

*List of exhibits for the sixth session of the Conference of the Parties  
The Hague, The Netherlands  
13-24 November 2000*

Tuesday, 14 November, 2000

<b>Locator index</b>	<b>Organization</b>	<b>Theme</b>	<b>Contact</b>
Main foyer	UNFCCC CC Kiosk	Resource for information on climate change including background information, who is doing what in the process and general information related to the process.	Kevin Grose (49-228) 8151528 (49-228) 8151999 kgrose@unfccc.int
34	Amazon Alliance	Demonstration of impacts of climate change in the indigenous communities.	Rebel Owens (1-202) 7853334 (1-202) 7853335 rebel@amazonalliance
45	Australian Delegation, AusAID  Australian Greenhouse Office	Presentation on the Australian overseas aid program and the challenge of global warming and on the Australian domestic response to greenhouse gas abatement.	Kerry Groves (61-2) 62064688 (61-2) 62064998 kerry_groves@ausaid.gov.au  Simon Camroux, Greg Terrill 02 6274 1439 simon.camroux@ea.gov.au
14	Battelle Memorial Institute; Stanford Energy Modelling Forum, Stanford University; Alianza; National Petroleum Company of Mexico, PEMEX; National Autonomous University of Mexico and the Indian Institute for Management	Presentation on a global energy technology strategy to address climate change explores the need to transform the world's energy system through new technologies while minimizing the costs of climate mitigation.	James J. Dooley (1-202) 6465025 (1-202) 6467845 jj.dooley@pnl.gov
23	BCSD-LA in collaboration with the Monterrey Institute of Technology-INNOVA Center for Sustainable Development	Global climate change and its relevance to Latin America. Launching of book on specific case studies of Latin American companies that have mitigated green house gas emissions or optimized energy resource use.	Julia Hernandez (52-8) 3284435 (52-8) 3284185 mjhernan@correro.mty.itesm.mx
79	Canadian Pulp and Paper Association (CPPA), the Joint Working Group of the Forest, Pulp and Paper Industry	The climate change profile of the forest, pulp and paper industry and its contribution to reducing greenhouse gas emissions through energy recovery, recycling and carbon sequestration.	Sylvie St-Laurent (1-514) 8666671 (1-514) 8663035 sstlaurent@cpga.ca

94	CarbonFix e.V.	Presentation of documentation.	Manfred Vohrer (49-7636) 1209 (49-7636) 809 iue-vohrer@t-online.de
57	Center for Clean Air Policy (CCAP)	The CCAP's research and dialogue process on the clean development mechanism, international emissions trading and joint implementation.	Catherine Leining (1-202) 4089260 (1-202) 4088896 cleining@ccap.org
101	Central American Commission on Environment and Development (CCAD)	The Mesoamerican biological corridor as a means to reducing GHG emissions through land use change, ecosystem conservation and promotion of renewable energy.	Rebecca Marin (1-503) 2896131 (1-503) 2896131 rmarin@sicanet.org.sv
65	Central Research Institute of Electric Power Industry (CRIEPI)	Display on climate change related energy and environment research from an international, long-term perspective.	Kazuo Asakura (81-3) 32016601 (81-3) 32872841 asakura@criepi.denken.or.jp
28	Climate Action Network (CAN)	CAN display of relevant publications of its members, including position papers and ECO.	Karla Schoeters (32-2) 2310180 (32-2) 2305713 karla@klimnet.org
27	Climate Action Network Europe (CAN-EU)	"The betting office" - a stand presenting the European youth campaign "The Bet". This aims to make the delegates aware of the presence of young people at the negotiations.	Carolin Zerger (49-30) 79706610 (49-30) 79706620 carolin.in.bet@gmx.net
60	Columbia University, Columbia Earth Institute (CIESIN)	Display focusing on education, training and public awareness: to promote and facilitate at the national, regional and international level, public access to information on climate change, its effects and response strategies.	Robert C. Worrest (1-202) 3143822 (1-202) 4888679 robert.worrest@ciesin.org
32	Committee for a Constructive Tomorrow (CFACT)	Freedom 21: Advancing the principles of freedom into the 21st century. Taking the Kyoto Protocol to the world through radio and internet through interviews with participants for transmission to the world.	Craig Rucker (1-202) 4292737 (1-540) 9552481 craig@cfact.org
1	Dutch delegation	Display of effective instruments for reaching governmental goals.	Ronald Rovers (31-46) 4202202 (31-46) 4528260 r.rovers@novem.nl

