

**Workshop on Climate Modeling,
Scenarios and Downscaling under
the NWP**

**SBSTA 28
Bonn, Germany**

7 June 2008

**Carlos Fuller
Deputy Director**

Caricom Climate Change Centre

Downscaling Activities

- PRECIS Model in the Caribbean
- Coordinate regional efforts
 - INSMET (Cuba)
 - UWI (Barbados and Jamaica)
 - CCCCC Headquarters (Belize)
- Agreement with Hadley Centre for updates and other scenarios
- MOU with CATHALAC
- These activities will continue and outputs are available to institutions in Caribbean and Central America

Caricom Climate Change Centre

Capacity Building

- Centre provides regional and national training to its Members
- Regional workshop on use of PRECIS held in Belize in September 2006
- Trinidad and Tobago has requested a similar workshop
- Centre is mandated to support capacity building activities in the Caribbean
 - Supports MSc programme in Climate Change at UWI Barbados
 - Co-sponsors regional workshops with GCOS, UNITAR, Commonwealth Secretariat, UNDP, UNEP, NCSP, OAS, UWI, CDERA
