Topic(s)

Loss and damage, Enhanced Transparency Framework (ETF)

DESCRIPTION

This series of three guides and an assessment tool is intended to assist decision makers to assess adaptation project proposals, assess the impacts of losses and damages, and track the implementation of adaptation activities on the ground.

The series includes the following:

- (i) Fostering successful adaptation projects: Assessment Tool & Guide
- (ii) Guide for Assessing climate change-driven losses and damages;
- (iii) Tracking progress on the ground: Guidance and good practices for integrating subnational and non-state actors into M&E systems for national climate change adaptation policies.
