrate this user-friendly international climate simulation tool used by the U.S. State Department and other UNFCCC Parties.</p>	<p>U.S. Center Meeting room</p>
<p>12:45– 14:00</p>	<p><b>Clean energy jobs in a global marketplace</b> U.S. Department of Commerce: Mr. Gary Lockd, Secretary of Commerce, will highlight how President Obama’s historic USD 80 billion investment in clean energy through the American Recovery and Reinvestment Act is already stimulating clean energy development, deployment, and markets.</p>	<p>U.S. Center Meeting room</p>
<p>14:15– 15:15</p>	<p><b>The U.S. leadership role on international global climate change observation from space</b> National Aeronautics and Space Administration (NASA): A NASA representative will describe the role that U.S. agencies play in leading CEOS activities and specific contributions being made by the 28 international CEOS member agencies and 20 participating national and international organizations to climate change observation missions. The speaker will highlight some of the missions focused on climate change, including Orbiting Carbon Observatory/Greenhouse Gasses Observing Satellite (Japanese), Global Precipitation Measurement Mission, and A-Train Constellation of Satellites.</p>	<p>U.S. Center Meeting room</p>
<p>15:30– 16:30</p>	<p><b>Alternative energy programmes for the least developed and developing world</b> U.S. Department of Commerce and U.S. Agency for International Development (USAID): One of the keys to the success of climate mitigation will be what low-cost appropriate technologies are brought to bear to assist the developing world in tackling the linked challenges of sustainable development and controlling GHG emissions.</p>	<p>U.S. Center Meeting room</p>

<p>16:45– 17:45</p>	<p><b>Tapping U.S. technical capabilities to enhance climate programs</b> U.S. Agency for International Development (USAID): This event represents the roll-out of a coordinated USAID and Department of Energy initiative to facilitate U.S. National Laboratory technical expertise and engagement in support of country-driven clean energy and climate efforts in the developing world. U.S. government representatives will present a pilot effort that will establish a framework for U.S. government technical assistance efforts starting with energy-focused needs to assist partner countries in establishing low carbon growth strategies and initiatives.</p>	<p>U.S. Center Meeting room</p>
-------------------------	---	---------------------------------

### European Union pavilion

<p>08:45– 10:15</p>	<p>EUROPEAID European Commission Ms. Johanna Peyredieu johanna.peyredieu-du-charlat@ec.europa.eu</p>	<p><b>Workshop on mainstreaming climate change in aid cooperation programmes</b> The European Commission has developed methodologies to assist programme managers in better mainstreaming climate change into aid cooperation programmes. During the event, participants will actively participate in a simulation exercise followed by a debate and exchange of experiences.</p>	<p>Room Schuman</p>
<p>10:30– 12:30</p>	<p>United Kingdom Mr. Aaron Gould aaron.gould@decc.gsi.gov.uk</p>	<p><b>UK's low carbon "know how"</b> Engage with UK Trade and Investment's panel of innovators as they share their experience of driving sustainable economic growth. Explore how accurate measurement and mitigation together with new financial models and professional services can create a framework for reducing environmental impact.</p>	<p>Room Monnet</p>
<p>10:30– 12:30</p>	<p>Denmark Mr. Bjarne Siewertsen bsi@dmi.dk</p>	<p><b>Adapt to climate change – Denmark and developing nations</b> Sharing knowledge through end-to-end climate projects. Project snapshots from the developing world – from water resources to adaptation strategies. This event will also conclude sustainable development and stabilization scenarios and the Danish strategy for adaptation to a changing climate.</p>	<p>Room Schuman</p>
<p>13:00– 15:00</p>	<p>Estonia Mr. Bernardo Sala bernardo.sala@ec.europa.eu</p>	<p><b>Auditing climate change</b> INTOSAI (network of all supreme audit institutions worldwide) working group on environmental auditing presents global coordinated audit and European joint audit on actions taken by national governments to implement international agreements and national legislation concerning climate change.</p>	<p>Room Monnet</p>
<p>13:00– 15:00</p>	<p>Finland Ms. Kaarin Taipale kaarin.taipale@hse.fi + 358 40 5034766</p>	<p><b>Policies for a low-carbon built environment - Construction counts for climate!</b> This is the COP 15 event on buildings. It informs about policy toolboxes which national governments are going to need to reduce CO<sub>2</sub> emissions and save energy in existing buildings and new construction. The role of NAMAs as well as aspects such as land use, building codes and property management will</p>	<p>Room Schuman</p>

