

# Understanding Provincial-Level Climate Vulnerabilities in Sri Lanka

## Providing Institution(s)

SLYCAN Trust

## RESOURCE LINK

Access

## Topic(s)

Adaptation

## DESCRIPTION

SLYCAN Trust continues to organize discussions and workshops at the local and national level in Sri Lanka to facilitate knowledge-sharing and capacity-building on climate change, vulnerabilities, risk management, resilience, Climate Smart Agriculture (CSA) and sustainable livelihoods.

This series of tri-lingual capacity-building sessions on understanding climate vulnerabilities and risks on the provincial level focus on the set of challenges faced by different agroecological zones in Sri Lanka.

## Geographical reach

National, Asia

## Target level of capacity building

Institutional

## Resource Type

On-demand webinar

## Resource Language(s)

English (EN)

## Resource Date

2021
