# Proposed modalities for implementing Technology Mechanism Joint workprogramme 2023-2027

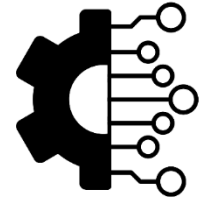

TEC-CTCN Joint session

24 March 2023, Songdo, Korea

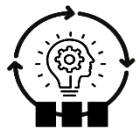

Technology roadmaps

Digitalization

## Joint Work Programme of the UNFCCC Technology Mechanism for 2023–2027 Accelerating Climate Action through Technology Development and Transfer

National Systems of Innovation

Buildings and resilient infrastructure

Water-Energy-Food systems

Business and Industry

Energy systems

Technology Needs Assessment

## Joint work programme of Technology Mechanism 2023-2027

### Joint activities:

- activities to be carried out jointly, where both bodies agree on the scope and modalities and jointly lead on the work

### Common areas of work:

- distinct, yet complementary, activities carried out by each body (as per their respective work plan and programme of work), on the same or similar topic and areas

## **Current modalities for TEC-CTCN joint work and collaboration**

- Joint sessions
- Joint communications and outreach
- Participation in each other's events
- Coherent approach to monitoring & evaluation system
- Joint task force
- Exchange of data and information
- Stakeholder engagement
- Gender mainstreaming
- Retreat of TEC and CTCN secretariats

## Proposed modalities for implementing Joint activities

- a) Collaboration with incoming COP presidencies
- b) Collaboration with relevant organisations and initiatives, including private sectors
- c) Launch a call for expressions of interest to solicit potential partnerships
- d) Establish joint task force(s) to lead each or both joint activity(ies)**
- e) Consider the development of joint indicators to measure progress Exchange of data and information
- f) Each body will seek to allocate staff resource(s) to support the joint activities, including raising necessary financial resources

## Proposed modalities for implementing activities under Common areas of work

- a) Every activity will be implemented with the engagement of the other body, to the greatest extent possible
- b) Use of CTCN TA data to inform the TEC's analytical work, and vice versa, the use of TEC policy findings and recommendations to inform the implementation of CTCN activities, in particular activities targeting NDEs
- c) Systematically collect policy and implementation issues encountered by developing countries on common areas topics
- d) Engage NDEs across activities – when relevant and applicable

## Proposed modalities for implementing activities under Common areas of work (continued)

- e) Use Technology Mechanism events to showcase the TM work on a topic of common areas of work.
  - E.g, at SB58 in June 2023 the topic could be on **NSI**: the TEC could launch the compilation on the set-up and implementation of NSIs and the CTCN could share its approach to using NSI as an enabler in its PoW
- f) Hold webinars and events during the regional climate weeks on topics of common areas of work
- g) Collaboration and synergy with High-Level Champion work and Marrakesh Partnership Global Climate Action – Climate Action Pathways

## **Proposed modalities for implementing activities under Common areas of work**

- h) Collaboration with relevant organisations and initiatives, including private sectors
- i) Launch a call for expressions of interest to solicit potential partnerships
- j) Employ cross-promotion of TEC and CTCN activities within the common areas of work in order to generate greater awareness through diverse communication channels
- k) Promote the work of the Technology Mechanism work in the broader UN context and fora on SDGs

## Proposed modalities for implementing activities under Common areas of work

- l) Chairs and Vice Chairs of the TEC and CTCN Advisory Board and/or members designated by the TEC and CTCN will work together to ensure coherence and synergy in the implementation of the common areas of work, and closely liaise with the secretariats and/or groups undertaking the work for respective body**
- m) Each body will seek to allocate staff resource(s) to support the activities of common areas of work, including raising necessary financial resources

*Thank you!*