		be discussed.	
15:30– 17:30	Germany Ms. Diana Nissler diana.nissler@uba.de +49 340 21 03 2959	<b>Pathway to a low carbon society - exchange of experiences</b> The event aims at presenting examples of a low carbon development pathway; it will cover the presentation of Germany's pathways to achieve a mid-term 2020 40 per cent emission reduction target and a scientific outlook on 2050. Two Annex I countries will also present their low carbon strategy.	Room Monnet
15:30– 17:30	Sweden Ms. Jessica C Wodmar jessica.c.wodmar@naturvardsverket.se +46 708901100	<b>Good practice in Europe on education, training and public awareness</b> Examples on good practice from government, business, NGOs and schools will be presented. A launch of good examples from European countries on their work with education, training and public awareness on climate change within the Article 6 under the United Nations Framework Convention on Climate Change.	Room Schuman
18:00– 20:00	Romania Ms. Florentina Manea florentina.manea@mmediu.ro +40 21 316 22 20	<b>Fuel management in the Romanian aviation sector - A case study</b> The aviation sector's contribution to global climate change is increasing. The Romanian aviation sector has taken some measures to reduce greenhouse gas emissions via reduced fuel burn, beginning in 2004. The challenge to meet the European Union's emission trading system will also be commented during the event.	Room Monnet
18:00– 20:00	France Mr. Bertrand Reyssset Bertrand.reyssset@developpement-durable.gouv.fr	<b>Climate change impacts: Adaptation and costs</b> A national expert group has assessed the impacts of climate change in France by 2030, 2050 and 2100. Ten key sectors have been reviewed. The presentation aims at sharing the main findings of the study and their possible contributions.	Room Schuman

### Delegation of Brazil

11:00– 11:30	Delegation of Brazil Mr. DanielCosta Fernandes dcostafernandes@gmail.com +44 78 353 9812	<b>Flying rivers: Moisture-laden air currents from the Amazon help to green much of the continent</b>	Brazilian Delegation Area, Hall C7
14:00– 16:00	Delegation of Brazil Mr. DanielCosta Fernandes dcostafernandes@gmail.com +44 78 353 9812	<b>Brazil and the world in the climate change debate</b> FIESP (São Paulo Industry Association)	Brazilian Delegation Area, Hall C7
16:00– 17:00	Delegation of Brazil Mr. DanielCosta Fernandes dcostafernandes@gmail.com +44 78 353 9812	<b>The Amazon Fund</b> BNDES (National Bank for Social and Economic Development)	Brazilian Delegation Area, Hall C7