12	Emissions Marketing Association (EMA)	Market issues and educational activities on emission trading, joint implementation and CDM.	David Feldner (1-414) 2263819 (1-414) 2763399 dfeldner@emissions.org
73	EPOTEC	Emissions inventory accounting system sponsored by UNCTAD, for the implementation of Kyoto Protocol.	Alan Reed (1-505) 7651444 (1-505) 2471398 areed@nm.net
68	Euroheat & Power		Henrik Petersen (32-2) 7402110 (32-2) 7402119 info@euroheat.org
75	European Chemical Industry Council (CEFIC)	Display including voluntary energy efficiency programme, etc.	Marc Devisscher (32-2) 6767223 (32-2) 6767330 mde@cefic.be
2	European Commission	GHG emissions reduction activities: RTD-SAVE, ALTENER and SYNERGY.  Display showing key actions relating to global climate change.	Ter Mors Henk (32-2) 2953105 (32-2) 2963024 henk.ter-mors@cec.eu.int
98	European Wind Energy Association (EWEA)	Information on wind energy and other renewable energy technologies showing their potential for clean energy generation to avoid CO2 emissions as well as promoting development.	Vicky Pollard (32-2) 5461940 (32-2) 5461944 ewea@ewea.org
103	Fonds E7 pour le Developpement Energétique Durable		Marie Nguyen (33-1) 40422758/1120 (33-1) 40427958/7991
10	Food and Agriculture Organization (FAO)	Presentation on carbon sequestration in soils and bio-mass, bio-energy, land use data.	Wulf Killmann (39-06) 57053221 (39-06) 57053221 wulf.killmann@fao.org
91	FORATOM	Display of nuclear energy as part of the solution to climate change through avoidance of greenhouse gas emissions.	Emma Johansson (32-2) 5053225 (32-2) 5023902 ej@foratom.skynet.be
83	Forests Absorbing Carbon-dioxide Emissions Foundation (FACE)	Presentation of reforestation projects under JI and CDM, advantages and disadvantages, including a voluntary approach to climate compensation.	Sjaak de Ligt (31-26) 3570774 (31-26) 3570777 sjaak.de.ligt@facefoundation.nl

88	Foundation for International Environmental Law and Development (FIELD)	Presentation on the climate change activities of FIELD.	Farhana Yamin (44-20) 76377950 (44-20) 76377951 fyl@soas.ac.uk
42	Free University of Amsterdam, Institute for Environmental Studies (IVM)	Presentation on IVM's products on climate change issues. IVM's multidisciplinary research products on climate change issues, reflecting the economic, political and natural scientific challenges.	Anna J. Wieczorek (31-20) 4449504 (31-20) 4449553 anna.j.wieczorek@ivm.vu.nl
54	French Government with French Agency for the Environment and Energy Management (ADEME)	Presentation on climate change related know-how.	Florence Clement (33-147) 652229 florence.clement@ademe.fr
36	Friends of the Earth International (FOEI)	Display of climate change impacts through photos and reports.	Frances McGuire (44-20) 75661714 (44-20) 4900881 francesm@foe.co.uk
102	German delegation in cooperation with the Deutsche Gesellschaft für Technische Zusammenarbeit (GTZ)	Display of German cooperation with developing countries on climate policy.	Holger Liptow (49-6196) 791352 (49-6196) 796320 holger.liptow@gtz.de
76	GERMANWATCH	Vulnerability of developing countries	Manfred Treber (49-228) 6049217 (49-228) 6049219 riokonkret@germanwatch.org
69	Global Commons Institute (GCI) and Counterpart International	Presentation on: Counterpart's climate related projects including coral gardens, forest gardens, focusing on small island states. GCI's posters on contraction and convergence model.	Ronald A. Kingham (32-2) 6880243 (32-2) 6882685 edrc@compuserve.com
39	Global Dynamics Institute (GDI)	Display on climate change extreme weather indicators, future evolution of CO <sub>2</sub> concentration accounting for the new VOSTOK ice core data and new calculations on the influence of deforestation on the CO <sub>2</sub> sink rate.	Alberto di Fazio (39-06) 85300286 (39-06) 85300286 difazio@oarhp.l.rm.astro.it
17	Global Environment Facility (GEF)	Display on the Global Environment Facility (GEF) and its climate change projects and activities.	Hutton G. Archer (1-202) 4587117 (1-202) 5223240 harcher@worldbank.org

