

# Outcomes of the 16<sup>th</sup> CTCN AB meeting

The CTCN held its 16<sup>th</sup> meeting virtually from 10-12 November.

During this meeting, the CTCN's Advisory Board:

- approved the CTCN's 2021 Annual Operating Plan and budget, which is aligned to the technology framework of the Paris Agreement;
- provided comments to the CTCN's report to the Conference of Parties; and
- discussed the TEC-CTCN chapter of the Joint Annual Report and the proposed Joint Activities annex

In addition:

Dr. Henry Roman, National Designated Entity of South Africa, presented a CTCN technical assistance case study on GHG emissions reduction in the cement industry.

Ms. Juliet Meredith provided remarks on the incoming COP Presidency and COP26 and highlighted how technology is integrated throughout the presidency approach.