**Other observer organizations' events**

08:30– 15:00	The World Bank Ms. Kseniya Lvovsky klvovsky@worldbank.org +44 7734 543 698	<b>Knowledge for development and climate change</b> Discussions of key reports and analytical work that shed light on impacts of climate change and the costs of dealing with it. North Africa CSP, World Development Report 2010, Economics of Adaptation and Low Carbon Growth Studies. The Minister for Development Cooperation, Ms. Ulla Tørnæs will speak at 11:15. A shuttle bus will depart every half hour from the bus stop at Bella Center starting at 08:00. Return trips to the Bella Center will be provided as well.	Ministry of Foreign Affairs of Denmark 2 Asiatick Plads Copenhagen
09:30– 10:00	International Emissions Trading Association (IETA)	<b>IETA tea and coffee time</b>	Mount Everest Foyer – in the Crowne Plaza Hotel (next to the Bella Center)
09:30– 10:30	GCCA Mr. Ernesto Luna +45 50318126 lep.cbs@aiesec.dk	<b>Youth leadership</b> AIESEC will share results of a survey reflecting the views of over 3,000 of tomorrow's leaders from 122 countries, exhibiting stories of how a youth organization can provide solutions towards a low-carbon society through activating leadership, international internships and leveraging a global network.	UNFCCC Youth Booth in the Youth Arcade (H-004-C)
09:30– 12:30	ICLEI - Local Governments for Sustainability climate-lounge@iclei.org +45 52 75 27 48	<b>Supporting cities to lead local adaptation</b> Organized by the Asian Cities Climate Change Resilience Network (ACCCRN), the Rockefeller Foundation and the ProVention Consortium.	Local Government Climate Lounge – ICLEI Office, Hall C6
10:00– 11:30	International Emissions Trading Association (IETA)	<b>Achieving renewable energy targets</b> This session will look at how the different targets can be met and how current and future technologies can fulfil these targets.	Mount Everest 2 – in the Crowne Plaza Hotel
10:00– 11:30	Climate Consortium Denmark Ms. Majken Kalhave info@klimakonsortiet.dk +45 2249 6514	<b>Building green in Denmark</b> With housing accounting for approximately 40 per cent of CO <sub>2</sub> emissions, buildings play a central part in reducing these emissions. Ambitious building policies have, in cooperation with an innovative building sector, paved the way in making Denmark one of the most energy efficient housing sectors in the world.	Climate Consortium Denmark's exhibition Global Platform – Multiple Solutions in the Center Hall
10:00– 13:00	The Bellona Foundation Ms. Guro Wasa guro@bellona.no +47 971 94 695	<b>Solar energy as a climate solution</b> Politicians, NGOs and solar industry executives discuss political measures and industry efforts for solar to reach its great potential in the near future. Participants: Mr. Ole Enger, REC Mr. Erik Sauar, REC Mr. Adel El Gammal, EPIA Ms. Alicia Montalvo, SCCB Moderator: Mr. Viktor Jakobsen, Bellona	The Bellona Room, Delegation Hall C7

		Co-host: REC	
--	--	--------------	--

10:00– 18:30	Holland Climate House (DLO Wageningen UR – Free University Amsterdam) Ms. Ottelien van Steenis o.van.steenis@ programmabureauklimaat. nl +31 6 2120 2447 +31 317 48 6540	<b>Climate robust water supply, agriculture and nature</b> In the morning climate robust agriculture is discussed, in the afternoon the mismatch between water supply and demand in different regions. Extra: ADAPTS, adaptive local water management and ecosystem and community-based adaptation.	Pavilion C7
10:30– 11:30	Alliance for Climate Education Ms Emily Adler +45 5267 8531 emily.adler@ climateeducation.or	<b>Inspiring the next generation of climate heroes</b> Alliance for Climate Education (ACE) will present their dynamic, multi-media assembly presentation on climate change. ACE is on track to reach 150,000 students by December 2009, with a goal of 2 million US students by 2011.	UNFCCC Youth Booth in the Youth Arcade (H-004-C)
10:30– 12:00	International Air Transport Association (IATA) Mr. Andreas Hardeman hardemana@iata.org	An event outlining the industry's global strategy for addressing aviation bunker fuel emissions as part of a Copenhagen deal. At this event, the sector will explain its joint vision, the collective climate change commitments made by aviation as well as the global approach that it recommends for consideration by governments at COP 15.	Saxo Grammaticus Hall H
11:30– 12:30	United Nations Convention to Combat Desertification (UNCCD) Mr. Marcos Montoiro mmontoiro@unccd.int +45 53996786	<b>Land degradation and sustainable development</b> The Secretariat of the UN Convention to Combat Desertification will interact with representatives of UNICEF on the issues of land degradation and the concept of sustainable development.	UNFCCC Youth Booth in the Youth Arcade (H-004-C)
11:30– 13:00	Center for Climate Strategies (CCS) Environment America Seventh Generation Advisors Ms. Kristina Haddad Senior Program Associate Seventh Generation Advisors kristinahaddad@ yahoo.com +1 310 770 0665	<b>Sub-national climate policy development: A template for action at the state and local level</b> Through its partnerships with over 40 States and 1,500 stakeholders, CCS has developed an effective template for developing and implementing comprehensive climate action plans, policies and programmes. Learn how this “how-to” template can help other regions in the world.	Hub Culture Pavilion Gammeltorv 14, Copenhagen
11:30– 13:00	International Emissions Trading Association (IETA)	<b>Programmatic CDM - Taking leaps forward</b> This event will look at the experiences and how all Parties can help bring confidence to the market that Programmatic CDM is not only a good concept but also practical in the field.	Mount Everest 2 – in the Crowne Plaza Hotel (next to the Bella Center)
11:30– 13:00	International Emissions Trading Association (IETA)	<b>Trading documentation - Release of the International Emissions Trading Master Agreement</b> IETA's legal working group will release an over-the-counter contract for trading emissions post 2012, known as the International Emissions Trading Master Agreement.	Mount Everest 3 – in the Crowne Plaza Hotel (next to the Bella Center)

