

COP 27 and CMA 4 decisions, and SB 57 conclusions relevant to the work of the TEC

Direct mandate to the TEC

Body	Decision / Conclusion	Title	Para	Mandate	Area	Tags	Link to AUV decision
COP	-/CP.27	Joint annual report of the Technology Executive Committee and the Climate Technology Centre and Network	2	Welcomes the collaboration of the Technology Executive Committee and the Climate Technology Centre and Network in their joint work in 2022 and invites them to continue undertaking joint work and enhance their exchange of systematic feedback with a view to ensuring coherence and synergy and effective implementation of the Technology Mechanism;	Technology	TEC, CTCN, collaboration	https://unfccc.int/documents/623644
			5	Invites the Technology Executive Committee and the Climate Technology Centre and Network to jointly pursue collaborative partnerships and strategic engagement with bodies, processes and initiatives under and outside the Convention, including in the private sector, with a view to facilitating the implementation of all activities under the joint work programme	Technology	TEC, CTCN, partnerships	
			6	Also invites the Technology Executive Committee and the Climate Technology Centre and Network to strengthen their systematic engagement with national designated entities, including through regional forums for national designated entities, to increase the reach and impact of the work of the Technology Mechanism on policies and practices on the ground;	Technology	TEC, CTCN, NDEs	
			7	Further invites Parties, the Technology Executive Committee and the Climate Technology Centre and Network to explore ways to provide enhanced technical and logistical support to national designated entities, including through collaboration with the public and private sector	Technology	TEC, CTCN, support to NDEs	
			8	Commends the continued efforts of the Technology Executive Committee and the Climate Technology Centre and Network in mainstreaming gender considerations in their work and requests the Technology Executive Committee and the Climate Technology Centre and Network to swiftly finalize the two global rosters of female experts in the area of climate technology and of female and male experts on gender and climate change	Technology	TEC, CTCN, gender rosters	
			9	Welcomes the collaboration of the Technology Executive Committee and the Climate Technology Centre and Network with the operating entities of the Financial Mechanism and strongly encourages the two bodies to continue such collaboration with a view to enhancing the capacity of developing countries to prepare project proposals and facilitating their access to available funding for technology development and transfer	Technology	TEC, CTCN, TM FM collaboration	
			10	Acknowledges the work on incubators and accelerators planned by the Technology Executive Committee and the Climate Technology Centre and Network under the joint work programme and invites the two bodies to continue to work with developing country Parties, in particular the least developed country Parties and small island developing States, to promote the use of incubators and accelerators and to support the development of funding proposals that incorporate their use for submission to the operating entities of the Financial Mechanism	Technology	TEC, CTCN, incubators and accelerators	
			11	Requests the Technology Executive Committee and the Climate Technology Centre and Network to continue to enhance their efforts to monitor and evaluate the impacts of their work, including identifying new ways to invite feedback from national designated entities on the impact of the work of the Technology Mechanism such as through more practical and effective surveys	Technology	TEC, CTCN, M&E, NDEs	

Body	Decision / Conclusion	Title	Para	Mandate	Area	Tags	Link to AUV decision
			13	Notes that the joint annual report referred to in paragraph 1 above does not contain information on how the Technology Executive Committee and the Climate Technology Centre and Network responded to mandates of Parties in the implementation of their work and requests the two bodies to include such information in their joint annual reports	Technology	TEC, CTCN, reporting	
			15	Invites Parties and relevant stakeholders to consider the relevant key messages and the implementation of recommendations of the Technology Executive Committee for 2022 and also invites the Technology Executive Committee and the Climate Technology Centre and Network to consider the recommendations addressed directly to them	Technology	TEC, CTCN, recommendations	
			16	Encourages the Technology Executive Committee to continue its efforts to enhance its visibility and outreach to Parties, including through their respective national designated entities, UNFCCC constituted bodies and other relevant stakeholders, and maximize the uptake of its recommendations	Technology	TEC, outreach, NDEs	
CMA	-/CMA.4	Enhancing climate technology development and transfer to support implementation of the Paris Agreement	2	Welcomes the collaboration of the Technology Executive Committee and the Climate Technology Centre and Network in their joint work in 2022 and invites them to continue undertaking joint work and enhance their exchange of systematic feedback with a view to ensuring coherence and synergy and effective implementation of the technology framework;	Technology	TEC and CTCN collaboration	https://unfccc.int/documents/623622
			5	Invites the Technology Executive Committee and the Climate Technology Centre and Network to jointly pursue collaborative partnerships and strategic engagement with bodies, processes and initiatives under and outside the Convention and the Paris Agreement, including in the private sector, with a view to facilitating the implementation of all activities under the joint work programme	Technology	TEC and CTCN, partnerships	
			6	Requests the Technology Executive Committee and the Climate Technology Centre and Network to include information in their joint annual reports to the Conference of the Parties and the Conference of the Parties serving as the meeting of the Parties to the Paris Agreement on activities and actions under the technology framework that have been implemented under the joint work programme	Technology	TEC and CTCN, TF, reporting	
			8	Commends the continued efforts of the Technology Executive Committee and the Climate Technology Centre and Network in mainstreaming gender considerations in theirwork and looks forward to the swift finalization of the global rosters of female experts in the area of climate change and of female and male experts on gender and climate change	Technology	TEC and CTCN, gender	
			9	Welcomes the collaboration of the Technology Executive Committee and the Climate Technology Centre and Network with the operating entities of the Financial Mechanism and strongly encourages the two bodies to continue such collaboration with a view to enhancing the capacity of developing countries to prepare project proposals and facilitating their access to available funding for technology development and transfer;	Technology	TEC and CTCN, TM FM collaboration	

