United Nations Framework Convention on Climate Change

Agenda item 3 (a)

Outcome of the Bonn Climate Change Conference of June 2023 and TEC activities

Technology Executive Committee, 27th meeting and TEC-CTCN Joint session

19-21 and 22 September 2023, Bonn, Germany

Bhava Dhungana, Team Lead, Policy and Strategy Unit

Linkages between the Technology Mechanism & Financial Mechanism

- **SBI 58** agreed to draft decision for consideration and adoption at COP 28
- Call for **submissions, workshop** at SBI 60 and consideration of the issue
- **Initiating closer cooperation** of the FPs of the two mechanisms

Global Stocktake

Additional key messages from TD 1.3

- Need for systematic information on the global status of technology development and transfer
- Need for support for TNA/TAP implementation, including through TM-FM linkages and private sector engagement
- Essential to build endogenous capacities and national systems for innovation

TEC Dialogue on the water-energy-food nexus

- Role of innovation and technologies in accelerating climate action in water-energy-food nexus

- Transformational areas under the GST

- Incorporating indigenous technologies

National Systems of Innovation

- Launch of Summary for Policy makers

- Launch survey on RD&D needs

- Events at the RCW - to develop or strengthen national systems of innovation

Artificial Intelligence for Climate Action

- **#AI4ClimateAction** Launched at SB58
- Potential role of the artificial intelligence in advancing climate action
- Engage in policy- and practice-oriented exchanges with relevant stakeholders
- Early Warning 4 All Initiative
- Events at RCW

TNA and Financial Actors

- Raise awareness on the results of the technology needs assessment and technology action plans

- Facilitate exchanges among the technology and finance stakeholders and actors in the broader climate change community.

United Nations Framework Convention on Climate Change

Thank you!