12:00– 13:00	International Emissions Trading Association (IETA)	<b>Nairobi Framework lunch</b>	Mount Everest Foyer – in the Crowne Plaza Hotel (next to the Bella Center)
13:00– 14:30	The Bellona Foundation Ms. Guro Wasa guro@bellona.no +47 971 94 695	<b>Tim Flannery and Dan Kammen at PlanetCall: Solutions from global youth</b> Young people pitch their solutions for a sustainable future to an expert panel, facilitated by Ms. Summer Rayne Oakes. The results of a global youth survey will be revealed and a youth declaration officially handed over.	The Bellona Room, Delegation Hall C7
13:00– 14:30	International Emissions Trading Association (IETA)	<b>Nairobi Framework - status and future impacts in Africa</b> During this session, the Framework partners and IETA will bring an update on the developments and goals achieved, as well as the activities foreseen for 2010.	Mount Everest 2 – in the Crowne Plaza Hotel (next to the Bella Center)
13:00– 14:30	The Royal Society, Center for International Governance Innovation, Climate Response Fund	<b>Science, research and international governance of geoengineering</b> This session will review the science of geoengineering, identify research needs and possible future utility, and explore international governance implications. Presentations by Prof. John Shepherd (Royal Society) on the science and Dr. Jason Blackstock (CIGI) on governance, followed by a moderated discussion panel exploring the theme of “Geoengineering, global equity and sustainable development”	Mount Everest 3 – in the Crowne Plaza Hotel (next to the Bella Center)
13:00– 15:00	The World Bank and the Ministry of Foreign Affairs, Government of Denmark Ms. Kseniya Lvovsky klvovsky@worldbank.org +44 7734 543 698	<b>Pathways for low carbon growth in developing countries</b> The session will discuss findings and lessons from first experiences in assessing low carbon growth pathways. Presentation of analysis for Brazil, India and Mexico undertaken in collaboration with the World Bank and South Africa’s long term mitigation scenario will be followed by discussion. A shuttle bus will be provided from the bus stop at the Bella Center at around 12:30 and 13:00 and back to the Bella Center at 15:00 and 15:30.	Ministry of Foreign Affairs of Denmark 2 Asiatiske Plads Copenhagen
14:30– 15:00	International Emissions Trading Association (IETA)	<b>IETA tea and coffee break</b>	Mount Everest Foyer – in the Crowne Plaza Hotel (next to the Bella Center)
15:00– 16:30	International Emissions Trading Association (IETA)	<b>Africa GHG market - Attracting finance into Africa</b> Africa has at present not benefited from the carbon market although a number of initiatives have been set up in the voluntary market. Also, some CDM projects have been developed in Africa but their scale is still small. What are the elements that could make it more attractive to investors and capital to flow?	Mount Everest 2 – in the Crowne Plaza Hotel (next to the Bella Center)