89	GLOBE	Display of GLOBE's campaign on climate change.	Ilona Graenitz (32-2) 2306589 (32-2) 2309530 e.globe@innet.be
50	Government of Canada in collaboration with Canadian Soil and Water Conservation Council	Display of climate change technologies.	Tim Karlsson (1-613) 9412249 (1-613) 9543419 karlsson.tim@ic.gc.ca
38	Greenpeace International	Display of visuals on the impacts of climate change and policy documents relevant to the negotiations.	Leslie Siubhan (31-20) 5236228 (31-20) 5236200 sleslie@ams.greenpeace.org
55	Hadley Centre for Climate Prediction and Research	Display showing climate predictions and observations with recent advances.	Geoff Jenkins (44-1344) 856653 (44-1344) 856912 gjjenkins@meto.gov.uk
44	Hamburg Institute of International Economics (HWWA)	Display of research papers on CDM and baselines methodologies and book "Climate Policy and Development".	Axel Michaelowa (49-40) 42834309 (49-40) 351900 a-michaelowa@hwwa.de
61	Imperial College Centre for Environment Technology (ICCET) and the Royal Institute for International Affairs (RIIA)	Presentation of a new journal "Climate Policy" and display of publications including free briefing papers by RIIA.	Michael Grubb (44-207) 9575711 (44-207) 9575710 michael.grubb@ic.ac.uk
80	Institute for Global Environmental Strategies (IGES)	Presentation of IGES's proposal for Kyoto mechanisms as well as general information of IGES activities on strategic research.	Naoki Matsuo (81-468) 553810 (81-468) 553809 m-iwase@iges.or.jp
47	Intergovernmental Panel on Climate Change (IPCC)	Presentation of IPCC publications.	Renate Christ (41-22) 7308574 (41-22) 7308025 christ_r@gateway.wmo.ch
51	International Confederation of Free Trade Unions (ICFTU) and Trade Union Advisory Committee to OECD (TUAC)	Presentation of materials on social and employment transitions related to climate change.	Lucien Royer (33-1) 47634263 (33-1) 47549828 lroyer@compuserve.com
9	International Council for Local Environmental Initiatives (ICLEI)	Presentation of cities for climate protection program.	Virginia Sonntag-O'Brien

