# Revising the TEC monitoring and evaluation system to align with TEC rolling work plan for 2023–2027

Technology Executive Committee, 28<sup>th</sup> meeting and TEC-CTCN Joint session  
16-18 and 19 April 2024, Copenhagen, Denmark

## Agenda item 6. Revising the TEC monitoring and evaluation system to align with the rolling workplan for 2023–2027

### Background

## Agenda item 6. Revising the TEC monitoring and evaluation system to align with the rolling workplan for 2023–2027

---

### Mandate

First periodic assessment of the effectiveness and adequacy of the support provided to the Technology Mechanism

- Noted the absence of **impact indicators** in the TEC's M&E system;
- TEC and CTCN to explore the opportunity of developing a common and integrated M&E system;
- Overarching system would support the reporting on collaboration between the two bodies and the assessment of transformational change that would consider the connections between the activities of both bodies.

18/CP.27  
19/CMA.4

Requested the TEC and CTCN to:

- Continue to enhance their efforts to monitor and evaluate the impacts of their work;
- Identifying new ways to invite feedback from NDEs on the impact of the work of the Technology Mechanism such as through more practical and effective surveys.

# Agenda item 6. Revising the TEC monitoring and evaluation system to align with the rolling workplan for 2023–2027

## Updating the performance measurement framework

- 1. Adding an impact indicator identified as impact from the TEC sphere of influence of the Theory of Change of the TEC M&E system;
- 2. Adding intended results to reflect the expected outcomes as per TEC rolling workplan;
- 3. Adapting the indicators to reflect planned outputs under the new rolling workplan;
- 3. Introducing new indicators to reflect recommendations from recent evaluations and COP decisions, such as

- Indicator on the TEC’s engagement with NDEs
- Indicator on collaboration and partnerships
- Update the targets for 2027 for the indicators
