

# Nairobi work programme

## New Zealand views on first five years

NWP informal meeting

28 to 30 September 2010

Manila, The Philippines

Environmental stewardship  
for a prosperous New Zealand  
Tiakina te taiao kia tōnui a Aotearoa

## Highlights

- Willingness to be involved
- Information sharing
- Learning from others
- Gaining a sense of adaptation good practice
- Wealth of information available and being generated

## **NWP as a multilateral mechanism**

- NWP has become a nexus for adaptation under the UNFCCC
- Promoting understanding
- Assisting with decision-making
- Catalysing new and innovative adaptation action
- Role of Focal Point Forum

## **What comes next?**

- Build on what we have
- Avoid duplication of effort and institutions
- Need to make better connections with Parties
- Monitoring, feedback and evaluation contribute to understanding of what constitutes best practice for adaptation