11	International Emissions Trading Association (IETA)*	Display of information on commercial emission trading and domestic initiatives.	Mary Jean Buerer (41-22) 8393154 (41-22) 8393181 burer@wbcasd.org
4	International Energy Agency (IEA)	Display of climate change policies in the energy sector.	Jenny Gell (33-1) 40576729 (33-1) 40576709 jenny.gell@iea.org
5	International Energy Agency (IEA), Climate Technology Initiative (CTI)	Display of CTI's technology related activities.	Roebym Heintz (33-1) 40576645 (33-1) 40576759 roebym.heintz@iea.org
31	International Gas Union (IGU) with American Gas Association (AGA), Interstate Natural Gas Association of America (INGAA), Japan Gas Association, Eurogas, European Natural Gas Vehicle Association (ENGVA/IANGV) and Eurogas	Display of materials demonstrating how the use of natural gas can contribute to Kyoto objectives.	Peter Storm (45-45) 171200 (45-45) 171900 pks@dong.dk  Peter Claus (32-2) 2371126 (32-2) 2306291 peter.claus@eurogas.org
97	International Institute for Sustainable Development (IISD)	Climate change: affecting communities. The exhibit will highlight IISD's work on climate change impacts and community adaptation; it will also include results of policy research and information on IISD's capacity building activities.	Dennis Cunningham (49-761) 368920 (1-204) 9587710 dcunningham@iisd.ca
74	International Petroleum Industry Environmental Conservation Association (IPIECA)	Display of climate change related publications.	Jonathan Grant (44-20) 72212026 (44-20) 72294948 jgrant@ipieca.org
52	Japanese Trade Union Confederation (JTUC-RENGO)	Display of Rengo Eco-life21 and the "Save Electricity by Appropriate Indoor Temperature Settings" and put on "Ecological suits" promotion.	Tadayuki Murakami (81-3) 52950522 (81-3) 52950546 bon-voyage@sv.rengo-net.or.jp
93	Keidanren, Japan Federation of Economic Organizations	Presentation of ongoing effort and successes of Japanese industry's voluntary action to climate change.	Asako Shimosaka (81-3) 32791411 (81-3) 52556258 asako-s@keidanren.or.jp

30	Kiko Network	Presentation on policies and measures in Japan related to best practice on policies and measures and demonstrable progress.	Kimiko Hirata (81-3) 32639210 (81-3) 32639463 khirata@qb3.sonet.ne.jp
35	Klima-Buendnis/Allianza del Clima	Local level threats from climate change and achievements made to combat these threats.	Gotelind Alber (49-69) 70790683 (49-69) 703921 glaber@klimabuendnis.org
67	Korean Federation for Environmental Movement	Demonstration of the mitigation of global climate change through the NGO movement.	Lee Sang-Hoon (82-2) 735700 (82-2) 7301240 leesh@kfem.or.kr
25	Moroccan delegation, State Secretariat of Environment	Presentation on information related to COP 7.	Abdelhay Zerouali (212-7) 681002 (212-7) 777697/772662 zerouali40@hotmail.com
82	National Institute of Public Health and the Environment (RIVM)	Display on an integrated assessment of climate change impacts and policies.	De Moor (31-30) 2742432 (31-30) 2744435 andre.de.moor@rivm.nl
53	National Renewable Energy Laboratory (NREL)	Display focussing on technology transfer - Article 4.5, air pollution, health benefits of GHG mitigation, and JI and CDM.	Ron Benioff (1-303) 3847504 (1-303) 3847411 ron_benioff@nrel.gov
81	Natural Environmental Trust (NET)	The exhibit will showcase NET's unique approach to the climate change issues including media and public education materials on climate change.	Laura Cohen (1-202) 8878800 (1-202) 8878877 lcohen@environet.org
6	New Energy and Industrial Technology Development Organization (NEDO)	Display of climate change friendly technologies.	Tomohisa Hosakawa (81-3) 39879311 (81-3) 39810742 hosokawatmh@nedo.go.jp
3	Organization for Economic Co-operation and Development (OECD)	Display of OECD publications and documentation.	Jan-Corfee Morlot (33-1) 45247924 (33-1) 45247876 jan.corfee-morlot@oecd.org Carolyn Sturgeon (33-1) 45241966 (33-1) 44306184 carolyn.sturgeon@oecd.org

