Don't be surprised if the TT:CLEAR you find online is not exactly the same as displayed in this flyer. TT:CLEAR is constantly being updated to reflect the needs of its users.

Welcome to the new... TT:CLEAR

TT:CLEAR, the Technology Information Clearing House of the UNFCCC, aims to enhance technology cooperation for action on climate change. TT:CLEAR has been completely redesigned and updated to take into account the changing needs of technology stakeholders and the latest thinking in website design. Welcome to the new TT:CLEAR.

Keep up-to-date on all UNFCCC technology matters via the TT:CLEAR carousel

Find all the information you need on past and upcoming technology events and meetings under the UNFCCC

Learn about the history of technology in the UNFCCC process and find all relevant decisions

Keep track on the work of the TEC and access all meeting documents

Learn more about the CTCN and the national designated entities

Access comprehensive information on the TNA process, including country reports

Stay informed on the implementation of the Technology Transfer Framework

Find information on how technology activities can be supported

Access a database of over 700 technology briefs and technology roadmaps on climate technologies. Also access a database of relevant technology links

Connect with the UNFCCC via social media

Learn about the history of technology in the UNFCCC process and find all relevant decisions

Keep track on the work of the TEC and access all meeting documents

Learn more about the CTCN and the national designated entities

Access comprehensive information on the TNA process, including country reports

Access the latest documents on technology

Read about real technology transfer success stories

The screenshot shows the TT:CLEAR website layout. At the top, there are navigation links: Home, CDM, JI, CC:iNet, and TT:Clear. Below this is the UNFCCC logo and a search bar. A left sidebar contains a menu with categories like Negotiations and Decisions, Technology Executive Committee, Climate Technology Centre and Network, Technology Needs Assessments, Technology Transfer Framework, Support for Implementation, and Technology Portal. The main content area features a 'Technology Information Clearing House' header, a 'LATEST NEWS' section with a carousel of images and a featured article titled 'Third synthesis report on TNAs', a 'Calendar' section with upcoming events, and a 'Latest documents' section. Below these are four informational boxes: Technology, TNAs, TEC, and CTCN. On the right, there is an 'Implemented projects' section featuring a project in Zimbabwe. At the bottom, there are social media links for Twitter, Facebook, and YouTube.
