DESCRIPTION

The proposed program for Inclusive, Transparent and Climate Responsive Investments Program-for-Results (PforR) aims to help Jordan improve accountability to foster climate responsive investments and growth.

The Program is expected to contribute to: (1) increasing the share of capital expenditure in total budget spending; (2) achieving progress toward Jordan's Nationally Determined Contributions and Paris Agreement goals; (3) streamlining and digitizing business registration and licensing reducing the compliance time and cost for businesses; and (4) increasing accessibility and usability of statistical and administrative data.