8	Organization of American States (OAS)	Presentation on the Caribbean cooperative response to global climate change.	Leisa Perch (1-202) 4583228 (1-202) 4583228 lperch@oas.org
43	Oxford Institute for Energy Studies (OIES)	Display of OIES literature on climate change and related environmental and energy policy issues. In particular the publication "Fossil Fuels in a Changing Climate."	Benito Müller (44-1865) 311377 (44-1865) 310527 energy@sable.ox.ac.uk
22	Pew Center on Global Climate Change	Display of economic, scientific and policy reports, which contributes to the Pew Center's cooperative approach to advance climate change debate.	Lisa McNeilly (1-703) 5160608 (1-703) 8411422 mcneilly@pewclimate.org
72	Railway Technical Research Institute of Japan (RTRI)	Measures against environmental issues in Japanese railway companies.	Saburo Endo (81-3) 53340420 (81-3) 53340435 mikiya@rtri.or.jp
48	Ramsar Convention on Wetlands	Poster display focusing on the Ramsar Convention and climate change.	Mireille Katz (41-22) 9990170 (41-22) 9990169 ramsar@ramsar.org
59	Southern Research Institute, Greenhouse Gas Technology Verification Center	Presentation of the results of third-party testing of greenhouse gas mitigation technology.	Stephen Piccot (1-919) 8063456 (1-919) 8062306 piccot@sri-rtp.com
33	Sovereignty International	Presentation on Freedom 21: Advancing the principles of freedom into the 21st century, which aims to take the Kyoto Protocol to the world through radio and internet.	Henry Lamb (1-901) 9860099 (1-901) 9862299 henry@freedom.org
46	Swiss delegation, Federal Department of Environment, Transport, Energy and Communications	Display focusing on bio-diversity conservation and sinks in the CDM.	Jose Romero (41-31) 3226862 (41-31) 3230349 jose.romero@buwal.admin.ch
24	The Business Council for Sustainable Energy (BCSE)	Demonstration on the environmental and economic benefits of clean energy technologies to achieve environmental objectives and reduce greenhouse gas emissions.	Lisa Jacobson (1-202) 7850507 (1-202) 7850514 ljacobson@bcse.org
13	The Business Roundtable (BRT)	Display on technology and climate change.	Marian Hopkins (1-202) 8721260 (1-202) 4663509 mhopkins@brt.org

90	The Center for Sustainable Development in the Americas (CSDA)	Distribution of newly published negotiation guide for G 77 negotiations.	Christiana Figueres (1-202) 5880155 (1-202) 5880756 christiana@csdanet.org
63	The Federation of Electric Power Companies (FEPC)	Display of measures against global climate change by Japanese power companies.	Katsuki Tokutake (81-3) 32792188 (81-3) 32411826 tokutake@fepc.or.jp
87	The International Cogeneration Alliance (ICA) and COGEN Europe	Demonstrations of effective GHG cost reductions through co-generation.	Erwan Cotard (32-2) 7722611 (32-2) 7722508 ica@localpower.org
92	The Japan Electrical Manufacturers' Association (JEMA)	Demonstration of methods used by the electrical industry in Japan as part of the environmental action plan.	Kiyoshi Saito (81-3) 35817878 (81-3) 35806456 kiyoshi_saito@jema-net.or.jp
95	The Joyce Foundation*	Information on the Chicago climate exchange; a voluntary program for GHG emissions trading.	Richard L. Sandor (1-312) 5543370 (1-312) 5543373 rsandor@envifi.com
64	The Korea Chamber of Commerce and Industry	Demonstration on GHG reductions through the energy saving technology.	Woo Suk Hoon (82-31) 2604061 (82-31) 2604059 wasang@shinbiro.com
100	The Nature Conservancy (TNC)	Display of publications related to LULUCF and the CDM.	Tia Nelson (1-703) 8412038 (1-703) 8414880 tnelson@tnc.org
49	The World Conservation Union (IUCN)	Display of IUCN's climate change related activities.	Brett Orlando (1-202) 3874826 (1-202) 3874823 borlando@iucnus.org
7	UNITAR, CC: TRAIN and SPREP	Experience of non-Annex I Parties in capacity building activities; training materials and information on UNFCCC commitments, opportunities and challenges.	Lalen Lleander (41-22) 9178532 (41-22) 9178047 lalen.lleander@unitar.org
96	United Nations	Display of publications concerning climate change.	P. Piguet (41-22) 9172612 (41-22) 9170027 ppiguet@unog.ch