Body	Decision / Conclusion	Title	Para	Mandate	Area	Tags	Link to AUV decision
			10	Requests the Technology Executive Committee and the Climate Technology Centre and Network to continue to enhance their efforts to monitor and evaluate the impacts of their work, including identifying new ways to invite feedback from national designated entities on the impact of the work of the Technology Mechanism such as through more practical and effective surveys	Technology	TEC and CTCN, M&E	
			12	Notes that the joint annual report referred to in paragraph 1 above does not contain information on how the Technology Executive Committee and the Climate Technology Centre and Network responded to mandates of Parties in the implementation of their work and requests the two bodies to include such information in their joint annual reports;	Technology	TEC and CTCN, reporting	
			15	Invites Parties and relevant stakeholders to consider the relevant key messages and the implementation of recommendations of the Technology Executive Committee for 2022 and also invites the Technology Executive Committee and the Climate Technology Centre and Network to consider the recommendations addressed directly to them	Technology	TEC recommendations	
			16	Encourages the Technology Executive Committee to continue its efforts to enhance its visibility and outreach to Parties, including through their respective national designated entities, UNFCCC constituted bodies and other relevant stakeholders and maximize the uptake of its recommendations	Technology	TEC, outreach, NDEs	
CMA	-/CMA.4	First periodic assessment referred to in paragraph 69 of decision 1/CP.21	1	<p>Acknowledges the findings of the final report on the first periodic assessment of the effectiveness and adequacy of the support provided to the Technology Mechanism in supporting the implementation of the Paris Agreement on matters relating to technology development and transfer and invites the Technology Executive Committee and the Climate Technology Centre and Network to implement the recommendations therein when undertaking the joint work programme of the Technology Mechanism for 2023–2027</p> <p>For reference (FCCC/SBI/2022/13, section V):</p> <ul style="list-style-type: none"> -Recommendation 1 is to encourage the TEC and the CTCN to identify priority areas of work when developing their future workplans, using the guidance provided by the technology framework and the findings of the contribution of Working Group III to the AR6. -Recommendation 3 is to encourage the TEC and the CTCN to explore the opportunity of establishing an integrated monitoring and evaluation framework for the Technology Mechanism in the context of the forthcoming TEC workplan and CTCN programme of work -Recommendation 4 is to encourage the TEC and the CTCN to strengthen their collaboration regarding the outreach of TEC products and the creation of knowledge products that address the practical needs of developing countries. -Recommendation 6 is to encourage the TEC to foster the participation of the research community and private sector. -Recommendation 7 is to encourage the TEC and the CTCN to continue efforts to enhance resource mobilization to meet the costs associated with their activities and to report on the lack of resources for implementing their respective mandates. 	Technology	PATM, TEC and CTCN, recommendations	https://unfccc.int/documents/623623

Body	Decision / Conclusion	Title	Para	Mandate	Area	Tags	Link to AUV decision
			2	Requests the Technology Executive Committee and the Climate Technology Centre and Network to include in their joint annual report for 2023 and in subsequent reports to the Conference of the Parties serving as the meeting of the Parties to the Paris Agreement, through the subsidiary bodies, information on actions undertaken in response to the recommendations contained in the final report referred to in paragraph 1 above	Technology	PATM, TEC and CTCN, reporting	
			6	Also encourages the Technology Executive Committee and the Climate Technology Centre and Network to continue their efforts to enhance resource mobilization so as to meet the costs associated with their activities for implementing their respective mandates and providing support to developing countries in implementing mitigation and adaptation action	Technology	TEC and CTCN, resource mobilization	
			7	Invites Parties, the Technology Executive Committee and the Climate Technology Centre and Network to explore ways of providing enhanced technical and logistical support to national designated entities, including through collaboration with the public and private sector	Technology	TEC and CTCN, NDEs	
SBI	Conclusion	Poznan strategic programme on technology transfer	2	The SBI acknowledged the information note with updated information on the status and successes of, challenges in and lessons learned from projects undertaken through the regional climate technology transfer and finance centres and encouraged the Technology Executive Committee and the Climate Technology Centre and Network (CTCN) to integrate relevant lessons learned when implementing the joint work programme of the Technology Mechanism for 2023–2027	PSP	TEC and CTCN	https://unfccc.int/documents/622094

