

Agenda item 5(c)

# Proposals for joint activities of TEC and CTCN for 2019-2022

TEC/2019/19/11

Technology Executive Committee, 19<sup>th</sup> meeting  
Bonn, Germany, 16–19 September 2019

**Dinara Gershinkova**  
Chair of the Technology Executive Committee

## Background

- TEC and CTCN AB met in Joint Session during TEC18 and AB13 in March
- Identified four broad areas of collaboration in plenary & preliminary list of activities in breakout groups (RD&D, Uptake of existing technologies, Long-term technology transition, TNA)
- TEC and CTCN-AB requested their Chairs and Vice-Chairs to further elaborate the joint activities with the support of the UNFCCC and CTCN secretariats

## What has been done inter-sessionally?

- **Developed together with CTCN-AB Chairs** proposals for joint activities based on initial lists
- **Engaged members of both bodies**
  - ✓ in an informal meeting at the margins of SB50 session (June 2019)
  - ✓ Electronically to solicit inputs to the drafts of joint activities

## Proposed joint activities TEC-CTCN

- In **6 areas of collaboration**: RD&D, Uptake of existing technologies, Long-term technology transition, TNA, Monitoring & Evaluation system, Communication & Outreach
- To be implemented during 2019-2022 – precise timeline to be determined according to timeline of the TEC workplan and CTCN annual operating plan
- In implementing these joint activities, TEC and CTCN will:
  - ✓ Engage relevant stakeholders
  - ✓ Mainstream gender consideration
  - ✓ Where applicable, develop key messages to COP and CMA

## TEC consideration

- The TEC is invited to:
  - a) Consider and provide inputs to the draft for finalization by Chairs and Vice Chairs of TEC and AB
  - b) Provide inputs on how to implement the joint activities

*Thank you!*