15:00– 16:30	International Emissions Trading Association (IETA)	<b>Marine industry - GHG control</b> This session will look at some of the options available to the maritime sector to reduce its emissions but also at the actual controls necessary and how these can be implemented.	Mount Everest 3 – in the Crowne Plaza Hotel (next to the Bella Center)
15:00– 17:00	ICLEI - Local Governments for Sustainability climate-lounge@iclei.org +45 52 75 27 48	<b>Local Government Climate Lounge</b> Copenhagen – a city of cyclists (Organized by the City of Copenhagen)	Local Government Climate Lounge – ICLEI Office, Hall C6, Bella Center
15:30– 16:30	The Bellona Foundation Ms. Guro Wasa guro@bellona.no +47 971 94 695	<b>HFCs – a mounting problem we can avoid</b> Hydrofluorocarbons were ozone-friendly replacements for CFCs but are aggressive on the climate. In this event it will be discussed how the Montreal Protocol may solve this challenge. Participants: Mr. Durwood Zielke, CIEL Mr. Stephen Andersen, former US EPA Mr. Milton Catelin, Montreal Protocol Co-host: CIEL	The Bellona Room, Delegation hall C7
16:30– 18:00	Center for Climate Strategies Environment America Seventh Generation Advisors Ms. Kristina Haddad kristinahaddad@yahoo.com +1 310 770 0665	<b>National scale-up of “bottom up” actions: How to translate state/local success into national action</b> See the amazing history of national environmental law and policy based on state and local action and how the US is currently addressing climate change through integrating state, local and national climate policy actions.	Hub Culture Pavilion Gammeltorv 14, 1457, Copenhagen Two blocks from City Hall
16:30– 18:00	United Nations Conference on Trade and Development (UNCTAD)	<b>Development opportunities for African countries under a post-2012 climate change regime</b> Review and analysis of the Bonn II text from an African perspective as well as the potential and challenges of NAMAs for climate and development will be presented.	Mount Everest 2 – in the Crowne Plaza Hotel (next to the Bella Center)
16:30– 18:00	International Emissions Trading Association (IETA)	<b>ETS for marine challenges and design options</b> This event will look at the critical design elements of an ETS and what different options have been proposed for a marine version.	Mount Everest 3 – in the Crowne Plaza Hotel (next to the Bella Center)
17:00– 18:00	The Bellona Foundation Ms. Guro Wasa guro@bellona.no +47 971 94 695	<b>Innovations from China – I want sustainable innovation movement</b> Ms. Hiu Ng and Mr. Daniel Foa Co – founders and directors of 51 SIM.org discuss environmental solutions. From empowering the youth of China to actively engage in reducing carbon to making micro-loans to farmers installing methane digesters and solar panels.	The Bellona Room, Delegation hall C7
17:00– 18:00	World Bank. Ms. Isabel Hagbrink, ihagbrink@worldbank.org +1202 4416250	<b>Presentation of World Bank's assessment of “10 Years of CDM and JI - Lessons Learned” and launch of latest carbon facility, the Carbon Partnership Facility (CPF)</b> Followed by a reception.	Verner Pantou, C2

19:00– 21:00	The Bellona Foundation Ms. Guro Wasa guro@bellona.no +47 971 94 695	<b>Native peoples - native homelands</b> Mr. Tom Goldtooth from the Indigenous Environmental Network (IEN) and a delegation of native people bring traditional perspectives to climate change and solutions through indigenous values and discuss the The Mystic Lake declaration.	The Bellona Room, Delegation hall C7
19:30– 21:00	The European Landowners Organisation (ELO) in association with the Royal Institution of Chartered Surveyors (RICS) Mr. Michael Sayer, Director Climate Change Policy msayer@sparhamhouse.com	<b>Adaptation and mitigation: The land manager and the climate challenge</b> This event will focus on the response of land managers to the climate challenge and their role in implementing adaptation and mitigation measures. The two presentations given by Mr. M. Sayer (ELO) and Mr. P. Fane (RICS) will be followed by a question time. Light refreshments will be served.	Kunstindustrimuseet Bredgade 68, Copenhagen (near the street “Esplanaden”). Staff members will welcome you at the entrance.