Invitations and references to constituted bodies

Body	Decision / Conclusion	Title	Para	Mandate	Area	Tags	Link to AUV decision
COP	-/CP.27	Sharm el-Sheikh joint work on implementation of climate action on agriculture and food security	11	Underscores the importance of constituted bodies and the operating entities of the Financial Mechanism taking into account the conclusions of the subsidiary bodies referred to in paragraph 2 above in implementing their actions and workplans, according to their mandates;	Agriculture and food security	Koronovia recommendations, TEC, CTCN	
COP	-/CP.27	National adaptation plans	10	Invites other UNFCCC constituted bodies and relevant organizations to provide information to the Adaptation Committee and the Least Developed Countries Expert Group on activities that have the aim of addressing gaps and needs related to the process to formulate and implement national adaptation plans, including information on the regions and countries in which the constituted bodies and organizations provide support	NAPs	NAP, reporting, gaps and needs	https://unfccc.int/documents/624450
COP	-/CP.27	Action plan under the Glasgow work programme on Action for Climate Empowerment	Annex, para 2	Parties, the secretariat, UNFCCC constituted bodies and relevant organizations are invited to undertake the activities set out in the ACE action plan, as appropriate	ACE	ACE, children and youth and indigenous peoples	https://unfccc.int/documents/624130

Body	Decision / Conclusion	Title	Para	Mandate	Area	Tags	Link to AUV decision
COP	-/CP.27	Terms of reference for the second review of the functions of the Standing Committee on Finance	3	Invites members of the Standing Committee on Finance, Parties, UNFCCC constituted bodies and external stakeholders to submit via the submission portal, 3 by 30 April 2023, their views on the second review of the functions of the Standing Committee on Finance based on the terms of reference contained in the annex for consideration by the Subsidiary Body for Implementation at its fifty-eighth session (June 2023)	Finance	SCF review, views	https://unfccc.int/documents/624427
COP	-/CP.27	Annual technical progress report of the Paris Committee on Capacity-building for 2022	2	Invites Parties, as appropriate, the operating entities of the Financial Mechanism, the constituted bodies under the Convention, United Nations organizations, observers and other stakeholders to consider the recommendations referred to in paragraph 1 above and to take any necessary action, as appropriate and in accordance with their mandates	PCCB	PCCB Recommendations	https://unfccc.int/documents/624354
COP	-/CP.27	Report of the forum on the impact of the implementation of response measures	25	Encourage relevant agencies, financial institutions and UNFCCC constituted bodies to enhance support for addressing issues related to the assessment and analysis of the impacts of the implementation of mitigation actions, policies and programmes, including nationally determined contributions and long-term low-emission development strategies, with a view to addressing the adverse impacts and maximizing opportunities	Response measures	Response measures	https://unfccc.int/documents/624432
COP	-/CP.27	Intermediate review of the implementation of the gender action plan	17	Invites Parties, United Nations entities, constituted bodies , implementing entities and other relevant stakeholders to enhance implementation of the gender action plan, including the amendments contained in the annex	Gender	Gender action plan	https://unfccc.int/documents/624406
CMA	-/CMA.4	Action plan under the Glasgow work programme on Action for Climate Empowerment	Annex, 2	Parties, the secretariat, UNFCCC constituted bodies and relevant organizations are invited to undertake the activities set out in the ACE action plan, as appropriate.	ACE	ACE action plan	https://unfccc.int/documents/624128
CMA	-/CMA.4	Annual technical progress report of the Paris Committee on Capacity-building for 2022	2	Invites Parties, as appropriate, the operating entities of the Financial Mechanism, the constituted bodies under the Paris Agreement, United Nations organizations, observers and other stakeholders to consider the recommendations referred to in paragraph 1 above and to take any necessary action, as appropriate and in accordance with their mandates	Capacity-building	PCCB recommendations	https://unfccc.int/documents/624340
CMA	-/CMA.4	Report of the forum on the impact of the implementation of response measures	26	Encourages relevant agencies, financial institutions and UNFCCC constituted bodies to enhance support for addressing issues related to the assessment and analysis of the impacts of the implementation of mitigation actions, policies and programmes, including nationally determined contributions and long-term low-emission development strategies, with a view to addressing the adverse impacts and maximizing opportunities	Response measures	mitigation assessment, response measures	https://unfccc.int/documents/624433
CMA	-/CMA.4	Matters relating to the work programme under the framework for non-market approaches referred to in Article 6, paragraph 8, of the Paris Agreement	8	Invites interested Parties, relevant bodies , institutional arrangements and processes under the Convention and the Paris Agreement related to, inter alia, mitigation, adaptation, finance, technology development and transfer, and capacity-building, including United Nations bodies, multilateral, bilateral and other public donors, and private and nongovernmental organizations to provide information on financial, technology and capacitybuilding support available or provided for identifying, developing or implementing nonmarket approaches for recording on the UNFCCC web-based platform	Article 6	MoI support available or provided for non-market approaches	https://unfccc.int/documents/624475