19	United Nations Development Programme (UNDP)	Display of UNDP publications on CDM, climate change and energy.	Arun Kashyap (1-212) 9066036 (1-212) 9065148 arun.kashyap@undp.org
18	United Nations Environment Programme (UNEP) and UNEP Grid Arendal	Display of activities of UNEP in relation to climate change.	Svein Tveitdal (47) 37035650 (47) 37035050 tveitdal@grida.no  John M. Christensen (45) 46775130 (45) 46321999 john.christensen@risoe.dk
15	United Nations Industrial Development Organization (UNIDO)	Display of UNIDO's written materials and posters.	Guillermo Jimenez
16	United Nations University (UNU) and Institute of Advanced Studies (IAS)	Display of publications, papers and reports on UNU's current work and activities on climate change.	Jerry Velasquez (81-3) 54671301 (81-3) 34078164 jerry@geic.or.jp
86	University of California Revelle Program in Climate Science and Policy (UCSD)	Demonstration of scientific advances that could have an important impact on the success of the adopted agreements.	Lisa Shaffer (1-858) 5346429 (1-858) 4530167 lshaffer@ucsd.edu Michael Molitor (1-958) 9222126 (1-958) 5347042 mmolitor@ucsd.edu
56	University of Oxford, Environmental Change Institute (UKCIP)	Presentation of results from stakeholder-led studies on vulnerability and adaptation assessments in the UK.	Merylyn McKenzie Hedger (44-1865) 432072 (44-1865) 432077 merylyn.hedger@ukcip.org.uk
40	University of Tampere	Presentation on equity and climate change.	Jyrki Luukkanen (358-3) 2157036 (358-3) 2157311 jyrki.luukkanen@uta.fi
26	Vereniging Milieudefensie (Friends of the Earth Netherlands)	Display of publications and the new fossil of the day awards.	Ilse Chang (31-20) 5507300 (31-20) 5507310 ilse.chang@milieudefensie.nl

21	World Business Council for Sustainable Development (WBCSD)	Presentation of business community efforts towards climate change.	David Moorcroft (41-22) 8393197 (41-22) 8393131 moorcroft@wbcSD.ch Kija Kummer, Jasper Kah (41-22) 8393134 (41-22) 8393181 kummer@wbcSD.org
62	World Conference on Religion and Peace (WCRP)		Robert Tracer (41-22) 7985162 (41-22) 7910034
70	World Council of Churches (WCC)	Display of ethical, theological and spiritual resources aimed at education and advocacy related to climate change.	David Hallman (1-416) 2315931 ext. 5051 (1-416) 2326005 dhallman@uccan.org
77	World Meteorological Organisation (WMO)	Explains the global observing systems of the atmosphere and oceans	Taysir M. Al-Ghanem (41-22) 7308315 (41-22) 7308027 al-ghanem_t@gateway.wmo.ch
58	World Resources Institute (WRI)	Presentation of WRI broad-based climate work including CDM design.	Sridevi Nanjundaram (1-202) 7297728 (1-202) 7297798 sridevi@wri.org
29	World Wildlife Fund International (WWF)	Display of WWF publications on climate change, its causes, impacts and solutions.	Andrew Kerr (31) 651619462 (31) 206769058 rrek@compuserve.com
41	Wuppertal Institute and Ecologic	Presentation of the Kyoto book and the leadership initiative.	Herman Ott (49-202) 2492246 (49-202) 2492250 hermann.ott@wupperinst.org

	<b>External exhibits</b>		
	World Wildlife Fund (WWF)	Endangered polar bear	Andrew Kerr (31) 651619462 (31) 206769058 rrek@compuserve.com
	American Nuclear Society, Young generation	Symbolic balloon demonstration