## Other activities

08:00–09:00

### Wake up call for climate justice

Christian Aid will be handing out breakfast rolls wearing pyjamas to symbolize the need for the world’s leaders to wake up and work for a fair agreement in Copenhagen.

Organizer: Christian Aid. Location: in the entrance area and in the NGO area.

08:00–18:00

### Free organic coffee

Free organic coffee will be served all day at the NGO Climate Rescue Station.

Organizer: Greenpeace. Location: NGO Climate Rescue Station just outside Exhibition Hall H.

08:00–18:00

### Consequences, an outstanding photo exhibition by NOOR

Greenpeace welcomes all delegates to visit “Consequences”, featuring the work of nine award-winning photographers documenting the devastating effects of climate change.

Organizer: Greenpeace and NOOR. Location: NGO Climate Rescue Station (just outside the Exhibition Hall H).

08:30–10:00

### Join the flood for climate justice!

BUNDjugend does a teaser action for the Flood for Climate Justice that will take place on Saturday, 12 December at 10:00 in the city centre, starting outside Klimaforum with 3,000 people dressed in blue.

Organizer: BUNDjugend/Young Friends of the Earth Germany. Location: corridor next to Media balcony towards Hall E.

11:00–12:00

### The oil factor

Organizer: IndyAct. Location: corridor next to Media balcony towards Hall E.

11:00–12:00

### Climate rescue team

In a short play six WWF doctors will “reanimate” two people marked as negotiators and refill an inflatable earth underlining the fact that the COP climate talks need to be rescued.

Organizer: WWF International. Location: between Hall H and Hall B, near the Information desk.

13:00–15:00

**Climate issues in the Arab region**

Panel discussion on the role of the Arab region in the climate negotiations. The talk particularly focuses on oil exporting regions.

Organizer: IndyAct. Location: NGO Climate Rescue Station (just outside of the Exhibition hall (H)).

14:30–16:00

**Meet the experts**

Education and adaptation: 30 minutes, three experts and one hot topic!

Join us for a meeting on climate adaptation, economics, information and energy scenarios. With Mr. Charlie Heaps (SEI) and Mr. Max Edkins (UCT). A joint Stockholm Environment Institute, University of Cape Town, START event. Location: SEI booth H-036B.

16:00–17:00

**Screening of young voices on climate change**

Short films about young people who have successfully reduced the carbon footprint of their homes, schools, communities and countries. The videos are followed by a youth panel discussion, hosted by

author/illustrator/producer Ms. Lynne Cherry. Organizer: Young Voices on Climate Change. Location: NGO Climate Rescue Station just outside Exhibition Hall H.

18:00

**"Fossil of the day" award**

Fossil of the Day awards are presented, in a spectacular, Hollywood-style daily ceremony, to the countries who do the most to obstruct progress in each day's climate negotiations. Since 1999, Fossils have been voted on by the hundreds of organizations of the Climate Action Network. Organizer: CAN International. Location: H-020 B.

18:30–19:30

**Imja Tsho Action Event 2009 – A mountain community dares to take the first step**

Movie screening about a Sherpa community living in the shadow of Mount Everest. The movie is presented by WWF Climate Witnesses – Apa Sherpa and Dawa Steven Sherpa. Organizer: WWF. Location: NGO Climate Rescue Station just outside Exhibition Hall H.

All day

**Seal the Deal!**

Organizer: UNEP Nairobi. Location: H-021 D.

All day

**Avaaz aliens searching for climate leaders at the UN climate summit.** Organizer: Avaaz. Location: all areas.

All day

**Human clocks**

Human clocks will be wandering around the halls of the Bella Center gathering Countdown to Copenhagen pledges and distributing flyers about the Countdown to Copenhagen event on Sunday, 13 December. Organizer: Christian Aid. Location: in the NGO area and in the halls of the Bella Center.
